

## Chapter 261

At this time, the towering castle.

Suman slapped his tablet on the table, and the screen broke.

The broken glass pierced her hand and made a long cut, but she didn't feel the pain.

The small face with delicate makeup flashed a trace of evil.

Li Fengbei proposed to Wenqiao? In front of all the people in the city, it's noisy!

Not long ago, she was his fiancée. Because of her identity, which woman doesn't envy her? Who doesn't respect her?

But now Li Fengbei announced in front of people all over the world that she was just a woman abandoned by him!

These people hurt her, these people die!

For a moment, her face turned pale and she was short of breath, like a drowning person.

I'm sick again!

She pounced on the bag and knocked over the chair.

She turned out all the things in the bag, found the medicine, poured out a few and put them into her mouth.

After taking the tranquilizer, her mood gradually calmed down.

She squatted on the ground, her fingers holding the white medicine bottle tightly, and her beautiful eyes were full of evil light.

Why has she been sick since she was a child?

Why does he put her love on his belt when she loves him so much?

Why is winjo so lucky?

She took out her cell phone and called sister LAN. As soon as she got through, she screamed out of control: "what about that woman five years ago? I want to see her now

Voice on the phone with a trace of hesitation, "Miss, I'm sorry..."

"What do you mean?" Smell speech, Su man's face becomes twisted, "that woman?"

Lan Jie thought of the results of the investigation and raised her eyes, revealing a trace of dignity.

If all this is true, she dare not imagine the consequences. She can't tell Suman the result until she gets the exact information.

"I've just returned to China. I need some time to check it out!" She made an excuse.

Suman obviously didn't believe that.

She said excitedly, “excuse! It’s all excuses! You just don’t want to help me! Do you think I’m not Li Fengbei’s fiancée and have nothing? So you won’t help me!”

Elder sister Lan said helplessly: “first, please calm down, I don’t mean that!”

“I won’t listen!” Suman covered his ears bitterly. “I don’t want to listen. I just want the woman wenjo to disappear from him!”

“Well, miss, leave it to me. You don’t need to worry about it any more.”

When he hung up, Suman sat on the ground and sneered.

She believes in Lan Jie’s ability. If it wasn’t for the thing she did five years ago, she would never have been Li Fengbei’s fiancée.

But she even began to perfunctory themselves, it seems that she still need to do something?

She was sure that if she didn’t do anything else, she would soon be driven out of here by Li Fengbei.

Suman asked for a phone call from Beiqin and said, “where are you now? I want you to do something for me

After giving orders to Beiqin, she washed her face and went out disguised.

Now, her biggest weapon is Ann, so she must make good use of ANN now.

She drove herself to the kindergarten to meet Ann.

Alice kindergarten, the school gate towering spectacular, but she looked a little strange.

In her impression, this is the first time that she has come to pick up An’an from school alone. She has been to Li Fengbei several times in the past. But at that time, her whole attention was on Li Fengbei. How could she notice anything else?

After waiting for a while, the door of the campus slowly opened.

Suman immediately put on a smiling face, pushed the door open and walked past.

The servants of the castle will go to the kindergarten one hour early to pick up Chenchen and ANN. When Suman goes by, the servants have already taken Ann’s schoolbag.

Seeing Suman, the servant was stunned for a few seconds, “Miss Suman.”

Suman light smile, toward the servant stretched out green fingers, “give me the bag, today I pick up Ann school.”

Suman is Ann’s mother, so the servant dare not talk much.

Put the bag in Suman’s hand and lead Chenchen to Li’s car.

Ann’s small body shrunk for a while. When Chen Chen turned around, she grasped Chen Chen’s sleeve.

Chenchen doesn’t like Suman very much. At the moment when she sees Suman, she wants to leave immediately.

Feeling a little hand holding his clothes, he stops and looks at Ann's little hand holding his sleeve.

Even through the clothes, he could feel her panic and reluctance.

His eyes fell on An'an's flustered face, frowning slightly and thinking.

"Ann, don't you want to go with her?" He lowered his voice and asked suspiciously. Ann hesitated and nodded.

Chenchen's small eyebrows wrinkled deeper. The next second, he stepped forward and blocked Ann behind him.

He looked up at Suman and said coldly, "Ann, come home with me in the same car!"

Suman looked at Chenchen's handsome face, which looked like a fierce north, and his jealousy spread like poison.

Suddenly, she reached out and pushed Chenchen hard, yelling: "you are a child, what do you know? Ann is still my daughter. You are not in charge of my affairs!"

Everyone didn't expect that Suman, an adult, would bother with a child and push Chenchen.

When they got back to their senses, they went to help Chenchen in a hurry.

Chenchen's buttocks are on the ground, and his eyebrows are wrinkled because of eating pain, but he waves his hand and refuses everyone to come and help him.

The next second, he got up calmly and patted the dust on his school uniform.

Ann anxiously about to cry, holding his arm and looking left and right, "brother Chenchen, are you ok? Where the fall hurt, I give you Huhu, Huhu will not hurt!"

Smell speech, morning morning shallow lip corner twitch twice.

He fell on his ass, okay? Give him a whoop? Is she stupid?

Such a stupid person, no wonder even his mother is afraid!

He's not a meddler, let alone ANN is Suman's daughter. Intuitively, he doesn't think Suman will do anything to Ann.

But looking at Ann's uneasy appearance, a trace of intolerance flashed in his heart.

He looked at Suman, his bright eyes were clear, and his cold voice was the same as that of Li Fengbei, "an an doesn't want to go with you, can't you see?"

Suman has never been so hated, let alone a child!

Sure enough, the child of cheap life is also a bitch!

"I'm your elder. How can you speak to me in such a tone? Since you have no one to teach you, I'll educate you for your mother!"

Suman was so angry that he wanted to slap him in the morning.

Chenchen was retreated by her just now because she was caught off guard and underestimated the brazenness of this woman. How can she beat her now.

Chenchen dodges and holds an an's hand. "Ignore her, let's go!"

"Don't go!" Suman's eyes were fierce and he grabbed Chenchen's shoulder.

Rao shichenchen is no longer afraid of Suman, but he is a five-year-old boy. He is not Suman's opponent when he really starts. However, the servant has been so anxious that he stays aside and doesn't know what to do next?

Chapter 262

Ann worried that Suman would hit Chenchen, so she quickly freed her hand from Chenchen's palm and said, "brother Chenchen, I want to go home with mommy. Go back by yourself!"

Chen Chen looks at her with an eyebrow. "Are you telling me the truth?"

"Really An an shows a smiling face to him, "I'm gone, you also go back quickly! See you at home

With that, Ann took Suman's hand and said, "Mommy, let's go!"

Suman released Chenchen's shoulder this time and patted Ann's head, "don't go too close to this boy, you know?"

An'an felt sad. She glanced at Chen Chen, but she nodded her head cleverly

As soon as he got into the car, Suman began to cry.

She didn't make up today. When she started crying, she looked very pitiful.

"Ann, is Mommy really sad? You help outsiders, not me! Wu Wu ~ "

an an was flustered and said:" Mommy, I don't have it. Don't cry! "

Suman looked up at her. "Then why did you break your promise last night? Didn't you say you wanted to call me? "

Speaking of what happened last night, Ann felt a sense of guilt. She was not good at lying. She bowed her head and said apologetically, "I'm sorry!"

For Ann didn't ask her to go to bed, Suman gritted her teeth, but it was not easy to attack.

She covered her heart and made a sad expression, "Ann, you are mommy's baby. In Mommy's heart, you are more important than anyone else! How can I blame you? "

Hearing that Suman didn't scold her, but said that she loved her, Ann's guilt magnified many times.

Two eyes also couldn't help reddening, "Mommy, I'm really sorry..."

"Don't cry! Baby, as soon as you cry, Mommy's heart will feel worse! "

Suman held ANN in his arms and sobbed, "Ann, your daddy will drive Mommy out soon. You are alone in the castle Facing those people How can you reassure me? "

Ann tilted her head and asked, “Mommy, why did Daddy drive you out of the castle?”

There are so many rooms in the castle that we can spare a room for mummy.

Suman sighed heavily, with an expression that he wanted to say but didn't want to say, “well, it's not Oh, forget it, I still don't want to talk about it. I just want you to be happy every day when these things upset you. As a mother, I'll be satisfied!”

The more she covered up, the more anxiously Ann wanted to understand.

“Mommy, tell me quickly, why can't you live in the castle? Isn't grandma allowed you to live in the castle and take care of me?”

With a ray of sad sadness on his face, Suman said, “an an Your aunt Wenqiao will drive me out. She's worried that mommy will take your daddy away...”

“.....” Ann hesitated, subconsciously protecting Wenqiao, “aunt Wenqiao is not such a person!”

“Ann, you are still young. I don't know who is good to you and bad to you. This mother won't blame you!

But you know, wenjo and her mother are at odds. How can she treat you? When she drives her mother out of the castle, she will show her true colors

She added, “don't you see how stepmothers treat those children on TV?”

Ann's mind was tight, and she shook her head when she thought of those terrible pictures.

“No! I don't want stepmother!”

In her heart, she tried to tell herself that aunt Wenqiao was not like that, but she was only a five-year-old child after all, and she could not think of a way to refute Suman.

Even in the heart of her words began to hesitate.

Suman knew that Ann was shaking.

She took out her mobile phone and opened the entertainment headline, “you see, your father has proposed to aunt Wenqiao. As soon as they get married, we will be the outsider of the family. Your aunt Wenqiao is the hostess of the family. At that time, she wants to drive us out, isn't it a matter of one word?”

“.....” Ann looks at the picture on the screen.

Under the fireworks all over the city, daddy and aunt Wenqiao are hugging each other. They look so close, as if there is no room for anyone between them.

Looking at Ann's dejected appearance, Suman takes back her cell phone with satisfaction.

.....

Li Fengbei and Wen Qiao didn't come home until dusk.

Wenqiao took the initiative to take Li Fengbei's arm, and finally told all the secrets, the whole person could not say happy and happy.

Housekeeper Lin was waiting at the door. When he saw them, he couldn't stop the smile on his face. His frowning eyes wrinkled with laughter. "Young master, young lady!"

He watched the video of the proposal and saw them holding hands intimately. Even their names changed.

There was a blush on Wenqiao's face, and his little face was slightly red. "Housekeeper Lin, you'd better call my name!"

"No! Don't break the rules Housekeeper Lin was smiling, holding Li Fengbei's slippers in his hand. He was about to bend down and was stopped by Wenqiao, "I'll come!" She took the brown slippers from housekeeper Lin and bent down to change them for Li Fengbei. But he caught her by the arm and said, "just put them down. I'll wear them myself!"

After changing the shoes, he hugged her and scolded her, but anyone could see that he was doting on her, "you didn't marry me to serve me! You just have to accept the service of others! "

Wenjo couldn't help laughing.

didn't expect Li Feng to say such a local love affair, but she liked it.

Chenchen sits on the sofa watching TV, and his little head looks at the door from time to time, with a trace of anxiety in his eyes.

Why hasn't that guy come back yet? He's been back for an hour! Nothing's going to happen, is it?

Hearing the sound of the door, he immediately jumped up from the sofa and hurried to the porch. He happened to meet Wenqiao and lifengbei side by side.

Eyes slightly stunned, flashed a trace of loss is not easy to detect.

But soon he raised the corner of his eyes and called happily, "Mommy, you're back!"

He still didn't want to shout Li Fengbei Dadi. He hasn't yelled once since he met him.

Li Fengbei knew that this was his heart knot, some things can not be forced, only slowly.

Blood is thicker than blood, and he firmly believes that sooner or later morning will recognize him as a father.

Li Fengbei picked Chenchen up and rubbed his soft short hair. "Chenchen, are you good at school today? What did the teacher teach? "

He really doesn't know what the teacher taught.

Because he's not listening at all.

Those simple additions and subtractions within 30 years, he would have known them as early as 800 years.

It's a waste of time to have classes in kindergarten, but every time he wants to communicate with mommy about this problem, Mommy criticizes him, saying that he is too proud to learn quickly and step by step.

Chenchen looked at the empty door again, a trace of irritability flashed in his heart, and casually replied, "it's just some simple arithmetic."

Chapter 263

Listen to Chen Chen's tone, Li Feng North music, "good guy, tone is really not small! I'm Li Fengbei's son. He's a genius

Wenqiao doesn't believe that there will be a genius in the world. Besides, isn't the story of shangzhongyong also about a genius? It's not good that cleverness is mistaken by cleverness.

She glanced at Li Fengbei discontentedly. She didn't seem to be blaming, but acting like a spoiled child.

"Don't be used to children. You should be solid in your study. If you praise him as a genius, he will expand!"

Li Feng North listen to her so on say, in the heart pour was to produce an idea.

He looked at Chenchen and suddenly asked, "what is the Archimedean spiral?"

"Akimi line what line?" Wen Qiao felt that Li Fengbei was making trouble for his children when he asked this question. He said with a smile, "how could he know that he only went to kindergarten in the morning?"

She, who has been in College for a year, doesn't even remember her name?

As soon as Wenqiao's words were finished, Chenchen's clear and tender voice resounded in the room, "Archimedes spiral is a track produced by a point leaving a fixed point at a constant speed and rotating around the fixed point at a fixed angular speed."

His tone was relaxed and confident, and he didn't even take a pause. It was as simple as answering one plus one.

Wenqiao opened his mouth in shock, and his apricot eyes were wide open. He looked at Chenchen with unbelievable eyes.

Is this her son?

Why doesn't she know what line her five-year-old son will know?

Li Fengbei felt a sense of pride in his heart and said with emotion: "I really deserve to be my son!"

As if Chenchen is a genius, he is a great hero.

Wenqiao said that it was incredible, but his pride was no less than that of Li Fengbei.

No parents don't want their children to be smart!

She couldn't help hugging Chenchen, gave him a kiss on his face with a little baby fat, and said with pride, "Chenchen is great! Chenchen is my mother's pride

Golden sunset scattered on everyone's body, standing in the entrance of a family of three, tightly hugged together, everyone's face is filled with a smile.

What a warm picture.

Tall and handsome father, beautiful and pure mother, lovely and handsome son.

It's a winner in life.

Suman led ANN to stand at the door, looking at the scene.

Ann's eyes were red. At this moment, she really felt that daddy no longer belonged to her. She became an outsider.

And Suman looked at the scene, eyes red, jealous red eyes.

Chenchen looked at the door, and suddenly his eyes brightened. He struggled to get down from lifengbei.

With a straight face, he asked, "where have you been? Why are you back now?"

"Hum"

unexpectedly, An'an gave him a cold hum, shook his pigtail, carried his schoolbag and walked directly in front of him, ignoring him.

Chenchen felt puzzled and cried angrily, "Hey, what's your attitude?"

An an head also does not return, that proud Jiao's appearance lets a person funny also good spirit.

Li Fengbei frowned slightly and called after him, "an an, why don't you call dad?"

When did my daughter not jump on him as soon as she saw him, and want to hold her high?

It's abnormal today!

He grabs her by the shoulder and squats down in front of her so she can look straight at herself.

He said softly, "Ann, what happened? Can you tell Daddy?"

He had spoiled this daughter before, but now he knows that Ann is the child born to Wenqiao, so he has to spoil her even more. It's not too much for him to hold the best things in the world in her hands.

Ann's nose is sour. Her eyes are full of tears. They are as red as rabbit's eyes. They are very lovely.

She sucked her nose, put aside her small face, and said, "I don't want to talk to Daddy!"

Li Fengbei pinched her little nose in a funny way, "really don't want to talk to daddy? Daddy bought your favorite cakes and ice cream. It seems that I can only eat them myself

An an's whole body is stiff, next second, small mouth Du's higher.

Hum! She won't make up with him so easily this time!

Without saying a word, she pushed away Li Fengbei, went upstairs in silence and went back to her room.

Li Fengbei's eyes were stunned. The temptation of cake and ice cream could not coax her?

The atmosphere downstairs became dignified.

Wenqiao asked Chenchen anxiously, "what happened today? Why didn't you come back with her after school?"

Chen Chen looked at Su man standing at the door, his face was a little heavy, and said irritably, "what can I do if she doesn't come back with me?"

There must have been something unhappy. Otherwise, what's the trouble with her brain?" I'll go and see Ann!" said winjo

But she just took a step, a figure faster than her upstairs.

"My daughter, I'll coax you! You don't have to be hypocritical!" Suman sneered.

When she passed Li Fengbei, she couldn't help looking at him, but she didn't want to. She just looked at him.

"Suman!" He called her name faintly.

Suman's heart was full of excitement. His heart was pounding, not because of joy, but because of fear.

The cold sight of the man, with a strong sense of hostility, seems to kill her alive.

At that moment, she had the illusion that something had been revealed.

Does he know what happened five years ago? You know Ann wasn't born to her?

No! It's impossible! If he knew that she cheated him with his daughter, he would kill her!

Before he spoke, she tried to be calm and said, "I'll go and see Ann! I'll talk about something when I come down!"

Escape also like that, she quickly stepped upstairs, in the heart of a strong sense of uneasiness, so that she did not go to An'an's room, but directly back to the third floor.

As soon as she entered the room, she couldn't wait to dial Mrs. Li.

Now only old lady Li can help her.

As soon as the phone was connected, the old lady's cold voice came, with a trace of irony, "Suman, what do you want me to do with this old lady?"

Suman didn't deal with the old lady. She once called old lady Li a dead old woman behind her back. As a result, she stood behind her and was heard by her own ears.

But none of these things matter. Now they have a common goal.

“Grandma, I’m sorry! I was not sensible before, you don’t care with the younger generation! I’m calling you today mainly to ask you a favor!”

“What makes you think I’ll help you?” The old lady’s tone was a little stiff.

“Old lady, I think we have the same goal! You must have known about Fengbei’s proposal to Wenqiao! I won’t beat around the bush. I really haven’t given up on Fengbei. I don’t want to see them together!”

Chapter 264

The old lady was cold in her heart. She broke them up. Do you think she can be with you?

But she just thought about it in her heart. There was no landscape on her face.

Suman is right in saying that their goals are the same now.

She is still angry now. Her grandson is so kind that he proposed to Wenqiao directly, which is known all over the world.

At this point, she wanted to stop it. She had to worry about it. The reputation of the Li family was the most important thing.

That boy has made her an army, and she can make a little bit of a block for them.

What’s so good about that woman? Make him so rare?

“You are very clever! What do you want me to do for you?”

“It’s very simple. Just give winjo a call!”

Hung up the phone, Suman’s evil eyes flashed quickly, and an evil radian was drawn out of his lips.

When winjo got the phone call from the old lady, she was clapping anxiously on ANN’s door.

“Ann, will you open the door first? What’s the matter? You tell us that we will help you find a way to solve it. Don’t you believe your father?”

Ann shrank in a small quilt and covered her ears, but Wenqiao’s soft voice came into her ears uncontrollably.

“Don’t listen, I don’t want to listen, you are all lying to me!”

“How’s Ann?” Li Fengbei came upstairs and stood behind Wen Qiao. His handsome brow was frowned tightly. “She’s our daughter. I think we should make it clear to her as soon as possible.”

“I know!” Wenqiao bit her lower lip, eyes drooping low, “but I’m afraid she won’t accept it for a while, so...”

In fact, she is the one who doesn’t know how to face this situation. She worries that Ann won’t forgive her and doesn’t accept this reality.

Li Fengbei’s eyes flashed a cold light, but his tone was soft. “Suman hasn’t been very good to her these years. As long as we talk about the problem, she will understand you!”

Wenqiao's black eyes flashed a little light, then sighed again, "well, I hope so."

"I'll open the door with a spare key and have a good talk with her?" Li Fengbei said, holding a bunch of spare keys.

"That's all I can do!" Wenjo, get out of the way.

But at this time, winjo's cell phone rang.

She looked at the caller ID and it was from the old house.

Li Fengbei looked at her with a question in his eyes.

Wenqiao whispered, "it's the old lady..."

In the heart slightly doubts, old lady this time to call her is what matter?

Worried that there was something urgent, she quickly connected, "Hello, I'm Wenqiao!"

The old lady's majestic voice was full of vicissitudes, penetrating into her ears, "Wenqiao, come to the old house now!"

"Now?" Wenqiao looked quickly to lifengbei.

Li Fengbei is very close to her. Naturally, he hears the voice of the phone and frowns slightly. He reaches for Wenqiao's mobile phone directly.

"Grandma, is there something urgent?"

The old lady was stunned when she heard Li Fengbei's voice. She was a little annoyed.

Her grandson really dotes on this woman. It's not a good thing for the Li family to have a soft spot!

"Well, you boy, I'm talking to wenjo. What are you talking about? Give her the phone!"

Li Fengbei said with a smile: "grandma, what do you say is the same as me! How are you today? Are you still dizzy? "

"Ouch!" When she heard Li Fengbei's question, the old lady gave a cry, a look of distress.

"I have a headache again. How else can I call her? I've seen your proposal video. You even keep it from my grandmother. Now she's my granddaughter-in-law. I'm not feeling well. It's not too much for her to come to my old house to take care of me for one night, is it? "

"....." Li Fengbei looks at Wen Qiao and feels like he's throwing a stone at his feet.

Wenqiao naturally heard it, but he hesitated for a moment, and readily agreed, "I'll go!"

"Wait a minute, I'll go with you..."

Li Fengbei was not at ease. Wenqiao went to the old house alone.

Before the phone was hung up, the old lady heard that Li Fengbei was going to accompany Wen Qiao. She suddenly yelled: "who wants you to come? Here you are. Who will take care of the children? Besides, you have to go to work early tomorrow morning. What are you running about for? "

The old lady was scolded at first.

Li Fengbei rubbed his eyebrows helplessly, "grandma..."

"Let winjo come! I'm sure she won't lose a hair, will you?"

"Grandma, that's not what I mean..."

"Stop talking! I have a headache when I listen to you now! Oh, that's settled. I'll go back and lie down for a while!"

The old lady called on the phone, and then the phone was hung up. Listening to the blind voice from the phone, Li Feng looked helpless between the North eyebrows, "Qiao Qiao..."

"Don't worry, I'll go!" Winjo put away his cell phone and turned his mouth.

The old lady didn't know what she was doing? But she won't give up easily.

She knew the importance of the old lady in Li Fengbei's mind. Now that she had agreed to his proposal, she naturally didn't want him between her and grandma.

She doesn't believe it. She can't fix her.

She glanced at Ann's bedroom door and pursed the corners of her lips. Her tone was a bit low and inconspicuous. "You and Chenchen should accompany Ann. I'm gone!"

"Wait a minute!" Li Fengbei grabs her hand and pinches her fingers. Her deep eyes are full of guilt. "If grandma makes trouble for you, you can immediately ask the driver to send you back, or call me!"

Wenqiao's little grievance disappeared immediately. She said with a smile, "I'm not a three-year-old. I know how to do it! Don't worry, I'll be back early tomorrow morning!"

Her clever appearance, let his heart tip micro motion, he rubbed her head, eyes dotting, "go!"

On the third floor, Suman pays attention to the movement downstairs. He sees Wenqiao get into the car and drive out of the castle. He raises his lips insidiously.

Wenjo, after tonight, there's nothing wrong with you!

When Suman went upstairs, he didn't go down again.

Li Fengbei has no patience for her. He doesn't want to see her again for a second. He asks housekeeper Lin to urge her to get out of the castle as soon as possible.

How can this be said?

Housekeeper Lin went upstairs and knocked, "Miss Suman, would you please open the door? Young master, let me tell you something!"

Suman pretended not to hear.

After all, Suman is the eldest daughter of the Su family. Even if she is not the young master's fiancée now, housekeeper Lin can't do it too well.

Until nine o'clock in the evening, Suman came out of the room and directly touched Ann's room.

Chapter 265

"Ann, as you saw just now, they are the family. You and Mommy are outsiders. What can we do in the future? Listen to Mommy. Mommy will leave here tomorrow. Take good care of yourself

Just now Li Fengbei opened the door of the room with a spare key, but the communication was not very successful, and Ann ignored him.

This will listen to Suman's words, then slowly out of the quilt.

Ning Bai's little face was covered with tears, "Mommy, do you really want to leave?"

She's scared now, afraid Daddy won't want her.

"Mommy can't help it either. If she can, Mommy will want to be with Ann all her life, but if aunt Wenqiao asks mommy to leave, Mommy can't help it!"

Ann's heart is more confused, the world of adults is so complicated!

Suman put his hands on ANN's shoulder and begged pitifully: "Ann, daddy, I'm sorry for our mother and daughter these years. It's not that mommy doesn't want to take care of you that she doesn't let me meet you and take care of you! Don't blame mom! "

"But Ann, even if daddy does this to me, Mommy still loves Daddy! Mommy is leaving tomorrow. Before she leaves, she wants to make a cup of coffee for daddy. Can you fulfill her wish? "

Ann had been soft hearted, but now she was very sad to hear what Suman said.

She nodded without hesitation, "OK, Mommy, I will help you to fulfill this wish!"

"Be good! You wait for Mommy. Mommy makes the coffee and you take it to Daddy. I just asked. Your daddy is in the study and has been working all day. He must be tired now. He must need coffee! "

"By the way, don't say it's mom's coffee, just say it's your own, OK?"

Ann didn't understand, "why can't you tell him?"

"If he knew it was Mommy, he wouldn't drink it!"

"All right!"

An an doubted him and went to the study with coffee.

Li Fengbei is sitting in the U-shaped seat, and is immersed in the work of xiaoshangao's documents. He has overstocked so much work without going to the company for only one day. Behind the high return is hard work.

When Ann thought of the picture she had just seen, she still felt very angry and called out: "Daddy..."

An an's tender voice made him stiff. He looked up to the door in surprise, put down his signature pen, got up and strode towards the door.

“Ann, why are you here? Are you not angry with daddy?”

“Daddy...” Ann bowed her head and looked sad.

“Ann, don’t cry!” Li Fengbei bent down and wanted to hold her daughter. Then he found that she had coffee in her hand and picked an eyebrow. “This is...”

Ann said, “Daddy, this is me I made you coffee. Are you tired after working all day

The daughter asked if she was tired, even if she was tired again!

Li Fengbei hugged An’an and gave her a kiss on her forehead. “No matter how tired you are, as long as you see An’an, daddy will not be tired!”

Hearing what daddy said, Ann felt a little guilty. Just now she was really willful.

“Daddy, I was angry with you just now. Don’t you blame me?”

“How could daddy be angry with his baby?” Li Fengbei picked up An’an and put him on the sofa, while he squatted in front of her. The two of them looked at each other with their eyes fluttering and gentle.

Ann raised the coffee in her hand, “Daddy, drink the coffee first!”

“Good!” Li Fengbei had no doubt about him. He took the coffee and drank it all at once.

It tastes a little strange, but considering that it’s An’an Pao, I’m relieved.

This is my daughter’s heart.

“Good! Thank you, baby

When An’an’s task was finished, she jumped down from her chair and said, “Daddy, I won’t disturb your work. Finish your work early and have a rest early!”

“Baby knows how considerate he is. Daddy is very happy!” Li Fengbei felt that his whole heart was filled up and gave his daughter a kiss with satisfaction.

Originally, I wanted to have a heart to heart talk with Ando, but I thought that there was still a lot of work to be done today, so I had to give up.

He waved to her with a smile, “go! Good night

“Good night, Daddy!” Ann gave him a gentle kiss on the cheek.

Li Fengbei’s fingers scratched her braid, and An’an exclaimed in pain, “Oh, daddy, your cuff link has caught my hair!”

Li Fengbei immediately released his hand and rubbed her messy hair with a sad face. “Sorry, daddy didn’t mean it!”

“I’m going! Goodbye Ann waved away.

Li Feng stood at the door, watching an an walk away, touching the place on his face, wet, still with a little saliva.

Instead of feeling dirty, he felt It's a good feeling.

This child is really like Wenqiao, worthy of their daughter, very lovely, very painful. But

He was holding a few black hairs in his hand, which he had just pulled from Ann's hair.

He went back to his desk and dialed the inside line. "Come to the study right away!"

"Yes."

A minute later, Beiqin appeared in his study.

Li Fengbei's tall figure sank into the chair, his face looked a little red, and his breath was not very stable. He was slightly surprised, "president, is it urgent for you to come to me now?"

Li Fengbei pulled off the two buttons of his shirt. He had just drunk An'an's coffee and his whole body was hot, as if there was something urgent to vent.

With a cigarette in his hand, he narrowed his eyes and breathed out a mouthful of white fog, forcing down his irritability.

"You take these hairs and do a DNA comparison!"

"What's this?" North Qin road.

"Don't ask so many questions, no matter what method, I will know the result tomorrow!"

"Yes." Beiqin took the transparent bag in his hand and put it into his suit pocket, "then I'll be busy first!"

"Go! Remember, you can't let a second person know about it!"

"I understand!" Looking at his increasingly red face, Beiqin asked uneasily, "President You Are you all right?"

Li Fengbei was no stranger to this feeling. He knew what was going on.

Eyes flashed a touch of evil cold light, lift lip sneer, "it's OK! Go and do your business

"Yes."

When Beiqin came out of his study, he met Suman at the stairs.

The woman leans enchanting on the edge of the railing. As Beiqin passes by her, she casually reaches out her hand and gently slides her soft fingers over the back of his hand.

He lowered his voice and came close to his ear. His voice was charming. "Beitezhu, don't forget what you promised me!"

The North Qin lowers the head to smile lightly, "since you don't trust, why should choose to let me help you?"

Then he went downstairs by mistake.

Suman looked at his straight back and clenched his teeth.

Isn't it just a little special help? What do you have in mind?

However, she is very confident in her charm. Since Beiqin takes advantage of her, she will help her finish the work!

Thinking of this, Suman felt confident.

When she appeared at the door, Li Fengbei was lying on the table, breathing heavily.

He had a cell phone in his hand and wanted to call Wenqiao and ask her to go home at once.

But the line of sight in front of me was shaking, and the mobile phone couldn't be opened.

He thought it was the return of the northern Qin Dynasty. Without looking up, he asked, "what's the matter?"

"Fengbei..."

Hearing the woman's sweet voice, Li Fengbei was stiff all over. His red eyes swept towards the door, and his eyes were slightly awe inspiring.

Chapter 266

A woman's back is facing the light, and the light beam depicts the outline of her whole body. Her delicate and slender figure is concave and convex, which makes people's blood vessels spray at a glance.

This evening, Suman didn't make up. She even observed Wenqiao's dress for a few days, and she had imitated it perfectly.

"Fengbei..." She cried again in her voice, which was similar to that of Wenqiao.

She just added three times the dose to the coffee. It only took a small sip to make him want to stop. She worried that he would recognize her as before. She added another thing in the coffee, which could make him hallucinate.

Li Fengbei rubbed his eyes. In his shaking sight, Wen Qiao was standing at the door, looking at him with a smile.

"Joe, you're back!" He exclaimed in surprise, dropping his cell phone, stumbling up and walking towards the door.

Suman closed the door with his backhand and turned off the light, leaving the room in darkness.

She said in a soft voice: "Fengbei, do you feel bad? Do you want me?"

Li Fengbei endured to the limit. He felt that there were thousands of ants gnawing at her. He put his arms around her and made her hurt.

Sexy low dumb voice sounded in the ear, "Joe, give me, I want you, now, want to, want to!"

Suman felt the passion under him. He was frightened and looked forward to it. He closed his eyes and waited for his kiss

Everything on the desk was scattered and the room was in a mess.

When housekeeper Lin passed by the door of the study, he heard a strange sound. He could not help but stop and listen.

Hearing this, I was shocked.

At this time, Wen Qiao is squatting in the toilet of the old house, holding a mobile phone in his hand. I don't know how many times he looks at the mobile phone screen.

What on earth is Li Fengbei doing? How come there's no information?

Forget it, if he doesn't call her, she can call him!

In this way, Wenqiao can't wait to dial Li Fengbei's number, but no one answers.

She bit her finger, feeling uneasy, as if something big had happened.

Fidgety, what the hell is this guy doing? Why don't you answer her phone?

She was about to call housekeeper Lin and ask if something had happened to Li Fengbei, but at this moment, there was a knock at the door, "miss Wenqiao, the old lady asked you to come over!"

"Good! I know!" Wenjo quickly put away his cell phone and got up to go out.

Winjo sat by the bed, apple in hand, and glanced at the old lady from time to time.

The old lady was holding a Peking Opera script in her hand, and her mouth was babbling with her fingers.

Zhongqi is as good as young people.

The old lady didn't get sick at all. She pretended the same as last time.

Wenqiao looked at the old lady for the 180th time. At last, he could not help putting down the apple and closed one eye and took out his ear.

"Old lady, would you please stop for a moment? I'm going deaf! You don't sing Beijing Opera like that at all!"

The old lady was angry and patted the script on the bed. "Do you mean I can't pronounce completely?"

"It is Wen Qiao narrowed his eyes and said, "I've studied Peking Opera. You're not the one who sings Peking Opera. If every police station actor sings like you, their voices will all be broken in half a year."

"Ah? So serious?" When the old lady thought about it, she looked at her bluntly. "You won't cheat me, will you?"

"I studied Peking Opera!" Winjo picked up the script and flipped through it. "If you want to learn, I can teach you!"

The old lady has no other hobbies, so she likes to listen to some Beijing opera, but it is a luxury for her. She has no time when she is young, and can't learn when she is old, which has become a pity in her life.

Hear Wen Qiao say to want to teach her, in the heart naturally happy, but two people's current relationship is not suitable for so intimate?

She coughed softly, pretending to be Gao Leng and said, "I don't need you to teach me. If I want to learn, I can find a teacher to teach me at home!"

In fact, what she said was that it would make people laugh when she went to find a Peking Opera teacher to teach her.

Wenqiao knew that she loved face most, but she said with a smile, "a Peking opera will be very tired after singing, and can't pronounce with her voice. If Dantian speaks, like this, ah ah ~"

"so it is!" As soon as the old lady's eyes brightened, she suddenly patted the bed board.

She turned her eyes, hesitantly turned a page and pointed, "that How do you sing here? "

"First of all, Qi moves to the Dantian, then the throat resonates and makes a sound directly, so..."

Wenqiao and the old lady discussed Peking Opera for one night. The old lady was very excited and didn't let her go to rest until early in the morning.

She felt very tired, but not a bit sleepy.

She held the mobile phone and looked at it again. The information reminder was clean, and there was no information about him at all. However, this evening is not totally fruitless. She can feel that the old lady's attitude towards her has changed.

She held the quilt and giggled. If she could make the old lady accept herself, Li Fengbei would be very happy.

She didn't sleep all night. At dawn, she couldn't wait to go back to the castle.

The castle was quiet, and the early servants were performing their duties, but they didn't dare to make a sound before the master got up.

"Housekeeper Lin!"

Housekeeper Lin was stretching, breathing the fresh air of the early morning. When he heard Wenqiao's voice, he almost fell on his knees.

It's over! The young master hasn't got up yet!

"Little Young lady, why did you come back so early? "

Wenjo looked at him with a smile. "What's the look like when I come home? It's as if I've done something wrong! "

As she spoke, she went upstairs.

Housekeeper Lin was so excited that all the sleepiness was gone.

He quickly stopped in front of Wenqiao, "young lady, what do you want to eat in the morning? I'll tell the cook to make it for you!"

"No, I don't have any appetite now. Where's Ann? She didn't cry again last night, did she

Housekeeper Lin replied, "the young lady is not crying. The young master and the young lady have not got up yet."

"Oh "It's still early. Let them sleep a little longer," said wenjo

She turned a direction and walked directly to the bedroom of lifengbei.

Housekeeper Lin just felt numb. He hasn't been so calm for a long time. "Young lady, I have something to ask you. Can you go downstairs..."

Wenqiao felt that housekeeper Lin was very strange. Her pretty eyebrows were frowning. Something must have happened. She pushed open the bedroom door.

The bedroom was empty, and there was no one.

There was a good feeling in her heart, "what about the others?"

Chapter 267

"Young lady, young master The young master didn't sleep in his bedroom last night

Housekeeper Lin is very anxious. He knows that the young master likes his wife very much, but why did he do that with Suman last night?

Are men so unsatisfied? Is the young master such a man?

As soon as he finished, the door of the study suddenly made a loud bang.

Startled them, they turned to look over.

It's just that Suman appears at the door with hair all over his head and eyes full of horror.

She didn't wear anything. It seemed that she didn't expect that there would be someone in the corridor. She screamed and put her clothes in front of her.

Housekeeper Lin, with a knot in his heart, carefully looked at Wenqiao's face.

Wen Qiao's vision falls on Su man's body, the whole person is just like being pointed.

She looked at Suman, her eyes falling on her.

A heart is like falling into a cold ice cellar. His face turns pale instantly, and even his fingers begin to shake.

"Li Li Fengbei..." She swallowed her dry lips and asked, "is he in there?"

As soon as Su man opened his eyes, he recalled Li Fengbei's appearance last night, and was very scared.

Not even time to put on clothes, grab clothes to run outside, did not expect to meet Wenqiao.

It's less than six o'clock now, and she comes back from the old house?

She looked at winjo's pale face and suddenly felt a sense of revenge.

Seeing her and Li Fengbei's untidy clothes, she must be sad to death. Does it hurt like a needle?

She calmed down, hooked the crooked lips, sneered in a cold voice, "don't you see all of them? Do you think you are the only one in the world who can be his woman? I have already told you that a man like Li Fengbei can't have only one woman!"

"....." Smell speech, Wen Qiao's heart suddenly a ache, clenched finger to let oneself don't lose posture.

The sound of opening the door wakes the sleeping man.

Li Fengbei opened his eyes slowly, and it took a long time to see the scene clearly.

He fell asleep naked on the sofa?

Thinking of what happened before fainting, his face suddenly became very ugly.

His head hurts like it's going to crack.

He sat up and wanted to ask someone to help him, but he heard the sound of the door, and suddenly the whole person froze.

He seemed to hear winjo's voice!

Regardless of the pain, he sat up, opened the door and yelled at Suman: "Suman, what are you talking about?"

"Feng Fengbei... " Su man was so scared that he couldn't speak quickly.

Wen Qiao looked at Li Fengbei, his bare upper body, his bronze skin as smooth as silk, with several marks similar to those scratched by fingers.

She knows what that means.

In front of her eyes, there was a layer of water mist, and she didn't feel any pain when she pinched her fingers into her palm.

She wanted to ask him if Suman's words were true?

But when she stood there, she seemed to have a thousand pounds under her feet. She couldn't move half a step.

We are all adults, some words do not need to ask expert already know the answer.

Li Feng North to up Wen Qiao's line of sight, the whole person all flustered a God, "Qiao Qiao, you listen to me to say, is not that you think! Monitoring is installed in the study. If you don't believe it, I can let the monitoring of the North Qinhuangdao water diversion project show you!"

Monitoring?

He said the sincerity magnanimous, Wenqiao stopped, eyes slightly flash.

Did she really misunderstand him? Did they really have nothing to do with it?

Seeing that her expression eased down, Li Fengbei breathed a sigh of relief. He hurriedly ordered to housekeeper Lin: "you go to transfer out the monitoring of the study last night!"

Housekeeper Lin answered quickly: "yes!"

As soon as housekeeper Lin's voice fell, Beiqin came up the stairs, "president, the monitoring system in the castle was upgraded last night."

It means you can't see any pictures.

Li Fengbei felt a lump in his heart and subconsciously looked at Wen Qiao, "you believe me, nothing really happened! It's really not what you think! "

Wenjo burst out laughing. She really believed it just now!

The castle's monitoring upgrade, such a big thing, how can he lifengbei not know?

He just knew that there would be no monitoring, so he pretended to show her the monitoring.

On the woman's white face, two lines of tears ran down the corner of her eyes. She was surprised. Her tone was even, "what do you think I am?"

"Joe..." Li Fengbei frowned more tightly.

He didn't like her to talk to him in such a tone of yin and Yang.

Suman watched the scene with great joy.

It was the first time that she saw Li Fengbei explain so anxiously, but it was for Wen Qiao. She chuckled and added fuel to the fire. "That's what you see. Do you think we are chatting after taking off our clothes?"

Li Fengbei's sharp eyes swept to Suman.

His scarlet eyes were full of terrible anger. He stepped forward and grabbed Suman by the neck. "Suman, you dare to talk nonsense again. I don't know how you died!"

"Well..." Suman was speechless, his eyes full of fear.

He didn't show mercy at all. She read it from his eyes. He really wanted to kill her!

Suman clasped the door in both hands, struggling desperately.

At this moment, she really regretted that she should not challenge his bottom line.

Housekeeper Lin's face changed greatly. He quickly walked over and wanted to pull Li Fengbei's hand. "Young master, let go quickly! Miss Suman will be strangled by you

Wenqiao stood there, watching the three people twist together, her heart as if by a knife a knife to lingchi.

Housekeeper Lin couldn't open Li Fengbei at all. Seeing that Suman was about to faint, she was shocked and cried out: "Li Fengbei! Things have already happened. If you strangle her, can you make things never happen? "

After roaring, she wiped her tears disappointedly and turned to leave.

Li Fengbei looked at Lin, quickly released his hand and went after Wen Qiao, "Qiao Qiao, you listen to my explanation, you don't go!"

Worried that Wenqiao would run again, he had a strong grip on her wrist. She felt that her wrist was about to be pinched by him. She could not help frowning and exclaimed, "pain! Let go of me

"No! Unless you listen to me Li Feng North stem neck said.

Wenjo didn't want to hear his explanation at all. He was angry and sad.

Tearful eyes, looking at him in disappointment, "do you know how anxious I was when I couldn't get through to you last night? I'm worried if something's wrong with you. I stayed up all night and came back early in the morning!

But as for you, you've spent a whole night with other women! "

She never thought it would be like this.

She just left one night, he couldn't bear loneliness and touched other women!

Li Feng's North eyebrows wrinkled into a Sichuan character. The colder he listened, the colder his face became.

#### Chapter 268

He has never been so humble to coax a woman, she can be regarded as refreshing his endurance, she even said such sarcastic remarks?

Doesn't she understand his mind? Do you have to say something like that to poke his heart?

Li Fengbei roared: "what the hell are you thinking? I told you that nothing happened between me and her. Do you believe me or do you believe her? "

He didn't believe Joe.

Nothing really happened last night.

At first, he mistook Suman for winjo, but when he took off her clothes and tried to kiss her, he smelled her.

It's not the fresh, fruity aroma of winjo, it's a bad smell.

He knew that this woman was not her.

He resisted the desire for physical strength and threw Suman out.

Suman fell to the wall and immediately fainted.

There was no light in the room. He couldn't see the road clearly. He only knew that at this time he would call her and ask her to come back.

But the next second, his foot slipped, his head knocked to the corner of the sofa, and then he fainted. When he woke up, the scene just happened.

He was really wronged by her!

He kept a tight guard for her. She was the only woman in her life. She didn't believe him?

Wen Qiao looked at him incredulously, and suddenly he cried out, "you scolded me?"

After listening to what she said just now, she was not so sure what they had done, but it's normal for women in love to worry about gain and loss?

How come you don't even give her a little buffer time when you get to him?

He roared as if the wrong person was her! Did she make them appear here in rags?

Think, tears flow more fierce.

Li Fengbei angrily kicked the wall, "I made a slip of the tongue!"

"Woo woo woo" Wenqiao didn't listen at all. She was very sad.

Li Fengbei looks at Wen qiaojindouzi drop like money, tears are like a switch out of control, and his heart is more agitated.

He can't see her tears most. This woman always knows how to make his heart soft.

Immediately, he couldn't hold on. He said softly, "don't cry. I don't mean to scold you. I promise! If you don't feel relieved, you can scold me and beat me!"

He really regretted that if he had driven Suman out of the castle earlier, nothing would have happened now.

Thinking of this, he gouged out housekeeper Lin and yelled angrily, "didn't you let this woman go out last night?"

Housekeeper Lin was ashamed and said, "it's my dereliction of duty!"

In fact, he heard the movement in the study last night. He heard the voice that made people blush and beat their hearts. He thought the young master wanted to make up with Miss Suman.

Li Feng North Mou color chills, "from tomorrow on, you go to England, learn how to be a good housekeeper and then come back!"

"Yes Housekeeper Lin was stunned, and then did not dare to have the slightest complaint.

Having learned from the past, housekeeper Lin didn't dare to guess any more and said coldly to Suman, "please leave Miss Suman!"

Suman couldn't believe that she would be driven out of the castle without dignity.

She said, "I'm not going! I'm Ann's mother. Why should I leave here! It's winjo who should leave. She took my man

After listening to the conversation between Li Fengbei and housekeeper Lin, Wen Qiao has calmed down and recalled what happened last night. She knows that she has wronged Li Fengbei.

How could Li Fengbei touch Suman while he was away? If he wanted to touch this woman, he would have done so long ago, and he didn't need to turn now!

But Suman She even dare to say that Ann is her daughter!

Wenqiao broke away the palm of Li Fengbei's hand, and his little face was angry with anger. "Suman, do you want to order your face? How dare you say that An'an is your daughter and Li Fengbei is your man?"

It's just a deal between you. Have you calculated how much benefit you get from this deal?

And An'an, you approach lifengbei by An'an, and let us separate our flesh and blood. What kind of heart do you have?"

Suman was stunned for a moment and looked at her in horror.

What did she mean by that, to separate them?

Ann is her daughter? Don't be funny, it's impossible!

If there is no full evidence of these things, she can't admit it. Once she admits it, Li Fengbei will take revenge on her. At that time, she can't even get along in B city.

She calmed herself down and said, "you're bullshit. ANN is my daughter who was born in October. When she was born, I almost died on the delivery platform."

That's what she thought of five years ago.

Some of them said so much that she was about to believe them."It's like it's true!" Wenqiao sneered, "it's really worthy of being a movie queen. Your acting skills can get an Oscar!"

She approached Suman step by step and said angrily, "but do you know what dystocia is like? There was a lot of bleeding. Basin after basin of blood was sent to the outside. The white sheets under the body were dyed red. The red blood dripped down the cold bed pillars..."

It's been five years since the scene, and she's still trembling when she thinks about it.

Li Feng North suddenly a Leng, Zheng Zheng ground openings, "you say is yourself?"

"....." Winjo lowered her eyebrows and covered up her emotions with this gesture.

Things have passed. If it wasn't for Su man, she didn't want to mention these things in her life. These are bad memories.

Her silence was obviously acquiescence. Li Fengbei felt that some part of his heart was torn open, and he curled up in pain.

In order to have a baby for him, she died.

"Joe, you've suffered!"

I didn't expect Li Fengbei to say that. On the contrary, Wen Qiao was a little uncomfortable. "The child is mine, too!"

Looking at the woman's shy side face, Li Fengbei secretly swears in his heart that he will be good to this girl all his life!

As long as you think of it, it's because Suman robbed the child that she's bleeding. She doesn't want to stay any more.

He said coldly, "somebody, throw Suman out to me. I don't want to see this woman in B city from now on!"

Two men in black came forward and grabbed Suman's arm.

Suman struggled incredulously, "don't touch me! Do you know who I am? Get your dirty hands off me

But no one paid attention to her roar.

Suman's heart was cold. He couldn't believe looking at Li Fengbei like that. "Li Fengbei, I love you so much. How can you treat me like this?"

Li Fengbei's well-defined handsome face showed a trace of evil smile and sneered coldly: "it's none of my business who you love!"

Suman laughed wildly. "You are so heartless! Li Fengbei, you will regret your humiliation to me today. I'm Miss Su's daughter. You don't have the right to do that! "

Chapter 269

Li Fengbei is never threatened. If she asks him for mercy wisely, he may look at her father's face and give her some face.

Hearing her saying so, the radiance of the corner of her lips was even worse. She said coldly, "then try it!"

Suman looked at him in amazement. "You're crazy! It's worth fighting against the whole Su family for Wenqiao's sake? "

The influence of the Su family in B city can not be underestimated. The influence behind his father and Li Fengbei has always been equal.

"it's not worth it. I have the final say."

As soon as Suman choked on him, his heart was very complicated.

Such overbearing love is not her. She can do nothing but jealousy.

She saw a small figure in the corner of her eyes, just like seeing a straw. She pushed away the bodyguard and ran to hold An'an.

"Ann, they are going to drive Mommy out of the castle. Help Mommy!"

"Let her go!"

Li Fengbei's eyes a Lin, the next second, Suman was opened, directly dragged downstairs.

Suman's shrill voice lingered in the room. "You won't come to a good end, wenjo! You take my daughter, my man, and you will be punished! "

Wenqiao looked at the servant, and gritted his teeth with anger. "Suman, you're talking nonsense!"

Li Feng North Jun face slightly cool, "give me block her mouth!"

Then the whole corridor echoed with the sound of sobbing like a trapped animal.

Ann watched her mother being driven out of the house, her father fighting against her mother, and aunt Wenqiao who was always gentle and aggressive.

Her heart was in a mess. It seemed that she knew these people for the first time. Her head was about to explode.

All of a sudden, she yelled at the noisy crowd, "shut up! You are all bad people. I don't want to see you again!"

"An an..."

Ann shook off Chenchen's hand and ran out.

"Ann! Where are you going?" Winjo yelled after him.

Others responded and chased after them.

An'an stood by the pool at the door, looking at the crowd with tears in her eyes, "don't come here. If you come here again, I'll jump down!"

Wenjo's heart leaped to his throat. "Good! Don't get excited if we don't come here!"

When she looked at Ann like that, her heart was almost broken.

He said excitedly, "Ann, listen to me, Suman is not your mother, I am! Mom is the one who gave birth to you in October! Don't listen to Suman. She separated our mother and daughter. Believe me

"I know you lied to me. You want to drive Mommy away and make me your daughter! I can't accept the fact for the time being. Can you calm me down?"

An'an roared and ran.

"An an..." Wenqiao chased after him, but soon Ann disappeared.

"And Ann? Where is Ann?" Looking at the vast road, Wenqiao was about to cry.

Li Fengbei was also worried, but he was calmer than Wen Qiao. "Don't worry, I'll find her! You stay here. I'll have someone look for you! She can't run far as a child

Wenqiao tightly grasped Li Fengbei's chest, and her heart was twisted. What she was most worried about was that something happened. She was worried that An'an would not recognize her mother.

She was too anxious just now. She should not be so impulsive. She should be more patient and let her slowly accept her new identity.

Li Fengbei wanted to comfort her very much, but he had to release her at this time. He mobilized people to find An'an.

Wenqiao stood in the same place, looking at the busy people, in a trance.

She tilted her head and suddenly saw a pink figure in her eyes.

Ann crouched under a big tree.

In front of her eyes, she exclaimed in surprise, "An'an!"

Hearing her call, An'an's body became stiff and ran forward.

Wenqiao anxiously chased after him, "Ann, don't run. I won't run after you. Don't run, OK?"

She was so worried that she didn't see a sign on the Embroidered Iron fence beside the big tree – Forest danger, no admittance, so she rushed in directly.

"Ann, ANN, where are you?"

Just like this, Ann disappeared again.

Wen Qiao worried about An'an's safety and pursued ahead. He didn't look at the road at all. When he got back to his senses, he found that all the trees were lush.

The shrub layer is very thick, and sunlight is projected through the branches to form mottled light and shadow.

All around a quiet, occasionally can hear the sound, like something crawling sound.

The sound made her hair stand up, and she thought of snakes.

The animal she fears most is snake.

"Ann, where are you?" Wenjo held her arm in her arms, and she was so scared that she wanted to go back and worry about Ann. She just saw Ann running inside.

Ann must be afraid now. What should she do if she is in danger?

When he thought about it, there was a lot of courage at Wenqiao's feet. He plucked away the branches in front of him and walked forward.

"Ann, where are you? Can you hear mom's voice and answer mom? As long as you are willing to go back with your mother, will your mother promise you anything you say? "

But the answer was silence.

All of a sudden, she heard the "crackling" sound of the broken branches behind her. Her whole body was stiff, and she turned her head to look at it. Suddenly, she was so scared that she lost her face.

I saw a Brown Striped python, swaggering and crawling towards her.

"Ah Wenqiao screamed and ran away.

She once saw it on TV, saying that when you meet a snake in the wild, you should run around the corner, not straight.

She gave up running and began to circle a tree.

Boa constrictor all attention in her body, chasing behind her, around the tree.

After more than ten laps, the boa constrictor entangled himself under the tree trunk. He was so tired that he wanted to bite Wenqiao, but the more he struggled, the tighter his tail became.

Winjo ran all the way out until she was sure the snake wasn't coming.

His forehead was already full of sweat, even his back was wet, and his legs were soft.

"An an..." She was so scared and tired that she was about to cry.

It's terrible here. I don't know if Ann has ever met a snake?

He wants to call Li Fengbei, reach out and touch, only to find out that it is too urgent to go out, she did not bring a mobile phone.

While she was shouting An'an, she stepped back in fear. Suddenly, she sprained her feet, leaned back, hit a hard object on the back of her head, and fainted completely.

By the time she woke up, it was two days later.

The head is very painful, the whole body is aching, can not make a trace of strength, the whole person is like floating in the clouds.

The white ceiling looks familiar, with flying angels carved on it.

Is she dead? Did you go to heaven?

Suddenly, a familiar and strange face appeared.

Chapter 270

Li Fengbei is never threatened. If she asks him for mercy wisely, he may look at her father's face and give her some face.

Hearing her saying so, the radiance of the corner of her lips was even worse. She said coldly, "then try it!"

As soon as Suman choked on him, his heart was very complicated.

Such overbearing love is not her. She can do nothing but jealousy.

She saw a small figure in the corner of her eyes, just like seeing a straw. She pushed away the bodyguard and ran to hold An'an.

"Ann, they are going to drive Mommy out of the castle. Help Mommy!"

"Let her go!"

Li Feng North eyes a Lin, the next second, Suman was opened, directly dragged downstairs.

Suman's shrill voice lingered in the room. "You won't come to a good end, wenjo! You take my daughter, my man, and you will be punished!"

Wenqiao looked at the servant, and gritted his teeth with anger. "Suman, you're talking nonsense!"

Li Feng North Jun face slightly cool, "give me block her mouth!"

Then the whole corridor echoed with the sound of sobbing like a trapped animal.

Ann watched her mother being driven out of the house, her father fighting against her mother, and aunt Wenqiao who was always gentle and aggressive.

Her heart was in a mess. It seemed that she knew these people for the first time. Her head was about to explode.

All of a sudden, she yelled at the noisy crowd, "shut up! You are all bad people. I don't want to see you again!"

"An an..."

Ann shook off Chenchen's hand and ran out.

"Ann! Where are you going?" Winjo yelled after him.

Others responded and chased after them.

An'an stood by the pool at the door, looking at the crowd with tears in her eyes, "don't come here. If you come here again, I'll jump down!"

Wenjo's heart leaped to his throat. "Good! Don't get excited if we don't come here!"

When she looked at Ann like that, her heart was almost broken.

He said excitedly, "Ann, listen to me, Suman is not your mother, I am! Mom is the one who gave birth to you in October! Don't listen to Suman. She separated our mother and daughter. Believe me

"I know you lied to me. You want to drive Mommy away and make me your daughter! I can't accept the fact for the time being. Can you calm me down?"

An'an roared and ran.

"An an..." Wenqiao chased after him, but soon Ann disappeared.

"And Ann? Where is Ann?" Looking at the vast road, Wenqiao was about to cry.

Li Fengbei was also worried, but he was calmer than Wen Qiao. "Don't worry, I'll find her! You stay here. I'll have someone look for you! She can't run far as a child

Wenqiao tightly grasped Li Fengbei's chest, and her heart was twisted. What she was most worried about was that something happened. She was worried that An'an would not recognize her mother.

She was too anxious just now. She should not be so impulsive. She should be more patient and let her slowly accept her new identity.

Li Fengbei wanted to comfort her very much, but he had to release her at this time. He mobilized people to find An'an.

Wenqiao stood in the same place, looking at the busy people, in a trance.

She tilted her head and suddenly saw a pink figure in her eyes.

Ann crouched under a big tree.

In front of her eyes, she exclaimed in surprise, "An'an!"

Hearing her call, An'an's body became stiff and ran forward.

Wenqiao anxiously chased after him, "Ann, don't run. I won't run after you. Don't run, OK?"

She was so worried that she didn't see a sign on the Embroidered Iron fence beside the big tree – Forest danger, no admittance, so she rushed in directly.

"Ann, ANN, where are you?"

Just like this, Ann disappeared again.

Wen Qiao worried about An'an's safety and pursued ahead. He didn't look at the road at all. When he got back to his senses, he found that all the trees were lush.

The shrub layer is very thick, and sunlight is projected through the branches to form mottled light and shadow.

All around a quiet, occasionally can hear the sound, like something crawling sound.

The sound made her hair stand up, and she thought of snakes.

The animal she fears most is snake.

"Ann, where are you?" Wenjo held her arm in her arms, and she was so scared that she wanted to go back and worry about Ann. She just saw Ann running inside.

Ann must be afraid now. What should she do if she is in danger?

When he thought about it, there was a lot of courage at Wenqiao's feet. He plucked away the branches in front of him and walked forward.

"Ann, where are you? Can you hear mom's voice and answer mom? As long as you are willing to go back with your mother, will your mother promise you anything you say?"

But the answer was silence.

All of a sudden, she heard the "crackling" sound of the broken branches behind her. Her whole body was stiff, and she turned her head to look at it. Suddenly, she was so scared that she lost her face.

I saw a Brown Striped python, swaggering and crawling towards her.

“Ah Wenqiao screamed and ran away.

She once saw it on TV, saying that when you meet a snake in the wild, you should run around the corner, not straight.

She gave up running and began to circle a tree.

Boa constrictor all attention in her body, chasing behind her, around the tree.

After more than ten laps, the boa constrictor entangled himself under the tree trunk. He was so tired that he wanted to bite Wenqiao, but the more he struggled, the tighter his tail became.

Winjo ran all the way out until she was sure the snake wasn't coming.

His forehead was already full of sweat, even his back was wet, and his legs were soft.

“An an...” She was so scared and tired that she was about to cry.

It's terrible here. I don't know if Ann has ever met a snake?

He wants to call Li Fengbei, reach out and touch, only to find out that it is too urgent to go out, she did not bring a mobile phone.

While she was shouting An'an, she stepped back in fear. Suddenly, she sprained her feet, leaned back, hit a hard object on the back of her head, and fainted completely.

By the time she woke up, it was two days later.

The head is very painful, the whole body is aching, can not make a trace of strength, the whole person is like floating in the clouds.

The white ceiling looks familiar, with flying angels carved on it.

Is she dead? Did you go to heaven?

Suddenly, a familiar and strange face appeared.
