

Chapter 2477– 2478 of A Dish Best Served Cold Novel

Chapter 2477

“This~”

After hearing what Mark said, the little girl suddenly hesitated slightly.

Obviously, she also felt that Mark’s request was too great, and she couldn’t be the master by herself.

“It looks like you still can’t be the master.”

“In that case, I can’t help it.”

Mark shook his head and smiled, then got up, ready to leave.

“Okay, I promise!”

Seeing that Mark was about to leave, the anxious little girl couldn’t take care of that much.

Anyway, in her opinion, money is something outside of her body.

Compared with the life of his grandfather Nuo, what is half of the family property?

When Mark heard this, the smile on her delicate face became even stronger.

He continued to look at the little girl in front of him, and continued to tease: “Then if I go to your family to ask for it in the future, what if your father and brother are not willing to give it?”

“No, my brother and dad love me the most. I let them give it to you, and they won’t not give it to you.” The little girl said swearingly.

Mark still shook his head: “You and I will meet together after all, I can’t believe your words so credulously.”

“Well, you can write me a note.”

“If in the future, your father and brother are unwilling to hand over half of the property, then you will sell yourself to pay it back and become my little wife.”

“how is it?”

Mark smiled faintly, the teasing in the words was extremely rich.

Yes, in fact, Mark was just teasing this little girl from beginning to end.

This little girl is kind-hearted, and the kindness of the meal just now is enough for Mark to help him.

The reason why he talks about these conditions is purely boring and just entertaining time.

“This~”

After hearing that Mark was going to marry her as a little wife, the little girl’s pretty face suddenly blushed.

She lowered her head, her little hands entangled with each other, obviously hesitating to agree or not.

“Hey~”

“Pity that old gentleman.”

“In order to save his little master, even his own life can be ignored.”

“But now, her little master is not willing to pay even this little price~”

“It’s not good to meet people, and it’s not good to meet people.”

This little girl hasn’t been deeply involved in the world, how can she play with Mark?

Sure enough, under Mark’s inflaming words, the little girl was heartbroken and gritted her teeth and said:
“Okay, I promise you all.”

“If in the future, my father and brother are unwilling to honor today’s promise, I will marry you and become your wife.”

While speaking, the little girl immediately found paper and pen from the store, and then wrote a note to Mark and signed her name.

“Angie Jones?”

“Well, he is cute and his name is very nice.”

Mark looked at the evidence and smiled with satisfaction.

“Big brother, should you help me save Grandpa Nuo now, right?” Angel begged again.

“of course.”

Mark answered, and then walked over. He first pointed to the old man’s wound to seal his blood door, then used a special technique to connect the broken bones to him, and finally ran the Yundao Tianjue, and he will be pure and pure. Yuanli, sent into the body of the old man.

Sure enough, under the perfusion of Mark’s Yuanli, the old man who was severely injured and unconscious became like a dead tree in spring, rejuvenating.

The eyes that had been tightly closed also slowly opened.

“Wake up, Grandpa Nuo is awake~”

Angel was so happy that she ran over and hugged the old man’s neck while smiling, tears streaming down her eyes.

“Don’t be happy too early.”

“I only temporarily stabilized his situation, and when my few vital energy dissipate in his body, he will be dying again.”

Chapter 2478

“The top priority is to send him to the hospital for follow-up treatment.”

“In this way, he can completely save his life.”

Mark’s words were like cold water pouring down.

Angel, who thought the old man was already safe, undoubtedly became flustered again.

“Big brother, you can help me and send Grandpa Nuo to the hospital, okay?”

“I am alone, I don’t know how to take Grandpa Nuo to the hospital.”

Angel’s pretty face was tearful, and she asked Mark again.

She has been under the strict protection of the family since she was a child, and she has lived a noble life of opening her hands with clothes and opening her mouth with food.

Now letting her send an old man to the hospital in a strange city is undoubtedly a difficult task for her.

After all, for such a pampered “princess”, there is almost no life experience.

“Ok.”

“Today, I’ll be a good person to do it, right?”

Mark did not refuse. After nodding, he led An Qi and the dying old man to a nearby hospital.

After arriving at the hospital, the local doctors were shocked.

They couldn’t imagine how this old man survived such a severe injury.

However, how can these worldly people understand the world of warriors?

“Hey, little girl, what are you doing with me?”

“Aren’t you guarding the old man in the hospital?”

After the old and the young were settled, Mark also left.

But who could have imagined that the little girl followed him all the time as if she was wrapped around Mark.

When Mark found out, Angel seemed a little embarrassed.

However, she still replied stubbornly: “Big brother, I know, I am not relative to you, and I have no reason to follow you.”

“But, I can help you.”

“I know that when you come here, you are all here for the Dollar Ling Guo.”

“But the rain forest is huge, and there is no one to guide it. It is difficult to find the Yuanling Tree.”

“But I know.”

“I can guide you to find the Primordial Spirit Tree.”

“As long as you can give me one or two after getting the Primal Spirit Fruit.”

“Is it okay, big brother?”

Mark didn't expect that the little girl in front of him knew a lot.

He even knew about the existence of Dollar Lingguo.

“But, little girl, you don't seem to practice martial arts, do you?”

“Since you are not a martial artist, what use do you want this soul fruit?”

Mark asked with interest.

After all, it is really strange that a princess from a wealthy family, a little girl who knows nothing about world affairs, came to this perilous place to snatch the Dollar Ling Guo.

However, it was okay for Mark not to ask. When he asked, Angel's face suddenly bulged.

“Huh~”

“I just want to prove to my brother and my father that I'm very good at Angel!”

“I can do what they can do, and I can do better than them!”

“I've grown up, why do they treat me like a kid, don't let me participate in anything, and always say that I am causing them trouble.”

“I must prove it to them this time~”

Angel waved her pink fist and said angrily.

Mark only understood this completely when he heard this.

To put it bluntly, it was actually a story about a young girl in the rebellious period who proved her worth to the family.

If it were normal, Mark would probably just treat it as a story and just laugh it off.

But now, Mark is slightly interested.

After all, Angel was really useful to him.

The little girl was right, the Amazon rainforest was very large, and Mark knew very little about Dollar Ling Guo. If this girl could really lead the way, it would undoubtedly save Mark a lot.
