

# Chapter 2562– 2563 of A Dish Best Served Cold Novel

## Chapter 2562

In other words, this isolated island has some strong people taking the lead and setting foot here.

So, even if there are treasures on this isolated island, it is estimated that they have already been taken away.

“Ok?”

“Strange, why are there paw prints?”

Among the ruins, Mark looked around.

Suddenly, a huge paw print on the broken wood attracted Mark’s attention.

Because this paw print does not look like a human, but rather like a giant beast.

When Mark was puzzled, he suddenly found a huge corpse lying on the ground not far in front.

After stepping forward, Mark discovered that this corpse was not human, but the corpse of an ape.

The corpse was already cold, and the blood underneath had also dried up.

Mark took a look and found that this kind of orangutan was full of large or small sword wounds, and the fatal wound was in the throat, which was sealed with a sword!

Half of his neck was cut through.

Of course, the most amazing thing is not these terrible wounds, but the huge size of this kind of apes, which is more than ten meters high. It is not an exaggeration to say that they are great apes.

Mark has only seen such a huge creature in a documentary about prehistoric beasts on TV.

Mark didn’t expect that such a terrifying beast still exists in today’s society?

“It is recorded in the Yundao Tianshu that wherever the heavens, materials and treasures gather, there must be beasts guarding them.”

“If it’s not surprising, this great ape should be a fierce beast guarding the treasure of this isolated island.”

“It’s probably because of being nourished by the power of heaven and earth on this island.”

Mark secretly analyzed.

However, all these signs indicate that the treasures have already been listed first.

“by!”

“It’s just another busy day~”

“It’s really bad.”

Mark was very upset and scolded his mother with anger.

Before, he thought he could pick up a big leak this time.

Now it seems that he is thinking too much.

Hard work, and in the end it is just a bamboo basket to draw water, who is not angry?

“The damn interloper!”

“Better not let me run into you.”

“Grabbing Lao Tzu’s things, I can’t kill you when you meet me?”

Along the way, Mark has always been robbing others.

Now, the treasure that reaches his mouth has been picked up by Don’t take the lead, and Mark is naturally unhappy.

In this way, Mark cursed, and then prepared to return.

But at this moment.

Huh~

Suddenly, a gust of wind swept past.

In a short time, Sha Fei walked away, and the vegetation shook wildly.

“Good point, why is there such a strong wind?”

“Does God laugh at me too?”

Mark said casually, but immediately after that, Mark was taken aback.

“No, it’s not wind.”

“This is energy spill~”

Mark’s whole body shuddered, his face immediately dignified.

Then, he turned his head to look in the direction where this elemental force flowed, and found that it was actually coming from the foot of the mountain in front of him.

“Could it be, what is there?”

At this time, Mark’s whole body’s alertness has undoubtedly risen to the extreme, like a bow and arrow full of strings, with extremely concentrated energy, in the veins, qi and blood roll, and on the palm, more power is gathered, and it can be fatal at any time. one strike.

In this way, the vigilant Mark approached the foot of the mountain little by little.

After walking in, Mark only discovered that at the foot of the mountain, there was a deep cave nestled in the shade of trees.

The air current containing pure vitality just now swept out of this cave.

Standing outside, Mark looked intently.

I saw that the cave was long and deep, like a demon from the abyss, with a huge mouth with fangs that opened to the world.

No one knows what is inside this cave?

## Chapter 2563

Huh~

The gloomy cold wind, like a devil’s low roar, blew from the deep cave.

Without the slightest hesitation, Mark raised his foot and stepped in.

How can you win if you don’t enter the tiger’s den?

Now that he has come here, Mark has to go in and find out what he said.

What’s more, Mark didn’t think that there could be any danger on this isolated island that could threaten him.

After entering the cave, Mark walked carefully.

At the beginning, Mark could vaguely see the scene inside the cave by the faint light from the entrance of the cave.

However, as Mark got deeper, the light in the cave was undoubtedly getting dim.

No way, Mark, whose eyes were blackened, could only continue groping and proceed carefully.

However, when Mark walked along this path, the expected danger did not appear.

Unexpectedly, it went smoothly.

However, even so, the dignity in Mark's heart did not dissipate in the slightest.

Moreover, the invisible sense of crisis is getting stronger.

Rustle~

Mark's footsteps on the ground, how vivid is the rustling sound in this lonely cave?

In addition, there was no sound in the entire cave.

There is only a thick darkness like iron!

In this way, Mark has been walking along the cave for a long time.

The feeling of walking alone in the darkness gives people an inexplicable pressure.

Even Mark's dignity in his heart is getting deeper and deeper.

Finally, after I don't know how long, at the end of the line of sight, there is suddenly a glimmer of light.

“Ok?”

“There is light ahead?”

People are longing for light.

For Mark, who had been walking for a long time in the darkness where he could not see his fingers, he suddenly found a little light at the end of his line of sight, which naturally made him extremely happy.

As a result, Mark immediately speeded up his pace and quickly approached the light source.

And as Mark got closer, Mark found that the surrounding space became wider and wider.

In the end, the original long and narrow space suddenly became more open.

However, Mark's joy did not last long.

When he reached the end of this passage, his steps came to a halt abruptly.

On the delicate face, replaced by iron dignity.

Eyes, look straight ahead!

At this moment, the vigilance and fear in the heart rose to the extreme.

Like an enemy!

All this is because a figure appeared less than ten meters away from Mark.

The figure was dressed in a black robe and veiled, sitting cross-legged on a stone platform.

Even if they are ten meters apart, even if this person did not deliberately release their majesty.

However, even so, Mark could still feel the invisible pressure radiating from this person!

Mark could have such a strong sense of oppression, Mark almost instantly concluded that the strength of the man in black in front of him was extremely strong!

Strong and terrible!

At least, it is also the existence of the top ten in the top ten list.

What is the concept of the top ten in the top ten?

You know, there are more than one billion people in the hot summer of the Yangtze River, and so far there has not been a top ten existence in the top ten.

Even Ye Qingtian, the strongest player today, is still out of the top ten!

It can be said that any one of the top ten in the top ten is an existence like a giant of martial arts in the world today.

However, this kind of peerless powerhouse has always been mysterious.

Shenlong sees the beginning but not the end.

Even many of the top ten in the top ten have not heard from them for decades or even hundreds of years.

It's hard to say how many are still alive today.
