

Chapter 2594– 2595 of A Dish Best Served Cold Novel

Chapter 2594

However, before Mark could reply, An Qi immediately yelled at the Australian martial artist like a cat with blown up fur.

However, no one cared about a little girl's words, and was ignored by everyone.

This undoubtedly made An Qi's face flushed with anger, and finally had to turn to his brother for help.

“Brother, you tell them that if they bully my Mark brother, our family will send the strong to destroy them.” An Qi said angrily at Mike Jones.

However, An Qi didn't get support from her brother, instead she got a reprimand.

“Angie, stop messing around.”

“Don't give me back yet~”

Mike Jones growled sternly.

Although he didn't say this clearly, he undoubtedly showed his attitude to everyone.

That is, their Chu Sect would not stand on Mark's side.

“Haha~”

“Mark, you don't really expect Master Jones to help you, do you?”

“You killed Elder Truman, and you will become enemies in the future!”

“What's more, your behavior today offends all of us.”

“So, I ask you one last time, do you really want to stand on the opposite side of all of us?”

The Australian warrior said again, and the last sentence was even one word.

The faint threat is particularly clear.

The powerhouses of various countries did not speak, and apparently all tacitly supported the Australian martial artists, in order to oppress Mark to make concessions.

But unfortunately, their wish fell through.

Facing the threats from the martial arts of Australia, Mark turned a deaf ear to them, and even Li didn't even bother to pay attention to them.

Mark's ignorance undoubtedly completely angered the strong Australians.

"Well, Mark, it seems that you insist on being an enemy of the whole world?"

"If this is the case, don't blame us, use more to deceive less."

The Australian warriors drank angrily, and then they turned around and faced the powerhouses behind them.

"Everyone, I must have seen what happened just now."

"This hot summer kid, who claims to be strong, will unscrupulously amass wealth and treasure."

"In the case of dozens of Dollar spirit fruits that have already been robbed, I still want to occupy the treasure in this hole."

"Greed is overwhelming, man and god are angry."

"For today's plan, we are the only one to join forces to punish him."

The deep voice echoes here in the world.

At the moment his words fell, the powerhouses of all countries responded.

"that's right!"

"This hot summer guy is deceiving too much."

"Last time, the Dollar Lingguo snatched it, and the powerhouses of our countries retreated."

"This time, if we retreat again and spread it out, won't the whole world laugh at it?"

"Speaking of so many of us, we are still afraid of a child who is still wet."

....

"Yes, everyone joins forces!"

"Join to kill him~"

.....

"Join!"

For a time, the sentiment was infuriated.

The strong from all countries responded, and this time, Mark completely aroused public anger.

The Australian martial arts people saw this and immediately smiled triumphantly.

Australia and the summer martial arts are at odds.

Now Mark has repeatedly badd their good deeds.

The people of Australian martial arts naturally hate Mark.

Naturally, they will not let go of this good time.

Therefore, he took the lead against Mark.

“Everyone, those who want to grab the treasure, follow me quickly!”

Wow~

In an instant, countless strong men rose to the sky.

The war is about to start.

The whole world is just like a pot of boiling water, boiling vigorously.

“Master, what shall we do?”

“Do you want to shoot too?”

Seeing that everyone was besieging Mark, the Chu Sect powerhouse was undoubtedly ready to move.

Chapter 2595

Mike Jones shook his head and whispered, “Wait and see.”

“Master, don’t wait anymore.”

“If you want to avenge the elders, this is a once-in-a-lifetime opportunity.”

“We are the powerful of the Chu Sect, and those who unite the martial arts of all countries, we will surely be able to frustrate this summer junior!”

These Truman experts thought that Mike Jones would nod his head without hesitation, but they didn’t expect that this kind of answer was waiting.

“shut up!”

“What do you know?”

“Give me a good life.”

“You are not allowed to do it without my order!”

Mike Jones shouted in a deep voice.

At this time, he chose to wait and see, naturally with his considerations.

He is not a person who likes to offend. If he is not 100% sure of someone who is stronger than himself, he will never act rashly.

Just like Mark now.

It stands to reason that even though he is a great master, he still faces the combined attacks of dozens of powerful masters.

There is absolutely no guarantee of peace.

But looking at Mark, he was too calm.

Calm, it can be said that something is abnormal.

The appearance of Mark had to arouse Mike Jones’s suspicion.

Does this young man have any strong cards?

It was out of such scruples that Mike Jones was not in a hurry to start.

He planned to wait and see for now.

Wait for the right time to make a move.

If you don’t make a move, you will have to give Mark a fatal blow.

Strive to kill with one blow.

Boom~

Just as Mike Jones was planning in his heart, the crowd in front of him had already gathered together.

“Palm palms!”

....

“Cinch mountain cut!”

....

“Buddha Seal~”

.....

One after another anger sounded, and one attack after another bloomed.

For a time, on this isolated island, it was like eight immortals crossing the sea, each showing their magical powers.

Soaring vigor, like a storm, gathering crazily!

“Kong Lao, Yan Xi, what are you waiting for and take action?”

“This bastard humiliated us as before, now, his retribution is coming!”

“Haha~”

At this time, the happiest person among the crowd is undoubtedly Lu Hua.

While he laughed, he rushed forward, and the energy gathered between him, and he also punched Mark.

Kong Ming and Lu Yanxi were hesitant.

Although they have fallen apart with Mark now, after all, Mark is from Yanxia.

Moreover, Mark had helped himself before, so Lu Yanxi couldn't make this move for a long time.

“Ok?”

“Why don't you two make a move?”

“Could it be that you are also with him?”

The Australian warriors have been paying attention to these hot summer people.

After all, they were all born in the Yanxia martial arts, and no one can say whether these Yanxia people would stab a knife in the back while everyone was dealing with Mark.

“No, no, don't get me wrong.”

“Mark has already severed relations with us.”

“When the valley robbed the Dollar Ling Guo before, you didn't see it.”

It seemed that he felt the hostility from everyone, and out of self-protection, Kong Ming quickly explained.

At the same time, he turned his head and winked at Lu Yanxi, indicating that Lu Yanxi would also follow the crowd to make a shot.

In this case, it is better to follow the trend.

Otherwise, it will definitely become the target of public criticism and be implicated by Mark.

In the end, Kong Ming and Lu Yanxi, who were forced to be helpless, also joined the lineup to besiege Mark.

However, the two of them obviously didn't do their best, they just did a little bit.

However, even so, under the concerted efforts of these many people, the momentum that was set off was extremely great.

Countless powerful attacks converged into a stream, swept towards Mark with an overwhelming momentum.
