

# Chapter 2497– 2498 of A Dish Best Served Cold Novel

## Chapter 2497

At the beginning, Lu Hua was still a little dazed.

I don't understand the situation at all.

Suddenly, I have so many fans.

However, doubts belong to doubts.

More joy and pride are in Lu Hua's heart.

He didn't expect that his Lu Hua is already so famous in the world?

Even the strong in Western Europe knew his Lu Hua's name.

Even Kong Ming's limelight was completely covered by him.

"Brother Lu Hua, you are on fire."

"It is estimated that after this trip to the Americas, Lu Hua, you will thoroughly use the martial arts of the world."

Seeing that Lu Hua suddenly gained such prestige among the martial arts of various countries, Lu Yanxi couldn't help but feel happy for Lu Hua from the bottom of his heart, and the admiration for him in his heart undoubtedly became a bit richer again.

"Haha~"

"Yan Xi said yes."

"On that day, you could be in the hotel and defeat all the powerhouses of India with your own power."

"Such a record is indeed enough to impress the entire martial arts world."

"From now on, I am an old man, I am afraid I will have to call you, Mr. Lu."

Kong Ming also congratulated him from the side.

Kong Ming had to admit that Lu Hua's excellence really surprised him.

You know, even if he is, he may not be able to defeat so many powerful Indians alone.

In other words, this young man in his early thirties is even more powerful than him.

Even though his seniority is high, he has to obey Lu Hua.

"Old Kong, you're polite."

"You are respected and respected. Even if Lu Hua really becomes a master in the future, I can't bear to call you "Mr. Lu"."

"Just call me Xiaohua." Lu Hua said politely.

There is no doubt that Kong Ming's words are very useful.

"Outstanding talent but not arrogant, humble but not arrogant, can be very useful."

"Unlike Mark, mediocre and incompetent, but arrogant."

"Compared with him, Xiaohua, you are indeed much better."

"No wonder Yan Xi, the girl, was overwhelmed by your personality charm in just a few days."

Lu Hua said with a smile while stroking the beard at the corner of his mouth.

When Lu Yanxi heard this, her pretty face blushed, and she said shyly: "Kong Lao, what are you talking about, how can I?"

"Haha, you see, I'm still shy." Kong Ming laughed, "Don't be shy, dare to love and hate, it's my style of martial arts."

"If you two are really affectionate to each other, I don't mind Kong Ming being a month old and pulling red threads for you two."

Kong Ming smiled again and again.

And Lu Yanxi's pretty face is undoubtedly more blushing.

As for Lu Hua, there is undoubtedly a feeling of ecstasy.

In this life, men only pursue fame, women, and wealth.

And now, Lu Hua has not only gained prestige, but also the admiration of beautiful women.

Prestige, women, Lv Hua has all in just a few days.

This naturally gave him a feeling of stepping into the pinnacle of life.

However, just as Lu Hua was very energetic, a cold wind blew in front of him.

Countless fallen leaves flew up immediately!

An inexplicable chill immediately enveloped this world.

“Ok?”

“what happened?”

“what’s happening?”

The strangeness in front of us naturally attracted the attention of Lu Hua and others.

When they looked up, they saw that in the depths of the dense forest, suddenly there were several silhouettes, stepping forward.

Soon, he arrived in front of the three of them.

At the moment these people appeared, they were as strong as Kong Ming, and they all felt an extremely strong oppression.

## Chapter 2498

These people are very strong!

This was the first thought in Kong Ming’s mind.

“There are so many people on the other side, we will retreat for the time being, and we will discuss the long term.”

Out of caution, Kong Ming immediately ordered to step back and avoid these people.

However, what Kong Ming and the three did not expect was that these people really seemed to be coming towards them, blocking their way, and preventing Kong Ming and the others from leaving.

“Friends, should we never know each other?”

“Why stop us?”

Kong Ming asked in a deep voice, Lu Hua and Lu Yanxi also became nervous and raised their guard.

These mysterious people did not pay attention to Kong Ming's words, but glanced at the three of them, and asked in a deep voice, "You, who is Lu Hua?"

Ok?

"Looking for me?"

Lu Hua was taken aback for a moment, then laughed.

Apparently, he was once again convinced by his charisma.

This is not the first wave.

Many waves of martial arts people from other countries I met before, after seeing them, they all came to visit him like this, and they became close to themselves.

Therefore, after hearing what the other party said, Lu Hua habitually believed that these people also came to flatter him.

With pride, Lu Hua straightened his clothes first, and then said in a lofty tone: "I am Lu Hua, you can call me Mr. Lu."

"You guys should have come to get to know me too."

"However, if you also want to invite me to dinner in the future, I am afraid it will take some time."

"The main reason is that there are too many people who want to get acquainted with me, and they all ask me to eat after this matter is over.

"So, you guys, you can only go back in line."

Lu Hua said with his hand held down, and there was an unconcealable arrogance in the words.

However, as soon as his words fell, he saw several people in front of him and approached them again.

The leader also stretched out his hand to him.

"No need to shake hands."

"I, I don't like these imaginary ones."

Lu Hua thought these people were going to shake hands with him to show respect, and immediately shook his head, pretending to refuse.

After hearing what Lu Hua said, the corners of the eyes of the oncoming people twitched, looking at Lu Hua's gaze, and looking at him like a horrible pen.

In the end, the man in the lead couldn't stand it anymore, and his raised hand went directly to the ground.

“shake hands?”

“Holding you numb!”

“Is this a wicked pen?”

“Come here, tie him up and take him away!”

Following the order of the leader, several people in front of him immediately rushed up, and with a thunderous momentum, Lu Hua was subdued.

But Lu Hua was dumbfounded.

“You...what are you doing?”

“I am Lu Hua, you dare to attack me...”

Pop~

Before Lu Hua finished speaking, the leading man slapped him over, and his teeth were interrupted.

“You are so nonsense!”

“No more nonsense, my mouth will suck for you.”

“take away!”

The leader shouted sharply.

“Stop~”

“Let him go!”

Lu Yanxi and Kong Ming reacted at this time and immediately rescued each other.

However, how could the two of them be the opponents of the powerful Chumen.

After a brief fierce battle, Kong Ming and Lu Yanxi were also subdued by each other.

“So there are accomplices?”

“Bring them all to the young master!”

In this way, Lu Hua and the others, who were still very energetic just now, were taken away by people like dogs.
