

Chapter 2479– 2480 of A Dish Best Served Cold Novel

Chapter 2479

“Great.”

“Since you are so persistent, I will also take you in.”

“However, let’s talk about it first. After entering the rainforest, you cannot be willful, let alone act without authorization.”

“Otherwise, if you die deep in the rainforest, you can’t blame me.”

Mark finally agreed to let An Qi enter the rainforest with him.

“Thank you, big brother.”

“Big brother, don’t worry, after entering the rainforest, An Qi will definitely listen to what the big brother says, and will definitely not cause him trouble.”

The little girl was very excited, and the silver bell-like laughter seemed so beautiful in this dim night.

“Okay, let’s find a place to live first?”

“Tomorrow morning, I will leave for the rainforest.” Mark said as he led An Qi around looking for the hotel.

As for Kong Ming and the others, Mark didn’t bother to look for it.

For Mark, the only use of these three people might be to guide him to find the Yuanling Fruit Tree.

But now, with An Qi, the only usefulness of the three of them to Mark is gone. Naturally, Mark no longer needs to act with Kong Ming.

“Brother, haven’t you booked a hotel?”

“If not, then live with me.”

An Qi had booked a hotel here long before she came.

Therefore, after hearing what Mark said, he immediately led Mark to where he was staying.

However, after returning to the hotel, An Qi didn’t mean to rest. Instead, she took Mark and went out to purchase some things.

This little girl obviously did a lot of homework before coming.

Knowing that this time I went deep into the rain forest, I don't know when I will come out.

In the rain forest, there are many mosquitoes, food and water diversion are both problems.

So, she bought two super-large backpacks, and then purchased a lot of food and medicine, until the two bags could not be stuffed anymore, and then she returned to the hotel with Mark contentedly.

“Why are we buying so many things, we are not going to the desert.”

“There are many plants and animals in the rainforest. If you are hungry, you can eat some fruit, and if you are thirsty, drink some river water.”

“Don't worry, you won't die from starvation.” Mark shook his head and said helplessly.

“That's different.”

“If the fruit is poisonous, the river water is not sanitary.”

“Furthermore, this rainforest trip was dangerous and hard. After rest, I should treat myself with some fine wine and food.”

“Life is short, always treat yourself better.” An Qi was still checking what she was going to bring tomorrow, and at the same time said to Mark very seriously.

Hearing this, the smile on the corner of Mark's mouth is undoubtedly deeper: “You little girl, you know how to live.”

“Okay, take it with you if you want, anyway, I don't spend money, I can eat and drink for nothing, I have no objection.”

But who knows, as soon as Mark finished saying this, An Qi turned her head and stared at Mark: “Hey~”

“Brother Mark, there is no free lunch in the world.”

“If you want to eat, you have to carry this big bag!”

Mark and An Qi are already familiar with each other in the day.

After An Qi knew Mark's name, she directly referred to him as Mark's brother.

“I'm going, little girl, are you cheating me?”

Looking at the black travel bag that was as tall as one person in front of him, Mark suddenly stared.

One night passed quickly.

The next day, when the first ray of morning light shone on the earth, a new day began.

At the same time, the martial arts teams from various countries who had been repairing in this city for one night also marched toward the Amazon rainforest not far away.

Chapter 2480

“Ok?”

“Where is Mark?”

“Why hasn’t he come yet?”

At the entrance of the hotel, the three of Kong Ming had finished repairing and were about to leave.

At this time, Kong Ming noticed that there was one less person in their team of four. Moreover, they searched for a circle, but did not find Mark.

“By the way, did Mark go back to the hotel with us yesterday?”

Kong Ming didn’t think of anything until this moment, and then asked.

Lu Yanxi shook his head: “I forgot, too, I should follow.”

Perhaps it was because Mark’s presence was too low, Kong Ming and the others didn’t even remember whether Mark went back to the hotel with them yesterday.

Think about it, too. Who cares if he is just a young man who is still young?

From beginning to end, Kong Ming and the others didn’t take Mark seriously, so naturally they wouldn’t pay much attention to him.

“Look, it’s probably yesterday’s incident, scared him away, right?”

“A bastard who has never seen the world, is afraid that he hasn’t seen blood yet?”

“When I saw that bloody scene yesterday, I was naturally scared.”

“At this moment, maybe I have already bought a ticket to go home, waiting for the plane at the airport?”

“Old Kong, it’s just a trash, let’s leave him alone.”

“Without him, we can still be less burdensome~”

Lu Hua sneered and laughed, and the words were full of contempt for Mark.

Lu Yanxi also nodded and said, “Well, what Brother Lu Hua said makes sense.”

“The battle yesterday may really scare him.”

“That’s why I left today without saying goodbye.”

Listening to the analysis of these two people, Kong Ming also felt reasonable, and finally shook his head and said: "After all, I'm just a junior. I haven't seen any big scenes. At this point, the fight was scared and retreated."

"It's so sweet, it's going to be like this for a lifetime, it's destined to be difficult to achieve."

"Forget it, leave him alone."

"Let's go~"

Kong Ming didn't want to waste too much time on an insignificant teenager.

Therefore, after searching for no results, he gave up the search and took the three of Lu Hua directly into the rain forest.

On the other side of the rain forest, two figures of a man and a woman, carrying huge backpacks, are also heading towards the rain forest.

The two of them were Mark and An Qi.

"Brother Mark, it won't work, I'm too tired, I want to rest~"

After all, An Qi was weak and carrying so many things on her back. After walking for a while, she was tired and sweaty.

Seeing this, Mark was helpless: "I just said, with so many things, it's strange that you can walk?"

"Give me the bag."

Mark said slowly.

He is a martial artist, and this weight is naturally nothing to Mark.

However, An Qi refused: "No, Brother Mark."

"I have a way."

While talking, An Qi took a piece of meat from the bag and threw it on the ground.

Not long after, a black bear seemed to smell the fishy smell and approached.

"Angie, it's dangerous!"

But Mark was shocked and wanted to kill the black bear.

"Brother Mark, don't worry, just look at it."

An Qi smiled knowingly, and then walked in the direction of the black bear without fear.

Next, Mark saw An Qi's beautiful eyes, a touch of green light quietly lit up, and under the green light, there was a golden flower shadow blooming and flowing.

At the moment when he saw these eyes, the black bear trembled all over, and then, the original violent body immediately became docile.

Like a believer on a pilgrimage, crawling under An Qi's feet.

“This... Is this, the blue-eyed Jinhua pupil?”

Mark was shocked at that time, his eyes suddenly tightened!
