

# Noble Husband At the Door Chapter 257

Samuel frowned somewhat and stated in a chilly voice, "You just see the video game as well as don't claim anything. If you surrender before the outcome is determined, is this your personality?"

His words made everybody speechless. They could only consider Samuel angrily.

Shangguan Heibai grinned coldly. In Samuel's body, he assumed it was a poor step because it was Wang Mao's adherent.

"Grandpa, he's so handsome." At this moment, Tian Ling'er whispered in Tian Changsheng's ear.

All the participants of the association could not state a word to refute him. In addition, facing such a master as Shangguan Heibai, he was not shy at all.

The much more superb he was, the even more worried Tian Changsheng was.

Such a person would never ever be a good-for-nothing. It was difficult for him to wed right into the Sue family, or was there some sort of purpose?

Furthermore, it was obvious that Tian Ling'er had fallen for him. This was additionally a risk to Tian Ling'er.

It was a double-edged sword that hurt individuals and also himself.

"Is that so? He's so ugly, which part of him is so handsome?" Tian Changsheng pursed his lips and also stated.

Tian Ling'er frowned with dissatisfaction as well as stated fiercely, "Grandfather, your beard has grown once again."

Tian Changsheng was so frightened that he shivered. He quickly covered his chin and also stated, "Handsome, he's fairly good-looking. How can my granddaughter have poor preference?"

Hearing this, Tian Ling's emergency room was pleased. What a pity! The old master of the Incredible household had such a high condition in Cloud City, but he was in fact intimidated by a little lady.

When the chess video game was about to end, everyone noticed that Shangguan Heibai and Samuel's expressions had gradually come to be austere. Also though Shangguan Heibai still had a benefit, Samuel seemed to be slowly reclaiming his advantage.

Could he win against Shangguan Heibai? If he shed to this young male, would not it tremble the whole Chinese's circle of Go gamers?

Wang Mao's face was flushed red. Even when he was playing chess with Shangguan Heibai, he had never ever let Shangguan Heibai be so significant before. This kid's stamina was really as well solid!

Just then did Wang Mao recognize how big the space in between him and Samuel was.

Who was this young man? He was so young, however he had such high achievements in Go. It was actually difficult to think of.

That day, when Changsheng noticed Wang Mao taking a look at Samuel in shock, he could not help yet feel a little proud. An irrepressible suggestion had actually developed in his mind.

He was amazing, had not been he? He's my master!

Tian Changsheng had not expected that simply a couple of days back, he really did not wish to be apprenticed, however after such a brief period of time, his thoughts had altered a lot, and also he took pride in it.

Everybody lacked breath as they watched the circumstance on the chessboard modification. They were so nervous as if they were playing chess. They suddenly hoped Samuel would win, due to the fact that it would certainly be an item of big information, and Cloud City can also depend on Samuel to go far in the circle of chess.

There was still a void in between Samuel and Shangguan Heibai. In the long run, he was beat.

Shangguan Heibai, who had actually won, was not pleased at all, because in his opinion, he must win a large fight. If he was provided a couple of even more years or a decade, Shangguan Heibai knew that he would certainly not be a suit for him.

Samuel breathed a sigh of alleviation and said, "I've attempted my finest to control it within 10 eyes. Elderly Shangguan is without a doubt a master."

What he stated appeared to be modest, but in fact, it was a put in Shangguan Heibai's face.

Shangguan Heibai gnashed his teeth and also claimed, "Wang Mao, he's not your disciple, isn't he? I really did not assume you 'd discover a person to aid you."

" Shangguan Heibai, your function of pertaining to discover me this moment is not pure. Don't fret, I will certainly never ever inform any person regarding this," Wang Mao claimed with a smile. He was extremely satisfied that he can force Shangguan Heibai to this extent.

" Humph, let's wait and see. If you have the capacity, let him take part in this year's Go competitors as well as compete with Ouyang Xiujie," Shangguan Heibai claimed coldly.

" It's simply a leisure activity. I will not participate in any kind of competitors. As well as he ... I do not take him seriously."
