

## Chapter 251

She seems to have seen Suman!

Although she was wearing a pair of big sunglasses and covered her face with a sun hat, she just met her at home. She knew her clothes and her back even if it turned to ashes.

Opposite her sat a middle-aged woman in a black-and-white commuter dress with big black framed glasses.

They are sitting in a coffee shop. Suman looks very angry and is telling something. The woman opposite comforts her and gives her a piece of paper.

Suddenly, the middle-aged woman looked up and looked at her.

The face under the big black frame glasses also showed up. With this action, Wenqiao saw her face clearly and turned pale.

It's her! It's the woman!

Took her to a hotel five years ago

The woman who took Ann away in the hospital!

Over the years, she has always wanted to find out about this woman. Only by finding this woman can she know where her daughter is!

But she knew nothing about her. There was no trace.

I didn't expect She showed up!

She knew Suman, and she looked so close?

Isn't she supposed to be from Li Fengbei?

Is she a surrogate for Li Fengbei? But Li Fengbei thinks that Suman is Ann's biological mother?

She's going to lose her head!

Some ridiculous idea flashed through her mind, and she could not calm down any more.

She took out her mobile phone, hid behind a car, turned on the camera, opened the focus, and took a picture of a middle-aged woman.

No way! She has to go back now and make things clear!

If Suman robbed her daughter five years ago, did Li Fengbei know?

"Joe, are you ok? You don't look well?" Youyou looked at the opposite side, but he didn't see anything. He didn't know what Wenqiao saw, and suddenly his face turned white.

She thought, maybe it's something that I've done?

Wenqiao put away his mobile phone and said in a hurry: "Yo Yo, please ask my teacher for a leave. I have something urgent today and I can't go to school!"

“Joe, what’s in such a hurry? Are you in any trouble? You can tell me when you are in trouble. We are friends

Youyou looks worried.

Wen Qiao was moved by the speech.

But they can’t say anything clearly, and she doesn’t want to pull you into this vortex.

She shook her head and said, “I’m fine. Thank you for your time.”

Wenqiao stopped a taxi by the side of the road. “Master, go to Li’s group!”

It was in the rush hour when there was some traffic jam on the road. When we arrived at the headquarters of Lishi group, it was an hour later.

Looking at the towering building outside the window, a heart suddenly becomes seven or eight.

What if Li Fengbei was involved in what happened five years ago? What kind of role does he play in it?

Thinking of the gray days five years ago, her legs and hands began to shake involuntarily.

It was a period of gray years that could not bear to look back on. If the arrival of Chenchen did not give her hope again, she did not know how to survive?

“Miss, the lees are here!” The driver reminded her and said with an envious smile: “girl, I can’t see that you work in Lishi group? My daughter has been interviewing with Li for three years in a row, but she hasn’t been accepted. You are so lucky

Wenqiao embarrassed smile, “I’m not an employee here, I’m here to find people.”

“Oh, so it is! The treatment of Li’s group is the best in the country. Little girl, you should work hard to get here to work! ”

“OK, thank you for reminding me.”

There was a stiff smile on winjo’s face.

She should be a little proud at ordinary times. Such a powerful group is her man’s!

But Today saw that woman, her mood is very bad!

If it was Li Fengbei and Suman who set her up five years ago, what would she do?

Fengfenghuo came to ask for an answer, but at the door of the company, he became timid.

The front desk saw her and asked sweetly, “Miss, who are you looking for?”

“I’m looking for Li Fengbei.” Wenqiao was not interested in walking with his head down. He heard the voice and looked up. He was a strange front desk girl.

“President?” The smile on the younger sister’s face faded a little, and the eyes of the judge swept her up and down.

She looks like a student sister. I don’t know if she is twenty years old?

The little girl is so brave and not shy. She can do everything to meet the rich.

The woman's eyes showed a trace of disdain, and her tone was not good. "Miss, do you have an appointment? The president has a lot of opportunities every day. It's not something anyone wants to see!"

Li Fengbei is the leader of the company, family background, appearance, talent, the company's single girl, which one does not like? But they have self-knowledge, the president of such a man, not they can think of.

In their hearts, even when the president's daughter married him, they thought it was her highness.

Wenjo frowned. She didn't understand where the strange hostility at the front desk came from?

Isn't there four people at the front desk? If the other three were there, someone might know her.

Wenjo didn't want to argue with her. She walked away and took out her cell phone.

The phone rang three times and got through. Li Fengbei's low-alcohol voice came along the phone. "Baby, how can you call me at this time? Did you go to school? Do you miss me?"

Hearing his voice, Wenqiao's uneasy heart miraculously settled down.

She grabbed her cell phone and said, "are you in the company?"

Li Fengbei heard something wrong with her voice. He immediately put away the joke and said, "where are you?"

"I'm in the lobby downstairs of your company!"

"Well, stand still there!" I heard the chair being pushed away.

Wenjo said quickly, "no! I can come up by myself..."

She doesn't want to cause unnecessary onlookers in the company. She will be flattered if their president comes down to meet her.

But the phone has been hung up.

She looks up and bumps into the line of sight of the front desk girl. She smiles awkwardly at her.

The front desk looked at her with more disdain, and hummed coldly: "do you think I will let you in if I play a play in front of me? I tell you, little girl, don't learn from those bad things. You should see what kind of things you are? There are many women chasing our president. Who are you

Wenqiao saw the LCD screen of the exclusive elevator, which showed that the elevator was on the second floor.

If Li Fengbei heard her words, he would be angry again.

She kindly reminded: "I have something to do with your president. It's not what you think. Besides, he is coming soon. You'd better not talk about it now."

Wenqiao was meant to remind her, but the front desk girl is a relationship account.

## Chapter 252

In her eyes, wenjo is ridiculous, even dare to warn her?

“Girl, are you suffering from conjecture...”

At this time, the elevator “Ding Dong” sound, the door opened.

The voice of the front desk suddenly stopped, eyes obsessed with looking at people, eyes almost red bubble.

Before a second or a clever woman, after a second into a small sheep, shyly shouting: “president!”

Li Fengbei didn’t give her a look in his eyes. He stepped forward and went straight to Wen Qiao.

Man’s unique voice is low and gentle, with doting, “why don’t you go up?”

Wenqiao’s eyes twinkled. “I’m worried about your absence, so I want to call you in advance.”

“Oh? Is that so?” Li Feng’s face looked like a smile when he lifted the corner of his North lip.

He took a look at the front desk girl. His eyes were cold, and there was no temperature at all. It was very different from his gentle appearance just now.

The latter’s legs began to shake, thinking that the ordinary looking woman actually knew the president, and the president also valued her appearance.

It’s over, it’s over! She scolded her like that just now. She will certainly complain to the president!

“Always President Yes, I’m sorry...” Her heart a horizontal, closed eyes, has made the worst plan.

But before she could speak, she was interrupted by a sweet voice.

Wen Qiao shakes Li Fengbei’s sleeve and spits out his tongue mischievously, “Li Fengbei, let’s go up! I have something to tell you

Li Feng pursed his lips, sighed softly, and held her in his arms pitifully.

Something must have happened just now.

It’s estimated that the front desk made it difficult for her, and she only called him after saying something ugly.

But now, she is maintaining the front desk.

His silly girl, how so silly, others bully her, she can also think for others.

He suddenly understood why he would like her?

He is used to cheating. Even his relatives should always be on guard against being calculated. Only she, who writes everything on her face, can see the love and hate at a glance.

Being around her makes him relaxed.

Forget it, since it was her plea, he let the front desk off for a while.

He glanced at the front desk. There was no emotion in his cold voice.

As soon as they left, their legs softened and they spread out on the chair, their eyes panicking.

It happened that Beiqin came back from outside and walked into the hall.

He walked over with a smile and asked, "what's the matter? What the hell is that

The little sister at the front desk is a cousin of Beiqin. Seeing Beiqin, she looks like she is about to cry, "cousin, I'm finished!"

The little girl at the front desk told me all about what happened just now.

Beiqin looked at the closed elevator door and patted the front desk girl on the shoulder with deep meaning. "Next time I see that woman walking around the road, she is the favorite of the president!"

The little girl at the front desk was full of envy, but at the same time, she felt a little guilty and worried. "I said too much to her just now. Do you think I won't be fired?"

Beiqin smiles and shakes his head, "don't worry, she won't do anything to you! And with her, the president won't do anything to you!"

"Really?"

"Really

Although he didn't have much contact, he knew that miss Wenqiao was a kind woman, more kind than any woman the president had ever contacted.

Li Fengbei connected to the Secretary's internal line, "a cup of warm milk to the office."

Wenjo was sitting across the sofa, absent-minded and preoccupied.

"What's the matter?" He looked at her, tapping his fingers on both sides of the armrest.

She looks so abnormal. Something must have happened.

"I I just..." Winjo's fingers on the cell phone turned white with excessive force.

She is very tangled, she does not know, this matter can say with Li Fengbei?

But who can she tell if she doesn't?

If she can't trust him, who else can she trust?

Li Fengbei guessed that this matter had something to do with him, otherwise she would not be so tangled.

Instead of urging her, he waited patiently for her next words.

Wenqiao twisted her fingers and bowed her head. Her heart beat fast. She bravely said, "Li Fengbei, you Do you know this man? Let me show you a picture..." Photo.

Wenqiao takes out his mobile phone and prepares to show Li Fengbei the photo he just took.

Just then, the door of the office was pushed open, and the Secretary's sweet voice came, "miss wenjo, your milk."

"Thank you When he was interrupted, Wenqiao stopped and said thanks to his secretary.

"You're welcome!"

The secretary left and closed the door for them."What were you going to tell me?" Li Fengbei stares at Wenqiao's mobile phone. Did she want to see the picture with him just now? Whose picture are you looking at?

Winjo took a sip of the milk, pondering how to speak?

By this interruption, she was not so flustered.

Anyway, that's good news, isn't it?

Before, she firmly believed that Li Fengbei was the leader of the tragedy five years ago. Didn't she fall in love with him?

So now I know that it's good news for this woman to know Suman.

"Yes! I want to ask you something! You promise me to answer my question honestly and don't cheat me Winjo put down the mug and said with a serious face.

Li Feng North pick pick pick eyebrow, "you ask."

"I'll show you a picture first."

Wenqiao opens his mobile phone photo album and puts it in front of Li Fengbei.

As soon as Li Fengbei wanted to reach for it, the mobile phone on his desk rang.

It's more and more urgent. It's hard to ignore it.

Li Fengbei gets up, grabs his mobile phone and frowns slightly.

"You answer the phone first." Wen Qiao glanced at the screen of his mobile phone. It was Lao Zhai calling. "Maybe the old lady has something urgent to ask for you!"

Li Feng took a look at Wen Qiao and finally got through to the window.

Wenjo took another sip of the milk from his cup.

Repeatedly interrupted, she calmed down instead, and her heart was not as anxious as before.

Holding the cup in her hand, she looked up at Li Fengbei.

In front of the large French window, the golden sunlight scattered on his shoulder.

A man's back is broad and warm. A simple three piece suit, wide shoulders and narrow waist, and steady arms can give people enough sense of security.

Don't know what the other party said, the heroic eyebrow slightly wrinkled, a worried look flashed between the eyebrows and eyes.

Wenjo's mind was on the rise. Was something urgent?

About two minutes later, Li Fengbei put away his mobile phone, hurried to her and said apologetically, "Joe, I have to go back to my old house now!"

As he spoke, he put on his coat.

Chapter 253

Winjo stood up and looked at him suspiciously. "What happened?"

Li Feng gave her a look up and said in a soft voice, "the old lady has fainted again."

"What's the matter?" Wenqiao frowned and worried.

Wasn't yesterday fine? How come today

She clutched her fingers, feeling slightly guilty.

The old lady's heart is not good, and there are three high, she and Li Fengbei things make her angry

Li Feng North see her worried appearance, sharp heart move.

He put his palm around her waist and pecked her mouth. "I'll go over and have a look. Don't worry. There's a doctor waiting for me 24 hours. I'll be fine."

"That's good."

Wenqiao didn't have such a good relationship with the old lady. She didn't allow her to be with Li Fengbei.

However, if the old lady has any problems, Li Fengbei will be sad

She didn't want him to be sad.

Li Fengbei rubbed her black hair and asked her in a low voice, "I'll let the driver take you back?"

"No!" Wenqiao shook his head. "I'd better go to school. Things We'll talk about it when you get home in the evening."

"Good boy Li Fengbei looked at her wet eyes and couldn't help bowing his head and kissing her eyelashes.

Suddenly I don't want to let her leave.

He can't avoid other women, but instead of her, he seems to be suffering from skin hunger and thirst, and wants to stick with her all the time.

He knew that Granny didn't like Wenqiao, and Wenqiao didn't want to go to the old house. He knew that he shouldn't be so selfish, but he asked tentatively, "or Are you going to the old house with me

As long as she said no, he would not force it.

Wen Qiao was stunned, and then he agreed with joy: "good! I'll go with you

I don't know why. She doesn't want to be separated from him today.

Especially looking at his affectionate eyes, bright let her move eyes, just want to stay with him a little more, a little more.

"Let's go!"

Li Feng North thin lip corner a hook, holding her hand, big square out of the office.

When she passed the Secretary area, she didn't see the surprised eyes of the "Four Beauties".

Her hand is held by a pair of big hands, she can clearly feel the temperature from the palm.

The temperature made her feel at ease.

Wenjo gave a little smile and took the initiative to hold his hand.

Li Fengbei looked down at her and couldn't help laughing. He patted her head gently, with a look of doting.

The two entered the elevator. As soon as the door closed, the Secretary's office exploded.

"See, the president laughed? That look of doting, cough, I'm dying! My young heart

"Isn't that the woman who slapped the president with her shoes last time?"

"I said they had a play! The president is actually an M? Like this kind of rough woman?"

"OH, MY GOD!"

Two people in the elevator listen to the laughter of the four beauties.

Winjo's face turned red and twisted the back of his hand.

"Murder my husband!" Li Feng's northern features twisted together with exaggeration.

The next second, he took her hand and pinched it. He looked evil. "In fact, they were right."

The palms of his hands were itchy, and he shrunk his fingers. "What are they right?" he asked suspiciously

Li Fengbei looked at her, "go back and have a try. You are up and I am down!"

"What What?" Wenjo finally responded, blushing and drooping, ignoring him.

This person is always a cold and ascetic appearance outside, but in private, he talks a lot, can say anything, and likes to tease her very much.

Driver Lao Zhao is waiting for them downstairs.

As soon as I got on the bus, Li Fengbei tightened Wenqiao's fingers. "When I get to the old house, you'll follow me. No one dares to embarrass you!"

"Well." Wenqiao suddenly felt a little moved.

The next second, she thought of Li Jingyuan. Her delicate brow slightly frowned and her face was worried. "Li Fengbei, you beat Li Jingyuan. Will it really be ok? Will grandma embarrass you again because of this? "

"Why did you mention that scum again?" Li Fengbei frowned and said, "don't mention other men's names in front of me, you know?"

If grandma hadn't come in time yesterday, he would have wasted all his hands and feet.

Dare to touch his woman, he let him know his strength.

"Er..."

Wen Qiao glanced at him and said: "overbearing!"

"What? Don't you agree?" Li Feng North hook lips, slender fingers pinch pinch her small minibus. Wenjo patted his fingers open and looked at him from the corner of his eyes. He said with a smile, "then I won't allow you to call other women's names in front of me. Can you do that?"

The man's sharp eyes stare at her, "ha ha!"

"Hehe, what do you mean?" Wenqiao dissatisfied, small mouth cocked to old high, "you pour is to say to see, don't make two sets of standards!"

Li Fengbei grabbed her chin again, looked down at her pretty face, and gave a light hiss from the bottom of her throat.

"Oh! Wenjo, don't test my bottom line, there are some things I can do, you can't! Do you understand? "

"....." Grandma, I'm so angry! How can there be such unreasonable people?!

"Are you scolding me?" Li Fengbei mercilessly exposed her careful thinking.

"....." Wenjo clapped his hand angrily.

She thought, she'd better shut up!

This man takes soft food but not hard food. He can't get any good except to add a little jam to himself when arguing with him.

Li Fengbei's narrow eyes narrowed.

When a woman stares at him, the corners of her eyes and eyebrows are full of amorous feelings. Her small mouth is puffy, like the mouth of a little goldfish. It's very lovely.

The charming and pure that a woman should have are perfectly combined in her body, which makes people want to explore and destroy.

He suddenly felt hot all over his body, sexy Adam's apple rolling up and down, and even the tone of his voice changed, "Qiao Qiao..."

"Dry What are you doing? "

Wenjo clamped his legs reflexively.

Last night, this guy was not serious. She's still in pain.

"There are still people here. Don't mess around!"

As soon as the voice dropped, the partition board in the middle of the car rose to form a closed space.

"There's no one now!" Li Fengbei's eyes were burning, and his naked eyes scanned her up and down, as if she had no cover in his eyes.

Wenqiao immediately counseled Bao, red face, flattering to coquetry, "really can't, I still hurt it!"

In order to let him let himself go, she also gave up.

Li Fengbei grabbed her by the arm and pulled her into his arms

See? What do you think of this place? How shy!

Chapter 254

Wen Qiao red two, pressure skirt, bite a tooth to threaten a way: "you dare! If you dare, I'll jump out of the car

"What nonsense! I'll see. I won't do anything to you!"

The skirt was lifted.

Seeing that he couldn't stop him, Wenqiao had an idea. He grabbed his hand and bit it hard.

"Hiss ~ ~" lifengbeitong exhaled, looking at the obvious red imprint, "are you a dog? Do you really bite?"

Is she really willing?

This wound for him, nothing, but she was really willing to bite him, let him a little unhappy.

Winjo looked at the imprint, a little silly.

She just wanted to scare him!

"That Does it hurt?" Her eyes filled with guilt as she tidied up her messy clothes.

"What do you say?" Li Fengbei was also affected.

He's a man. In normal times, he won't shout a word of pain when hitting a bullet.

However, looking at her tense and anxious appearance, she couldn't help trying to tease her, "it hurts, it hurts to death!"

"Really?" Wenqiao took his hand painfully, and gave him a cry with his little mouth, "I'm sorry!"

Li Feng North cloud light breeze light, "nothing, kiss a good."

Wen Qiaowei Leng, then angrily put away his hand, "Li Fengbei, so you lied to me!"

"I didn't lie to you. Really, you see, it's all red."

"I don't care about you. Who told you to do something to me? You deserve it

Winjo really ignored him.

They were noisy. Unconsciously, the car stopped at the gate of the old house.

Wenqiao was acutely aware that there were a lot of cars in the parking lot at the gate of the old house. These days, most of them are supercars, and most of them are orange and red. They seem to be valuable.

Not far away, in the garden pavilion, came the melodious sound of piano, and the sound of girls laughing.

asked, far away, a fragrance, which only belonged to the perfume of a woman. It was just more than one perfume, but a mixture of many kinds of perfume.

Wenqiao brow a tight, subconsciously grasp the hand of Li Fengbei, "Li Fengbei, old house seems to have a lot of people."

Li Fengbei grasped her fingers and frowned slightly. "Maybe it's someone who came to see grandma."

In their circle, which one of the rich families doesn't please the Li family?

Whenever the Li family is a little bit agitated, those people will try their best to give gifts to others, so that they can only show their face in front of the Li family and make some profits for the family's business.

Li Feng is used to seeing the north.

Wen Qiao also put down his heart after hearing the speech, but it's not good that the old lady has an accident.

The servant had been waiting outside the door for a long time. When he saw them coming together, his eyes fell on winjo. After a moment of consternation, he hurried to salute Young master

"Where's grandma?"

"The old lady is waiting for you upstairs!"

Li Feng North looked at Wen Qiao one eye, "go!"

The servant rushed to catch up with them and stood in front of them, looking embarrassed. "Young master, the old lady only said to let you in alone."

He wasn't talking about going up, he was talking about going in.

That is to say, venjo is not allowed to enter the house.

Li Fengbei's fierce eyes swept to the servant, and his face was already sulky. "Is that what the old lady said?"

The servant, who was over 50 years old, was looking at by his eyes. His whole body was scared. He wiped the sweat on his forehead and said, "yes..."

Li Feng moved his eyes to the north and landed on Wen Qiao. He pinched her fingertips. "It's OK. Follow me."

Wenjo looked him in the eye and nodded softly, "well."

What happened last time, she was still worried. She would be afraid to stand outside her face and wait alone. She would be more secure with Li Fengbei.

Li Feng was relieved to see that she was not angry.

After all, a servant is only a servant. He has already conveyed the old lady's meaning. It's not up to him whether the young master listens or not.

The servant led the two men to the treatment room on the second floor and knocked on the door.

The door of the room opened. The old lady closed her eyes and lay on the bed with a weak face. Her white hair looked very white again.

Wen Qiao looked at some sad, stretched out his hand to pull Li Feng North, "the old lady looks very bad, later if the old lady embarrasses me, you don't talk back to her!"

In fact, women are sensible, as long as the man is toward her side, she will be very considerate.

But some men just can't make sense of this relationship. Every time there is a conflict between their family and their own women, they go to think about whose fault it is and try to reason with them.

Of course, that's good.

There are also men, once there is a conflict, regardless of the white, put all the fault on the woman.

Wen Qiao doesn't want to make Li Fengbei embarrassed, so she doesn't feel aggrieved. Li Fengbei felt soft in a corner of his heart. He tightened her fingers and said, "if grandma embarrasses you, don't hurt yourself."

"Well!" With his words, she would be very content.

Xu Shi heard the voice at the door. The old lady opened her eyes and saw Li Fengbei. Her face was very happy. Even her voice was full of surprise.

"Fengbei, you're back."

"Grandma, Joe and I came to see you."

Wen Qiao's height is 1.65 meters. Standing behind Li Feng's height of 1.88 meters, the old lady didn't see her at all at first.

Smell speech, the old lady's facial expression some stretch not to live.

She looked at the housekeeper unhappily, with questioning in her eyes.

The housekeeper quietly shook his head.

She obviously invited the young master to come back alone, and didn't Wenqiao go to school?

She made a clear investigation before she called the young master. Who knows the young master even brought her here?

But today is for the young master With a winjo, how can this be done?

Li Fengbei led Wen Qiao into the room, his face was full of concern, "grandma, are you ok?"

Wen Qiao also followed Li Fengbei to shout, "good old lady!"

The old lady's eyes fell on the fingers tightly held by the two men, but she didn't smile? Don't you have to go to class? "

Wenqiao was embarrassed. "I asked my classmates to ask for leave."

"Oh The old lady nodded and said, "it's always good to read more books! Men and money are unreliable. Today is yours. Maybe tomorrow is someone else's. only real talent and learning are your own. "

Winjo was stunned.

There was nothing wrong with the old lady's words, but it made her feel bad.

"Yes, I remember."

The atmosphere is a bit awkward, Li Fengbei interrupts: "grandma, if you are not in good health, you should have more rest."

He turned his head and asked the housekeeper, "wasn't it good yesterday? Why are you sick today? What did the doctor say? "

Flower housekeeper replied: "young master, the old lady's health is not getting better and better every day, the common diseases of the elderly, three highs, plus excessive worry, the resistance is not getting better and better every day."

Chapter 255

Li Feng North tightly pursed lip petal, from Wen Qiao's angle, just saw his tight jaw line.

It means that the old lady is an old problem. Does it often happen?

The old lady said with a smile, "it's OK. It's all old problems. I'm really sorry to trouble miss Wenqiao for a trip."

Why?

The old lady was so kind to her that she said she was sorry? Is this attitude changing too much.

Wenqiao let go of Li Fengbei's hand and said with an unnatural smile: "I don't know etiquette. I came here empty handed."

The old lady looked at Li Fengbei and said, "Fengbei, go downstairs and I'll talk to Wenqiao!"

"Grandma..." Li Feng North suspiciously looking at her, Feng eye fundus is not at ease.

“Why, are you afraid that I will eat her?” The old lady glanced at Li Fengbei discontentedly, then turned her eyes on Wenqiao and winked at her.

Wenqiao pointed at himself in amazement. Did the old lady persuade Li Feng to go downstairs?

She really didn't want to let Li Feng go north, but the old lady's eyes “gestured”, and she didn't know anything.

Wen Qiao pursed his lips and pulled Li Fengbei's arm helplessly. “Li Fengbei, go downstairs and wait for me. I'll finish with the old lady and come down in a moment.”

“I'm the same upstairs.” Li Fengbei made an effort to sit down on one side, “you say yours, I sit on the side and don't speak.”

His grandmother, who has been in the army for half of her life, has grown up in the land of intrigue. There are many ways!

Seeing him like this, the old lady turned blue with anger, but now she is still “sick” and is not easy to attack.

She suddenly coughed, “cough, cough...”

Wenqiao was watching, thinking thoughtlessly that according to the old lady's cough method, her lungs would cough out, right?

Li Fengbei's eyes changed, and he walked over in three or two steps. Housekeeper Hua gave way with great insight. Li Fengbei held the old lady's shoulder with one hand on her back.

“Grandma, you are so sick. Why don't you go to the hospital?”

“It's all old problems. It's still comfortable to live at home!” The old lady finally got angry and sighed, “well, I'm old. Now your wings are hard. You don't listen to me. I can't help you!

My old lady can't live long. When I go to see your grandfather, I can do whatever I want! ”

“Grandma Li Fengbei frowned, “what nonsense are you talking about? You have to live a long life, waiting to hold Chenchen's child!”

The old lady was amused by him, “how old is Chenchen? Can't I become an old monster when I hold his baby?”

Although she knew Li Fengbei was trying to coax her, she was still happy.

She patted Li Fengbei's hand gently. “Fengbei, I'll talk to Wenqiao for a few words. Can you wait downstairs?”

Smell speech, Li Feng North look to Wen Qiao.

The latter winked at him, “go downstairs, I'll come down right away.”

The face is smiling, the heart is about to cry.

The old lady has said that. What else can she do?

Li Fengbei is still not at ease, but his grandmother has moved his grandfather out, and he can't stick to it any longer.

"I'll be downstairs," he told him as he passed by

"Yes! You go

It's false to say she's not afraid. The old lady doesn't eat people, but she's very afraid of the old lady.

But She also doesn't want to let Li Feng beiheng be in a dilemma between her and the old lady.

Things between women must be solved by women and women.

Li Fengbei walked out of the bedroom, and sister Hua immediately said, "old lady, I'll go downstairs, too!"

It's not convenient for the old lady to come out and take care of the affairs downstairs.

As soon as the man left, Wenqiao felt embarrassed. She grabbed the apple and said with a smile, "old lady, do you eat apples? I'll peel an apple for you

Wenqiao grabs the fruit knife and prepares to cut the fruit. The old lady drinks violently,

"put it down! If I want to eat apples, my servant will cut them for me

Winjo's hand almost clipped with a shake.

She looked up at the old lady.

The old lady coughed so badly just now. She looked very ill. But the roar just now was so angry that she almost lost her knife.

She put down the knife and apple in her hand, sat down on the chair beside the old lady, and looked straight at her, "old lady, you are not sick, are you pretending?"

Thinking of those charming girls downstairs, Wenqiao suddenly understood everything.

This is a disguised "imperial concubine selection" for Li Fengbei!

The old lady didn't plan to deal with her. She freely admitted, "I said yes. What can you do with me?"

Wenjo clenched her teeth.

She really can't do anything about her, but she's really disappointed.

She was worried about her just now, but she pretended to be ill? Just to call Li Fengbei back and have a blind date with those girls downstairs? She clearly said that she would be given a period of time, and she also agreed to her request to let Suman live in the castle. Why did she break her promise after only one day?

The palms of winjo's hands on his knees were clenched tightly.

"Why?" She asked, puzzled.

“Well! I just don’t want you to ruin my grandson. Do you know how good my grandson is? Only the ladies and ladies downstairs are worthy of him

“.....” Wenjo was biting his teeth, and he felt a pang in his heart.

“Just because I don’t have money, do you deny me all? Do you think it’s fair to me?” Wen Qiao quality asks a way, in the eye Mou faint take water light.

“Do you think it’s a matter of money? Wenqiao, I’ll tell you, our Li family is not short of money! But do you know what Fengbei needs? Do you really have a common language? How far do you think two people with different values and backgrounds can go?”

Winjo lowered his head and put his finger in his palm.

The old lady was obviously ridiculed and denied by her, but every time she had nothing to say.

After a while, she retorted softly, “whether we are suitable or not, we have to get along with each other before we know.”

The old lady said coldly, “then I ask you, do you like the way you get along with each other now? He arranges everything for you. You are like a canary raised by him. I see that you are enjoying this kind of life with nothing to gain!”

“I didn’t!” Wenjo interrupted in a loud voice, excited.

“Do you know what help those girls downstairs can give him? They have educational background, family background, extraordinary ability, proficient in languages of various countries, and each of them is tens of thousands of times better than you. And you? What can you give him?”

As far as Wenqiao is concerned, the old lady is completely rolling.

Wenqiao held hands tightly, his heart was full of anxiety and confusion.

It’s not like that. It’s definitely not like that.

But as the old lady said, what can she give him?

She really can’t give him anything!

Wenqiao suddenly stood up, took a deep breath and forced the tears in his eyes down.

“I’m sorry, old lady. I’ll go first.”

Chapter 256

Standing on the revolving staircase, she saw Li Fengbei sitting on the sofa in the living room surrounded by a group of women.

Wenqiao unconsciously stopped, a heart is very tight, as if by what ruthlessly entangled, incomparably uncomfortable.

Although he was one meter away from these women, from his expression, he did not dislike and refuse.

They have a common topic, don’t they?

The relationship between her and him seems to be more in bed

The idea took shape in her heart, and she found it sour and hard to breathe.

Li Fengbei felt her eyes, raised his head, and immediately found that she was standing on the stairs, a lost look.

Slightly twisted eyebrows, toward the side of the woman said sorry, got up and walked toward her.

“What’s the matter? You look so ugly. Is it grandma who’s bothering you?”

A simple question, she actually heard the sour nose hair, the grievance in the heart magnified many times.

She tried to hold back the surging emotion and squeezed a smile on her face, though it must be worse than crying.

She shook her head and whispered, “No.”

Li Feng’s eyes were shining in the north.

Up to now, if he doesn’t know the purpose of his grandmother’s calling him back to his old house, and doesn’t know that his grandmother is pretending to be ill, he has lived in vain for the past 30 years.

A trace of affection flashed in his heart. He grabbed her hand and said, “let’s go back!”

“.....” Wenjo followed him downstairs, but couldn’t help looking at the girl sitting on the sofa in the living room.

I don’t know when, everyone’s eyes fell on her.

In those eyes, there are scornful, envious, disdainful, and envious

One of the girls came forward, looked at the hand they were holding, then moved away, and there was a charming smile on her beautiful and elegant face.

“Li Shao, this young lady must be Wen Qiao?”

“Yes.” Li Feng North looked at Wen Qiao, eyebrows stretch, Feng eye slightly pick.

Wenqiao heart a knot in one’s heart, put in the palm of the body side, quietly hold together.

He even laughed at the girl?

Girls don’t look too old to be over 25.

A naked pink buttock skirt looks elegant and charming.

This kind of girl is probably the kind of woman that the old lady likes? She thought that she could be worthy of the woman in lifengbei!

Suddenly, I feel that I am not happy.

When she was about to stretch the expression on her face, she gently broke away and Li Fengbei held her finger, “sorry, I have something else to do! I’ll go first

She hung her head and left without looking back. She didn't go to see what Li Fengbei's reaction was.

"Miss wenjo, please stay!" The girl called from behind.

Wenjo had to stop and look back at them.

"Miss Wen Qiao, my name is Yu Tong. You can call me by my name, or Tong Tong!"

The girl said with a smile, and as she spoke, two little pear vortices looming on her cheek appeared.

Wenqiao felt that she was familiar with her appearance, as if she had seen it somewhere, but she could not remember where the familiarity came from?

She was sure that the girl named Yu Tong would like Li Fengbei.

After all, the admiration in her eyes was almost overflowing when she looked at Li Fengbei.

She also doesn't believe that this girl named Yu Tong doesn't know her relationship with Li Fengbei.

So, what does this girl want?

Wen Qiao nodded slightly, "Hello, Miss Yu Tong!"

Yu Tong does not care about her indifferent expression, the smile on her face is deeper.

Affectionately holding her hand, black eyes with a trace of innocence, "I call you sister, do you mind?"

Wenjo shivered and subconsciously tried to draw back her hand.

They just met for the first time. It seems that their relationship is not so good, right?

Yu Tong seemed to see her resistance, approached her ear, lowered her voice and said, "sister, I know Li Shao likes you now. If I can be his wife, I will allow you to stay with him, I won't be jealous with you. Shall we take care of him together? "

Winjo was shocked, stunned for several seconds, and then completely digested her words.

How could she bear that the man she loves has other women?

Why can they say such a thing so easily?

Yu Tong seemed to feel the doubts from the bottom of her heart. She put out her hand and pinned a little hair behind her ear. She was embarrassed and said, "my aunt told me that a man like Li Shao can't stay with a woman. We should be sensible."

Wenqiao didn't know what kind of character her aunt was. She must have brought it up at this time. She certainly wouldn't be an ordinary person. Her heart is like falling into a hole in the ice. Her head is cool and her mood is quite complicated.

She doesn't know whether these girls love him or not?

If you love, why can you easily accept to share your beloved man with other women?

If not love, why so humble?

All she knew was that she couldn't do it.

Just looking at him talking and laughing with other women, she felt uncomfortable.

If the feelings can't be pure and focused, she would rather not at the beginning, even if her heart is like a knife and her blood is dripping, she doesn't want it!

Because only wholeheartedly love can create miracles, only love can water those barren years of life and make life meaningful.

All of a sudden, she was enlightened.

The old lady didn't question her just now. What can she give Li Fengbei?

She knows, she can give him love, wholehearted love! Incomparable love!

Wenqiao slowly drew back his hand, clear eyes with a very firm light.

"Miss Yu Tong, I'm sorry, but I can't promise you! My man can only belong to me. I will never share with anyone

Her tone is neither high nor low, neither humble nor overbearing, enough for everyone present to hear.

"You..." Yu Tong's face was blue and white. She was very embarrassed.

She didn't expect that Wenqiao would dare to say it directly, and that she was so brazen.

Didn't she know that her words had offended every lady of the aristocratic family present?

If Li Fengbei doesn't want her in the future, how embarrassed should she be? None of the women present will let her go!

At that time, she lost the protection of Li Fengbei. How can she survive?

It's not that Wenqiao didn't think about it, but at this moment, she didn't care about anything.

The old lady said that she was not worth a cent. These noble ladies looked elegant and dignified. In fact, they looked at her with disdain.

They looked down upon her and thought that she could not be on the stage. They expected that Li Fengbei was just playing with her.

It is shameless to say with her, want to share her man with her!

Too much deception!

She is not so easy to bully!

She could not predict how far they would go.

But at least now, Li Fengbei belongs to her!

Chapter 257

In the eyes of the public, Wen Qiao pulled Li Fengbei's tie.

Li Fengbei was stunned. He lowered his head along the strength. The next second, his lips were blocked by a warm and soft one.

Although it was just mouth to mouth and touched lightly, Li Fengbei felt that the whole spine was numb. Wenqiao's goal was achieved. He picked his eyebrows and wanted to step back.

But the next second, her waist was severely clamped, the back of her head was also fixed by a big hand. His kiss was fierce and urgent, and wenjo could not breathe. His legs softened and he almost fell down. Her face turned red and her heart beat wildly.

With so many people watching, she didn't have a special hobby of performing in front of the public!

She was in a hurry. She reached out to push him, but her hands were soft and weak. It seemed that she was trying to refuse.

No face to see people!

At the end of the kiss, Li Fengbei was already out of breath.

He looked at her with deep eyes, like a fire in his eyes, trying to burn her up.

The next second, he led her to the door, eager, the other hand did not release her waist, almost half cuddle and half drag her to the door.

Wenqiao was not as long as his legs and could hardly keep up with his pace. He exclaimed, "Li Fengbei, slow down! I'm going to fall!"

Li Fengbei stopped, and the next second, he bent down to hold her.

"I can't wait! I can't slow down!" The breath he breathed out was very hot, even the tip of his ear was red.

Wenqiao looked at his impatient appearance, more puzzled, "what can't wait?"

Li Fengbei opens the car door and throws her in directly. At the moment of closing the door, Gao Da's strong body is pressed down. He tells her with practical action that he can't wait.

He kisses her forehead, nose, eyes, chin, ears and finally falls on her lips.

The strong hormonal breath of men surrounded her, made her blush and heartbeat, and her heart seemed to jump out of her throat.

She can't stand it.

She pushed his chest and managed to recover a trace of reason.

"This is the gate of the old house, no!"

Li Fengbei stops and buries his face in her mouth, breathing heavily.

When the breath became more stable, he raised his head, and his eyes were as bright as smoke.

He looked out of the window. A crowd of people were watching the direction they were leaving.

The heroic eyebrow is slightly picked.

This is really not a good place to do business.

He gritted his teeth, got up from her and got into the cab.

Wenqiao breath slightly pant, quickly do straight body, tidy up the messy clothes on the body.

The car flew out like an arrow.

Wenqiao was startled, because inertia almost hit the back of the car chair in front, and the road ahead seemed not the direction to return to the castle.

“Li Fengbei, where are you taking me?”

“Take you to a place, you close your eyes to rest for a while, when the time comes, I’ll call you again!”

“Far away?” Asked winjo suspiciously.

Li Fengbei chuckled, “are you afraid that I will sell you? Don’t worry, even if I want to sell you, someone will have to ask for it!”

In the back of the car, I think of the creaking of my teeth.

No one wants her, so why does he want her so much?

If you don’t taunt her, he’ll probably die!

Now the scenery is more and more familiar. Wenqiao grabs the window and says in surprise, “this is the way to Xiangshan. Will you take me to Xiangshan?”

Li Feng North but smile not language, hold the finger of the steering wheel but tight tight tight, in the heart a little nervous.

“You’ll know when it’s time.”

At work, he signed hundreds of millions of orders, which is not as tense as he is now.

The car stopped on the spacious hilltop.

It was the first time that Li Fengbei took her out for a date. There was a gunfight that day.

Also because that time, she saw her mind clearly.

She thought that there was danger in lifengbei. She ran to the cliff to find him. At that time, she was so worried that she didn’t think that there would be any danger under the cliff.

Looking back, it turns out that love already has a trace to follow.

Xiangshan is a famous tourist attraction in B city, known as the natural oxygen bar of B city. But it’s strange that there is no one on the mountain today.

Li Fengbei drove the car into the shade of tall trees to block the sunshine above.

Wenjo was still thinking about why he didn't see anyone along the way.

The next second, the roof of the car opens to both sides, the spacious back seat is lowered, and her body is flattened.

Wenqiao blinked, looked at the blue sky above his head, and then at lifengbei. He asked incredulously and somewhat embarrassed, "you don't want to be here, do you?" In the wild, in the open car, in the bright daylight, none of these conditions can be accepted by her, OK?

"Yes! Now

He was so impatient that he had to endure all the way. His body was already swollen and he couldn't wait to get rid of her.

But she doesn't feel it now

Wenqiao wants to cry without tears.

In this comfortable environment, she doesn't want to do this kind of thing at all, OK? And this is a tourist attraction. I don't know when someone will come.

Li Fengbei kisses her neck and says firmly: "no one will come here! I've got people cleared!"

Wenqiao slightly changed face, a pair of round eyes, glared at him, "you black sheep, even if the money is not so spent!"

Li Fengbei leaned over to kiss her ear and said with a low smile, "now I want to take care of my money?"

She was a little itchy by his kiss, subconsciously shrunk his neck to avoid, "cluck, good itch, you don't Don't kiss me here

"Where is the kiss?" His hand didn't stop. He went through the hem of his clothes.

"....."

Just then, a colorful butterfly, fluttering its wings, flew over the roof of the car. Wenqiao pressed his hand and said in surprise: "Wow! What a beautiful butterfly

Pressure on her hard-working man, finally can not go on, face heavy enough to drip water.

"Wen! Joe

He gritted his teeth and spat out her name.

When a man wants to be discontented, his face is very terrible, and he is also very careful.

Wenqiao was startled by him, and his small face was wronged. "Why! They don't want to..."

Seeing the man's face getting darker and darker, and even seeing the blue veins on his head, her voice became smaller and smaller.

The man's eyes are red, "you don't want to, I want to!"

When he yelled at him, Wenqiao felt even more aggrieved. As soon as his nose was sour, his eyes were red. "You think about it 24 hours a day! What day don't you want to? Hum! Why don't you think about how I feel?"

Chapter 258

She still felt uneasy, clenched her fist and hit him at random.

"I just said I don't want to. You don't care about my feelings at all! Do you just want me to do this with you?"

"....."

Li Feng North straight Leng ground looks at her, immediately sit up, fidgety ground pulled to pull tie.

How did this happen?

He just wanted to make her happy and make her happy. How could he make her cry instead?

Forget it! Who said she was on the top of his heart? With him, she can tolerate any caprice.

"Well, don't cry, it's my fault!" Li Feng North embraces her, soft voice coaxes a way.

Wenqiao immediately broke tears into a smile, pointing to the butterfly perched on the roof, "look, it's really beautiful!"

Li Feng looked North at the colorful butterfly. A group of black crows flew by with six black spots.

Who wants to see butterflies? He's a 30-year-old man, OK?

There was a smile on his face and a long voice said, "well, it's nice!"

"You see, is the sky very blue?"

"Well, blue, especially blue!"

"Fengbei, that's very kind of you!"

"Ouch, do you know me now? I almost cried just now!"

He pinched her chin and felt the greasy skin of his hands. He was so frightened that he quickly withdrew his hand.

Wenjo nestled in his arms like a kitten and rubbed his white shirt.

Li Fengbei was tickled by her, and a smile came out of the shaking chest, "don't rub, rub out the fire again, you are responsible for putting it out."

"Cackle" Wen Qiao laughed, didn't put his words in the eye at all, deliberately with his antipathy, rubbed again.

"Li Fengbei, let's have a quiet look at the scenery for a while?"

Li Fengbei sighed helplessly and pressed her hard in his arms. His thin lips gouged out a fine dotting, "well."

Wen Qiao lay comfortably on Li Fengbei's body, feeling the breeze, looking at the blue sky and white clouds in the sky, the whole person was comfortably sleepy.

After a while, there was a sound of even breathing.

Looking at the woman sleeping in his arms, Li Fengbei pinched her small nose and couldn't help laughing, "what a pig! Stupid little pig

Originally, he was going to indulge in the car and propose to her again.

But in the end, he actually accompanied her to see the butterfly and blue sky for a long time.

Wenjo! Joe, Joe!

He recited the name in his heart.

He seems to spoil this woman too much!

When winjo woke up, it was two hours later.

The dark night is coming unconsciously.

"Well..." She rubbed her bleary eyes and opened them to a pair of deep and affectionate eyes. There was a trace of banter in his eyes.

Wenqiao was stunned and wiped the saliva from the corner of his lips.

Embarrassed, she fell asleep on Li Fengbei's body and drooled.

Has he been looking at her like this since she fell asleep?

"You..." She blushed, just about to ask, suddenly there was a loud noise in the sky.

"Bang" with a loud noise, the sky scattered colorful fireworks.

Time seems to be going back to the day when she and Li Fengbei first dated.

But on that day, before they finished watching the fireworks show, they were destroyed by the people who rushed out suddenly.

Her heart can not help a tight, eyes alert to look around, subconsciously grasp the sleeves of people around.

A warm palm was on the back of her hand, holding her hand tightly.

"Don't worry, no one will disturb us this time."

His palm is broad and warm, which gives people a kind of stability.

Wenjo nodded with a smile.

With his assurance, she was at ease. She believed in the man's ability.

Gorgeous fireworks show, only for her to bloom.

Wen Qiao's in the mind suddenly produces this idea, she lifts Mou and tentatively asks a way: "Li Feng North, is this what you prepare for me?"

Li Feng North slightly hook lips.

Is that enough?

He reached out, took out a big red box from his suit pocket and said affectionately, "Joe, marry me!"

"What?" Wenqiao was shocked by his words, and his words were not sharp. He couldn't believe that he looked at the box in his hand.

The box opened slowly and a diamond ring appeared in front of her.

Brilliant, the diamond fine water chestnut refracts the dazzling light.

I don't know when the car is full of roses of various colors.

The branches are bright, and the petals are dripping with water. They have just been airlifted from France, and they have been here less than half an hour." Joe, will you marry me?" Li Feng North low alcohol voice with a trace of tension, do not know her expression at this moment in the end is to accept or not willing to accept?

A week ago, when he learned that Chenchen was their son, he asked Beiqin to prepare the proposal.

I didn't intend to be so quick. I wanted to find a suitable opportunity. At least after he solved the Su family, I proposed to her with peace of mind.

But just now, he heard that she announced in front of so many people that he was her man. She would not share her man's life with any woman. He couldn't wait any longer.

In this life, it's her.

Wenqiao covered his lips, and the tears in his eyes rolled down.

She wanted to say that I would, but she couldn't speak with a lump in her throat. At last, she just gave Li Fengbei a silly smile.

Li Feng North frowned, swallowed saliva, carefully asked: "what do you mean? Don't you want to?"

But wenjo still just looked at him and couldn't see what the expression was.

Li Feng North more anxious, "you don't agree also late, this life you can only be my woman!"

Looking at him pretending to be calm, Wenqiao suddenly burst out laughing, crying and laughing, looking like a psycho.

"Is this the way to propose?" She choked and said coldly, "at least you have to kneel on one knee to be sincere?"

"....." Li Fengbei was stunned for a moment. His smile was a little stiff. He coughed to hide his embarrassment. "Joe, do you really want to do this?"

"Yes, once in a lifetime!"

He looked at the roses all over the floor, even if he wanted to kneel down, there was no place to kneel down.

What's more, he has never knelt down in front of others.

He didn't doubt his resolution to propose, but he still couldn't make him kneel on one knee. There were many people watching them not far away!

Wenqiao was just trying to tease him. She knew that his favorite thing was face, but when she saw that he was in such a dilemma, she was slightly disappointed.

She knew that she was hypocritical. She took the ring and put it on the ring finger of her left hand.

Chapter 259

Put on the finger of the ring to face Li Feng North, contain the eyes of tears to smile a way: "you see, good-looking?"

Li Feng North heart a joy, tightly embrace Wen Qiao.

"Good looking! Joe, thank you for your promise to marry me. I will treat you well! "

Wenjo hugged him tightly and nodded heavily.

"Well!"

She'll be nice to him, too!

Emotion does not mean that who has money, who has status, who has to pay more, emotion is equal, only standing in an equal position, there will be respect and love.

"Bang!" In the moment that Wenqiao agreed, a huge fireworks burst out on the top of the mountain, and then the busy city at the foot of the mountain, fireworks burst out.

Xiangshan is the highest place in B city, which overlooks the whole prosperous metropolis.

At this moment, the city's fireworks, the whole night are illuminated.

How beautiful!

Wenjo covered his mouth and looked at all this in an incredible way.

Li Fengbei hugs her from behind and kisses her hair.

"Are you happy that the fireworks of the whole city are only blooming for you tonight?"

The man's sexy and low voice came from the top of his head. The voice was almost covered by the huge sound of fireworks, but Wenqiao still heard it.

"Happy

Very happy, very happy!

The light was shining on her eyes, and the tears in them were shining.

Wen Qiao moved to a mess, turned around, hooked Li Fengbei's neck, took the initiative to send red lips.

First a little bit of licking, licking, testing, from the corner of the lip to the lips, and then deepened the kiss.

Li Feng's big palm, which is clear-cut, imprisons her slender waist, and presses her towards herself, turning passivity into initiative.

At this moment, they seem to have fireworks flash in their mind.

No sound can be heard. At this moment, they have nothing in their eyes and hearts but each other.

I didn't even find that there were many people standing nearby. They all looked at them.

"Oh ~ ~" Mu Junhao whistled loudly at them.

Song Xiaoya stood beside Mu Junhao, covering her mouth, her eyes were red, and her throat had already choked.

JOJO finally found her own happiness, she is happy for her, really happy.

Bai Yichen always has no facial expression face, at this time also brought up the lip angle, just that pair of placid eyes, but with a little worry.

He had an important project to fight for in the foreign market. In order to propose to Wenqiao, he pulled him back.

Beige cares too much about this woman, intuition is not a good thing!

And beside Bai Yichen, a little girl with a schoolbag and a ball on her back.

She is protected by Bai Yi Chen in the back, she curiously jumps up, want to see what happened in front of in the end.

But how can't see, immediately anxious to shout: "where? Where is it? Why can't I see it?"

But by Bai Yi Chen cover eyes, board a face scold a way: "the kid can't see!"

"Well, I'm not a child!" Two people stare at each other.

At the end of the kiss, Wenqiao felt something was wrong. He tilted his head back, raised his head slightly, and showed his head from Li Fengbei's chest.

In the face of a group of people, a red face, scared to hide in the arms of Li Fengbei.

"How can there be so many people here?" she said in shock? They They weren't looking at us all the time, were they?"

She prayed that Li Fengbei would give her a negative answer, but Li Fengbei chuckled, "they were here at the beginning, and they arrived here earlier than us!"

When he came out of the old house, he made a phone call and called all the people to witness their time.

“Why are you shy?”

From his point of view, just can see her white swan neck, pretty little face white in red, really lovely.

Li Fengbei’s body, which had just cooled down, was ready to move again.

“Leave them alone! I’ll take you to a place! ”

At this time, no matter what Li Fengbei was, Wenqiao only nodded.

She felt dizzy and dazed by happiness.

Li Fengbei picked her up and strode towards the hotel in the scenic area.

As soon as he got in, he kicked the door with his back foot and put Wenqiao on the door.

His kisses were violent and direct, and wenjo couldn’t stand the enthusiasm.

Close your eyes and bear passively.

The next second, she was pushed onto the soft big bed.

Wenqiao was nervous and expectant, and his heart was pounding.

Li Fengbei’s strong arms supported her side, looking at her eyes burning, with forbearance.

He asked, “Joe, is that ok?”

He still remembers that she was not willing just now, but also excitedly accused him of “bullying”. He didn’t want to force her any more. Wenqiao’s ears were red, and he didn’t dare to look at him at all. He buried his face in his arms and nodded in a dull voice

“Well...”

With her nod, the man was greatly encouraged, and no longer scruples to kiss her.

He was like a fierce shark, biting her and dragging her to the boundless sea.

Vaguely, she smelled a sweet smell, and then, she could not remember anything.

.....

I don’t know how long I slept. When she woke up, it was early in the morning.

Behind is a warm embrace, generous and steadfast, let her can’t help but infatuate.

She was awakened by thirst and wanted to push the people behind her to drink some water. Her arm moved for a while and her whole body was sore.

When she opened her eyes, the people behind her also opened their eyes.

Sexy voice with a hint of just wake up lazy, “what’s the matter? Still uncomfortable? ”

Realizing what he was asking, winjo blushed again.

“I want water!” She pretended to be calm.

Say, just like get up, but be pressed by the man.

The man behind her released her and directly lifted the quilt to get up.

Wenqiao followed his movements and looked at him. His face turned red again. He quickly looked away and did not dare to look again.

She's worried that she's going to have a nosebleed. This guy's really in great shape.

He is so busy at ordinary times. Does he have time to go to the gym?

She thought disorderly, Li Fengbei had poured water back to the bed and put the cup to her mouth.

He coaxed softly, "open your mouth, drink slowly!"

She really can't face a body full of temptation and drink water as if nothing had happened. She almost snatched the cup in his hand, took two mouthfuls in a hurry, then retracted into the quilt and covered her head.

Li Feng North low smile a, put the cup well, return to bed again.

"Don't be stuffy in the quilt, you'll make yourself stuffy!"

"....." Wenjo ignored him.

He lifted the quilt a little, revealing her round head. His deep eyes flashed a little narrow and asked, "does the quilt smell good?"

Wenqiao's neck was red. He lifted the quilt, showed his face and glared at him.

Li Fengbei gave her a kiss on her forehead and then held her in his arms.

The hotel is located at the top of the mountain. This room has been specially designed. The roof has two layers, one is glass, and the other can be opened by remote control.

Open that layer, through the transparent glass you can see the whole night under the stars, gorgeous to the extreme.

Chapter 260

After the storm, Wen qiaowo was in the arms of Li Fengbei.

Tired as she was, she couldn't bear to go to sleep.

She rubbed her eyes and looked at the sky. Under the black screen, the stars lit up the whole night sky.

Li Fengbei gently rubbed her arm, one hand passed through her back neck and gently hugged her.

Wenqiao was so tired that he had no strength at all. He pressed his hand. "Don't move. I have something to tell you!"

"What's the matter?" He is fresh and fresh, and the whole face of Zhang Jun is full of satisfaction. He bows his head and kisses her black hair.

Winjo reached for the mobile phone that had fallen to the ground and showed him the picture he had taken this morning.

“Do you know this woman?”

When she asked this question, she looked at him carefully for fear of missing every expression on his face.

And the hand placed on the side of the body has been tightly clenched.

Li Feng looked at the bright mobile phone screen and frowned slightly.

“No, what’s the matter?”

“You don’t know? You really don’t know this woman? ”

Winjo screamed with joy.

He doesn’t know this woman!

Five years ago, it’s really not him!

Li Fengbei looked at her without knowing why, “do I have to know this woman?”

What’s so special about this woman? Does he have to know her?

Wen Qiao threw his cell phone and threw it into Li Fengbei’s arms.

She was very happy, a stone on her heart finally fell to the ground.

“Li Fengbei...”

Perhaps because she was too happy, unconsciously, her voice became choked up.

Li Feng North was stunned for a while, don’t understand why good she cried again?

He was confused by her. As soon as she cried, he was helpless. He looked at her at a loss. “Joe, what happened?”

Wenqiao raised his eyes with dim tears and looked at him nervously. He couldn’t help laughing.

“Poof!”

“What’s the matter?” Li Fengbei was even more confused. She would cry and laugh, which made him more worried. “Joe, don’t scare me! I can decide everything for you. Don’t do that! ”

“Have you been bullied? You tell me who it is, and I’ll teach her a lesson! ”

At the thought of this possibility, his face became gloomy and his whole body sent out a cold air.

The way he worried about her was really lovely!

Since the matter five years ago has nothing to do with him, then she has no worries!

She would confess everything to him and tell him that they had a daughter!

“Li Fengbei...” Wenqiao sucked her nose, and her tearful eyes bent into the shape of a crescent moon. She cried and laughed, and said excitedly: “Li Fengbei, actually we have a daughter!”

Words fall, hold the palm of her arm you ground to tighten.

Li Fengbei looked at her incredulously, staring at her tearful face, “what were you talking about just now? You said we had a daughter? Again, I didn’t hear you

She just seemed to say that she gave birth to a daughter!

This How is that possible? What’s going on?

He can’t wait to know the answer!

Winjo nodded heavily, “Well! We have a daughter, I’m pregnant with twins, and Chenchen has a sister! ”

Li Feng North a burst of ecstasy, deep eyes instantly lit up, more brilliant than the stars in the sky.

“Joe, is that true?”

He felt that all this happened too suddenly. Shock was greater than joy. It took him a long time to think of a key problem. The radian of his mouth solidified for a moment.

“Where is our daughter now?”

He investigated her and found that Chenchen was the only one around her. There was no five-year-old girl around her.

Mentioning their daughter, Wen Qiao flashed a trace of anger on his face and tightened his grip on Li Fengbei’s hand.

She gritted her teeth and said, “I just gave birth to my daughter and was robbed by the woman on my mobile phone!”

“What?” Li Fengbei almost jumped up from the bed, grabbed the mobile phone placed at the head of the bed, lifted the quilt and got up, and dialed Beiqin directly.

“Beiqin, check me for a woman. I want to know all her information right now!”

“What woman?” At the other end of the line, Beiqin asked suspiciously.

Li Fengbei gritted his teeth and said almost word for word: “this woman, my daughter took away, my daughter brought back...”

Wenjo sat on the bed and looked at him in a daze.

Well, she hasn’t finished her words. Is his reaction too excited?

She quickly stopped and said, “Li Fengbei, listen to me first! I haven’t lost my daughter. She’s by your side! “Li Feng North from the negative smart, but now feel that his head is really not enough.

Deep vision tightly locked her, eyes dark, “Joe, what are you talking about?”

“Ah Wen Qiao sighed, “you listen to me finish the matter first. When I finish, you will know what’s going on!”

Li Fengbei frowned, still holding his cell phone.

Beiqin did not hear the answer, and the voice came again, “President? What do you want me to do...”

Unfortunately, before he finished, the phone was cut off.

Li Fengbei sat on the bed, looking at Wen Qiao seriously, “you say!”

That’s more serious than when he signed a big order.

As soon as Wenqiao felt warm, she knew that what she would say next would shock him, even make him believe it, but she had to confess.

She took his hand and looked back into his eyes.

Her voice is very light, but very firm, “An’an is our daughter, she is Chenchen’s sister!”

Li Fengbei’s handsome features became cold, and a bold but absurd idea appeared in his heart.

He tightly pinched her arm, eyes locked her small face, not let her face the slightest change of expression.

“You are the girl five years ago...” he asked speculatively

Yes, if Ann was born to her, then everything makes sense.

He has had a relationship with one woman in all, so he has been puzzled about how Chen Chen got here?

There’s only one possibility. The girl five years ago was winjo. Ann and Chenchen are twins.

“Well!”

Winjo nodded and looked directly at him. “Don’t you want to know how Chenchen got here? Have you been waiting for me to give you an answer and an explanation? That’s the answer

“I don’t know why Suman became Ann’s mother, but I decided to recognize Ann. I’m her mother!”

When she said that, her mood became excited.

Li Fengbei’s pretty eyebrows wrinkled into a Sichuan character. After a minute’s silence, he said in a deep voice: “Qiao Qiao, how do you know that An’an is our child?”

Wen Qiao’s eyes flashed when he heard the speech.

How can she say that she suspected Chenchen was his son, and then Ann was their daughter, so she went to do the paternity test?

The key is that she kept it from him. If she was honest, he would be angry, right?

Wenqiao looked away and said, “I had a paternity test! There can be no mistake

“Have you had a paternity test?” Li Fengbei narrowed his eyes, and his indifferent expression could not show his happiness and anger.

Wenqiao was so numb that he pretended to be calm and said, “yes Yes, I doubt it

Seeing that Li Fengbei would question her again, she felt that it was better not to give him a chance to speak.

She shook his arm and said with a sad face, “you must not bring ANN to Suman, OK? Suman hit her, you know?”

Sumanda?

Li Fengbei’s face sank in an instant, and every word almost jumped out of his teeth. “How dare she!”

Looking back on the past, Ann felt very guilty when she saw Suman.

It was his negligence that gave Suman a chance.

Suman not only pretended to be An’an’s mother, cheated him for so many years, but also abused his daughter. Thinking about it, he thought she should be broken into pieces!

But in front of this drooping head, a sad woman, is the most distressing.

Just gave birth to a daughter was robbed, at that time she must be very afraid, very sad, right?

There is an angle in Li Fengbei’s heart that is very painful. He holds her in his arms pitifully. His low voice is a little lonely and hoarse. “I’m sorry, I wasn’t by your side at that time!”

Wen Qiao chuckled and gently pushed his chest.

“If you knew at that time that the woman that night was me, you would be angry and take me to the hospital to kill the child.”

Li Fengbei thought about the situation at that time. Maybe he would do it!

But who knows what didn’t happen, maybe They were together five years ago?

Fortunately, it’s still you!

Li Fengbei bows his head and kisses Wenqiao’s lips tenderly. It seems that he is comforting her. It is also like two people walking in the desert, finding each other and helping each other.

Hotel, a sentimental, but do not know B city has set off a storm.

In the early morning of the next day, all the media and magazines all over the country were reporting on the marriage proposal ceremony which shocked the whole country.

The hero of the report is Li Fengbei.

According to the report, Li Fengbei, the president of Li’s group, set off fireworks all over the city and held a grand fireworks event in order to please a woman. Some people say that this girl is just an ordinary person, but she has a lot of scheming. She gave birth to a son for Li Fengbei at a young age, and forced out the big star Suman.
