

# Chapter 2513– 2514 of A Dish Best Served Cold Novel

## Chapter 2513

Compared with Lu Hua's scenery, Mark's situation is undoubtedly much more miserable.

Especially when he heard from Lu Hua that Mark coveted Lu Hua's female companion Lu Yanxi, all the powerful around him were ridiculed.

"This bastard is really bold."

"Mr. Lu's woman, dare to covet it?"

"Young people nowadays are becoming more and more reckless."

"This is also because Mr. Lu has a good temper. If it were me, this hillbilly coveted my woman. I would have slapped him to death a long time ago."

"Where can he be an eyesore here?"

Many people shook their heads and smiled, and their words were full of contempt and mockery of Mark.

After all, Mark is too young.

A fledgling junior, wherever he goes, he is naturally a role that is not valued by others.

But Lu Hua is different.

Lu Hua was the year he was established, and he became famous during his trip to the Americas.

It can be said that the name Lu Hua is the most popular among the entire Amazon rainforest.

No one wants to offend a strong man with great strength and unlimited potential in the future. Therefore, everyone naturally followed Lu Hua's will and tried to belittle Mark to please Lu Hua.

However, the people's previous words caused Lu Yanxi's pretty face and blushed.

She lowered her head, without a word, but with a bitter gaze, with shame and resentment, she glanced at Lu Hua.

Lu Hua quickly explained: "Everyone has misunderstood. Xi'er and I are only friends now, and she hasn't agreed to be my woman."

"Haha~"

"Mr. Lu, you have shouted this evening. As long as you want to, it is not a matter of minutes for this Miss Lu to become your woman."

"Since ancient times, beautiful women match heroes."

"Mr. Lu is young and promising, Miss Lu looks handsome, this is a match made in heaven."

"Am I right?"

A lot of people are booing, and the words are full of respect and flattery.

Lu Hua enjoys this feeling very much. At this moment, she is like a celebrity, respected by thousands of people.

While in Vietnam, although Lu Hua was already well-known in the martial arts circle of Jiangbei, his popularity was by no means as high as it is now.

But now after I went abroad, I suddenly became angry.

This almost made Lu Hua feel unrealistic.

"Where is Mr. Lu?"

"I heard that Mr. Lu Hualu is coming?"

"Where is Mr. Lu?"

Just when everyone was vying to praise Lu Hua, not far away, there were a few hurried and anxious voices.

I saw a group of several people, led by a burly man, came towards here.

As he walked, he looked around, seeming to be looking for Lu Hua's location.

These people, wearing loose robes and a white headscarf on their foreheads, look like South Asians.

Yes, these people are not others, they are the strong Indians who had conflicts with Kong Ming and others before.

The leader is Renault impressively!

“I’m going, Master Renault is here too?”

“It’s not that he was nearly killed by Mr. Lu before.”

“Is it hard to come for revenge?”

Seeing Renault, many people suddenly guessed.

“Where is Mr. Lu?”

“Where is Mr. Lu?”

“I, Renault, personally come today to make amends for Mr. Lu.”

Just when everyone was speculating about the intention of the Indian powerhouse, Renault’s voice had spread throughout the valley.

Hearing this, everyone was just amazed.

## Chapter 2514

“It turns out to be here to make amends.”

“It seems that Mr. Lu’s previous majesty has deterred Renault.”

Many people secretly sighed, but the respect and awe of Lu Hua in their hearts became stronger again.

“Renault, where is Mr. Lu over there?”

At this time, someone pointed to Renault in the direction of Kong Ming and others.

Lei Nuo and other Indian powerhouses immediately turned their heads and looked around. Sure enough, they saw the thin figure standing quietly among the crowd.

Renault was overjoyed immediately: “Mr. Lu, I finally found you.”

“Do you know that it’s been so hard for me to find you for Renault in the past few days?”

Renault yelled from a distance.

But Lu Hua looked at the big man in the distance, but was stunned.

Obviously, he did not remember that he had seen this Renault, nor did he have any impression of him.

“Old Kong, have we met him?”

Under doubt, Lu Hua asked Kong Ming who was aside.

Kong Ming was taken aback when he was asked by Lu Hua’s words, and he stared at Lu Hua: “This Renault, this time the leader of the strong Indians.”

“A few days ago, didn’t you beat him at the hotel?”

“It’s only a few days now, don’t you remember?”

When Lu Hua heard this, he suddenly nodded and said, “So it was them.”

“At that time, I swept away a group of people, how can I know who is Renault?”

“I don’t have any impression of them.”

“That’s no wonder.” Kong Ming nodded, and then said again, “It seems that this Renault was scared of being beaten by you, so I came to you to apologize.”

“Go ahead and greet you.”

“This Renault is also a strong man who is not weak, it is better to give him some face.”

Kong Ming suggested.

Lu Hua nodded: “Well. This guy can be considered to be aware of current affairs.”

“This time, I can spare their lives.”

“However, capital crimes are forgiven, and living crimes cannot escape.”

“This Indian powerhouse killed my uncle, and today I have to make them suffer.”

Lu Hua sneered, and then looked at Lu Yanxi on the side, and said proudly, “Xi’er, look good.”

“In a moment, I will show you the real majesty of your brother Lu Hua!”

After speaking, Lu Hua walked out and printed in the direction where Renault and others had come.

“Mr. Lu, it’s so hard for me to find you for Renault.”

“I thought that such heroes, Renault would miss out in this life.”

“But fortunately, God took care of me and let me meet you here again.”

“Today, I specially led my Indian warriors to apologize to Mr. Lu~”

Renault’s words were respectful and apologetic.

While talking, he bowed and walked forward. The posture is very low.

At this time, in the eyes of Lu Yanxi and others, Lu Hua had already come to this side and came to the front of the Indian martial arts powerhouse.

He stood with his hands up, his chin raised high, and with a very high posture, he said to Renault and the others arrogantly, “Apologize?”

“Now I know I’m afraid, it was early...”

Pop~

Lu Hua’s words just said so, but who would have thought that the next moment, there was only a clear sound.

Renault slapped and drew it directly.

This palm strength is not small.

Just now, Lu Hua, who was holding his hand and standing up to the extreme, was instantly instigated by Renault to the ground.

The body of several hundred jin rubbed the ground and rolled for several meters until it hit a tree before stopping.

“Ciao!”

“Where is the idiot?”

“Don’t get in the way!”

Renault yelled.
