

Chapter 2586– 2587 of A Dish Best Served Cold Novel

Chapter 2586

He stepped on the void, and soon disappeared from the end of his sight.

However, even if this person has been away for a long time, the emotions in Leiluo and others' hearts are slow to calm down.

They raised their heads and looked at the direction the man had left. After a long time, they sighed with emotion.

“Is this the majesty of the titled master?”

“I don't know if Lei Luo is in this life, is it possible to stand at the same height as King Yintian?”

In the faint words, there was an inexplicable emotion.

There is respect, admiration, and endless pursuit and desire for power and power.

“Let's go, let's go over and take a look.”

“Maybe, there is still a place to help the king of heaven?”

Leiluo suggested, and then the defeated generals of the Indian martial arts, even rushed toward the depths of the dense forest.

It is estimated that Mark and the others would never have thought that an energy spill during Yu Yun's retreat caused such a big wave in the entire Amazon rainforest.

It can be said that as long as the strong who felt this energy fluctuation, they all gathered in the direction of the island in the center of the lake.

After all, the treasure is touching.

For these warriors, the biggest temptation is something that can enhance their strength.

Now, this temptation is right in front of my eyes, and I can't resist it naturally.

Soon, in just a few days, the powerhouses of all countries have gathered on the shore of the Long Lake.

Behind him is an ancient tropical rain forest stretching thousands of miles away.

In front of him, there is a wide lake with no bottom.

After the warriors of all countries walked here, they all stopped.

“Old Kong, what should I do?”

“There is no way ahead.”

On the shore, Lu Yanxi said in a low mood.

In the perception of everyone, the direction from which the energy came was surprisingly the small island in the middle of the lake.

Seeing now, everyone is trapped by the lake, and there are no bridges or boats around, so it is impossible to go to the island.

Kong Lao frowned, as if thinking about a countermeasure: “If it is not what I expected, there is some unknown secret in Dingzang on the lake island in front of him.”

“This kind of isolated island is also the place where treasures are most likely to be born.”

“It’s just that the shore is too far from the island in the middle of the lake.”

“This distance cannot be crossed by manpower alone. I can only find a way to use some tools.”

Kong Ming said in a deep voice while looking at the island in the middle of the lake that looked like a black dot at the end of his sight.

When the strength reaches their level, using the true energy of the body, it is still possible to walk in the water for a short time.

However, after all, it is not on the ground, running on the water is extremely gas-consuming.

It is because of Kong Ming’s decades of skill, it is estimated that it is the limit to be able to walk for 20 minutes.

But obviously, this time is not enough to support Kong Ming’s arrival at the small island in the middle of the lake.

It is estimated that even a strong master in the realm of masters can hardly step on the water to reach the small island in the middle of the lake in one breath.

The same predicament not only plagued Kong Ming and his party, but the rest of the powerful people from various countries who rushed here can only stop here, looking at the lake and sighing.

The lake is too big, and the misty lake in front of you is like a moat, blocking the powers of these countries who are going to hunt for treasure.

“Kong Lao, is there really nothing we can do?”

“I’ve been here, I can’t go back anymore,” Lu Yanxi said unwillingly.

Kong Ming shook his head: “There are still ways, but it’s a bit stupid.”

“Oh?”

“any solution?”

Lu Hua and Lu Yanxi both brightened their eyebrows, and both looked at Kong Ming.

Chapter 2587

Kong Ming pointed to the thousands of trees behind him, and smiled bitterly: “What else can be done?”

“Naturally, logging and shipbuilding.”

“This~” Lu Hua and Lu Yanxi’s eyes twitched, and then they laughed bitterly.

Yes.

In addition to this most primitive way, they really have no other way.

In this way, the powerhouses of various countries gathered here all used their own methods to start logging and shipbuilding on the spot.

Of course, to say that it is shipbuilding is actually just a simple raft.

The process is not very complicated. Once the trees are selected, they can be done very quickly.

Some powerful people with great skill directly step on the canoe and cross the river with a “wood”.

In just half a day, dozens of simple rafts were launched on the lake.

Then, the strong from all countries rely on manpower to mobilize the raft to move slowly towards the small island in the middle of the lake.

The magnificent scenes are just like hundreds of people vying for the flow.

However, crossing the river in this way is naturally much slower.

It is estimated that it will be dark when they reach the island.

Naturally, Mark didn't know the scene here.

At this time, he was still in the cave, guarding for Yu Yun.

Perhaps because the ice spirit fruit's energy spilled too much, Mark resolutely discovered that the temperature in the entire cave had dropped a lot.

Even with Mark's physical fitness, he actually felt a bit of chill.

"This ice spirit fruit will not be an ice attribute spirit fruit."

"The chill contained in it alone is probably not something ordinary people can withstand."

Feeling the bursts of icy power that spilled out of Yu Yun, Mark was secretly frightened and whispered from the side.

In this way, Mark was in the cave mansion again, guarding the lingering rhyme for several hours.

However, the woman in front of her still showed no signs of waking up.

And the longer the time is, the worry in Mark's heart will undoubtedly grow stronger.

"Why are you still not awake?"

"How many days have it been?"

"Isn't something going wrong again?"

Mark was secretly worried.

However, Mark also knew that it would be useless for him to worry about this situation.

Success or failure is just Yu Yun's own good fortune.

No one can help him.

After thinking about this, the irritability in Mark's heart gradually calmed down.

However, Mark's state of mind did not last long.

Suddenly, Mark seemed to be feeling something. He who was sitting on the ground suddenly got up, and his eyes suddenly looked in the direction of the hole.

In the eyebrows, a few dignified touches immediately appeared.

"It's time to come, it's coming after all."

Mark shook his head and whispered.

He looked at the front, then looked at the Yu Yun with his eyebrows closed behind him and still in a deep cultivation state, and said softly, "Don't worry."

"No one will bother you again this time."

Mark said softly, as if talking to himself.

Afterwards, he no longer hesitated, and immediately raised his steps and walked to the outside world.

Outside the cave, there are already strong men who have fumbled here.

Looking at the mess all over the ground, the corpse of the giant ape, and the sword marks and gully that almost penetrated the mountains and rivers, many people were shocked.

"Oh my God!"

"This... what happened here?"

"Could it be that you have experienced a battle?"

"However, how strong is the strength of both sides in the battle to cause such destructive power?"

.....
