

Chapter 2568– 2569 of A Dish Best Served Cold Novel

Chapter 2568

The black-clothed man frowned, staring at the thin figure in front of him who was still fleeing from a distance. Under the veil, he was full of solemnity and fear.

The degree of difficulty of the despicable man in front of him obviously exceeded the expectations of the man in black.

However, even so, she still had no intention of giving up on the hunt.

After all, for so many years, no one has been able to snatch what belongs to her from under her nose!

Thinking of this, the black-clothed man's eyebrows grew colder.

In the end, she resisted the injury and urged the little energy left in her tendons to gather on the palm of her hand.

Afterwards, she raised her long sword and cut it down angrily at the front.

“The extreme of the sword, die!”

Stabbed~

In the cold shout, I saw the vertical and horizontal sword energy stretched for kilometers, and the surging might cut through the void.

That sword light passed through the space at a terrifying speed that almost surpassed the light and cut Mark straight.

The speed of this sword is too fast, and the purple sword flower is only like a purple gas coming from the east.

Almost instantly, Mark was instantly enveloped by a fear of death!

The extreme sense of danger made Mark's hair stand on end.

Yes, the power of this sword made Mark feel the threat of life!

Without the slightest hesitation, almost instinctively, Ye Fanlong's divine body was released directly.

Howl~

The golden light swept across, and the dragon screamed to the sky.

Mark's whole body defense, almost reached the extreme in an instant.

And, more than that, at the same time that the defense was fully opened, Mark urged his body's vitality, and hurriedly hit the master one after another.

Bang bang bang~

The strong wind swept through, and the sound exploded.

Mark's fist strength, under that Jianhua, was instantly defeated, and he didn't even hold it for a second.

Of course, the power of swordsmanship was also offset by this punching force by several points.

And this is enough!

In such a short period of time, Mark hadn't planned that his hastily burst of attacks would be able to block the opponent's sword moves, but as long as he weakened the opponent's sword power, it was enough.

The rest will depend on the Dragon God's body to resist!

However, even if this sword can be resisted, the serious injury is certain.

In today's heyday, he can't stop the man in black with a sword. In the case of a serious injury, there will be no more chance of winning.

Therefore, this situation is undoubtedly a dead end for Mark.

Mark himself knew that no matter whether he could withstand this blow, his final ending might not make much difference.

"Hey~"

"It seems that I, Mark, will eventually suffer from this with hatred."

Mark's eyes were full of despair, and he sighed in his heart.

He once thought that his previous plan was seamless.

However, he underestimated the opponent's strength after all.

He thought that if he severely hit the opponent with a palm of his hand, this person's strength would inevitably be greatly weakened.

Unexpectedly, the opponent is too perverted, so he can fight like this after being injured?

However, just when Mark was in despair, the man in black in the distance was shocked immediately after seeing the golden dragon shadow on Mark.

“this is”

“Yanglong Divine Body?”

“how come?”

“How can he get a dragon body?”

“Could it”

Thinking of this, the black figure trembled fiercely, then immediately raised her head and looked at the thin figure ahead.

At this time, Mark just turned around to resist the sword energy.

It was the moment Mark turned around, and the two looked at each other.

Hum~

For a moment, the figure in black only felt that the world was quiet.

Her delicate body trembled, her pupils shrank, and her brain was almost blank.

“Ye Yefan?”

Chapter 2569

Above the isolated island, the sea of clouds rolled.

On the top of Tianhe, there is a grandmaster standing horizontally.

The storm swept through, and the sword was overwhelming.

However, the black figure in the storm, and the chest under the robe, were violently undulating.

Even if he was disturbed by Mark in his retreat before, and the treasure was stolen by him, the man in black did not have such a gaffe like now.

Yes, she never dreamed that the despicable man who attacked herself just now would be him, this boy?

She didn't even expect that after a hurried farewell, instead of meeting again, she would actually be in this way.

No one can understand the emotions in the heart of this black-robed woman at this moment.

Panicked and surprised, with a faint joy.

But more, still resentment and anger.

“This bastard~”

“Why is there nothing good every time I meet him!”

The black-clothed woman is angry and hateful, and has smashed this guy's heart.

However, after all, when her attack fell on Mark, she was still soft-hearted after all.

With a move of her mind, Zongfeng Jianfeng immediately turned.

Huh~

With fierce sword energy, he rubbed Mark's body and whizzed past.

Mark, who had originally planned to gritted his teeth, discovered this time that the opponent's sword was empty.

“Haha~”

“Is this all empty?”

“It seems that God is helping me!”

Mark was overjoyed immediately, thinking that he was the son of destiny and was sheltered by the destiny.

Then he said nothing and continued to prepare to run away.

However, Mark hadn't been happy for too long.

Pop~

A crisp sound followed immediately.

And Mark was also slapped on the face by the black-clothed woman, and the whole person was directly incited to fly out.

Mark didn't expect that he escaped the opponent's fierce sword by chance, but he did not escape the slap of the opponent's incitement.

However, this is a good thing.

Because although the slap was loud, Mark didn't suffer any injuries, except that there was a scarlet palm print on his face.

Therefore, Mark quickly got up, a little embarrassed, and smiled at the black figure in front of him:

"Your Excellency, we have no grievances and no grudges. I am very embarrassed about the previous events."

"However, this ice spirit fruit is very important to me."

"So, today, no matter what, I have to take this ice spirit fruit away."

"Please also seniors can fulfill me."

"I promise that I will have the opportunity in the future to make up for today's offense."

Mark spoke politely, trying not to irritate the person in front of him.

However, even if she was caught up, Mark still had no intention of returning the ice spirit fruit.

The big deal is just a fight.

If he was afraid and yielded so easily, then he would not be Mark.

"If you grab the treasure, grab the treasure, why did you sneak attack on me?"

"Could it be that you want to kill and overwhelm?"

Under the veil, there was a cold and angry voice from the gray-robed woman.

When she said this, her palms clenched.

What happened just now made her tremble with anger when she thought of it.

She was practising well, and being forcibly interrupted and snatched the treasure made her extremely angry, and what is even more hateful is that the other party even attacked her and seriously injured her when she was in danger.

This is also Mark, if she were someone else, she would have broken him into pieces!

Moreover, even if she recognized the boy in front of her, she still slapped him fiercely.

Because if you don't smoke him, it's hard to quench your anger.

After all, this bastard is too shameless!

It's shameless~
