

# Catch Me If You Love Me

## Chapter 26

What responded to her was the screaming of the phone, the sound of police sirens, and even the sound of an ambulance.

Then, the phone rang an anxious female voice.

“Hey, who are you the owner of this mobile phone? He was in a car accident and the situation is very serious, just...”

Zoey Gu trembled all over, and the phone instantly fell to the ground.

Snapped.

.

Central hospital.

When Zoey Gu arrived crazy, the operation in the emergency room was at the end.

The door opened, and a nurse quickly walked out of it.

Zoey Gu stepped forward and grabbed the nurse’s hand, and asked tremblingly.

“Is the man inside who was in a car accident 500 meters away from the hospital? How is he? Is there...”

The nurse frowned and pulled out her hand, and looked up at her.

“Who are you?”

Zoey Gu stood up straight, looked up, and said hesitantly, “We... are friends.”

The nurse sighed when he heard the words, and said with some regret.

“It’s a pity to be such a young person. The brain is seriously damaged, and it is a vegetative person. No one can tell when he will wake up.”

“The big truck came from the front and directly pressed him with the people and the car underneath. It is fortunate that he was not crushed. The driver who caused the accident has been taken away.”

Vegetative...

Zoey Gu's figure shook, and his whole body instantly fell onto the bench behind him.

"Miss." The nurse hurriedly gave her a hand, "This is the end of the matter, so don't be too sad."

sad?

There is no hope of meeting with relatives, and the only tracing detective who knows about them becomes a vegetable.

How could she describe her life as "sad"?

Zoey Gu blushed, lowered his head and stretched out his hand to cover her face, sobbing desperately.

How to do?

What should she do?

At this time, a sound of footsteps steadily stopped beside her from far to near.

An icy voice rang.

"He became a vegetable, you are sad?"

Hearing the familiar voice, Zoey Gu suddenly raised his head, and instantly met a pair of Sen's cold eyes.

There are two people in front of a line.

Liam Lu stood in front of her in a suit and leather shoes, his eyes throbbing with anger, and two bloody bank cards were sandwiched between one knuckle with distinct knuckles.

That was what she asked Liam Lu personally, and then paid the five million to the missing detective. Why?

"Curious how did the bank card I gave you fall into my hand?" Liam Lu asked abruptly.

Before Zoey Gu could speak, he raised his hand and smashed the card severely into her face.

"Zoey Gu, you are so cheap!"

The blood on the card instantly touched Zoey Gu's face, making the face pale as snow.

With flushing eyes, she looked up at him blankly, as if she didn't understand what he meant.

“Miss Gu.” Anna Yun beside Liam Lu opened his mouth.

It is still that elegant and calm face.

“Liam is a man with a successful career. I don’t mind playing outside before getting married. But you can’t take the money he gave you to another man. If something happens today, you How many do you plan to raise outside?”

Zoey Gu’s eyes widened suddenly, he stood up from the bench and looked at Anna Yun inconceivably.

“what are you talking about?!”
