

Chapter 2574– 2575 of A Dish Best Served Cold Novel

Chapter 2574

“by!”

“Isn’t it?”

“I just ask, don’t tell me if I don’t want to say it.”

“No need to do it?”

Feeling the strong killing intent behind him, Mark was almost scared to urinate at the time, and the corners of his eyes couldn’t help but twitch.

He didn’t expect that he had a good conversation just now. If you turn your face, you will turn your face. Bitters are quick to turn the book.

Can’t afford to provoke~

Mark wailed and fled madly with wind on the soles of his feet.

Behind him was a shameful after-rhyme, brandishing a long sword to continue chasing Mark.

However, what Mark didn’t expect was that this Yu Yunlian moved lightly, stepping into the sky, just chasing Mark by no more than a hundred meters.

Suddenly, after hearing a chuckle, Yu Yun’s body trembled, and a mouthful of red blood poured out from her mouth.

Between the Tianhe, there are gusts of breeze, and there are red dots.

At the eye, the rich scarlet, if only a little bit of blossom, falls with the wind.

And Yu Yun’s delicate body, like a leftover leaf in the wind, fell from the peak of nine days.

“After Rhyme~”

Mark was shocked when he saw this.

No longer worrying about fleeing, he turned and rushed over, grabbing Yu Yun into his arms in the air, and then Mark held the beautiful woman in his arms and landed steadily.

“Yu Yun, what’s wrong with you?”

“Wake up, don’t scare me~”

Mark shouted anxiously.

I saw the beautiful woman in her arms at this time, her pretty face was pale, she had no blood, her once stunning face, but now she was haggard like a piece of pale paper.

The black dress is full of red dots.

The breath was intermittent and very weak.

The appearance of Yu Yun undoubtedly frightened Mark.

Without saying anything, he quickly checked Yu Yun’s physical condition.

However, it doesn’t matter if you don’t investigate, Mark’s expression will undoubtedly become solemn after this investigation.

It turned out that Mark’s attack on Yu Yun’s palm in the cave was not without effect.

But it is true, and it has severely damaged the after-rhyme.

Think about it, even if Yu Yun is strong in her own right, she was in a state of in-depth training at the time, and she was unsuspecting.

That is the after-rhyme, just like a warrior who took off his armor, was suddenly slapped by Mark, and it was strange that he was not injured.

Of course, there was still room for Mark’s palm at the time, just to hurt Yu Yun, and it wouldn’t threaten her life or the roots.

If this after-rhyme was attacked by Mark and healed immediately on the spot, it would be completely restored within a few days.

However, this stupid woman was very stubborn. In order to chase Mark, regardless of physical safety, forcibly suppressing her internal injuries, she chased Mark for a whole day.

With such a huge consumption, Mark, who was unscathed, couldn’t hold it anymore, not to mention the aftermath of being seriously injured.

However, he could still almost slaughter Mark with a badly wounded body, which also shows the strength of the woman in front of him.

But after all, she consumed too much and overdrawn too much. Mark's sorrow just now made Yu Yun feel anxious for a while, and once again involved her injuries.

This time, Yu Yun finally couldn't hold it anymore. The overdraft of the body and the aggravated injury eventually caused this unbeatable woman to fall into Mark's arms.

"Hey~"

"Another ruthless character."

Mark shook his head and sighed.

After that, he didn't dare to delay, and quickly picked up the beautiful woman in his arms and set off in the air.

Chapter 2575

Yu Yun was injured too badly, and Mark must help her heal her injuries as soon as possible.

Otherwise, once the foundation is damaged, it will undoubtedly greatly damage Yu Yun's cultivation base, and may even threaten Yu Yun's martial arts future.

For so many years, Mark has seen too many warriors, and because of severe injuries, the foundation of martial arts was destroyed, and finally it was difficult for his cultivation base to advance.

If it was because of herself that Yu Yun lost her future and future, it is estimated that Mark would not forgive herself until he died.

Huh~

At the top of the sea of clouds, a beautiful young man, holding a graceful woman in his arms, whizzed past.

The speed was so fast that Shengsheng pulled out afterimages in the air.

The wind and waves brought up, blowing up the dense forest under your feet unceasingly swaying.

The leaves rustled, and the flying clouds passed by.

On the isolated island, the waves of leaves that were scraped up, layer upon layer, flew endless birds.

In this way, the anxious Mark returned to the cave where he had encountered Yu Yun almost at his fastest speed.

Boom~

After Mark entered the cave holding Yu Yun, he slapped the stone walls on both sides with a palm.

Rocks rolled down, flying sand overflowed.

Soon, the entire hole was completely blocked.

As for Mark, he took Yu Yun into the cave with peace of mind, and then cautiously laid her flat on the stone platform where she had previously practiced.

After that, Mark didn't delay any more, gently lifted Yu Yun's delicate body and let her sit cross-legged in front of him.

Afterwards, Mark held his breath and concentrated his breath, lightly hitting Yu Yunxiang's shoulders with his palms, and followed Mark's arm with a stream of pure and strong infuriating energy into Yu Yun's body.

A few hours later, Mark, who was exhausted and exhausted, regained his power.

Without the after-rhyme of relying on, he fell into Mark's arms.

Just like this, another half hour passed.

The beautiful woman in her arms finally opened her eyes.

"you're awake."

Mark smiled happily, there was still cold sweat on his forehead, and his delicate face was also a bit tired.

When I found myself lying in Mark's arms, there was a slight panic in his heart, and he quickly got up and left.

However, with this violent action, she was injured again, her eyes turned black and fainted several times.

"Don't move."

"You hurt so badly, I just temporarily protected your heart."

"If you make a mistake, your foundation will be ruined."

Mark hurriedly reminded that there was worry in his words.

Yu Yun seemed to have some understanding of her own situation, and she did not show too much surprise for Mark's words.

She just looked around and wondered: "Where are we?"

Perhaps it was because of being too weak, Yu Yun was so weak even to speak.

"It's the cave where you retreat before."

"Don't worry, I have sealed the cave, no one can disturb us."

Mark soothed.

However, after Mark's words fell, the air suddenly stagnated for a few minutes, Yu Yun's pretty face, a faint blush appeared, and she turned her head and stopped looking at Mark.

Mark realized that he had made a mistake, and quickly explained: "Uh...that, I mean, it's safe here, no one will attack you again like me."

Mark smiled awkwardly.

However, now is not the time to be embarrassed.

After Mark finished speaking, he took out the ice spirit fruit in his arms and gave Yu Yun: "Okay, don't waste time."
