

Chapter 2549– 2550 of A Dish Best Served Cold Novel

Chapter 2549

However, what everyone did not expect was that it was the moment when the Indian powerhouse crossed this line.

Boom~

A palm print covering the sky fell immediately.

In the skyroar, Renault and the other five people were all slapped flying by Mark.

Among them, the two with the weakest strength were slapped to death by Mark.

His head was like a balloon and exploded.

Yin Hong blood, scattered all over the place.

In the end, two headless bodies lay on the ground just like that.

As for the remaining three people such as Renault, even if they were not dead, they were also hit hard under the palm of the hand.

Among them, Renault only felt that he had broken a few ribs, and the blood in his body was surging, and mouthfuls of blood vomited all over the floor without money.

Even the most powerful Renault is like this, let alone other people?

It can be said that if it weren't for the two dead, who helped them block most of Mark's palm, it is estimated that the three of them would never survive.

After all, Mark's strength is too strong.

The majesty of the master is naturally not what they can bear.

“Lu...Mr. Lu, what do you mean by this?”

“Just now, didn't we say that we are going to form an alliance?”

“But why do you treat us like this?”

“Could it be that Mr. Lu wants to speak without believing? To betray his faith?”

“Do you...you are not afraid of spreading this behavior, ruining your reputation, and being ridiculed by people all over the world?”

“You have a saying in the hot summer that people can’t stand without credibility!”

In the body, the violent stinging sensation was like a flame burning, almost making Renault faint.

However, he still gritted his teeth and stood up stubbornly.

At this time, he looked at Mark’s gaze, which was a little bit more resentful and vicious.

However, due to Mark’s strength, he is still trying to suppress his emotions, trying to make his tone, and behave more politely.

Mark shook his head and smiled at Renault’s words.

“Tell me about Lutheran here?”

“Do you think you are worthy of Indian martial arts?”

“On treachery, on conspiracy, you are the Indian martial arts, but the patriarch.”

“I am famous for five thousand years in the hot summer, and I am ashamed of it.”

Mark smiled faintly, his words were full of contempt, and he didn’t seem to put people like Renault in his eyes at all.

“What’s more, it was Mr. Lu Hualu who just formed an alliance with you.”

“I’m not Lu Hua, so how can I talk about treachery?”

what?

“You... what did you say?”

“Are you not Lu Hua?” Mark’s words caused Renault and others to be taken aback, and their old eyes suddenly widened.

“impossible.”

“At the restaurant that day, didn’t you say that you were Lu Hua from the hot summer?”

“Mr. Lu doesn’t need to even change the ancestor’s surname to fool us.”

“This kind of behavior is not done by a hero!”

The strong Indians didn’t believe it at all, only thinking that Mark was making excuses for his treachery.

“Nothing is impossible.”

“I just borrowed someone’s name just to amuse you.”

“Listen well, my real name is Mark.”

“As for Lu Hua, it’s just an idiot.”

“If you want to know each other, I can introduce it.”

While speaking, Mark pointed forward.

Renault and the others looked around immediately, when they saw the old face Lu Hua, standing quietly among the crowd.

“It’s him?”

Seeing Lu Hua, Lei Luo frowned, his old face twitched slightly.

For this person, Renault certainly has an impression.

Chapter 2550

It was this idiot before, who kept saying that he was Lu Hua, but was kicked by Renault.

Renault had always thought that this idiot was trying to impersonate, but now it seems to be true.

They were all tricked by Mark.

“You... are you really Lu Hua?”

Renault finally asked, confirming to him.

“if not?”

Lu Hua’s words were almost roared out.

At this time, his whole person is almost going to be blown up.

He understands, he understands everything now.

It’s no wonder that he was caught up in a hung up and beaten by someone who had encountered misfortunes inexplicably before.

No wonder, his reputation is so loud in this rain forest.

No wonder Renault and the others didn’t believe that he was Lu Hua before, and they violently confronted him.

It turned out that all of this was Mark, and it was Mark this bastard.

It was he who fraudulently used his reputation everywhere.

He is framing himself, he is corrupting his reputation.

“Mark, you bastard, bastard~”

“You have a vicious heart!”

“You bastard~”

“What am I doing to Nima?”

Lv Huafei almost exploded when he learned the truth.

At that moment, he only felt that there was almost flame burning in his chest, and he even greeted Mark's eighteenth generation ancestors in his heart.

If the look in his eyes could kill people, Lu Hua estimated that he would have cut Mark thousands of times.

“Xiaohua, don't be impulsive~”

“Look at the fate of those people.”

“If you don't want to fall here, it's best not to provoke him~”

Seeing that Lu Hua was already on the verge of rampage, Kong Ming next to him hurriedly pulled him, for fear that this guy would do something stupid and provoke Mark again.

“Yes~ But he...”

Lu Hua gritted his teeth with anger, clenching his fists.

Because of the force, the fingertips almost fell into the flesh and blood.

His heart is almost bleeding!

At this age, Lu Hua has never been so rectified.

He felt that the aggrievedness he had suffered in his entire life hadn't come much at this moment.

However, in the face of Mark's powerful strength, Lu Hua finally held back, without saying a word.

After smashing the strong Indian nation with a palm, Mark's deep cold eyes scanned the surroundings.

This time, all the noise and complaints from before have disappeared.

Everyone, after feeling the gaze that Mark looked at, they all shivered, and their bodies retreated unconsciously.

At this point, no one dared to cross the thunder pond half a step.

That short line, between everyone and Mark at the moment, is like a moat.

After all, it's too cruel!

The boy in front of him was simply too cruel.

Before, everyone thought that Mark's previous words were just talking to scare them.

Unexpectedly, he did what he said.

A slap in the face really slapped to death a number of strong Indians.

Mark's harshness and majesty once again deeply shocked everyone.

"Young.. Master, what should we do, do we want to go there?" Everyone in the Chu Sect, who was always fearless and fearless, also fought back.

"What else can I do?"

"If you are not afraid of death, you go!"

Mike Jones cursed with a dark face, wondering if he was an idiot.

Asking knowingly, I have to say it to make them ashamed again, right?

In this way, the originally noisy valley was surprisingly quiet.

All the teams from all nations standing in front of the long line, watching Mark walk into the waterfall honestly, took the tree-filled primordial fruit into his arms!
