

Chapter 2523– 2524 of A Dish Best Served Cold Novel

Chapter 2523

The boy still had a red mark on his face, but at this time he was pointing to Lu Yanxi's direction, and he said viciously.

And beside him, there was a man who was about the same age as Lu Hua.

He is in a straight suit and well-groomed hair. In short, just looking at the clothes and dressing, he knows that this person is from an extraordinary background, not a child of a rich family, or behind a wealthy family.

Especially the kind of temperament exuding from his body, with a kind of nobility almost carved into his bones.

After the man heard his brother's words, his indifferent gaze immediately looked over and fell on Lu Yanxi over there.

"The woman who beat my brother just now is you?"

The indifferent voice, with an inexplicable majesty and contempt.

That feeling is as if the king is looking down on his courtiers.

The condescending aura made Lu Yanxi's pretty face pale by three points immediately.

"It's because he offended me first." Lu Yan Xi's defensive remark.

"You bullshit!"

"Obviously I took care of your business, where did the offense come from?" The boy retorted immediately.

"You" Lu Yanxi was almost mad at that time.

She never thought that the daughter of her dignified doorkeeper would now be regarded as an escort.

"What's more, you are a mean woman. It is your honor for this young master to see you."

“You don’t know how to be grateful, you dare to hit me?”

“Sin is worth death!”

“Brother, you must not let her go.” The boy said viciously, and then begged the man in the suit.

The young man didn’t speak, but seeing Lu Yanxi’s gaze became colder and colder.

“What do you want to do?”

“I warn you, I can belong to the Yanxia Wushen Temple.”

“If you dare to provoke me, Martial God Temple will not forgive you!”

Lu Yanxi was frowning by the young man’s gaze, and in fear, she had to use the name of the Martial God Temple to suppress him.

However, the young man in a suit suddenly smiled when he heard this.

In that smile, there were three points of ridicule and seven points of contempt.

“War God Temple?”

“It’s really a big background.”

“However, it’s not just this young lady, do you know what kind of existence it is when standing in front of you now?”

A faint laughter echoed here.

The self-confidence and arrogance contained in it are so rich.

At this time, the noise here has attracted the attention of many people.

Because of the search for the Yuanling fruit tree, the powerhouses of all countries have gathered in this small valley.

It can be said that any change in any place will soon be noticed by everyone.

It’s like the current Lu Yanxi’s quarrel with these unknown people.

“Brother Mark, your deceased’s daughter, seems to be in trouble~”

Not far away, An Qi also looked over.

Seeing that Lu Yanxi was in trouble, the little girl suddenly said a little gloating.

Lu Yanxi offended Mark repeatedly, and An Qi naturally didn't like her.

Now that Lu Yanxi is in trouble, how can An Qi be unhappy?

However, An Qi's schadenfreude only lasted a moment.

The next moment, when he saw the group of unknown people, his pretty face changed a bit.

She quickly lowered her head, and then quietly hid behind Mark, as if she was afraid of being discovered.

"An Qi, what's the matter?" Mark seemed to be aware of An Qi's strangeness and asked immediately.

"It's nothing, hehe~" An Qi chuckled, pretending to be nonchalant.

Upon seeing this, Mark shook his head and smiled: "Really a strange little girl."

However, when Mark was talking with An Qi, someone in the crowd suddenly yelled out in shock.

Chapter 2524

"Look!"

"What did you paint on the young man's wrist?"

Huh huh~

With this person's screaming, in an instant, all the people in the valley turned around, and everyone's eyes fell on the young man in the suit.

I saw that under the sleeves of the suit, there were strange lines on the exposed wrist.

The lines were intertwined and entangled, finally converging into two patterns.

One is a cloud-shaped pattern, and above the cloud is a sun-like pattern.

"Floating clouds?"

"Burning Sun?"

"This is"

"Floating Clouds and Sunburst!"

“God, this is a cloud and sun pattern!”

Among the crowd, someone finally recognized it.

With this shout, if the boulder falls into the sea, it will immediately set off a huge wave in this world.

In an instant, all the people present did not change their colors.

The powerhouses of all countries are all shocked!

Reynolds, an Indian powerhouse who is well-known in the martial arts of the South Asian countries, also trembled and his pupils shrank.

“What is it?”

“Floating clouds and sun rays?”

“Could it be that he and the others are from Truman?”

At this moment, almost everyone was shocked.

Many people almost forgot to breathe because of the tremor.

After all, in the martial arts world, Chumen has always been a taboo.

Not only because of its strength, but also because of the fierceness of this sect.

For too long, Chumen has ruled the world of martial arts for too long.

Everyone in martial arts knows the power of Chumen.

You know, this is the only one that can single-handedly challenge the sects of the world!

The Battle of Truman that year swept over hundreds of countries on six continents.

I don't know how many strong men fell under Truman's iron hoof!

The martial arts of all countries were swept away by the powerful Chumen.

It can be said that the Chumen of that year almost dominated the martial arts of the world and opened a branch into every country.

However, afterwards, for unknown reasons, Truman suddenly withdrew his troops.

But even so, for many years later, the martial arts powerhouses of various countries were still in deep fear of being dominated by Truman.

It can also be seen from this that how terrible is the Chumen sect?

Nowadays, seeing people with floating clouds and sun patterns appearing, everyone naturally trembles uncontrollably.

After all, although there are many people under the Truman, there are very few Trumans with the pattern of floating clouds and sun. It is said that there are no more than fifty people in total.

Therefore, every person with this kind of tattoo is a core member of Truman.

It is precisely because of this that the shock of the young man in a suit before him is naturally more intense!

Even Mark himself, there was a slight wave of waves in his eyebrows.

It has been so long since leaving the Chu family that year, and the person in front of him is still the third person Mark has encountered with a pattern of clouds and sun.

The first two, one is Mark's father and the other is his uncle.

The third one is the young man in front of you!

"Who would this person be?"

"Could it be the Chu family?"

Mark was expressionless, and there was endless chill in his deep eyebrows.

The core members of each of the three Chumen households have the pattern of floating clouds and blazing sun.

Therefore, Mark was also not sure which family the young man in front of him belonged to.
