

Chapter 2560– 2561 of A Dish Best Served Cold Novel

Chapter 2560

Mark didn't know where he came to the rainforest. If he were an ordinary person and went into the rainforest alone, with only the jungle of wild beasts, and the boundless silence and darkness, he would have been scared to step forward.

And Mark relied on his own cultivation base, and there was not much fear in his heart.

However, as he got closer to the place where the spiritual power converged on that day, Mark's heartstrings became more tense, and he walked more cautiously.

After all, he didn't know why, Mark always felt that there was something strange along the way.

Moreover, invisible, there was a sense of crisis that always enveloped Mark.

But curiosity and power

Desire still drives Mark to continue deepening.

Mark had a feeling that there must be some secrets hidden in the depths of the rain forest.

Even, most likely, it was a treasure far more precious than the Dollar Ling Guo.

If this is the case, Mark will definitely try his best to get it!

After all, Mark's original intention here was to find a treasure of heaven and earth that would benefit his cultivation.

Dollar Lingguo may be precious, but it is for the strong under the master.

For Mark, this kind of fruit didn't have much use.

Therefore, in the eyes of others, Mark's rainforest trip may be full of harvest, but for Mark himself, it is almost the same as returning empty-handed.

That's why Mark still ventured deeper and explored the place where the spiritual power converged even after obtaining a large amount of primordial spirit fruit.

Finally, after a long time of advancing, the dense forest seemed to come to an end.

The line of sight suddenly opened up!

On the face, there is more refreshing breeze blowing, blowing on people, it is refreshing.

“this is?”

Mark lifted his steps, and after stepping out of the rain forest, he saw a huge lake appearing in front of him.

The lake is blue, like a huge sapphire, inlaid on this ancient continent.

The lake is clear, and the blue sky and white clouds are also faintly visible.

It seems like a realm of the sky.

Moreover, with Mark's eyesight, he couldn't see the end of the lake at a glance.

It is conceivable that the lake in front of you is so big?

If it weren't for the water in the lake, Mark would have thought it was the ocean.

However, there is a small island in this lake.

The rich spiritual power of heaven and earth seemed to be transmitted from that island.

At this moment, Mark looked at his surroundings and suddenly smiled.

“Surrounded by lakes, there are no boats in the eye.”

“This lake has become a natural barrier to this isolated island!”

“It's the grandmaster who came. Before this huge lake, it is estimated that I can only look at the lake and sigh.”

“It's a pity that this lake can stop Grandmaster, but it can't stop me, Chu Tianfan.”

“Today, I have to land on the island to find out.”

“Look at what secrets are hidden in this isolated island?”

Before the lake, Mark stood with his hands in his hands, smiling proudly.

Then, under the Tianhe River, I saw Mark lift up and step onto the lake with one step.

The lake is rippling, causing ripples.

In this way, Mark is like a dragon, walking on the water.

He quickly moved towards the remote island and moved closer.

The speed was so fast that he was born behind him, pulling out a long white mark.

Like a long snake wagging its tail, dragons are everywhere.

If this is the case, Mike Jones and others will probably be deeply shocked.

Because, standing in the sky, walking on the water for a long time.

If you can do this, you are the master, and you can't do it.

In other words, the young man in front of him is the titled master! ! !

Chapter 2561

If you know that Mark's true strength is the titled master level, it is estimated that Kong Ming and others will be frightened directly.

You know, before this, many people still said that in thirty years, Mark is expected to achieve the title.

After all, the existence of the titled grandmaster is even rarer than the grandmaster.

Even Mark and other enchanting geniuses, Kong Ming and others did not conservatively estimate that it would take thirty years.

But now, Mark's strength is actually comparable to a title.

A titled master at this age, no one can't be crazy!

Fortunately, there was no one around at this time, only the breeze and the lake.

Therefore, naturally no one can discover Mark's true strength.

In this way, Mark walked all the way, and walked for nearly half an hour before reaching the isolated island in the middle of the lake.

The speed of the titled master is so fast, but even so, Mark still took such a long time, one can imagine how far this isolated island is from the lake shore.

"It's a rich source of heaven and earth."

"It's even richer than the place where the Dollar Ling fruit tree grows?"

Mark couldn't help being deeply shocked as soon as he landed on the island in the lake.

The strong heaven and earth power around him is almost like the essence.

Moreover, the trees here are also extraordinarily strong.

Any one placed outside is enough to hold up to the level of a century-old tree.

"It seems that this small island is very unusual."

Looking at the bustling vegetation everywhere, Mark couldn't help feeling happy and whispered secretly.

After that, he did not delay any more and continued to head towards the center of the island.

However, at this time

Mark's original vigilance and jealousy have faded a lot.

All this is only because of the unique geographical environment of this isolated island.

Surrounded by the lake on all sides, and there is no boat around, the lake is extremely wide, and there are countless carnivorous beasts such as crocodiles in the lake.

Under this circumstance, unless a titled master like Mark, otherwise, it would be difficult for others to visit this isolated island.

Therefore, Mark has reason to believe that this is an uninhabited island.

Moreover, it is very likely that he is the only one on the entire island.

With such an isolated island, Mark naturally had nothing to worry about.

“Here, it's an excellent place to hide from the world.”

“In the future, you can choose to retreat and break through, and there will be no enemy harassment.”

Mark smiled slowly as he walked, in a good mood.

And as Mark got deeper, the heaven and earth power became stronger.

Until Mark came under a mountain in the isolated island, his original relaxed mood disappeared immediately.

The jealousy and solemnity in my heart surfaced again.

Because he discovered that the environment here has been severely damaged.

The sights are full of ravines.

One of the ravines stretches for a full 100 meters.

Thousands of trees collapsed and shattered, and the sections were extremely smooth, as if they were cut off by someone.

It was the mountain ahead, the top of the mountain seemed to be cut off in half, and the falling rocks scattered all over the ground.

“This section should be caused by swordsmanship?”

“Furthermore, it can cause such destructive power, the opponent's swordsmanship, I am afraid it is extremely strong!”

“It seems that people have already been the first to board here.”

Mark frowned, his expression slightly disappointed.

The ruins in front of him were definitely not a good thing for Mark.

Obviously, there have been fights here.

Moreover, it seems that the time interval is not long.
