

Chapter 251

"Against the sky you, Zhao Tong heart, you dare to scold me like this, do you believe that I will let you look good now." Xu Ting is about to explode. Zhao Tongxin used to be silent, but he pretended to be so. Sure enough, dogs that can't bark can bite people.

Zhao Tong sat on the sofa steadily with a three-point disdain on his face and drank his own tea with admiration, "Rong Qi, you make good tea."

Everyone around Jin Zhengting, she did not dare to look down on. She did not reveal what she was hiding. Moreover, all aspects were so comprehensive that people could not find a single fault, so people did not dare to look down on it.

"It's good that the first lady likes it." Rong Qi's eyes narrowed with a smile.

"Tong Xin, how can you say that about sister Xu Ting? She is your sister. Sister Xu Ting has nothing to say. Why are you so angry?" Chen Huanhuan looks at Zhao Tongxin pretending to be afraid.

What's the matter with this woman? She's a country girl who flies to the branches to be a Phoenix. She dares to put on airs in front of them. She really wants to slap Zhao Tongxin in the face to relieve her resentment.

In my heart, I have been shouting excitedly for a long time. Fight. The harder you fight, the better. You'd better attract Jin Zhengting back.

"Miss Chen seems to have forgotten that this is the Xu family, not your Chen family. It's not your turn to speak. You have to be able to put out the fire when you start a fire." Zhao Tongxin stares at Chen Huanhuan with warning, as if to say that she has nothing to do.

"Tong Xin, I'm just telling you the truth. Why do you say that to me? Sister Xu Ting is such a nice person. You can bully me. You are so bad." When Chen Huanhuan said that, he wanted to cry. He had tears in his eyes, which was comparable to that of a movie queen. It's a pity not to be an actor.

Xu Ting holds Chen Huanhuan's hand to comfort her: "Huanhuan, don't be afraid of me. She doesn't dare to do anything to you."

Zhao Tong heart listen to feel goose bumps, Chen Huanhuan said these words are not afraid of nausea to death, she did not speak, next to Rong Qi said frankly, "how can I listen to this so false, feel good nausea."

Clown, self righteous smart, in the eyes of really smart people is just a clown, let people see straight turn off, now men's aesthetic values have changed? Like Chen Huanhuan this kind of hypocrisy to the bone of the man, let her some can't see down.

Chen Huanhuan's face changed, looking at Rongqi wearing servants' clothes, tears do not want money to slide down, the voice is more pitiful, "sister Xu Ting at least I can be your friend, you see, even a servant do not give you face."

A servant dare to ride on her head to shit, and so she replaced Zhao Tongxin, we must clean up all these things..

"Zhao Tongxin, you should take care of your people, otherwise I don't suggest to teach her a lesson for you." Xu Ting also has some scruples about Jin Zhengting.

Shen Zhen pretended to be concerned and said to Xu Ting: "Tingting, don't be angry with her kind of people. It's not worth it. Some people have been raised since childhood. We still need to understand others."

"Auntie, look what she says." Xu Ting thought that she could use Shen Zhen to show up for her, but she couldn't help looking innocent and pitiful.

Shen Zhen did not live up to Xu Ting's expectations, immediately fired on Zhao Tongxin, "Zhao Tongxin, what do you want to do, say outsiders you are an outsider, here is not where you can make decisions."

As long as it's something that can make Zhao Tong feel embarrassed and suffer losses, she will spare no effort to do it, which is also the precondition that she promised Xu Ting at the beginning.

"Why, three bully two, this is my father's home, you say I have no right to speak, it's a joke, mom and Dad don't know?" Zhao Tong chuckled.

In terms of seniority, her status is the orthodox daughter of the Xu family. In addition, her father, who is related by blood, is in charge of the family. It can be said that they are the people who depend on her nose to live.

But some people like to turn the whole thing upside down and take it for granted.

"I think you are a shameless fox, a broom star, a rat at the bottom." Xu Ting scolded, Zhao Tong Xin is really shameless enough, but also take Xu father to pressure her, bah.

In the past, when Xu Yanke was here, his father didn't like Xu Yanke much. On the contrary, he was kind to her. Even if he was born and didn't live together, he didn't necessarily have many feelings.

Shen Zhen now with Zhao Tong Xin is torn face, she disdained aimed at Zhao Tong Xin, disgusted said: "Tong Xin in how to say aunt I'm still here, you say these are too don't put me in the eye."

Although Chen Huanhuan didn't say anything, the contempt in his eyes was obvious.

Zhao Tong Xin's face is gray, biting his lower lip tightly, without opening his mouth to refute, silently enduring their harsh abuse.

Suddenly a sulky male voice came in, "what are you three doing? Do you want to bully more and less? When there is no one else in the Xu family, what do you say?"

When Xu Zheng came in from the door, he saw Zhao Tongxin's stubborn expression and refused to bow his head, but his eyes were full of injured looks. He walked over and scolded them even if he didn't want to. "They all call themselves ladies, and they don't do as well as shrews."

None of these women is secure. What he dislikes most is that his family is led by the nose by an outsider. Shen Zhen, relying on her elders, didn't wait for Xu Ting to respond. First, she complained unhappily, "Xu Zheng, what do you say? I do all this to help Xu Ting. Even if you don't help us, you still reproach us like this."

"I'm your aunt anyway."

"Xu Zheng, you misunderstood that we didn't bully Tong Xin, but Tong Xin talked a little too much, so my aunt and sister Xu Ting had some disputes with her. After all, we can't blame sister Xu Ting."

Chen Huanhuan put himself out and put everything on other people, with a gentle and sensible expression on his face.

When Xu Ting heard that Xu Zheng was defending Zhao Tongxin, she was already in a bad mood. Coupled with the support of Shen Zhen and Chen Huanhuan, it was like pouring a bucket of oil on the fire, rubbing it, and the fire rose to the critical point.

There was a flash of light in her mind. In the direction that everyone didn't pay attention to, she took out a small syringe from her pocket and inserted it directly into Shen Zhen's waist.

Shen Zhen didn't feel that she could bear it, but in three seconds, things began to change to a terrible phenomenon.

Shen Zhen took advantage of the fact that everyone didn't pay attention. She walked up to Xu Zheng in a few steps and slapped him. Fortunately, Xu Zheng reacted quickly. She grabbed her wrist and threw her on the ground. She said, "second aunt, you just don't know what you are doing. If you don't know, I don't suggest you know."

Xu Zheng for a moment, did not expect Shen Zhen will suddenly inexplicably want to hit her, and there is no sign, but anger has let him have no time to think about other.

Shen Zhen's hands were lying on the ground, first her shoulders were shaking, then she was shaking, then she looked up and laughed, as if she had been greatly stimulated.

Her delicate make-up is half spent, and her meticulous hair is also spread to her shoulders. Her expression is twisted and terrible. Pointing at him, she said, "Xu Zheng, you really have different feelings for that bitch Zhao Tongxin, and you always cheat us. You hate her. I can see your true face."

"I want to make it clear to you today. Don't try to stop me. Since you don't make me feel better, I won't make you feel better. Ha ha, it's all my fault that I was too stupid and naive to believe that you Xu people would treat me well."

"The most important thing is my Yiyi. She is the most pitiful. You are all animals."

No one has seen Zhao Tongxin and Rong Qi look at each other for less than a second, and they seem to stagger as if nothing happened. This morning's play is not a little big.

Shen Zhen's saying this is just like being crazy. There must be something strange in it.

Xu Zheng's eyes are cold. Shen Zhen's eyes are like looking at a dead man. This woman is really crazy.

"Did you take medicine again and start talking nonsense all day long?"

Xu Zheng would have thrown Shen Zhen out to feed the fish if he hadn't considered her as his aunt in name.

"I'm not crazy. I'm fine. I tell you that I just hate your Xu family, return my dependence, my youth and my money. You are all wolves in human skin." Xu Ting said tone began to change.

Her expression became ferocious and terrifying, as if immersed in her own world,

"my Yiyi is so lovely and a director, but after entering the Xu family, she has sat so many times, why can't you accept her, why do you still harm her in the end?"

Chen Huanhuan couldn't believe watching this scene. She didn't expect that Shen Zhen would become a psychopath. She didn't seem very surprised at her irritating expression. She didn't think Shen Zhen really had a psychopath.

No one saw Xu Ting's hand shaking. She couldn't help shaking. She didn't expect that the medicine given to her by that person was only a little bit effective, but it was surprisingly powerful. In just a few seconds, Shen Zhen was as confused as a changed person, expanding the backlog of things in her heart.

She knew that the medicine had achieved the effect she wanted. As long as Shen Zhen was emotional, her mind would be lax. Her nonsense was light, and she had not reached the level of self abuse and madness, but that was enough.

This is the symptom that the man told her at the beginning. Next time, we must make Zhao Tongxin try to be more powerful.

Xu Zheng's cold eyes looked at Shen Zhen, who was a little confused, and his tone was cold. "Aunt, are you talking nonsense because of Yiyi's nervous decline? What to say and what not to say? Doesn't Aunt have a door?"

Xu Zheng said this to give Shen Zhen some leeway, but also to tell Shen Zhen in such a crazy, don't blame him for impoliteness.

"No, I'm not ill. I'll wait for Yiyi to come back. She said that she likes my white dress and that she wants me to take her to the seaside to watch the sunrise." Shen Zhen imagines something she hopes to do.

"Help the second lady to rest upstairs." As soon as Xu Zheng waved his hand, he said to the servant who had already been scared silly, "the second lady is thinking of her daughter's bewilderment. She must have taken no medicine just now, so she will get sick. As long as she takes the medicine, she will be OK."

Chapter 252

"Yes, master watch." The servants knew that Xu Zheng was warning them to keep his mouth shut.

Zhao Tong Xin feels strange, Shen Zhen is still good for a second, how can suddenly become the same as a nervous patient, this conversion is not in line with common sense.

Shouldn't the nervous patient change slowly, and finally become nonsense.

The change seems to be sudden and fast.

There were only three of them left in the living room. Chen Huanhuan's expression became unnatural. She was secretly annoyed that Shen Zhen was a madman and cheated her to cooperate. She flattered her for so long.

Now know her situation, certainly can't cooperate with her, can only switch to Xu Ting, but this daughter's temper is not generally big, didn't contact with her several times, she was not cold stabbed several times.

For the sake of her future glory and wealth, even if she was wronged, she would have to bear it. When Jin Zhengting was her time, all these embarrassments and grievances would have to be recovered one by one from them.

"Sister Xu Ting, how can my aunt become like this? It's terrible. Will it be ok?"

In order not to arouse other people's suspicion, Xu Ting deliberately cares about Shen Zhen. She moves all her anger to Chen Huanhuan's head and says impolitely: "what are you talking about? How can my aunt be a psycho? She will be fine. Chen Huanhuan didn't expect that you are such a person. Now the Xu family doesn't welcome you. You hurry to leave for me."

"Sister Xu Ting, I didn't mean that... Listen to me." Chen Huanhuan was scolded some inexplicable, she did not say Shen Zhen is a neuropathy ah.

"You don't mean that. What do you mean? Don't think that I don't understand your careful thinking. It's not your turn to replace it. Dream about it. " Xu Ting pointed to the door and said, "if you don't go, I'll ask the guard to drive you out."

Chen Huanhuan is not bad, and his condition is OK. He has never been insulted so much since he was young. He turns around and runs out of the Xu family crying.

If Zhao Tongxin is not because of the wrong timing, she really wants to clap, Xu Ting's ability to confuse right and wrong is really beyond the average person's ability.

"Well, Xu Ting, you should contact the family doctor first, and I'll inform the second uncle." After Xu Zheng tells Xu Ting, he takes a look at Zhao Tongxin. He doesn't speak any more and turns to leave.

Xu Ting means a deep look at Zhao Tongxin, just get up from the living room to leave, the corner of the mouth is still hanging a secret smile, let people see the heart flustered.

Zhao Tongxin said to Rong Qi in a soft voice, "I'll go there for a while. Rong Qi, you'll wait for me here."

"Tong Xin, don't make it difficult for me any more." Rong Qi knows her task and the bottom line, absolutely can't compromise, "I can look at you from afar, also can't let you alone."

"What's more, what happened just now really doesn't conform to common sense." It happened all of a sudden, at least in her mind.

"I don't think so, but I can't tell what's wrong. There seems to be a trace of eccentricity in this matter." Zhao Tong Xin also felt that it was a pity that the answer was about to come out, but this kind of thing happened.

Yes, she deliberately annoys Xu Ting in the morning just to stimulate her. Maybe some important information will explode from her mouth.

I didn't expect that Shen Zhen, who was watching, had an accident.

Zhao Tong Xin see Rong Qi insist on the expression, had to say: "OK."

She calmly with this Xu Ting went to the garden pavilion, from the main building of the villa can not see the things here.

Xu Ting angrily kicked over the flowerpot beside her feet, and felt that she was still angry. She stamped a few feet on the flowerpot and then sat back on the rocking chair. She said angrily, "Zhao Tong Xin, do you know me? I really want to crush you as a flowerpot."

Xu Yi said fiercely: "sister Ting, who makes you angry, tell me, I'll kill him."

"Xu yiguai came back and listened to his sister's arrangement." She can't lose too many pieces.

Zhao Tongxin looks at their sister and brother, and feels strange in their strange hugging posture. Seeing their selfless kisses, she doesn't want to talk anymore. Unexpectedly, Xu Ting likes Jin Zhengting, but she can have relations with other men.

She didn't want to see it any more. She turned around and walked back from the path. She thought she would hear what she wanted to hear. She didn't expect that Xu Ting's reaction was so cautious.

"Shen Zhen and I have known each other for a long time, but we didn't find that she has this problem. You follow Tingting and hear what you want to hear?" Originally, Xu Zheng came out of the shade and stopped Zhao Tongxin who was ready to leave.

"No matter how to say that Xu Ting grew up with you, you doubt if she is a little strange. Why don't you ask her directly?" Zhao Tong Xin didn't forget the ferocity that just flashed on Xu Ting's face. She couldn't help but feel that Xu Ting was right.

"Tong Xin, I say you are simple or simple. In such a family, who doesn't have his own little nineties, but everyone is an acting school. It's OK to keep talking on the surface." Xu Zhentao looked at Zhao Tongxin's stunned expression and said:

"Zhao Tongxin, sometimes I really doubt whether you like Jin Zhengting or other people."

"It's between us. It's not up to you." Zhao Tong's beloved is of course Jin Zhengting, but she doesn't have to explain to Xu Zheng."Tut Tut, I suddenly feel pity for Jin Zhengting. If I were him, I would be mad." Xu Zheng is not interested in knowing about them either. What he cares about now is that there is a mistake in that link. Not only can Zhao Tongxin feel it, but also he can see it.

"Shen Zhen is crazy. If you don't care about them, stop me to do something." Zhao Tong Xin frowns, even if she doesn't want to explain, listening to Xu Zheng's tone, she feels uncomfortable.

"Maybe there's a big secret hidden in it. Maybe Jin Zhengting doesn't like Xu Ting. I've known for a long time. Don't you want to know why Jin Zhengting is still involved with the Xu family? You don't just think he is doing it for you." Xu Zheng sneered.

As long as women fall in love, they will only become stupid. When they understand that there is only one thing in their heart, their thinking will become clear, and they will slowly understand things they didn't understand before.

And people have a kind of inertia, even if they don't believe what others say in their heart, they slowly recognize it in their mind.

"Of course I know." In fact, Zhao Tong doesn't understand this point. She has already talked with Jin Zhengting, so Jin Zhengting should not hide anything from her. Every time she mentions it, Jin Zhengting always digs away from the topic, and maybe becomes silent.

Is it really not as simple as she thought.

"Do you know, ha ha?" Xu Zheng doesn't believe it. Now Zhao Tongxin seems to be in a state of disorder and repressive compulsion. He likes to cause trouble to Jin Zhengting, so he doesn't suggest misleading Zhao Tongxin in language.

"Whether I know or not, Xu Zheng doesn't need you to watch the fun here. Remember that everyone has the possibility of capsizing in the sewer. Don't look down on people." Zhao Tong heart really can't stand Xu Zheng's self righteous analysis..

"Of course, you don't know how Jin Zhengting can let you do these trifles when he protects you strictly." Even if Xu Zheng is a man, linger in the flowers for so long, see through the love, but also with a trace of feeling.

It is undeniable that Jin Zhengting has feelings for Zhao Tongxin, otherwise he would not have done so much, but he also wants to know where and to what extent this feeling can be maintained.

He was curious.

Zhao Tong Xin didn't even look at Xu Zheng. He walked around him.

Xu Zheng didn't stop him. He thought the game was more and more interesting. If he wanted to see more things, he seemed to have to pay some price, but what if it was worth it.

But I really need to find out why Shen Zhen's mood has changed so much,.

Zhao Tong thought that Jin Zhengting had done a lot for her, and she was also very moved and glad that she was really lucky to meet him.

Rongqi and other outside to see Zhao Tong come out, the heart is a sigh of relief, if Zhao Tong Xin in her hands, then she will never be better.

Now she has more important things to do, but she has to obey the task.

"How's Rong Lei?" Zhao Tong Xin sees the look on Rong Qi's face and thinks that Rong Qi is thinking of Rong Lei. He asks, "what's the difficulty, or something you can tell me."

Rongqi paused, shook her head and said, "nothing, thank you."

"I know you must obey and protect me because of him," Zhao Tongxin said with a smile when he saw Rong Qi's thoughtful expression: "you want to see Rong Lei, I won't tell him."

"Thank you, but the task is still the task. I won't leave to see my brother without authorization. It's the same when I can wait until the evening." Rong Qi's training from childhood makes her calm.

"I'll go with you." Zhao Tong heart helpless, she is not forced to ask Rongqi to go, but she can feel the feelings of Rongqi to Ronglei, not Rongqi do not want to go, but because this does not belong to the age of calm, hindered her.

"Are you coming with me?" Rong Qi Leng for a moment, did not want to hit Zhao Tong heart will say so, in the heart that moment is contradictory, but relaxed, boss to guard, is she to guard.

The person boss believes is the person she wants to believe.

"Do you really want to go together?" When Rong Qi said this, she felt a little uncomfortable.

"Well, go ahead. After all, your brother and I are not strangers. If something happens to him, can I not go to see him?" Zhao Tong wants to touch Rongqi's head. Rongqi looks like a bullying rabbit.

But if Zhao Tongxin knew that the little white rabbit in her eyes could kill more than 20 people overnight without changing her face, she might not think so.

"Good." Rongqi can't help laughing. She suddenly understands why boss likes Zhao Tongxin, because she smells the smell of sunshine and the warmth from Zhao Tongxin.

It's a luxury they crave and can't get.

Chapter 253

Zhao Tongxin has come back from Rong Lei a little late. She is in a better mood when she sees Rong Lei in a good spirit. She walks on the road to face the breeze, revealing the deep mind that has never appeared in recent days, which makes him feel terrible and almost equal to the court.

"Does Xu Yanke know about it?" Jin Zhengting thought about its importance.

"I don't know, or I would have checked it myself. I seem to be very afraid of Huo Tingchen. Basically, Huo Tingchen's words are the first." Yang ziye thinks that Xu Yanke has a brain problem. He loves Zhengting in his heart. He didn't do it at the beginning. If she opens her mouth, Zhengting has the ability to let her get rid of Huo Tingchen.

It's a tragedy now. I want to come back again. I really think too much.

"Well, you can check Shen Zhen's condition again. A person will not go crazy for no reason." Shen Zhen's affair was soon reported to Jin Zhengting. He felt that it involved a lot.

Chapter 254

"Good." Yang ziye shrugs and nods.

"Chen Dong, all the people you choose are OK." Jin Zhengting refers to the person who protects Zhao Tongxin, not his suspicion of Chen Dong's eyes, but that she is more important to him than her life.

"Don't worry, they are all my confidants. They follow me 24 hours a day." Chen Dong came from the past. He has a deep understanding of this feeling and understands Jin Zhengting's mood.

Zhao Tongxin pulled the spoon garden to the sofa and said happily, "spoon, you didn't tell me in advance that you also came."

Shaoyuan looked at Zhao Tongxin with a coy face and tried to pretend to be nothing. She pretended to be surprised and replied, "does this have a direct relationship with your ruddy and glossy expression?"

"Spoon, please don't laugh at me. If I knew you were coming, I would have come to wait for you early." Zhao Tong Xin's face turned red.

She had no choice but to blush.

"Well, I still believe you. After all, I still can't compare with someone. I know that." Shaoyuan didn't believe that boss would simply let Tong Xin go with her. She couldn't be sure that it was all kinds of things...

she looked at Zhao Tong Xin with a sly smile and said, "do you feel blushing, heartbeat and arrhythmia?"

"No, spoon, you can't stop talking about these things." Zhao Tong is embarrassed. She just has the habit of blushing. She doesn't really feel anything. She absolutely doesn't admit that she is really sweet.

"We're all women. It's OK." Spoon garden face I understand the expression, see Zhao Tong heart is helpless.

"Spoon garden, Tong Xin, can I sit here?" Because she is Yang ziye's woman, Huizi's identity is also rising. Many people can't help getting close to her when they see her, which makes her feel a little flattered.

Zhao Tong heart seems to see the Savior, quickly nodded and said: "can, can quickly sit down."

When Huizi comes, she can just escape the spoon.

Shaoyuan had a good impression on Huizi, and said gently, "sit down."

"Well," Huizi said with a smile and sat quietly in her seat.

Zhao Tongxin is a little curious about how Yang ziye found such a quiet girl. It seems that he doesn't match him. After all, the image of Yang ziye as a big turnip is deeply rooted in her heart, so it's hard to eliminate it.

"Huizi, how do you know Yang ziye?"

Huizi answered with a red face: "I bumped into him in the street. I was an art teacher at school. I took my children to sketch and bumped into him by accident."

"Oh, so it is." Zhao Tong nodded clearly.

The spoon garden looked at them, and the two of them didn't answer. They just drank the red wine in their hands.

Zhao Tong Xin didn't know what to say when he finished. He suddenly felt a little constrained. Huizi was not as natural as Shaoyuan, and the atmosphere became a little strange.

Spoon garden open a look to see, put down the wine cup on the hand, open mouth to ask: "Tong Xin, do you want to go shopping tomorrow?"

"Well, go ahead." Zhao Tong heart stay at home, in front of Xu Ting that mind almost paranoid woman, think or not as good as to go shopping.

"Do you still remember that Chen Huanhuan, the woman at the party that day, was a monster." Shaoyuan sipped the wine.

"I know. What's the matter." Zhao Tong heart a shock, spoon garden can't see what come.

"I just saw her sneaking upstairs downstairs. It seems that she goes to your house very often." Shaoyuan asked this from a friend's point of view. If necessary, she doesn't suggest solving it for Zhao Tongxin.

"Well, I'm very diligent. I almost trampled on the threshold of my house, but I also invited her to tea." Zhao Tongxin replied with a smile that she didn't want to let Chen Huanhuan jump, or it was a good opportunity.

Huizi suddenly said: "you say Huanhuan, it's not the Huanhuan who does the building materials business."

"Huizi, do you know her?" Zhao Tong Xin looks at Huizi.

Huizi opened her eyes wide and said softly, "well, I'm friends with her. She's some young ladies with bad

temper. She's very nice. Tong Xin, you don't have any misunderstanding."

"There's no misunderstanding. I just met Chen Huanhuan a few times." Zhao Tong Xin put away the warm tone, did not expect Huizi will know Chen Huanhuan, more did not expect that they are still good friends.

To be friends with Chen Huanhuan, I suddenly feel that Huizi may not be as simple as the expression.

Huizi and Zhao Tongxin seem to be a little unhappy and anxious to explain: "Tong Xin, are you angry with me? I've known Huanhuan for several years. She's really not like this."

Yang ziye is nice to her, but compared with Zhao Tongxin, she feels a little jealous. After all, Zhao Tongxin was just an ordinary college student before, and she could be favored by men like Jin Zhengting.

"Did I say what kind of person she was?" If you change in the normal time, Zhao Tong heart will only laugh, if that person is Chen Huanhuan, it is another matter.

Huizi didn't expect that if he didn't mean to, he would make Zhao Tongxin so disgusted. He asked for help and said, "spoon garden, I didn't mean to. Please help me explain to Tong Xin." "Explain what." Shaoyuan looks at Huizi with a smile.

"I, I didn't mean that." Huizi stutters in Shaoyuan's eyes, and the result she wants is not like this...

"what do you mean. "Zhao Tong Xin looks at her, too.

"No, I just mentioned that I didn't know you hated Huanhuan so much, but Huanhuan was my friend." Huizi also wants to say something. She glances at someone from the corner of her eye and bites her lips.

When they talked about good things, Yang ziye went to their respective women. Seeing their strange expressions, he joked: "what's the matter? It seems that your atmosphere is very wrong. It can't be a fight."

"I'm sorry, it's all my fault. It's my fault that I shouldn't defend Huanhuan." Huizi doesn't wait for Zhao Tongxin to open his mouth with Shaoyuan, so he takes all the responsibility on his head.

She can always grasp herself well and hide her mind. It can be used better.

Zhao Tongxin and Shaoyuan didn't retort. Even if Huizi was acquiesced, this woman would retreat and pretend to be poor.

Jin Zhengting did not look at Huizi. He sat down next to Zhao Tongxin and held her waist with his big hand. He could see Yang ziye's face in silence.

"What's the matter?" Yang ziye's intimate tone fades. Zhao Tongxin and Shaoyuan have known each

other for a long time. They are not difficult for others without any reason.

"Tong Xin and Shaoyuan are talking about Huanhuan. I'm Huanhuan's good friend, so I can't help explaining to her. Unexpectedly, Tong Xin is angry. I really don't know why."

Huizi wrongly glances at Zhao Tongxin. The meaning of the word is that Zhao Tongxin and Shaoyuan speak ill of others behind their backs, but she is rejected just for her good friend's sake.

She thought they would retort, but she didn't expect that they were just drinking tea and wine, and they didn't want to respond at all.

Jin Zhengting continued to cover his hand for Zhao Tong's heart. Although he didn't open his mouth, his expression began to be unhappy.

"Huizi, I'll take you back first." Yang ziye thought that she was a sensible girl, but he didn't expect that.

"Ziye, i..." Huizi was shocked when she saw Yang ziye's cold eyes. She thought he would ask the reason, and she just followed his words to say what they did to her.

Did not expect that he asked did not ask to send her back, tone has become alienated.

Yang ziye didn't open his mouth. His attitude has shown everything.

Huizi endured the tears in her eyes. Looking around, she saw that other people didn't keep or rescue her. She ran away crying.

"Yang ziye, i..." Zhao Tongxin sees Yang ziye's disappointed eyes, and finds that he only cares about his own unhappiness, but does not expect that he will be embarrassed.

Anyway, Huizi is also Yang ziye's girlfriend. Her attitude is really not very good.

Yang ziye intercepted Zhao Tong's words and said, "it's OK. I understand. There's no need to explain. It's my negligence that brought her into this circle too quickly."

He knew Huizi was a little careful, but his character was good. In addition to the family's urging, he didn't understand Huizi's character, so he took her to appear in front of them.

"Tong Xin, don't think so much about it. Yang ziye must have his consideration when he says that. Besides, don't you think her words are very harsh?" Shaoyuan is most disgusted with women who pretend to be. Dislike is dislike, like is like. It's nothing to always make small moves.

Zhao Tong opens her mouth, but she doesn't answer. She really can't be affected by Chen Huanhuan. There are more important things waiting for her to check.

"Well, it's almost time. Let's go back." Jin Zhengting saw that they had no intention to talk, and ended the party with a cool voice.

"Yes." Yang ziyi looks at Jin Zhengting apologetically.

Spoon garden stretched a stretch, said: "let's go, let's go, today is enough, at least opened a good bottle of wine." That's boss's collection. If you can take it out, it's definitely their advantage.

After the others left, Jin Zhengting asked in a faint voice, "what happened just now?"

"I didn't say anything bad about Chen Huanhuan to spoon. At most, she said that I seemed to have said something ugly." Zhao Tongxin wants to tell Jin Zhengting what he says in his heart.

She wants Chen Huanhuan to experience the feeling of heaven and hell, and she wants to revenge Chen Huanhuan for her humiliation. Many words automatically change to a flat tone.

And she didn't want to hide from Jin Zhengting.

"Remember that if you want to, if I have, I will do it for you." Jin Zhengting's dim eyes are like two chains that lock Zhao Tong's mood.

Let Zhao Tong heart suddenly feel heartbeat acceleration, can't help but start nervous, try to make yourself look relaxed, "this matter I want to come by myself, don't worry, there will be no danger."

Jin Zhengting stares at Zhao Tong's calm eyes for a long time, and finally nods and agrees: "OK." As long as in his eyes, she wants to play, let her play.

"Yes." Zhao Tongxin smiles at Jin Zhengting, and she is also relieved. Fortunately, Jin Zhengting doesn't continue to ask, otherwise she can't guarantee that she won't be seen by him."Come on, let's go back." Jin Zhengting didn't want to push her too hard, but also wanted to give her proper relaxation.

Chapter 255

Yesterday, Shaoyuan and Zhao Tongxin mentioned Chen Huanhuan, and the next day they received the expected invitation.

Once again, the Chen family held a banquet. This time they invited all the ladies of the circle. It sounds good to say that everyone would get together. In fact, it was a blind date in disguise.

Zhao Tong Xin looks at the gilded invitation on the table and smiles silently. She just worries about not having a chance to settle with Chen Huan Huan. Unexpectedly, this woman gives her chance.

In the evening? She's sure to make it.

"Rongqi, let's go."

"Good."

Zhao Tongxin rarely dressed herself up for this dance. She had her own unique vision. The clothes she chose were just right, neither pompous nor elegant. She first went to the dress shop to choose the clothes, and then went upstairs to buy a pair of matching shoes.

After all these preparations, she went to a high-end beauty salon to maintain her skin. This time, she spent a lot of money. Although the money was not hers, the string of figures showed her flesh ache.

For the effect of the night, she thought it was worth it.

Zhao Tong Xin did not feel like going to a banquet, but like a soldier about to go to the battlefield, doing the training before the duel.

is now applying this mask on her face, and a woman is lying on the next bed. It is her good friend, the spoon garden.

"This kind of free good thing should call me to come, also calculate I have no white to you." Spoon garden of course does not lack this money, Zhao Tongxin treat is another matter, that is Zhao Tongxin really put her in mind, will find her.

"how could I forget? But spoon, are you afraid of mask dropping?" Zhao Tong doesn't dare to open his mouth too much. This place Rong Qi introduces is also a high consumption.

"Do it a few more times and you'll get used to it." Shaoyuan is lazy. Going to the beauty salon is just as common as eating. She has a drawer of cards piled up in the beauty salon, which are basically the filial piety of others and her own cards. I don't know how many ashes she has lost.

"..."

spoon garden does not feel what, Zhao pupil heart is rare to go to once, some curious inquisitive asks: "pupil heart you are today make mask and beautiful body, will not have what secret."

Zhao Tong Xin said, "have you received the invitation from Chen Huanhuan?"

"I got it. What's the matter?" When she saw the red and gilded invitation from the servant, she let people throw it in the garbage can. She didn't know what grade it was. She thought it was a wedding invitation. She didn't want to go to such a party.

The dregs of soil, but also pull down the style.

"I'm going to give Chen Huanhuan an unforgettable evening." Zhao Tongxin regards Shaoyuan as her

best friend. She doesn't suggest sharing a small part of things with Shaoyuan.

She didn't know that in fact, many things in Shaoyuan had nothing to do with Jin Zhengting, so she didn't have so much scruples.

"How did that woman annoy you? It's not interesting to boss." Spoon garden with his toes think all know, it must be this thing, "Tong Xin, boss's taste is not so bad, will not be interested in that woman, moreover, the boss's feelings for you, but we can see for all."

"She provoked me several times in the Xu family, and my failure to respond does not mean that I am afraid of her. I have to teach those people a lesson. Zhao Tongxin is not easy to bully." Zhao Tongxin said very domineering.

She didn't tell the truth. She didn't want them to know about her.

"Yo, Tong Xin, are you turning over or planning to attack, but I support you." Shaoyuan thought that the servant didn't throw the invitation far away. He didn't know he couldn't come back early.

I always think Tong Xin's temper is very good. It turns out that Tong Xin is a rabbit who will bite when he is in a hurry. However, this is the true temperament. She is not sensitive to those women who can't fight back and scold back.

Is a woman without a little temper a woman? It's not a canary in a cage.

"I just don't want those people to bully me again and again and think I'm a soft persimmon." Zhao Tongxin also has this reason. She always likes to keep a low profile. She makes the outside world think that she is just Jin Zhengting's pet and decides to keep a high profile.

"Spoon garden is to face the praise of the way," is to do it, or others think boss married a coward, who want to bully on bullying

"Yes." Zhao Tong wanted to laugh, but the mask on his face could only be hard pressed.

The spoon garden shakes its long white legs and says leisurely, "Tong Xin, there's something else I haven't asked you."

"What do you want to ask?" Zhao Tong is excited.

"Did you implement the method I told you that day on the boss?" The tone of Shaoyuan's bad smile almost made Zhao Tongxin fall off the bed.

"Not yet, not yet." Zhao Tong's heart is ashamed. Not everyone dares to do that kind of thing. The taste is a little heavy, and the object is Jin Zhengting, which makes her feel more creepy.

Shaoyuan also wants to say that she is not teaching for nothing. No, she must continue to encourage Zhao Tongxin. Only Zhao Tongxin can pluck hair from the lion's face of boss, "Tong Xin, don't you forget what Jin Zhengting has done to you. Don't forget his original intention just because of his little favor."

Spoon garden a pair of all this is for Zhao Tong heart good expression said: "Tong heart, do you think I will harm you."

"But, isn't that good?" Zhao Tong thought to the picture, a burst of hot and dry face.

"Spoon garden said:" nothing, after the boss will obediently listen to your words Of course, this obedience requires double quotation marks. I hope Tong Xin won't blame her for being too "cruel" at that time.

"Wait till you have a chance." Zhao Tong is thin skinned and doesn't want to talk about this topic.

"Well, I'll wait for your good news." Spoon garden listen to Zhao Tongxin's tone, feel play, think of boss will encounter things, can't help snickering.

Boss certainly can't imagine that he will have this day, but because Zhao Tongxin is shy, take revenge with boss's belly black, be careful, otherwise she really wants Zhao Tongxin to record things, or take some photos as a souvenir.

Zhao Tongxin and Shaoyuan had a two-hour beauty salon. After that, they went home and made an appointment to meet at the banquet.

At 8 p.m., Chen Huanhuan chose a more distinctive club as the banquet address. Zhao Tongxin refused Jin Zhengting's pick-up and asked him to go directly from the company, while she started from home alone.

A lot of luxury car celebrities have gathered at the door of the club. Zhao Tongxin's eye-catching limited edition Ford had just stopped when someone came up to open the door for her.

The people standing at the door looked at the battle before they came out. They couldn't help but wonder who had such a big show. They were more arrogant than Chen Huanhuan, the organizer who had just entered.

Zhao Tongxin walked down from the car and walked into the gate leisurely in other people's amazing eyes, leaving only a beautiful back for the people standing at the gate to daydream.

Until Zhao Tongxin's figure disappeared at the door when he was young, people began to talk about it one after another, "who is that woman just now? Go and ask me which daughter is it?"

"It's not a waste of time today. That woman is so beautiful."

"I don't know how she feels like a person."

Someone was stunned and asked, "who is it?"

"It seems to be Mr. Jin's wife, Zhao Tongxin."

For a moment, a group of men who had an indiscreet idea in their heart were sighing. The little flame in their heart was immediately extinguished in their heart. They joked about robbing women with Jin Zhengting. It was probably too early to think.

Many people said with regret: "no wonder, such a beautiful woman can only be worthy of a man like Jin Zhengting."

Some people couldn't help sighing, "it's a pity."

The friend of the man who was talking to him immediately pushed him nervously and said, "do you want to die? You forgot about the Xiao family last time and dare to talk here."

"Hoo -" the man was hit for a while, not only did not get angry, but he took a long breath and said: "thank you, old friend. Fortunately, you remind me." Otherwise, I don't know how I died.

Jin Zhengting's character is more serious than Xu Zheng's. Zhao Tongxin is also a member of the Xu family. When two men who protect their weaknesses collide with each other, who dares to offend Zhao Tongxin.

These sigh Zhao Tong heart do not know, her goal today is only one, that is Chen Huanhuan.

The club is already full of people, and the sound of "daddada" comes from high heels.

This is only the crystal shoes designed by famous domestic designers have a unique clear sound.

They all moved their eyes to the door. For a moment, they were stunned.

Her face was painted with light fine makeup and lip gloss, and she was wearing a small white dress with slanting shoulders. The elegant pendant on her chest and the transparent cape on her shoulders formed a perfect combination, making the bow and satin on her waist more beautiful.

The bottom layer of the dress is decorated with a circle of broken diamonds. Under the refraction of the light, it is like the starry sky in the sky, with a little light. The long tail swing is like the reflection of the pouring moonlight.

And she is like a fairy standing in the middle of the starry sky, holy, aloof and full of eyes...

I don't know who didn't hold the wine glass firmly in his hand, and "pa" fell to the ground, waking

everyone up.

They seem to have just woken up from a dream, and they think it's incredible and that she should be so beautiful.

Zhao Tong Xin sees the surprise in men's eyes and the jealousy in women's eyes.

Chen Huanhuan also wanted to eat her eyes, her heart is complete, this is the effect she wants, not in vain her whole day's trouble.

After all, the party has just begun.

"Is that why you won't let me take it?" When Jin Zhengting saw Zhao Tongxin enter the door, his dark eyes couldn't help twisting. His first reaction was that Zhao Tongxin took it away in his arms, and no one was allowed to peep.

His woman, only he can see.

"I'm not afraid of your trouble." Zhao Tongxin's Gao Leng sees that Jin Zhengting immediately turns into a cute kitten. She is afraid to be with Jin Zhengting. With his hegemony and dictatorship, she will not let her dress like this. However, how did she feel that Jin Zhengting's eyes were terrible? It seemed that she was brewing something, which made people scared.

Chapter 256

"I told you not to wear so little." Jin Zhengting glanced over her fragrant shoulder and found that her back was hollowed out. Her eyes suddenly darkened. She thought that this little woman just came here. I don't know how many men saw such a scene. The ice in her eyes was enough to freeze those who wanted to come forward.

"Tong Xin, are you sure you just came out in this dress?"

Zhao Tong Xin obviously felt Jin Zhengting's murderous spirit, and flattered him and said, "it's so cold. How can I only wear this dress? I just came in a little hot and took it off."

Zhao Tong Xin doesn't know why she is guilty. It's just a dress. There should be nothing to say. Compared with most of the women who wear and don't wear at the dance, this dress on her is not too exaggerated.

If wearing a shawl certainly does not have this effect, now the goal has been achieved, she will not be cheap to other people to see, said to Rongqi: "Qiqi, give me the shawl, it's cold."

"Yes." Rong Qi holds a white fox shawl in her hand and puts it on for Zhao Tongxin. She silently sympathizes with Tong Xin. Boss likes to settle accounts after autumn, and this accumulated debt will

definitely make that person unbearable.

Zhao Tong Xin pointed to the clothes on his body, as if to prove that what he said was the truth: "you see, they are all worn according to your requirements."

It's not like I didn't pay attention.

Jin Zhengting's indifferent eyes took a look at Zhao Tong's white fox shoulder, and said in a cool voice, "I'm not going to take this as an example." No one knew that he had already begun to figure out how to recover some interest.

"Tong Xin, you are really beautiful today. You don't see the expression that those women want to swallow you alive. I can only say you are wonderful."

Shaoyuan is wearing a light purple evening dress, which supports her hot figure. Of course, she is also required to wear a shawl by someone, otherwise it will be more powerful.

Tong Xin is so beautiful. Will boss agree? After seeing Jin Zhengting's cold expression, well, she thinks too much.

Although she wants Tong Xin to touch the big boss, she doesn't want her to take her life to death. She looks at Rong Qi in silence. They have a tacit understanding and draw a cross in their heart, praying that Tong Xin can still live.

"No, you're beautiful, too, spoon." Zhao Tongxin is a little shy. This dress is just a little changed by the designer.

"Tong Xin, you are so beautiful today." Yang ziye stinks and wears a white knight's suit. He looks like a man without speaking. His appearance is directly damaged by his mouth.

"I don't know how many of them are wild bees and butterflies."

"You have a good disguise today." When Zhao Tongxin hears something profound, he seldom praises Yang ziye.

"..." Yang ziye's surprise just now is directly lost by Zhao Tong's unintentional "praise". Is she intentional or intentional

Some of the people around looked away, some were still secretly looking in their direction.

The most outstanding men and women gathered at the dance party. How could it not be pleasant? Many people wanted to talk to each other eagerly.

Chen Huanhuan's hand holding the clothes is slightly white. It is clear that she is the host of the banquet.

It is clear that those eyes should be looking at her. It is Zhao Tongxin, the pretending woman, who has robbed her of all the limelight.

No, she must not let Zhao Tongxin cover her light. She walked up to the stage with a smile, took the microphone and said, "good evening, ladies and gentlemen. I'm very glad that you've taken time out of your busy schedule to attend this dance. I especially want to thank Mr. Jin for bringing his wife, Miss Zhao Tongxin."

Chen Huanhuan is deeply afraid that others don't know the same, and specially let the light hit Jin Zhengting and Zhao Tongxin.

Many wait-and-see men unfortunately took a look at Zhao Tong's heart. Although women have disappointed people, they also have indifferent women who can't get married, and they don't recommend developing underground lovers.

To be able to climb up to Jin Zhengting is something that many women can't wait for.

Men lose interest in Zhao Tong Xin, and some women give up on Jin Zhengting. Chen Huanhuan just killed two birds with one stone.

Jin Zhengting's eyes are deep. Except for the dark black light in his eyes, people can't see what he is thinking. It's better to let everyone know that Zhao Tongxin is his woman and save him.

The sneer in Zhao Tong's eyes flashed by. Chen Huanhuan, you want to be the focus of everyone. It doesn't matter. The more proud you are, the harder you will fall.

"Tong Xin, you are beautiful today." Huo Tingchen, who hasn't appeared for a long time, half embraces a graceful woman and comes over. Her evil features attract everyone's attention.

Some people with poor concentration can't help taking a breath, but soon they meet Huo Tingchen's cold sight, and their bodies begin to shake involuntarily. The whole Jiangbin city knows that Jin Zhengting can't be offended, but they are also afraid of one person, that is Huo Tingchen.

Obviously, he has a face like an angel, but he does things like a devil. In particular, no one is allowed to comment on his appearance, let alone show that kind of obsessed expression.

The woman standing next to Huo Tingchen knew how to read people's faces. She said in a warm and gentle voice, "Tingchen, you know such a lovely young lady. You didn't tell me, so people didn't have any preparation." "Don't prepare. You're beautiful tonight, too." Huo Tingchen boasted, but his eyes were firmly against Zhao Tongxin's expression, as if to see through Zhao Tongxin's hatred under his calm expression.

Zhao Tongxin can't help thinking of her own children when she sees Huo Tingchen. In addition, Huo Tingchen's intentional behavior almost lost control of her emotion in that second. Suddenly, a tall figure

stood in front of her, and the unique male voice spoke coldly, "Huo Tingchen, who are your eyes looking at?"

Jin Zhengting's indifferent tone made Huo Tingchen's eyes narrowed. The smile on his face was even worse, but there was no trace of it reaching the bottom of his eyes.

"What Mr. Jin said, of course, is to look at people."

Jin Zhengting looks at Zhang Muxuan coldly. Two equally excellent men look at each other. There is a smell of gunpowder around them, and there are sparks in the air.

Around the periphery of Jin Zhengting and Huo Tingchen, they began to hold their breath. Just when they thought it would be a major event, someone broke in without looking.

"Tong Xin, Mr. Yang, you are all here." Chen Huanhuan also came up with a kick.

Zhao Tongxin keeps smiling and doesn't open his mouth. Shaoyuan even disdains to give Chen Huanhuan a smile.

When Chen Huanhuan was embarrassed, Huo Tingchen said, "Miss Chen is so beautiful today. I don't know who is so lucky to be your partner tonight."

Chen Huanhuan looks at Huo Tingchen gratefully, which almost makes her heart stop. Unexpectedly, there are so beautiful men in the world. They can only be described as beautiful, but they don't make people feel very mother at all. On the contrary, they add more charm to men.

Tone extremely coy said: "Mr. Huo joked, Huanhuan which has any dance partner." She had heard about Huo Tingchen's appearance for a long time. She thought it was just a little white face with a little more beautiful. Now she understood the obsession of those women's faces.

Both Jin Zhengting and Huo Tingchen are her favorite types. If she can have them at the same time, then

Huo Tingchen naturally saw the obsession in Chen Huanhuan's eyes. The disgust in his eyes flashed by, and he immediately lost the use of her mood.

The woman standing next to Huo Tingchen understood his meaning with eyes. Her delicate face was slightly angry and said, "Tingchen is my partner. Even Miss Chen is the organizer, she can't look at my partner like this."

If you want to have a dream, you are just a shallow woman. You don't know how to hide your thoughts. It's hopeless. No wonder you can't fight Zhao Tongxin all the time.

Huo Tingchen comforted the woman beside him and said, "what's the matter? My little darling is angry. I don't mean that. How can you be angry? Don't you know that the person I care about most is you?"

Like in order to attract other people's attention in general, tone more gentle honey meaning said: "in addition to you, how can I see others, don't be jealous."

"Tingchen, are you serious?" Huo Tingchen around the woman was Huo Tingchen such a look, the whole person clever as a rabbit obedient.

"Of course, little darling, I'll take you to meet some clients." The purpose of Huo Tingchen's coming here today is not for this party. He has more important things waiting for him.

Chen Huanhuan heard Huo Tingchen in order to coax the women around, as did not see her, the face is ugly, but can not attack on the spot, can only pretend to be wronged to look at them.

They are the group of people who have been concerned about the scene, Chen Huanhuan a look of being bullied crying, but also attracted people to whisper.

"They didn't bully Miss Chen. At least she is the host of the party."

A woman said bitterly: "at a glance, we know that several women are jealous and they are pushing Miss Chen out."

"Why, don't you see the two women in white and red? They are much better than Chen Huanhuan. Do they need to push her out?" There are men who disagree with the rebuttal.

"Maybe women are very jealous."

Zhao Tong Xin suddenly said with a smile, "who is Miss Chen going to dance with today's first dance?" Even if she wants to kill Huo Tingchen now, she knows that it's just hitting a stone with an egg.

She is no longer a child. She is no longer impulsive. In many cases, the price of impulse is far more frightening than what she pays. Now she has cleaned up Chen Huanhuan. As for Huo Tingchen, she will always have a chance.

After Jin Zhengting for so long, he may not have learned anything, but he has learned a lot of patience.

Chen Huanhuan was stunned for a moment. She didn't expect that Zhao Tongxin would help her find the steps. She didn't appreciate it at all. Zhao Tongxin was a cat crying and a mouse pretending to be merciful. If she didn't want to embarrass her, how could she not answer her words just now.

She took a look at Jin Zhengting's direction and thought it was wrong. She hurriedly took back her sight and said shyly, "it's not settled yet."

Seeing Chen Huanhuan's appearance, Zhao Tongxin knew that she was deliberately misleading others. The smile on her face did not change. "Well, I don't know if Miss Chen has a crush."

"Tong Xin, I don't know what you say, what you like or don't like, whether he likes it or not." When Chen Huanhuan said he liked it, he looked at Jin Zhengting again. Everyone can see that Chen Huanhuan's eyes want to stick to Jin Zhengting.

Chapter 257

Shaoyuan sees that Jin Zhengting's face is getting colder and colder. She tries her best to wink at Zhao Tongxin. She knows that Zhao Tongxin hates Chen Huanhuan, but if she takes Jin Zhengting as bait for Chen Huanhuan, it's not worth the loss.

Zhao Tongxin can also feel that the air pressure around Jin Zhengting becomes very low. What she originally expected was this effect. When she did it, she was also very unhappy.

She also asked herself whether it was really worth it to retaliate against Chen Huanhuan, thinking of the picture of her mother being insulted by her.

Zhao Tongxin tells himself that it's all worth it. Forget about the discomfort in his heart. When it's over, she explains it to Jin Zhengting. He should understand her.

"Miss Chen is so beautiful, there must be a lot of people who like you."

"No, I just want to like it alone." Chen Huanhuan looks at Zhao Tongxin and doesn't seem to suggest her idea. She looks at Jin Zhengting's position more frequently.

She can't help muttering in her heart. Is Zhao Tong so stupid that she can't see what she thinks of Jin Zhengting? Or maybe she's used to Jin Zhengting having women outside.

Zhao Tongxin wanted to stop, but he said faster than his mouth: "I think Miss Chen seems to like someone."

"I..." Chen Huanhuan is trying to show his heart.

Jin Zhengting coldly drank a low voice, "enough."

Zhao Tong's heart trembled. He was angry. Just when he had defended her, she pushed him out.

"Mr. Jin, what's the matter with you? I shouldn't say these words to Tong Xin. Don't blame her, OK?" It seems that Chen Huanhuan really talks for Zhao Tongxin and takes all the faults on himself.

When people around heard Jin Zhengting's voice, they looked curiously in their direction. Some good people began to point out.

"Look, Jin Zhengting seems to be angry with his woman."

"No, it's not that Jin Zhengting dotes on Zhao Tongxin. The rumor can't be false."

"I'm not sure. Don't you see that Chen Huanhuan wants to jump on Jin Zhengting? All men are like this, eating what's in the bowl and thinking what's in the pot. Besides, Chen Huanhuan's face and figure are good."

When Chen Huanhuan heard the rumors, she was a little bit partial to her side, and she was secretly proud. It's better for Zhao Tong to make Jin Zhengting angry. In this way, Jin Zhengting should be very upset with Zhao Tong.

They are all celebrity parties of the upper class, and men are all face saving animals. Zhao Tongxin is so shameless to Jin Zhengting that he can't bear it.

"Zhengting, let's go back and talk about something." Yang ziyue takes a look at Jin Zhengting and wants to ease the atmosphere. So many people are afraid of getting out of hand when they quarrel.

He can't understand that Zhao Tongxin is a very smart woman, how to make such a mistake at such a time and take Zhengting as bait. Isn't that a joke.

Zhengting loves her so much, how can he bear it? If his beloved pushes him to another woman, even he can't help getting angry.

Jin Zhengting didn't answer Yang ziyue. He just looked at Zhao Tong and said calmly, "have you played enough? If not, you can continue to play."

"Jin Zhengting, I, I didn't play. I don't understand what you're talking about." Zhao Tong lowered his head and did not dare to look into Jin Zhengting's eyes.

No one knew that her fingertips were shaking when she said these words.

"Tong Xin, are you uncomfortable? I'll take you down to have a rest first." Shaoyuan also thinks that it can't go on like this, and the sound around seems to be getting louder and louder.

"Spoon, I'm fine. Don't worry." Zhao Tongxin can still laugh at this time.

Spoon garden can't help but roll a white eye, really don't make can't die, she also can't help Zhao Tong heart.

"Mr. Jin, what's wrong with you? Don't be upset. It's all my fault. I shouldn't want you to dance with me for the first time. I shouldn't make you embarrassed." Chen Huanhuan's words undoubtedly add fuel to the fire.

A lot of people around are interested in waiting to see the play. They can often attend banquets. It's not

every day that they can see the gossip of rich families.

Jin Zhengting took a deep look at Zhao Tongxin. His eyes turned coldly to Chen Huanhuan. He said contemptuously, "you are not worthy to dance with me, and you are even more unworthy to talk to me. And don't look at me with disgusting eyes, otherwise I don't suggest digging it for you."

Jin Zhengting's words made all the people present in an uproar. Now it's true that Jin Zhengting's wife is indulgent. Whether Zhao Tongxin is wrong or not, it's someone else's fault. Even if it's really wrong, it's someone else's fault.

Zhao Tong Xin suddenly looked up at Jin Zhengting, but he didn't look at her. The big hand on her waist also slowly released.

She wanted to hold his hand, not let him let it go. It was not enough

Chen Huanhuan is even more pale. She didn't expect that Jin Zhengting would suddenly say these words in front of so many people. She was obviously speaking for Zhao Tongxin. Why did Jin Zhengting say this to her.

Chen Huanhuan bites his lower lip to prevent him from doing irrational things because of anger.

"Huanhuan, what's going on." President Chen was just arranging the banquet. When he arrived, he found that the whole atmosphere was not right. When he saw Jin Zhengting's direction, he knew that it was bad. Chen Huanhuan seems to have endured a huge grievance. He pours into President Chen's arms and cries, "Dad, I really don't have such an idea."

General manager Chen also knows that it is Chen Huanhuan who has offended Jin Zhengting. His daughter is also his daughter. He painfully asks, "Huanhuan, what's going on?"

"Dad, I just answered Tong Xin. I don't know why Mr. Jin is angry. I really don't know what's wrong." Chen Huanhuan's tears fluttered down.

She knows that crying in silence is more compassionate and relevant than crying out loud.

Sure enough, many men at the scene looked at her pitifully.

"Mr. Jin, Huanhuan doesn't understand. In my face, you can forgive her this time." Chen always wants to calm down. After this incident, he must restrain his daughter well, and can't let her do nothing.

Jin Zhengting raised a sneer at the corner of his mouth, and his cold eyes were even more frightening. He said in a quiet voice, "Chen Huanhuan, you really don't know how to die. Do you remember what you did in England. Well

Chen Huanhuan's expression has changed greatly. It's impossible. How can it be? How can Jin Zhengting

know about her in England? It should have been impossible to find out.

"Chaos..." Jin Zhengting looks at Chen Huanhuan coldly, but he hasn't finished yet.

Chen Huanhuan couldn't help shouting excitedly, "stop talking. I know it's wrong. I don't dare to think about it any more."

When she saw Jin Zhengting's indifferent expression and tone, she knew that he must have known her past.

There are too many men. There are no Jin Zhengting and others. If he is allowed to expose all her affairs, she will not be able to stay in Jiangbin City, and even make the Chen family lose face.

Jin Zhengting's grim expression tells Chen Huanhuan, is he afraid? It's too late.

The rest, Rong Qi instead of Jin Zhengting, said: "promiscuous? induced abortion? It's a man you stick to."
"

"No, you talk nonsense. You talk nonsense. It's not me." Chen Huanhuan covers her ears and shakes her head, as if she can be regarded as Jin Zhengting.

One after another, people were shocked to hear that Chen Huanhuan was already a bus and had to be pure. If Jin Zhengting didn't expose it, I don't know how many people would be cheated.

No one will doubt whether Jin Zhengting's words are true or false. He doesn't have to lie and disdains to lie.

Other people around her sneer at her eyes and point at her. It's not like this. It shouldn't be like this. Why did it become like this.

"Jin Zhengting, your nonsense is not like this. You are maliciously slandered. I can sue you. Yes, you have no evidence yet. It's all nonsense. It's nonsense." Chen Huanhuan is biting hard. She can't be destroyed by Jin Zhengting like this.

"If you want evidence, here you are." Jin Zhengting waved his hand, and soon someone at the door sent several stacks of paper in and sent it out.

Everyone looked at the paper in their hands, looking strange and surprised. Chen Huanhuan's eyes also became disgusted and disgusted. There were people in the world who were so shameless, and their eyes were refreshed.

Chen Huanhuan looked at them with a wrong expression. He rushed over and snatched them from others. He saw the identification book and some photos on the paper. He was a fool, and the paper in his hand also slipped down to the ground.

The people in the photos are all her, and they are all pictures of her with different men, or more than one man. It's over, it's over.

"God, I didn't expect Chen Huanhuan to be such a person."

"He looks like a fox spirit. As expected, he is as good as a fox. He has the face to go back to China. I've already killed myself. It's a shame."

"I don't know if I'm going to be sick. I'd better stay away from her."

Chen Huanhuan's mind is constantly filled with their disdainful expression. She screams, grabs her hair and runs out of the crowd like crazy.

"Ah Ah It's not me, it's not me. "

When Zhao Tongxin sees Chen Huanhuan finally collapse, she doesn't have the expected pleasure of revenge. Instead, she feels more empty. This is not what she wants. Then she finds that she has used Jin Zhengting's feelings for her for revenge.

What's the difference between that and other women.

Jin Zhengting didn't hold Zhao Tongxin's hand when he left. His cold expression made the people around him retreat involuntarily and make way for him to leave.

Shaoyuan saw that Zhao Tongxin was still in a daze and cried anxiously, "what are you doing standing there, Tong Xin? You don't want to chase me."

"Oh, oh, yeah, I see." Zhao Tongxin thinks that no matter what, she should explain and apologize to Jin Zhengting.

It's because she's too headstrong and takes his kindness to her as a capital for extravagance.

Zhao Tongxin trots out toward Jin Zhengting with his long skirt tail.

The banquet couldn't be held any more. President Chen's expression was very sad. There were only two words in his mind. It's over, it's over, he's over, and Chen's family is over.

Others feel that it's worth the trip. It's more enjoyable than watching TV dramas. Everyone knows that it's time to finish.

Shaoyuan takes a look at Yang ziye's thinking expression and says, "ziye, don't you go yet?" "Go, don't go, why stay here." Yang ziye shrugs indifferently.

Spoon garden casually asked, "then let's go together."

"Forget it, I have to go to the night city to have a drink with the beautiful women. Just let me go." Yang ziye doesn't want to listen to Shaoyuan.

Spoon garden stem for a while, said: "roll, small heart willow disease."

"Hehe, thank you for your concern. I will pay attention to safety." With that, Yang ziye does not wait for Shaoyuan's reaction. He steps away to find out where the Shaoyuan is.

Chapter 258

Zhao Tongxin chases to the parking lot and sees that Jin Zhengting doesn't mean to stop. He bites his teeth and trots behind him on a high heel.

Also don't speak, so stubborn looking at his back, these are her own, she know can't blame Jin Zhengting angry.

If it was her, it would be the same. She was like a child who made mistakes. She followed the adults pathetically, but she didn't dare to come forward to apologize.

I don't know Jin Zhengting saw Zhao Tongxin's expression, but he was angry and didn't want to forgive her so soon.

It's wonderful to use him as a tool for revenge.

His little woman also began to know how to use the mind, should he be happy, or should he be glad that he doesn't have to worry about her safety in the future.

Although he didn't know how big a holiday she had with Chen Huanhuan, he knew it was no small thing to make her so angry and angry.

He has made a plan. At that time, he will send all the evidence he has investigated to everyone at the banquet. Chen Huanhuan is disgraced and takes pride in her.

Before he had any action, his little woman gave him a surprise.

When Zhao Tongxin saw Jin Zhengting sitting in the car with the door open, he was overjoyed. He was reluctant to leave her.

She Ma Liu sat in, obediently sat, the door was closed, heart fluttering straight jump.

Jin Zhengting said in a cold voice, "go back to Jin's house."

"Yes, Mr. Jin." The driver took a look at Jin Zhengting's expression, which seemed very bad. He didn't dare to see more. He drove his car honestly, and he knew what to see and what not to see. He had been with Jin Zhengting for so long.

After Jin Zhengting finished this sentence, he didn't speak all the way. When he came back to Jin's house, he got out of the car with a cold face.

Zhao Tongxin knew that he was wrong, but she didn't say a word. She obediently followed Jin Zhengting to get off the car and then went upstairs. She saw him take off his coat and carefully wanted to hang it for him.

Jin Zhengting didn't even look at Zhao Tongxin. He walked around her and hung up his coat. He stepped into the bathroom and closed the door, isolating her directly.

Zhao Tongxin's expression is a bitter gourd face now. She didn't feel very cold because she was eager to chase Jin Zhengting out. Now she went back to the house and found that she was not wearing a windbreaker coat, only wearing a thin skirt. When the cold wind blows in winter, she shivers.

Soon there was a sound of water in the bathroom. Zhao Tongxin didn't dare to change his clothes. He just stood at the door of the bathroom and waited. He wanted to explain something, but he felt that everything he said was like a cover up.

She knew that he would forgive her if she told him about it, but she didn't want to.

Lovers want to show their best side in front of their lovers, and they don't want to let each other know what they are embarrassed by. Because they care, they are more afraid to see each other's strange eyes.

Jin Zhengting turned on the tap in the bathroom and let the hot water sprinkle on the floor, but his clothes were neatly on his body. He also felt bad. In order to let Zhao Tongxin know that he was really angry this time, he decided to chill her first.

He listened to no voice outside the door, thinking that Zhao Tongxin didn't take it seriously, and his anger became bigger. When he came back, he didn't even have an explanation. Did she put him in her heart.

He deliberately makes the things in the bathroom very loud, as if this can let Zhao Tongxin outside feel his anger.

Zhao Tongxin listens to the "crackling" sound in the bathroom. He can't help shivering. He must be very angry. What should she do.

After a long time, Jin Zhengting came out of the bathroom with a cold face. He saw that there was no Zhao Tongxin in the room, and her cold eyes were covered with a layer of dark frost. Even if the little woman didn't explain, she dared to play and disappear.

When he had no temper at all, his air-conditioning was more seeping, as if he wanted to envelop the whole room in air-conditioning.

Jin Zhengting is going out to look for Zhao Tongxin with his feet raised. He catches a slight cough at the tip of his ear.

He looked down at the voice and saw Zhao Tongxin's head down, curled up like a wounded kitten in a corner, her long hair spread over her shoulders, and her thin clothes stuck on her body. Facing the moonlight, he looked more pitiful and helpless.

Jin Zhengting in the big anger to see her poor little pattern, all into white smoke dissipated in the air, he will take off his clothes on her body, put her whole person in his arms, cold voice with a little helpless, "you want me to take you how to do."

Just like the blood vessels in his heart, they can only grow in his heart.

Zhao Tongxin waited for a long time and didn't see Jin Zhengting come out. He was tired and squatted on the ground. He felt colder and his feet became numb and unconscious.

She suddenly looked at Jin Zhengting's deep eyes, her nose was sour, and her tears said, "Jin Zhengting, I didn't mean it."

She just can't bear it. She just feels great pressure and wants to vent. She doesn't know whether she is right or wrong.

"I know. It's not going to happen again, you know." Jin Zhengting touched the skin on her arm with his big hand and found that her skin was frightfully cold. Reach out to feel her bare skin is all cold one, Teng ground a fire to come up, the voice is even colder to minus eight degrees, "you won't tell me you come back to now clothes didn't change squat here?"

No coat, no heating in the room, how can her weak body stand the cold.

"I..." Zhao Tong heart dare not say that she came back is squatting here, only the head buried lower.

Jin Zhengting's eyes narrowed dangerously when he saw Zhao Tongxin's acquiescence. In such cold weather, he wore so few clothes and waited so long. Is it true that if he was a little later, the woman would faint.

Thinking of this, the anger could not be suppressed. He lifted Zhao Tongxin's clothes up, put her on his legs, raised her palms high, and at her white and tender buttocks, he changed them to fall.

Zhao Tongxin was hoodwinked by Jin Zhengting's actions. Only when there was a pain in the shy part did she realize what he had done. She could not help screaming, "Jin Zhengting, what are you doing? Hit me,

let me go, let me go."

How can he do this to her and directly subvert Jin Zhengting's image in her heart? Is this man crazy? Or was she switched when she was not careful?

"I just beat you, let you long memory, so cold weather you squat on the ground like this." Jin Zhengting said and patted her several times.

He just wanted to let her understand the weight. He saw her buttocks turn red quickly, more like the ripe peach on the tree. The sound of "pa pa" changed his eyes with the white flesh shaking.

Never a woman can make him so worried, Zhao Tongxin is the first, and will be the only one, no matter what he does to make himself difficult to understand.

He didn't get used to it. Instead, he took it for granted. Only he knew how happy the mood was.

Because care about a person and become happy.

"You still beat me, you let me go, I just borrowed you to deal with Chen Huanhuan, you even beat me, wuwuwu You dare to hit me Zhao Tongxin is both shy and shy. She is embarrassed to be watched and beaten in such a private part, even the most familiar person around her.

The body struggles more violently. Tears are not money seems to fall.

She shouldn't take advantage of Jin Zhengting to deal with Chen Huanhuan without saying hello. But Jin Zhengting can use it to treat her like this. She can accept it regardless of indifference or anger.

But this shy action made her feel uncomfortable to explode, and her buttocks didn't hurt much, but that kind of shy feeling made her feel ashamed, as if there were other voices shouting in her heart.

Jin Zhengting told himself that he couldn't be soft hearted and said in a hard voice, "you say, do you dare to do this in the future?"

The little woman under him will never know what to trust without giving a lesson. However, his strong character does not allow him to be in a weak position. He takes the initiative to change the idea of distrust in her heart.

"I have nothing to say about what you say about me, and you beat me Jin Zhengting, I don't want to forgive you. I want to run away from home, wuwuwu You son of a bitch. " Even if she hit her hip, she took off her pants and hit her. Her mother had never hit her when she was so big, so she was beaten by him.

Zhao Tong doesn't know how naive her words are, but she feels that she has no face. That little guilt is also because Jin Zhengting's behavior dissipates. She is not angry, but she can't move.

".....。 ” Jin Zhengting listened to Zhao Tongxin scolding him while sniffing, just like an angry child throwing his nose at an adult. For the first time, he found that his little woman was fierce and tasteful.

It's his woman.

"Do you think you'll do it again?"

If Zhao Tongxin knew that Jin Zhengting thought this way, she would jump up and drop the table. But now she only knew that she had been ripped off and was as ashamed and angry as a little kid.

What you say is not through your brain. You can say whatever you think of: "Jin Zhengting, you get out of my way. I'll do it every day. I'll not only do it, but also I won't wear clothes."

If I knew I would not listen to the spoon, I would come back and ask for trouble.

Jin Zhengting's deep dark eyes crossed a smile, but now if he smiles, Zhao Tongxin will be even more angry. It's cold, and he's worried that she will get sick. He pulls up her pants and helps her tidy up her clothes.

Want to dry tears for her, she dodged, domineering fixed her body, cold voice said, "you know wrong."

Zhao Tong Xin, like a rabbit, stares at Jin Zhengting with red eyes. He pushes him away and wants to stand up. When he doesn't stand firmly, he sits back on his leg. His buttock stings.

Her mouth was flat and she wanted to cry again.

Jin Zhengting caught Zhao Tongxin in his arms and explained in a low voice: "I'm not angry that you use me to deal with that woman. I'm angry that you don't discuss with me. Don't you know your body?"

Chen Huanhuan is nothing but a passer-by. It can be said that in his eyes, even ants are inferior. It's easy to crush him to death, but he doesn't want to be concealed by his own woman.

Chapter 259

Zhao Tongxin still ignores him, wriggles the body to want to go down to the ground, the spoon says is right, if the man starts with the woman for the first time, there will be innumerable times, she will never believe him again.

In fact, she is some face, but also some inexplicable palpitations, as if suddenly opened the dark knot in her heart, so suddenly, so unexpected, let her just want to use this mood to cover up.

If Jin Zhengting knew Zhao Tongxin's idea, he would not help beating others. He continued with a rare patience: "he just took good care of himself. If he is catching a cold, do you want to go to the hospital?"

"What I said, you never took it to heart."

"If you want to deal with Chen Huanhuan, you don't need to do it. I will do it for you. In fact, you don't believe me at all"

Zhao Tongxin wants to say no, but her innermost voice tells her that she didn't discuss these things with Jin Zhengting, which is really not enough to trust him.

Can these blame her? If he doesn't often do those things that she can't believe, she will be so suspicious, no one can believe it.

"You think I hide you, Tong Xin, why don't you ask yourself, I really confess to you, some things you will confess to me." Jin Zhengting didn't ask, not because he didn't believe her, but because he respected her privacy.

As long as her safety is not involved, those things are just small things.

Zhao Tongxin has nothing to say. She really doesn't confess a lot of things. She can't tell Jin Zhengting about her holiday with Chen Huanhuan, and she's not qualified to ask him to confess to her.

But she still felt aggrieved, "you hit me..."

".....。 " Jin Zhengting, a man whose face has not changed after the collapse of Mount Tai, feels headache for the first time because of a little woman's complaint. This little woman is going to hold on to this point. "I beat you to keep your memory long. If you had been in the past, would you have been impressed today?"

"But I hurt It's all your fault. " Zhao Tongxin sitting on his leg can feel the hot pain of the hip.

"If you still have such a heavy hand, tomorrow I will be swollen, painful and numb."

Zhao Tong doesn't know how attractive his unintentional action is, or how attractive his slightly hoarse voice is with the meaning of coquetry.

Jin Zhengting's eyes changed when he thought of the beautiful scenery he had just seen. He had no strength at all. At most, he looked very red. How could he hurt as she said.

"Think about what you've done first." How can he not be angry if he does not cherish himself like this.

"No, I'm not." Zhao Tong's eyes blinked. She was pure in her mind. If Jin Zhengting saw her like this, she would not be angry.

I just didn't expect the ending to be like this. I knew she didn't squat for so long and was beaten for

nothing.

"Don't do this kind of thing next time. Don't make fun of your body." Jin Zhengting saw that Zhao Tongxin's expression had softened a lot. He held her hand and rubbed it in his palm to help her warm up.

"I see..." Zhao Tong Xin doesn't want to lose money any more. His wife has broken her arms again. Now she thinks that her buttock still hurts.

Jin Zhengting saw Zhao Tongxin's expression, confirmed that she really knew, and said: "I'll take you to the bathroom, let the water go to the bubble bath to drive the cold."

"Yes." Zhao Tongxin also felt cold, and did not refuse. Moreover, this was Jin Zhengting's fault.

Jin Zhengting put her on the bed, went to the bathroom to put on the warm light and hot water, and then came out to hold her and went into the bathroom.

Zhao Tongxin can't believe that Jin Zhengting will do this for her. Looking at his natural expression, he suddenly feels warm and wants to hold Jin Zhengting.

But he was afraid that Jin Zhengting thought it was her weakness and forbore.

"You go out, I'll do it myself." Seeing the steaming massage bath, Zhao Tongxin wants to take off his clothes and go in to enjoy it.

Jin Zhengting eyes a dark, cold voice light said: "you are injured now, or I come."

If Jin Zhengting's expression was more sincere, maybe Zhao Tongxin would believe that some part of him was touching her thighs. The hot temperature made her blush and said: "I can wash it myself."

Jin Zhengting gave her hot water, which was enough to frighten her. When Jin Zhengting took care of her, she felt that she must have had hallucinations.

Maybe it's really an illusion, not necessarily

"Don't say no, I'll wash it." Jin Zhengting stretched out his hand to unbutton his shirt and presented his bronze body to Zhao Tongxin.

"Get out, get out, I can come myself." Zhao Tong takes a look at the strong muscles in his chest. He stealthily looks away. Then he can't help glancing at the past. No wonder women like men like Jin Zhengting. It's really interesting.

Jin Zhengting cold and hard facial features inconvenience, light said: "I help you, it's not that I haven't seen."

Only those deep eyes, like two groups of fire, want to melt Zhao Tong Xin.

"It's not my hand that's hurt. I don't need it." Zhao Tong's sincere refusal, she can't just forgive Jin Zhengting, if let him stay, it must be her loss, impossible, she won't be deceived."Call me if you have anything." Jin Zhengting is not forced to go out and close the door for her.

Zhao Tong feels relieved. If Jin Zhengting helps, she will not know how long she will be able to get out of the bathroom. After kicking off her shoes, she reaches out to pull the zipper on her back. However, she can't pull it off, and she has a headache.

Her tragic discovery was that her hair seemed to be stuck in the zipper. The more she pulled it, the more anxious she was. Her head began to sweat. She wanted to pull out her hair one by one, but after pulling out a few, she stopped. It was too painful.

Zhao Tongxin had no choice but to raise his voice and ask Jin Zhengting to come in, "Jin Zhengting, please come in and help me zip up."

When he helps her pull down her skirt, make sure he goes out.

"Yes." Jin Zhengting seemed to know that Zhao Tongxin would call him. He didn't leave the bathroom door at all. He soon opened the door and came in.

The line of sight clearly already saw Zhao Tong Xin some embarrassed appearance, the voice still light ask a way: "how."

"My zipper is stuck in my hair. Please pull it for me." Zhao Tong Xin is struggling with zipper, but he doesn't notice Jin Zhengting's speed.

"Good." Jin Zhengting's eyes flashed for a moment, but Zhao Tongxin didn't see it. Otherwise, she would see the deep meaning in his eyes. She would never have made such an easy decision. It could be said that she would dig her own grave.

In fact, just when they were talking, Jin Zhengting calmly pulled Zhao Tongxin's hair to the zipper button and wrapped it for several circles. If it wasn't for the solution, he couldn't pull it down.

Jin Zhengting easily took out her hair and helped Zhao Tongxin pull the zipper, and her clothes fell to the ground automatically. Except for two chest stickers and the poor little nei, she was already naked in front of him.

"I just want you to zip me down." Zhao Tong's heart wants to cry without tears, but she still doesn't cover it. Finally, she can only quickly sit in the bath and bury herself in the water.

Fortunately, their bathroom will be ready for rose petals, Zhao Tongxin grabbed a lot of sprinkle on the

water, just feel safer.

When she went to see Jin Zhengting, her eyes almost popped out. When did he take off his clothes, but his figure was too good. The legendary Mermaid line has eight abdominal muscles, long and strong legs, inverted triangle waist and wide back.

Zhao Tong Xin feels that his nose itches. He immediately takes his eyes away and faints. She is thinking about something. Isn't she going to drive him out at this time, but why does she suddenly feel that the temperature in the room is rising so fast.

Is the bathroom heated?

Jin Zhengting's voice was cool and charming, and said, "are you satisfied with the figure you see?"

Tall figure big square standing in front of her, a part of the majestic and high spirited to her nod salute, a little want to cover the feeling is not.

Zhao Tong turned his head and scolded: "you, you are crazy!"

Is this man crazy tonight.

Jin Zhengting also went into the bath and sat down beside her.

Zhao Tong Xin Jin Zhengting all went into the water and had no choice but to warn him: "wash, wash, don't mess."

Zhao Tongxin felt guilty when he said this, but he couldn't help showing off.

"You want me to mess with you." Jin Zhengting didn't take any further action. He squeezed a little shower gel to wipe Zhao Tongxin and wash her.

Zhao Tong almost screamed. In the past, she had not bathed with Jin Zhengting, and Jin Zhengting had scrubbed her. Besides being shy, she gradually got used to it.

I don't think it's anything, but if Yang ziye knew it outside, he would definitely drop his chin on the ground. They never thought Jin Zhengting would serve others in his life. This is not only a thriller, but also a terrible biochemical event.

However, Zhao Tong is still worried. He looks at Jin Zhengting with vigilance. He doesn't pay attention to her eyes at all. It seems that he is really cleaning for her. He gradually relaxes his vigilance and leans comfortably in the bath. He closes his eyes and enjoys his rare service.

"Well Comfortable Be light The hiss is heavy. "

Jin Zhengting's deep eyes are full of surging breath. Zhao Tong's heart is soft and soft. It is undoubtedly a powerful aphrodisiac in his ears.

Zhao Tongxin didn't feel the danger was approaching. He was discontented and yelled: "don't go down the waist It hurts

"Since it hurts, bear it." Jin Zhengting finished with a rhythmic kneading of his big hand on her full and tight injured part.

"Ah What are you doing Zhao Tong was frightened and suddenly opened his eyes. However, he ran into a pair of deep and mysterious pupils like the night sky.

His eyes are so deep and gentle

Zhao Tong Xin was deeply attracted, as if to melt in his tired of the gentle, can no longer say a "no" word.

Jin Zhengting looked at Zhao Tongxin's expression with satisfaction. His voice was low and enchanting. "Darling, I'll help you clean it thoroughly. You just need to close your eyes and enjoy it."

Chapter 260

"Yes? Ah... " Before Zhao Tongxin could react, his pink red lips were sealed. The reason in his mind, which had just been fused together, was broken up again, leaving only his instinct clinging to his solid neck.

This bath was Zhao Tongxin's longest one, nearly three hours, which led to her feeling that she didn't want to take a bath in the future.

Her whole body was soft and weak, and her slender waist seemed to be broken. There was only one pair of eyes left to express her anger.

She wants to kill him with her eyes. This man is really black in the stomach, just like the bat licks the prey's skin before sucking blood to express its harmlessness. When the prey gradually puts down its guard, it will take a bite. It is too late for the prey to run, so it can only be slaughtered.

Jin Zhengting looked at Zhao Tongxin's watery eyes, just like a docile cat. He bowed his head to kiss her eyes, and said with deep meaning: "Tong Xin, if you look at me like this, I think you are not satisfied with my performance."

Just in the bathroom, he played with her all kinds of shapes, she must be angry.

However, this is one of his punishments tonight. His anger really subsides soon. Next time, if this little woman is making a mistake, it's good to use this method.

Zhao Tongxin succumbed to Jin Zhengting's "lewd power", closed his eyes obediently, and scolded silently in his heart: This is a beast, this is a beast.

Next time she has a chance, she must use the way she was given by the spoon garden, so she should not be soft handed.

The corner of the mouth can't help but raise a big radian.

Zhao Tong Xin was so tired that he fell asleep in bed and didn't dream of daybreak all night.

Jin Zhengting has been a frequent headline guest in the major newspapers and periodicals in Jiangbin city. Every time he appears, it must be someone's bad luck, and the reason for every time is his favorite woman, Zhao Tongxin.

Now many people see Zhao Tongxin, or encounter Zhao Tongxin will choose to leave around, they agreed that offending Jin Zhengting can not offend Zhao Tongxin.

If you offend Jin Zhengting, you may know how you died, but if you offend Zhao Tongxin, you may have died without any reaction.

Zhao Tongxin took the newspaper and cried angrily: "spoon, you see what's written on it. It says that I'm a woman with both fame and wealth. If you tie Jin Zhengting firmly in the palm of your hand, no woman can shake it."

Because of the Old Age newspaper last time, she is sensitive to the major newspapers now.

"It's a fact, and it's true." Shaoyuan thinks it's "real" but it's not such a phenomenon. Now who dares to attack Zhao Tongxin.

Except for some people who want to die.

"How can I go out to meet people? It seems that I'm jealous and fierce." Zhao Tongxin was angry. The person who reported above should be the opposite. She didn't do anything, and she was named "female night fork".

And Jin Zhengting is praised by people that there are infatuated good men and female fans who can load several trucks.

All the advantages fall on him, and all the disadvantages are unfair to her.

"You are content. Many people are envious of you. You are still here. Other women must vomit blood when they hear that." Ji Shaoyuan is lucky to have a Chen Dong. Otherwise, when she hears Zhao Tongxin's words, she will be the first to beat her.

It's lucky that such a good man as boss can take a fancy to her. He is obedient to her and takes good care of her, so he has to give her his life. What else can she say.

Jiangbin City, all women's dream lovers, of course, not including a few of their fear of death subordinates, really do not know what Tong heart is dissatisfied with.

Shaoyuan sometimes can't help but wonder if Zhao Tongxin's ancestral tomb is smoking, so that he can have such a blessing.

Zhao Tongxin also knows that Jin Zhengting is kind to her, but she always feels that there is a knot stuck between them. They both have a tacit understanding. They don't break it, but it doesn't mean they don't exist.

Finally, we have to face the truth and reality. The longer the delay, the more difficult it will be to accept, won't it?

"Tong Xin, your phone seems to vibrate." Shaoyuan's eyes pointed to the table.

"Oh, oh." Zhao Tongxin tuned the mobile phone information to vibrate. He was a little distracted and didn't hear anything just now.

She went to pick up the mobile phone and took a look at the familiar information. She calmly took a look and deleted it directly.

Shaoyuan asked curiously, "who sent the message? It seems that you deleted it without looking at it." Now really can't take pupil heart with just beginning that human and animal harmless comparison.

Clay figurines have three characteristics of soil, not to mention one person.

Zhao Tongxin put his mobile phone in his pocket and said with a smile, "junk SMS." Some things still have to be done.

Shaoyuan nodded and said, "you know what happened to Chen Huanhuan. This is the third man. If she doesn't succeed again, she will become the laughing stock of the whole city."

"Who knows." Zhao Tong Xin is a little absent-minded. The man just sent a text message to ask her out, saying that there is important news to interview her.

"That woman just did her own evil. Now she's a mouse in Jiangbin City, who hates it." Shaoyuan thinks that Zhao Tongxin hates Chen Huanhuan so much, so he tells her about Chen Huanhuan and let Tong Xin know something about it. Zhao Tongxin said along with her: "yes, but there is no way, who let her born in such a family." In the heart has been thinking about that person may say things, can't help but squeeze the hand of the mobile phone.

The spoon garden is full of people who are wandering in the battlefield of the shopping mall, and soon they feel Zhao Tongxin's trance, "Tongxin, do you have anything to do, where are your thoughts floating?"

Can let the pupil heart obviously distracted and undisguised, needless to say, is certainly not a small thing.

"No, I can do something." Zhao Tong smiles calmly. She doesn't want to involve the spoon garden. She doesn't want to break the warm family of three in the spoon garden.

Originally, she should have a family of three, all thanks to the man.

"If you have something to tell me, don't hide it." Spoon garden or feel wrong, Zhao Tong heart does not say she is not good, too in-depth asked.

I can only write it down in my heart. I'm looking for someone to make a thorough investigation, but I can't put Tong Xin in danger like last time. Then she can really retire and take care of her children.

She had gambled with the one in her family. She couldn't make a mistake.

No, she can't wait. Zhao Tong Xin suddenly exclaimed, "well, I know. Oh, I seem to have forgotten something. I have to go and have a look."

"What's the matter? Do you want me to go with you?" Shaoyuan is startled by Zhao Tong's voice. It's not that she just spoke well. How can she suddenly become so strange.

I always feel like I want to cover it up.

Zhao Tong Xin embarrassed to say: "it's nothing wrong, that is, I bought a pair of shoes last time, forgot to take them and change them. I just made an appointment with the people in the store to go today. I'll just go myself and come back soon."

"No, I can't let you go alone." Spoon garden is about to get up.

Zhao Tong Xin is deliberately want to get rid of the spoon garden to find the reason, where will let her follow, quickly said: "nothing, I let Rongqi follow me, it will be OK."

"Well, come back early." Spoon garden think is also, with Rongqi accompany change shoes and in the department store, should not have a big problem, just sit back in the chair.

"Yes."

Zhao Tong heart not easy to come out, let Rongqi drive her to the appointed place.

Fortunately, that person chose a quiet one this time. After she went in, it was easy to see a woman with a cigarette in her mouth, where she was puffing. It was just like a lady in a bar. She didn't look like a rich family.

Zhao Tong sat opposite her frowning.

"Here you are." Jin Ying, who should have been in the hospital, looked at Zhao Tong with disdain, but she didn't mean to put out the smoke.

Zhao Tong heart cold face said: "put out the smoke, I hate the smell of smoke."

"Oh, what a trouble." Jin Ying said that she was in trouble, but she was very cooperative in putting out the cigarette.

Zhao Tong Xin looked at Jin Ying and asked flatly, "tell me what to do with me." When she saw Jin Ying come out of the mental hospital that day, she was really surprised, but only surprised. After all, Jin Zhengting's sister, she didn't think Jin Ying could be locked up for long.

But I didn't expect that Jin Ying really developed the habit of smoking in it. Not to mention, people also became more mature. They would not easily show their emotions and learned to hide.

What surprised her even more was that she wanted to cooperate with her and deal with Huo Tingchen, but the reason she gave made her believe that she did everything for the sake of the Jin family.

Maybe Jin Yingren has a problem, but it's undeniable that she does care for her family, and she also needs someone who can cooperate. Although she has doubts in her heart, she is willing to cooperate superficially.

Jin Ying didn't talk nonsense either. She went straight to the theme and said, "I know the relationship between Xu Ting and her third uncle. It really makes me sick."

"How?" Zhao Tong Xin pretends to be surprised. How can Jin Ying suddenly check Xu Ting's affairs.

"I don't think you are too slow. Are you surprised to check it by yourself? I'm even more surprised. Xu Ting not only has a relationship with him, but also has more people. She just can hide it." Jin Ying said it calmly, and her expression didn't even fluctuate.

She doesn't like Zhao Tongxin, but she doesn't like Xu Ting, a woman who is more poisonous than snakes and scorpions. How can she believe it? So she is more willing to cooperate with Zhao Tongxin.

Even if it's superficial, it's good for her to go back, and Zhao Tongxin should also know.

Zhao Tong Xin looked into Jin Ying's eyes and replied coldly, "what's the use of telling me these? Do you

think I care about these?"

Her heart is worried about Xiao Yajuan, if Xu Ting know Xiao Yajuan's existence, to Xu Ting's character will definitely find a chance to find Xiao Yajuan's trouble.

And now she does not have the ability to mobilize some people, not from a tight heart.

"I know you don't care, but you can rest assured that the relationship between the Xu family and the Jin family is very delicate. My brother won't let your family have anything to do." Jin Ying also reassures Zhao Tong that what she wants is pure revenge.

There was only revenge left in her heart. Only in this way could she not lose her mind. Only in this way could she transfer all her hatred. An ultimate revenge for Xu Yanke, and using Zhao Tongxin is just the first step. It's not better for two people to protect each other's interests, but if Zhao Tongxin didn't say that she really couldn't tell who is who.

there are really as like as two peas in the world.

"Just say what you want to say. There's no need to test me." Zhao Tongxin and others are a little impatient. She doesn't want to listen to her talking nonsense.
