

# Chapter 2543– 2544 of A Dish Best Served Cold Novel

## Chapter 2543

It was only now that he realized what kind of youth they had sinned before.

This is true even for both Kong Ming and Lu Hua, let alone Lu Yanxi in them.

Lu Yanxi was the closest to the encounter just now, so no one can feel the mighty power of the young man in front of him more than Lu Yanxi.

For a long time, the master of martial arts has been an idol belief in her heart.

Her biggest dream is to one day be able to see the grand master's respect.

It is precisely because of Lu Yanxi's obsession with the martial arts master that he has an inexplicable affection for Lu Hua.

Just because Lu Hua is after the master.

If she could become Lu Hua's woman, it would undoubtedly mean that Lu Yanxi had contact with the martial arts master.

However, who would have thought that good luck would make people foolish.

She had looked down upon Mark before, and despised Mark, who actually had the power of a master.

The great master she dreamed of was by her side unexpectedly.

What's more, what made Lu Yanxi extremely regretful was that she had rejected the love of a grandmaster before, and she had missed an opportunity to become the wife of the grandmaster.

Thinking of this, Lu Yanxi only felt a needle-like pain in her heart, and her intestines turned blue with regret.

She only hated her lack of eyesight, her snobbery, and even more hatred that she missed a rare opportunity in a lifetime.

However, when everyone trembled, Mark still stood with his hands under the sky, with a sneer in his eyes.

Binghan's gaze swept across the four directions, and finally fell on Mike Jones, who was in disarray in front of him.

At this time, the young master of Truman, where there is still half of the demeanor and majesty before.

Only panic and horror remained on the handsome face.

Especially when he felt Mark's gaze, Mike Jones trembled unconsciously.

He now doesn't have the arrogance that he had when facing Mark before. He looked pale and said repeatedly: "This woman, take it away."

"Before she beat my brother, and you blasphemed Chumen's majesty, I will not pursue it."

Mike Jones tried to keep himself calm, but when he saw the blood on the ground and the groaning gully in front of him, Mike Jones' words still trembled unconsciously.

But Mark only felt funny when he heard this.

"Account?"

"Master Jones, do you think you are still qualified to be held accountable?"

"You, me and me" Mark only said a few words, but Mike Jones was speechless when he asked, "I" for a long time, and didn't say anything.

Yes, although Mark's words are ugly, the facts are also true.

The seventh elder is dead, and the master is also Mark's defeat.

Even though Mike Jones still has many subordinates behind him, but these people who are not as good as the Grand Master alone, I am afraid that Mark can't stop Mark's blow.

"Then what do you want?"

"Do you want to kill me?" Mike Jones asked Mark with horror in his heart.

"Sir, you have to think clearly."

"I am the Young Patriarch of the Jones Family, and I am also a core member of Truman. If you kill me, have you thought about the consequences?"

“Besides, as you said before, you and I have no grievances in the past, I have no grudges recently, and have never met each other before, so why not step back today?”

“I asked you to take people away, and you also let us leave safely.”

“Why not?”

After experiencing the initial panic, Mike Jones gradually calmed down.

He smiled in a friendly manner, and spoke politely to Mark.

Mark shook his head and snorted.

“Just now I proposed to take a step back. Your eldest master is not happy.”

“Why, now you know to take a step back?”

“What are you doing?”

Mark’s words were harsh, and his tone was extremely ugly, and he didn’t save the slightest face to this wealthy young master.

At that time, Mark’s cold shout made Mike Jones’ old face tremble, and his palms began to shake again: “You are presumptuous, you dare to scold me, I am Truman”

“Don’t give me a trick!”

“If I was afraid of this, the old man would not die just now.”

“Do you think I even dared to kill the elders of Trumen, but do you mind slaughtering a few more members of the Trumen?”

Mark sneered and spoke sonorously, as if the stone fell to the ground, shaking everywhere.

Moreover, every time Mark said a word, the killing intent on his body was full of points.

The torrential chill scared Mike Jones back again and again, until at the end, he squatted directly on the ground with a bang, his eyes full of despair.

However, just when Mike Jones thought he was completely planted this time, who could have thought that a faint voice could be heard quietly among the crowd when he was in a disaster.

“Mark, right?”

“He is my elder brother, to save face, let him go.”

The calm words, with a bit of youthfulness and tenderness, echoed faintly among the valleys.

At this time, the world was silent.

Everyone was taken aback.

Could it be that Mike Jones has a hole card?

Is the current dispute going to be reversed again?

You know, Mark also played in this way just now.

Here again?

Could it be that another hidden boss appeared?

This sudden sound of words undoubtedly attracted everyone’s attention.

At that moment, countless eyes turned around, and everyone’s eyes fell to the source of the sound.

Just when everyone imagined the appearance of this hidden boss, the next moment, everyone was stunned!

Because they found that the person who spoke was just a pretty, lovely and charming little girl.

“What’s the situation?”

“There was a boy just now, but now there is another girl?”

“Is it possible that there are so many young geniuses now?”

Many people were ashamed.

It was Mark himself. After seeing this person, the corners of his eyes twitched fiercely, and he remained silent for a long time.

“Why don’t you speak?”

“Don’t you want to know who I am?”

The girl stood with her hand in her hand, smiling at the corner of her mouth, and “looking down” at Mark in such a condescending manner.

The pretending look and tone were exactly the same as Mark just now.

“Well, who are you?”

Mark rolled his eyes, but he was very cooperative, and he actually asked who the other party was.

“Who am I?” The girl smiled contemptuously, and then said, “I am someone you can’t afford to offend!”

what?

“Angie, are you crazy?”

“Why are you here?”

“What nonsense are you talking about?”

“Hurry up!”

“Are you in the family?”

“Is this a place where you mess around?”

“Hurry up!”

Hearing this, Mike Jones on the side was undoubtedly frightened.

He yelled anxiously, and while reprimanding An Qi, he asked her to leave here quickly, for fear that the killing embryo in front of him would hurt his sister again in anger.
