

Chapter 251: Everything Was Gone

“Don’t forget what you’ve said just now! I bought everything in the store before she did. So the few items you sold to Miss Shen Qianrou are mine! A total of 24.8 million yuan! Give me back every single yuan!”

“But regarding this, I have to thank you for helping me earn so much money!”

The manager was shaking with fear, and her face was pale.

Not only did she earn the company any profits, but she had also caused the company to lose 24.8 million yuan...

What bonus, promotion and salary increase?

She might not even be able to keep her job now!

In fact...

“With that mouth of yours, I’m afraid you won’t have the right to eat in the future...”

Shen Fanxing’s earlier words rang in her mind, sending a chill down her spine.

“No, no, Miss Shen, you didn’t make any payment previously! These are not... not yours. The other Miss Shen bought them first...”

Shen Fanxing retracted her gaze calmly, as if she didn’t hear the manager’s words.

“Miss Shen, please don’t...”

“Stay away from me!”

Just as the store manager was about to move towards her, Shen Fanxing bellowed.

The store manager froze suddenly in her tracks. Shen Fanxing’s immaculate snowy white pants appeared before her eyes.

She clenched her fists, and she was afraid of touching the glaring purity.

Shen Fanxing frowned and took a step back, away from the store manager.

A flash of white passed by swiftly, bringing along a tinge of coldness in the air.

Even when she was angry, there was no exaggerated expression on her face.

She gave off a noble and elegant aura, which seemed to radiate from her bones. She held authority naturally.

Lin Feifei, who was standing aside, was panicking. Infuriated, she kicked the store manager’s leg and asked, “What happened?”

The store manager’s face was pale and her lips trembled for a long time. She managed to speak in a hoarse voice.

“The card in Miss Shen’s hand is the mall’s authorization pass.”

“What?” Lin Feifei frowned. What the hell? What pass was that?

But the manager didn't have the energy to speak.

The cashier continued slowly.

“A person who has the mall's authorization pass is a VIP. The card allows the owner to enjoy the best preferential treatment and service in the mall. There's also... an ultimate VIP card which basically entitles the owner to do what he or she wants. And the green pass in Miss Shen's hand is the ultimate VIP card. She can enjoy the most special and best service possible. In other words, if Miss Shen wants to buy everything in the mall, that's also possible...”

The more the cashier spoke, the softer her voice became. Looking at the mutinous aura surrounding Shen Fanxing, the fear in her heart intensified.

Upon hearing the term 'authorization pass', Director Liang's legs went jelly and he nearly collapsed.

Who did they offend today?

“You... what did you say?!”

Lin Feifei's voice was shrill and her face turned white instantly.

She had the ability to buy the entire mall?

Was she mad?

At that moment, Shen Fanxing looked up slowly. Her cold gaze trailed to Lin Feifei...

Chapter 252: I Did it on Purpose!

Intimidated by her gaze, Lin Feifei hurried and avoided her. She scuttled and hid behind Shen Qianrou, who had just stepped forward to check on the situation with caution and wariness.

“You... What do you want to do?!”

Shen Fanxing looked at the floor and said calmly, “Kneel.”

Lin Feifei's face reddened instantly.

Shen Qianrou, who was forced to shield her, gritted her teeth angrily.

“Sister, you claimed that you've always done things openly. Today is the second time you've schemed against us!”

If she still didn't react in time, she would be hopelessly stupid!

The thought that her hard-earned savings from a year of filming was swindled by Shen Fanxing, enraged her.

Shen Fanxing turned her body and settled comfortable on a chair, before looking at them in amusement.

“Women are fickle. I suddenly feel that it’s more interesting to play dirty. Moreover, you were always the one to provoke me. If I don’t torture you when you send yourself to me, won’t I be letting you down?”

“Shen Fanxing, since you have a trump card, why didn’t you reveal it from the start?”

Shen Fanxing gave a cold sneer and replied, “Would you believe me if I told you? Weren’t you the one who started everything? You tried your best to show off in front of me, trying to step on me time and time again just to prove your superiority. All of you have enjoyed the process, while I acted accordingly the whole time to fulfill your wish!”

“Stop pretending to be a good person, you lying despicable person!”

“I’m naturally not a good person. I didn’t say anything because I wanted you to continue your pretense. All of you were also cooperative and even dug a pit for yourself to jump into. I did it on purpose. Since I already have the resources for all of you to pay the price, why shouldn’t I use it?”

Shen Qianrou’s face faltered and she said, “Sister, I didn’t expect you to become like this. Although you were aloof and distant in the past, at least you still cared that we are a family. You were so kind back then...”

“Enough!” bellowed Shen Fanxing suddenly. She glowered at Shen Qianrou maliciously and snapped. “Kind? Shen Qianrou, it’s disgusting to hear such stuff coming from your mouth. Stop wasting time here. Since you’ve lost the bet, kneel down!”

Shen Fanxing’s voice echoed in the air and everyone fell silent.

Everyone held their breaths as they watched the scene unfold, unsure of the ending.

Shen Qianrou’s face paled and she stood rooted to the ground. She had no idea what she should do. She said, “Sister, Feifei was just kidding...”

Shen Fanxing looked up and she couldn’t be bothered to waste her breath on them. Her eyes narrowed and her voice darkened, “Are you kneeling or not?”

Shen Qianrou took a step back and said weakly, “Sister... why are you so unforgiving?”

“If I were the one who lost today, would you have let me off? No! Because she dug this pit specially for me right from the start. It’s just that she didn’t expect herself to be implicated in the end. Cut the nonsense and kneel!”

Lin Feifei became anxious and scared and her face turned red. “Tsk! Who will be willing to kneel for you! S!t!”

Shen Fanxing’s eyes glinted dangerously and she bolted from the chair.

Taking a step forward, she grabbed Lin Feifei’s wrist and pulled her away from Shen Qianrou with pairs of shocked eyes watching them.

“Ahhh! S!t, what are you doing?!”

“Feifei!”

Lin Feifei screamed and Shen Qianrou went forward to help her. Shen Fanxing grabbed her wrist and bent down to pass through the gap between the two of them, instantly appearing behind them.

Then, she lifted her leg and gave a strong kick aimed at their calves.

Two screams followed by two loud thuds—

Lin Feifei and Shen Qianrou knelt on the ground in a pathetic fashion.

This series of actions was done swiftly and perfectly, seemingly in the blink of an eye, surprising everyone.

Including Bo Jinchuan whose face was on Xu Qingzhi's phone screen.

Chapter 253: Why Don't We Change the Rules

Seeing Shen Qianrou and Lin Feifei being bullied, the other woman instinctively wanted to save the both of them. In the end, Shen Fanxing raised her leg and kicked the woman's leg ruthlessly. The woman staggered and shrieked before she collapsed to the floor.

These actions didn't seem like much, as it seemed as though she had used brute force to subdue them.

But the series of actions were executed perfectly, with everyone taken aback.

Not long after, everyone was relieved.

In this society, it was normal for a girl to learn self-defense skills to protect herself.

Bo Jinchuan stared at Shen Fanxing, and his eyes narrowed slightly.

"Let go of me! Shen Fanxing, you sl*t... Ah!"

Lin Feifei had never suffered such humiliation before. When she regained her senses, she was both embarrassed and livid. She opened her mouth to hurl a series of vulgarities. Shen Fanxing exerted more strength and twisted her arm.

Xu Qingzhi suddenly ran to help to restrain the other woman who was trying to resist.

Shen Qianrou's face paled and her body was shaking uncontrollably.

This was a humiliation that no one could endure!

She had been completely humiliated by Shen Fanxing in public!

She was actually tricked by a sl*t...

"Say it!" yelled Shen Fanxing.

"Scram! Sl*t! Slut! I'm going to shred you apart! Ahh!!"

"Ahh!"

With every curse that Lin Feifei yelled, Shen Fanxing twisted her arm even more. She didn't let Shen Qianrou off either. Since Lin Feifei refused to repent, she shall punish both of them.

Even though Shen Qianrou was quiet, that didn't mean that she was less disgusting than Lin Feifei!

Their faces had contorted in pain, with their faces pale and their foreheads covered in sweat. Their lips were trembling badly.

"Are you going to say it or not?!"

Shen Qianrou closed her eyes tightly. With so many onlookers and as a public figure, she was helpless.

Even though she wanted to hack Shen Fanxing into pieces, she couldn't lose her temper.

Altering her expression before she spoke again, her delicate features made one's heart ache.

"Sister, I'm begging you. Please don't be like this. We're sisters, can't you let us off?"

Shen Fanxing could sense the sway of emotions in the crowd.

There were even people speaking up for Shen Qianrou.

"That's good enough. There's no need for such tension between sisters!"

"After creating such a huge fuss, you're still not satisfied. You have no idea how to control yourself. In the end, aren't you embarrassing your family?"

"Everyone says that the older sister always bullies the younger sister. I've finally witnessed it today!"

Shen Fanxing gave a cold sneer and said, "Shen Qianrou, why don't you just take on the role of a white lotus in your future dramas? You will be acting as yourself. Don't play the family card with me here! Since you have the guts to play, don't act like you can't afford to lose! Tell me the words honestly and you may still gain the reputation of being someone who is willing to accept a loss. I'm asking you one last time, do you want to say it or not?"

"Sister, can't we have a good chat..."

Shen Fanxing nodded and drawled, "Okay... I got it..."

Shen Qianrou paused, not expecting her to be so forgiving.

"Then..."

"Seems like you're unwilling to say it obediently.. I can't force you to say what you don't want to. Since that's the case, I'll make the decision to change the rules..."

Chapter 254: I Don't Mind Playing With You

Then, she walked around her and smiled, as her clear voice sounded slowly. "Why don't we change it to three kowtows?"

Shen Qianrou's face darkened visibly.

Raising her head, that vulnerable and delicate facade finally started to crack.

She finally glared at her with hatred in front of everyone.

The smile on Shen Fanxing's face widened and she bent to get closer to Shen Qianrou.

An aloof, haughty and threatening face loomed before Shen Qianrou.

"Excellent, that's it. I suddenly realize that tearing apart your hypocritical face bit by bit should be a good form of entertainment. Shen Qianrou, I don't mind playing with you!"

The fury and hatred in Shen Qianrou's eyes intensified.

She stared at Shen Fanxing's delicate features, which were flawless from any angle. Every gaze, every expression, every breath, and every inch of her temperament radiated a sense of nobility.

She was jealous of her, she was jealous of everything she had, and she was going mad.

No matter what, she could never steal everything from Shen Fanxing. Even if she could play many roles, she could never be a replica of Shen Fanxing.

Seeing Shen Qianrou's expression, Shen Fanxing smirked lightly and released her hand to grip her shoulder instead.

Shen Qianrou tried to shake her off, but Shen Fanxing was so strong that she couldn't move at all.

Her fingers seemed to be digging into her shoulders and piercing through the gaps in her bones. It was causing her excruciating pain that drained her strength.

On the other hand, Shen Fanxing smiled lightly, as if she wasn't trying to crush her shoulder.

"Are you going to kowtow? Huh?" Shen Fanxing raised an eyebrow. Even though there was a smile on her face, it was more terrifying than her anger.

Shen Qianrou was still glaring at her, but panic had started to appear in her hateful eyes.

"Seems like you need my help."

The smile on Shen Fanxing's face disappeared instantly, replaced by coldness.

Shen Qianrou couldn't help but panic.

"No... you can't..."

Shen Qianrou seemed to have guessed what Shen Fanxing wanted to do. She started to struggle violently.

Yet, Shen Fanxing pinned her shoulders forcefully and straightened her body. With one hand, she pressed Shen Qianrou's head forcefully—

With a loud thud, Shen Qianrou was pressed to the floor before she could even react.

Her forehead hit the floor and Shen Qianrou felt a buzz in her head, followed by dizziness.

There were loud gasps around, as though they couldn't believe that Shen Fanxing would do such a thing.

Nevertheless Shen Fanxing didn't stop. After two consecutive pushes on the back of her head, she released Shen Qianrou and cast her aside.

Shen Qianrou was dizzy from the impact, but her mind was clear.

Her ten fingers pressed into the floor angrily, and as a result, her well-manicured nails were all broken and bleeding.

But she didn't have the courage to look up. She was a public figure and she had to maintain her image. After all that had happened over the past few days, she couldn't afford to create more trouble for herself.

However, she had suffered such humiliation. How would she be able to face these onlookers?

If possible, she would rather be knocked unconscious by Shen Fanxing than face such a humiliating situation.

If she lost consciousness, it would be bad for Shen Fanxing as well. She wouldn't be able to escape criticism by the public and the law as well.

If she lost consciousness...

Shen Qianrou's eyes gleamed and she shook her head twice...

Just as she was about to pretend to collapse, Shen Fanxing gave a contemptuous sneer and shouted, "Don't faint now! My strength isn't enough to give you a concussion. Don't worry, I did hold back just now!"

Chapter 255: My Queen, I'm Wrong!

"Don't faint now! My strength isn't enough to give you a concussion. Don't worry, I did hold back just now!"

Shen Qianrou froze midway, not knowing what to do.

Shen Fanxing gave a loud chuckle before her gaze returned to Lin Feifei.

Lin Feifei was already scared silly by the scene just now. Upon seeing Shen Fanxing's cold gaze, her face paled even more.

"Shen Fanxing, don't touch me, or I won't let you off!"

"You won't let me off in the future, but now, I won't let you off..."

Shen Fanxing drawled as she took a step closer to her.

Frightened, Lin Feifei gripped her head frantically.

"No, I don't want to kowtow. I'll say, I'll say..."

Shen Fanxing raised an eyebrow and halted in her footsteps, looking down at her.

"Then say it."

“My... my queen, I was wrong.”

The onlookers were too embarrassed to continue watching, and some had already covered their faces.

How humiliating were those words?

Lin Feifei was embarrassed and livid.

She had planned to step on Shen Fanxing harshly today and make her kneel before them like a lowly servant!

She couldn't stand her arrogance as though she was the queen despite doing something wrong!

Unexpectedly, everything she had imagined just now had happened to herself!

Pleased, Shen Fanxing turned her body slightly and picked up the couple set- Touch Your Heart. Leaning against the counter, she looked at the brooch and cufflinks and couldn't help but smile.

“What did you say? I didn't hear you clearly.”

Lin Feifei gritted her teeth forcefully, but she still said indignantly, “Queen, I'm your lowly servant. I'm in the wrong.”

“I remember it should be three times.”

“Queen, I'm in the wrong.”

Shen Fanxing closed the lid of the box and her eyes swept across Lin Feifei's face. She then looked up at the woman being restrained by Xu Qingzhi.

She was as horrible as Shen Qianrou, and she would certainly not miss out on punishing her!

The moment the woman met Shen Fanxing's eyes, she shrunk her neck in fear and said hastily,

“My queen, I'm a lowly servant and I'm wrong! My queen, I'm a lowly servant and I'm wrong! My queen, I'm a lowly servant and I'm wrong!”

Shen Fanxing appraised her coldly before turning to Shen Qianrou.

“She's much more sensible than you. You can play with me in the future, but you should pay more attention to your teammates... Don't look at me like that, if not, you would ruin your image!”

“Don't even think of setting me up behind my back. If you're smart, you should pray that I'll be safe for the rest of my life. Otherwise, if anything happens to me one day, the first one I'll suspect will be all of you!”

“Pfft...”

Xu Qingzhi couldn't help but burst into laughter.

Shen Fanxing glanced at her.

Xu Qingzhi smirked and said,

“Aren’t you too ruthless? Suppose if you scratch your skin one day, will the police seek them out? Or you can play hide-and-seek with us. After missing for a few days, I wonder if they will be arrested as kidnapers...”

Shen Fanxing nodded and replied, “Yes, that’s quite like it.”

Everyone was speechless...

Everyone was speechless...

Quite like it...

That’s exactly what she meant!

Shen Qianrou and Lin Feifei’s faces paled.

In that case, they wouldn’t be able to vent their anger today?

And they even had to be careful of her in the future?

Should they hire two bodyguards to protect her every day?

That b*tch!

She had endless dirty tricks up her sleeve!

Chapter 256: I Want to Sue Them

At that moment, another man who had been following General Manager Qi walked in expressionlessly.

“Hi Miss Fanxing, I’m your lawyer. I’ve verified that the person in charge of this store is the manager. The other four employees have insulted and defamed you, publicly smearing your personality and tarnishing your reputation. The situation is severe, would you like to sue them and the company?”

Shen Fanxing nodded without any hesitation and answered, “Yes, I’ll sue them.”

The manager and a few employees panicked.

“Young Mistress Shen?!”

“Young Mistress Shen, we were wrong!”

“Young Mistress Shen, please don’t! It was our fault just now. Please be magnanimous and not stoop to our level...”

In face of their apologies, Shen Fanxing remained indifferent.

“Be magnanimous? No, I’m vindictive. Also... don’t call me Young Mistress Shen. The only Young Mistress Shen in the Shen family is Shen Qianrou.”

Finishing her sentence calmly, Shen Fanxing turned to look at the lawyer who had appeared out of nowhere. She then nodded at him lightly.

“Sorry to trouble you.”

The lawyer nodded and said, “You’re welcome, Miss Fanxing!”

She then looked at General Manager Qi and nodded at him.

Quietly, Shen Fanxing looked at the Touch Your Heart set once again.

“Seems like this belongs to me.”

Shen Qianrou glared angrily at her.

Shen Fanxing glanced at her coldly and said, “I’ve said it before. If there is something I don’t want, I’ll give it to you if you want it. However, nobody can snatch away what I want and care about. Shen Qianrou, continue trying if you refuse to give up. What else can you get from me?”

Shen Fanxing said coldly before turning to look at the pale-looking Director Liang.

“Wrap everything up and send it to my residence. Also, the jewelry with Miss Shen amounts to 24 million yuan. Don’t forget to return the money to me!”

Finishing her instructions, Shen Fanxing picked up her belongings and left the store with Xu Qingzhi.

Everyone made way for Shen Fanxing. Even though they were just onlookers, they were completely crushed by her presence.

This scene was like a roller coaster. The ending had a reversal which shocked everyone!

They had assumed that an aloof and refined woman like Shen Fanxing would stop when she had gotten what she wanted, and forgive others when she could. In that way, things wouldn’t get so ugly.

Unexpectedly, not only did she punish them personally, she didn’t show any leniency for the other party.

For a moment, they felt that it was too much!

But when they recalled the whole incident, it seemed that Shen Fanxing was never the one at fault...

...

Not long after Shen Fanxing left, she saw a man and a woman walking towards her.

The man looked as though he was reluctant to be there. The woman was wearing a tight dress which accentuated her figure. She looked sexy and her makeup was exquisite. She pulled the man closer to her.

Shen Fanxing didn’t really notice them initially, but her eyes lit up when she saw the woman.

The lawyer followed behind and whispered something to Shen Fanxing.

Thereafter, Shen Fanxing smiled and returned to the store to pick up the rings that Shen Qianrou had given her.

Then, she walked out of the store and handed the rings to the woman.

“This is for you! I wish that both of you can grow old together and be united forever. Be each other’s one and only forever.”

The man was dumbfounded, but the woman took the rings excitedly.

Someone had told her that as long as she came here, she would receive a pair of rings for free. So it was true!

“Thank you...”

When she looked up again, Shen Fanxing had already left.

—

Puzzled, Xu Qingzhi asked Shen Fanxing, “You know them?”

Shen Fanxing shook her head and said, “No.”

“Then you...”

Before Xu Qingzhi could even finish speaking, a heartbreaking cry sounded from the shop.

It sounded like the store manager.

“You b*stard, who is this woman?”

“How can you do this to me and your son? Zhang Ping, you actually found a mistress! You actually have a mistress...”

“How did you know?”

“Because I have a wildly capable and resourceful boyfriend...”

Chapter 257: The Man is Here

Xu Qingzhi’s face fell completely.

Those who flaunt their love should explode on the spot!

However, thinking of the scene just now, Xu Qingzhi gave a contented sigh.

“However, I feel really good today. The thought of Shen Qianrou and Lin Feifei’s pathetic faces makes me happy!”

Shen Fanxing smiled lightly and said nothing.

A while later, Xu Qingzhi said thoughtfully, “But Shen Qianrou suffered so much today, I’m afraid she’ll find another chance to find trouble with you...”

Shen Fanxing replied coldly, “She has always been causing trouble for me. But now, I have the energy to continue wasting time with her. Everything in the past should have been resolved long ago.”

She had spent all her energy and time on the Su Corporation, only to have her hard work hijacked by someone else...

Su Heng, Shen Qianrou, the Shen family...

Her mother and she had suffered and sacrificed in exchange for their happiness and greed.

Impossible!

"It seems that breaking up with Su Heng is the luckiest thing for you. I don't have to see the woman who has always appeared around the Su Corporation anymore. Look, we can go to work and shop together, and there's another..."

Xu Qingzhi didn't continue speaking. She caught sight of a man in a suit striding towards them.

"Miss Shen, Miss Xu."

Yu Song greeted them.

Surprised, Shen Fanxing asked, "Secretary Yu, why are you here?"

Yu Song beamed and answered, "Master is here to pick you up."

Shen Fanxing glanced askew and indeed, she saw a familiar black car not far away. The man in the car seemed to have seen her as he opened the car door. His lean, robust figure emerging from the luxurious car.

He was wearing an expensive tailor-made suit, which had been pressed meticulously.

His features were deep and gentle, giving off a strong aura just by standing there.

He was noble and elegant, but one would falter at the sight of him.

There were too many people walking around the mall. They turned their heads discreetly and gave a hurried glance, but nobody stopped.

Even admiring that man seemed to be a luxury.

Xu Qingzhi shook her head. This man was indeed one of a kind.

But he did arrive rather quickly.

The mall was situated far from the city. Even though she had no idea where the man lived, the mall's vicinity was littered with ancient residential buildings that hadn't been developed in decades. Given his status as the CEO of the Bo Consortium, it was impossible for him to live around this area.

It was only about 20 minutes. If he lived in the city, did he fly here then?

Shen Fanxing strode towards the man.

"Why are you here?"

Bo Jinchuan lowered his head to gaze at Shen Fanxing's beautiful face, which was vastly different from the dominant and aloof woman on his screen earlier on.

Raising his hand, his warm palm landed on top of her head. "Are you hurt?"

Shen Fanxing's heart skipped a beat and the expression on her face softened.

“No, why would I be hurt?”

Bo Jinchuan grinned and said, “Right now, you should throw yourself into my embrace and complain about the grievances you’ve suffered today. Or perhaps, you should think of ways to please me.”

“Why?” asked Shen Fanxing instinctively.

“That way, I’d have a reason to back you up and destroy everyone who bullies you.”

Xu Qingzhi and Yu Song stole glances at each other quietly.

Chapter 258: That Kind of Woman is More of a Scum

Xu Qingzhi and Yu Song stole glances at each other quietly.

One was embarrassed and the other looked like she wanted to strangle someone.

Shen Fanxing raised an eyebrow and replied, “You prefer that? I think Shen Qianrou is better at doing all that you’ve mentioned...”

“That kind of woman is more suitable to be a scum.”

Xu Qingzhi and Yu Song looked at each other and nodded.

The might CEO Bo was right.

He then wrapped his arm around Shen Fanxing’s waist and pulled her into his embrace.

His deep and husky voice sounded again. “Don’t always compare yourself with her. You’re insulting yourself and me.”

They were speechless...

All of them understood what Bo Jinchuan meant.

A scum and a horrible woman.

Different species could not be compared together.

However...

Xu Qingzhi took a look at Yu Song and sent a message with her eyes: “I didn’t expect your master to be such a gentleman despite his good looks and gentleman appearance. Who would know that he is such a sharp-tongued man!”

Yu Song maintained an awkward and polite smile. He was also currently getting used to it...

Shen Fanxing chuckled happily at Bo Jinchuan’s words.

“You helped me anyway. Your card, the lawyer you arranged for me, General Manager Qi, and the manager’s husband and ‘mistress’. It was all arranged by you.”

Bo Jinchuan lowered his head and smiled at her before saying, “In that case, have you thought of rewarding me?”

“I’ll cook dinner for you.”

“Dinner is the compensation you promised me when you left me this morning. The reward is a separate entity, we can’t mix them up...”

“I see...”

Shen Fanxing seemed to agree with Bo Jinchuan’s words and started pondering seriously.

“Enough, the two of you! If you have the ability, go and flaunt your love to the women inside and provoke them! Why do you have to provoke... us?!”

The word “us” caused Yu Song to smile awkwardly.

Embarrassed, Shen Fanxing tried to break free from Bo Jinchuan, but he didn’t let go of her. Instead, he shot Xu Qingzhi a cool stare before opening the car door. With his arm around Shen Fanxing, he maneuvered her.

“Get in.”

“But Qingzhi...”

“Let her go back by herself.”

Xu Qingzhi was speechless...

This heartless pervert.

The term burning the bridge after crossing it had specially described his actions, right?

Shen Fanxing certainly couldn’t leave Xu Qingzhi behind like that. She turned around from Bo Jinchuan’s embrace and looked at her.

Yet, Bo Jinchuan’s vision paused before he looked at Xu Qingzhi nonchalantly.

“Qingzhi, come to my place tonight, I’ll cook...”

Bo Jinchuan frowned slightly and gave Shen Fanxing a disapproving look. Seeing that she was ignoring him, his gaze trailed to Xu Qingzhi.

Even though his eyes were rather expressionless, Xu Qingzhi understood the warning he had sent.

“It’s fine... don’t tempt me now. I’ll need to go on a diet these two days and I can only eat after the school’s anniversary celebration. Otherwise, it’ll be awkward if others laugh at me for being fat. You can go off first since I drove here.”

Shen Fanxing felt helpless.

“Okay, be careful then.”

Yu Song had already opened the car door on the other side and was waiting for Bo Jinchuan to get in.

...

Not far away, a Maybach had pulled over.

After knowing that Shen Qianrou was bullied in the mall by Fanxing, Su Heng had made his way here in a hurry.

Chapter 259: Aloofness

After knowing that Shen Qianrou was bullied in the mall by Fanxing, Su Heng had made his way here in a hurry.

He got out of the car anxiously only to see two familiar figures.

It was Fanxing and Xu Qingzhi.

Xu Qingzhi had already turned to leave.

The other two men had their backs to him. Hence, he had no idea who they were.

Why was Fanxing so intimate with that man?

How could she allow another man to hug her?

Moreover, when she turned around and she saw him, but the look in her eyes—

Without any emotions, it felt as though she was looking at a stranger.

Even in the embrace of another man, did she not feel any guilt or panic?

After all, she had cared for him before. Even if she had some accidental body interaction with other male colleagues, her expression was apologetic and flustered when she saw him. She would also subconsciously avoid touching men, as she was afraid that he would misunderstand.

Why was her gaze so aloof now, and her actions so natural?

Even if he had let her down, how long had it been since they separated?

His frown deepened but Shen Fanxing didn't look at him anymore. She had entered the car.

Su Heng panicked for no reason and took two steps forward unconsciously.

"Cousin!"

Lin Feifei's cry halted Su Heng's footsteps.

Then, a fragrant and soft woman collapsed against his chest.

"Brother Heng..."

Upon seeing Su Heng, Shen Qianrou hurled into his embrace.

"Cousin... you have to stand up for us! We've been bullied by Shen Fanxing today! Look at Qianrou's forehead, it's all because of that sl*t. She actually forced Qianrou to kowtow three times!"

When Bo Jinchuan rounded the car, he paused and narrowed his eyes at Yu Song before getting into the car.

“What? Kowtow? Let me take a look!”

Su Heng hurriedly cupped Shen Qianrou’s face, and his eyes full of heartache when he saw the redness on her head.

“Why did you bump into her again? Can’t you stay away from her?”

Shen Qianrou was sobbing sadly as she said, “She... she’s my sister. She has never done anything so overboard before? I didn’t expect her to... she...”

It was all his fault that Fanxing had become so unreasonable, to the extent of hurting Qianrou.

“Get in the car, I’ll take you to the hospital to treat your wound.”

“Cousin, take good care of Qianrou, Weiwei and I will drive home.”

“Okay, be careful on the way.”

Su Heng said before driving off.

Not even a minute after Su Heng’s car departed, Lin Feifei turned around to see Yu Song standing in front of her.

“Miss Lin, we meet again.”

Lin Feifei frowned and said, “You are... Ah!”

Just as she opened her mouth, she received a slap on her face.

In that instant, she recognized the man who had nearly broken her arm.

“What are you doing?!”

“Nothing, I just find your mouth annoying.”

How could she accept this excuse? “Are you insane? I... Ah!”

It was another harsh slap. Lin Feifei lost her balance and fell to the ground.

There was a stinging pain on her lips.

“Let me give you a piece of advice, Miss Lin. Don’t let me hear anything I shouldn’t hear in the future. Otherwise, it won’t be just a slap next time!”

Yu Song left after saying that.

Lin Feifei didn’t know what she had done wrong. In a span of days, she had nearly suffered all the grievances and humiliation there was to be in her life.

This was so unexpected. She sat on the ground and screamed hysterically.

...

In the car, Shen Fanxing witnessed everything before she looked away coldly.

Chapter 260: When Are You Marrying Me?

In the car, Shen Fanxing witnessed everything before she looked away coldly.

Taking a deep breath, Shen Fanxing thought of the 20 million yuan she had earned today. She said to Bo Jinchuan,

"It's still early, can you accompany me to a place?"

"Yeah."

—

At an orphanage.

The moment the car stopped, Bo Jinchuan looked out of the window.

Then he said casually, "You've always been donating to this place?"

Surprised, Shen Fanxing asked, "You... investigated me?"

Bo Jinchuan returned her glance. "This is the first place you came to after you earned 8 million yuan previously from the mall incident."

So that was it?

Shen Fanxing licked her lips uncomfortably, having misunderstood him.

"Yes... This is where my mother grew up. It's difficult to live in a place like this without support. I don't want it to disappear before my eyes."

Shen Fanxing smiled at him before she opened the car door.

"Let's get down and take a look. I'll introduce you to a child."

"Huh?" asked Bo Jinchuan as he reached out to grab her arm and pulled her back into his embrace.

His handsome face closed in on her as he looked at her gently. "Do you like children? I'm not afraid of hard work."

Shen Fanxing shuddered and whispered, "You're thinking of this before you're married?"

"Why not?"

"No..."

"So when are you marrying me?"

Shen Fanxing's face changed and she avoided his eyes.

"That still requires some time!"

Bo Jinchuan paused. Seeing how close the woman was to him, he conveniently planted a kiss on her lips.

"Annoying little elf."

“Ah! Kiss! They’re kissing...”

“Yes, I see the kiss too! After a kiss, a cute baby will be here. They have a baby!”

Shen Fanxing’s car door swung open and two children of about four to five years old were gazing at them with inquisitive eyes.

Their clear and bright eyes reflected innocence.

Shen Fanxing’s face flushed instantly.

They actually let such young children witness them...

What a sin!

She had embarrassed herself so much recently!

Bo Jinchuan chuckled lightly and whispered in her ear,

“If a child can be born from a kiss, that might be bad news for a man. Our benefits will be halved.”

Shen Fanxing flashed him an exasperated look before getting out of the car.

At that moment, a young teacher who might have realized that the children were missing, ran to the car. Seeing that Shen Fanxing was holding the two children’s hands, she heaved a sigh of relief.

“Ms Fanxing, you’re here?”

“Yeah.”

Bo Jinchuan alighted from the car, his lean, robust figure attracting the attention of the young teacher.

When he turned around, the teacher’s eyes widened.

“Wow! He’s so handsome!” exclaimed the little girl sweetly, who was holding Shen Fanxing’s hand.

Then, she let go of Shen Fanxing’s hand and ran towards Bo Jinchuan.

Her tiny body was soft and as she ran, she looked as though she would fall any second.

Bo Jinchuan studied the child who had suddenly hugged his knees and his eyebrows twitched. The child was looking up at him.

“Uncle, Uncle... Xinxin wants to marry you... Can you marry Xinxin?”

They were speechless...

Bo Jinchuan frowned and said in a cold voice,

“No.”

The girl called Xinxin pouted sadly, her eyes brimming with tears.

“Why? Isn’t Xinxin cute?”

Bo Jinchuan nodded and pointed at Shen Fanxing, saying in all seriousness,

“You’re not as cute as her.”
