

Chapter 261

After fifteen, the hospital began to get busy. Many doctors, especially those at the expert level, don't want to see their peers and colleagues during the festival. Therefore, as soon as they rest, these experts almost don't stay in the urban area as long as they are not on duty, which has hurt them. Zhang fan can only visit one by one after work and have a simple chat.

After Zhang Fan took over the private hospital, the hospital operation became more and more regular, and the fame began to spread slowly. Zhang fan can hide from others, but he can't hide from these people. He worries about what he does. In tea vegetable City, for them, the network is too rich. They want to know about the boss of a private hospital and a phone call. Although Zhang Fan is not a legal person, they know more and more about the context of the hospital.

In the third Department of orthopedics, Chen Qi soaked in tea and sighed, "goods have to be thrown away. I'm still struggling and struggling in the circle of the municipal hospital. When I want to be the director, this boy has jumped out of this bondage circle!"

"Come on, try it, Tie Guanyin. I've found a new equipment dealer who specially brought it for me from the south. Try it. " The equipment manufacturer will hide it from the layman. For Zhang Fan, Chen Qi believes that someone has been in contact for a long time.

"OK, thank you, brother! This is the money borrowed from the front, and I won't give you any interest. " Zhang Fan first paid new year's greetings and second came to pay back the money. Lao Chen's children used the money. The hospital had profits, and Zhang Fan didn't default. He hurried to pay back the bill.

"You are good enough, boy. What do you want to borrow money for? It's a cunning rabbit! What about? How's business? " Chen Qi smiled and sat on the sofa next to Zhang Fan.

"OK, just tired!" Zhang Fan is drinking tea and telling the truth. He is really tired.

"Not tired, can you make money? You won't be hypocritical. Brother, I don't have your ability. Even in the city hospital, I can't exceed three with your ability. "

"Hi! Brother, you're going to kill! I'm really tired. " Zhang Fan and Chen Qi spoke directly because the relationship was in place.

"Well, you probably don't like me in the operation. You're not in a hurry. If you need money first, when major units need to say hello, you're welcome. Your brother still has a little old face." In fact, Chen Qi wants to take a stake, but it's a little hard to say, so he's not in a hurry. Wait until Zhang Fan opens his mouth at that time!

"OK, thanks, brother. I'm not short of money for the time being. I'll ask you again when I'm short. I'll go first!" Zhang Fan left. Chen Qi looked at Zhang Fan's back and was really filled with emotion!

Many directors are envious of Zhang Fan's opening a private hospital, but Lao Gao is not envious. He just asks, "don't be blinded by money! You want to move towards microsurgery? It's a pity!" When paying New Year's greetings to Lao Gao, Lao Gao said to Zhang Fan with a little pity.

"Director, don't worry, it won't. this is a hobby!"

"Your hobby is really extravagant! Millions! ~" Lao Gao glanced at Zhang Fan.

Zhang fan can't explain to Lao Gao. The system is Zhang Fan's biggest secret. It can be said that as long as this thing doesn't disappear, Zhang Fan will never tell anyone! Even if you say it, others don't believe it, which only increases your troubles.

Zhang Fan also wanted these directors to take shares, especially medical experts. As a result, no one spoke. Strength is still not enough. There is no inside information.

Just as Zhang Fan walked out of the surgical building and prepared to return to the dyeing department, he met two policemen. Among the policemen was Batu, the president of the county hospital!

Old, a year and a half, Batu is directly old. Although Zhang Fan has been to prison several times, Batu doesn't want to see anyone. There's no way. Zhang Fan sent some food and came back.

Unexpectedly, I suddenly saw Batu here today" Ba yuan!" Zhang Fan widened his eyes and looked at Batu, who was bent and thin and pale.

"Instructor, this is my former colleague!" Batu looked at Zhang Fan, the corners of his mouth tilted slightly and smiled! But it was worse than crying. He reported to the police.

Just then, the director of the medical department came" Officer Li!" The director of the distant medical office greeted him.

"Zhang Fan, why, do you have a rest today?" Zhang Fan is wearing a white coat. He did it on purpose,

which means he doesn't go to work and wanders around!

"Director, this is my old leader!" Batu didn't dare to speak. He secretly looked at Zhang Fan, lowered his head and hung clear tears on the corner of his mouth! Regret? I do not know!

"Oh, that's right." The director of the medical office looked at Batu and said.

Batu performed well in prison because he returned all the money and was able to show other prisoners a minor illness in prison. Although he was born in the imaging department, why didn't the Dean know a little medical knowledge for ten years. He performed well in prison, and now he is seriously ill and has found tuberculosis.

His family thought of various ways. It is said that he can get out of prison ahead of time. Batu coughed badly these days, coughing and bleeding. He was taken to the hospital for treatment.

Zhang Fanneng's meaning is also very clear. He wants to take care of the prisoner. The director of the medical office turned to the prison guard and said, "OK, let's check it first!" If Zhang Fan hadn't opened his mouth, it is estimated that Batu would have been sent to the infection hospital for an examination.

Prison guards are also human and need to deal with local hospitals. They are very polite to Zhang Fan and the director of the medical department. Batu was treated better.

They untied the handcuffs, because Batu was about to get out of prison, and they were not afraid of Batu running away. It was to Zhang Fan's face!

"You can have a simple chat with the doctor." With that, the two prison guards stood aside. When Zhang Fan was going to buy something, he saw Zhao Zipeng.

"Zipeng! Come here. " Zhang Fan called Zhao Zipeng to the front and back, took out hundreds of dollars, "hurry to buy two good cigarettes, run, and then buy another pack of cigarettes and drinks. If you don't have enough money, you can put it on first. Go quickly. "

"OK." Then run!

"Ba yuan! How are you? " Zhang Fan wanted to say a lot. Looking at Batu wearing striped special clothes and Batu shrinking and rickety, he couldn't speak!

"Hehe, it's very good. Hurry up. You! How can you greet me in front of your leader? You are still young! Hurry and get busy! " Batu whispered.

"It's all right! I'll arrange to check you later. "

"No, just follow the procedure. Are you OK! You come to see me, I really have no face to see you! " Batu slightly stretched out his body and looked at Zhang Fan with satisfaction.

Before talking a few words, Zhao Zipeng came with two black plastic bags, "brother, two Chinese. This is a drink. " Zhao Zipeng said to Zhang Fan with another bag.

After receiving it, Zhang Fan said to Batu, "wait a minute." With that, Zhang Fan went to several policemen chatting with the director of the medical department.

"Two leaders, Batu is my former colleague. He takes good care of me and has no other meaning. It's just a mind. Please take care of him more in the future. After all, he's not young!" With that, Zhang Fan handed the black plastic bag to the two policemen. Then he quickly opened the cigarettes he bought and gave them to the two policemen. He sent the drinks, too.

Both of them took the single cigarette and the water, but they didn't take the cigarette in the black plastic bag, "ouch, that's not good. The doctor, he's coming out soon. Why do you think so! "

"Director, help is just a thought. Two cigarettes, nothing."

The director of the medical office looked at Zhang Fan. Zhang Fan's usual efforts and status, and he was so affectionate and righteous, which really moved him. He said, "Lao Li and Xiao Chen, take it, just two cigarettes. What a big thing, it's our doctor's intention." Involuntarily took a roll of the black plastic bag in Zhang Fan's hand and stuffed it to the older police.

"You see, it's done! That is, incidentally, why be so polite. Then thank you. You can talk more for a while. Anyway, it's a day. Don't worry! " The older policeman didn't refuse any more and said to Zhang Fan and the director of the medical office.

Zhang Fan called the director of the infectious diseases department and took Batu and the young police to check. The old police were taken to tea by the director of the medical department.

"Ba yuan!" Zhang Fangang opened his mouth and Batu hurriedly said, "call Batu, call Batu!"

"I heard from the police that you're coming out, aren't you?" Batu, Zhang fan can't get out of anything.

"I don't know." Batu secretly glanced at the young policeman around him and said with flashing eyes. Although he had been closed for more than a year, Batu's talking eyes directly told Zhang Fan what he wanted to express. This is a personal genius. He was not shut up. Zhang Fan was right with him. Many things are still not enough to see!

"Hehe, he's coming out soon. He's doing well." The little policeman smiled and said. The doctor of the hospital, he also wants to have a good relationship. His wife is pregnant and is going to have a baby in the municipal hospital, so his attitude is very good!

"Oh, that's good!"

After a set of examinations, Batu must be hospitalized. The blood sugar is very high. Because the nutrients in the blood are too high, pulmonary tuberculosis is also very serious. Finally, after all kinds of housekeeping at Batu's home, a week later Batu was directly released from prison ahead of schedule.

Then he went to the infection hospital. After Batu got out of prison, he called Zhang Fan at the first time.

Zhang Fan took Lao Chen to the infectious diseases hospital. Batu was lying on the hospital bed, squinting greedily at the sun. It was a luxury to bask in the sun during autocratic time.

"How about Ba yuan. You look in good spirits!" Zhang Fan and Lao Chen entered the ward with gifts.

"Hi! I've been very happy since I came. I'm still carrying things. Put on the mask quickly. Tuberculosis!" Batu was also very happy to see Zhang Fan and Lao Chen. At this time, although he is old, his mental state is really good.

"Thank you, Doctor Zhang! Thank you!" Batu's wife was very polite to Zhang Fan with a mask. This woman has had a hard year. White frost has been seen between the temples!

"Sister in law, this is Dr. Chen from the former county hospital. I heard that Ba hospital was hospitalized. I hurried to see Ba hospital."

"Sit down, sit down, Dr. Chen, please!"

"You're welcome! You're welcome. It should be." Lao Chen put down the gift and said.

"Go and bask in the sun and serve me all day." Batu said to her daughter-in-law.

"Good! Good!" After his wife went out, Batu took Zhang Fan and Lao Chen's hand and said.

"Ba yuan, you don't know. My master has opened a hospital now."

"Master? Oh, ha ha, I knew at that time that you were not good stubble, especially Zhang Fan, who became the boss! That's good. It's safe to have other income!" Batu is really happy for Zhang Fan.

"How is it? How is the effect of treatment?" Zhang Fan and Lao Chen sat down and asked.

"Now it's much better and free. The disease will be better. It's no big deal."

"Then have a good rest. After leaving the hospital, go around and relax!"

"Hi! If I don't turn around, I want to stay at home. I won't go. How's it going? Is your work life going well? Are you married?"

"It's all good. I haven't been married yet, but I have a partner. Besides, can I get married without

notifying you!"

"Ha ha, I must eat your wedding wine. Lao Chen left the county hospital? "

"Yes, you left. The hospital was in chaos for a while. I discussed with my master and resigned!"

"Well, the county hospital delayed you!"

After learning about Batu's coming out, Zhang Fan discussed with Lao Chen and decided to let Batu be the business director instead of directly to the president. After all, Batu's identity is very troublesome and unpleasant.

Lao Chen and his colleagues are very supportive. The external and internal management of this hospital is really beyond their ability to play around. And Shao Hua's father also supports finding a professional manager.

"Ba yuan, don't go outside and relax?"

"Hi! You boy, what's the matter? Just say it. Don't always flash for me. "

"Come and help me! I can't hold it! " Zhang Fan grabbed Batu's hand and said.

"Aren't you afraid that I, a full-time embezzler, will ruin the reputation of your hospital? Are you not afraid of my corruption? " Batu said with a smile.

"I believe you!"

"Your letter is useless. Don't call me Ba yuan in the future. If you can see it, call me brother. When I leave the hospital, we'll discuss it slowly. Don't worry. I know you're in the starting stage. It's very difficult, but starting is also the most important thing. Don't worry! Take your time! "

What is knowing. This means that after ten years of officialdom, grass-roots officialdom can still control the main income units of a county for ten years. This is not for nothing. If Zhang Fan doesn't forget his roots, Batu is very happy. Is he short of money? No, he sees everything clearly. I've already done it.

Zhang Fan opened his mouth. He decided to go out of the mountain, not for others, but for Zhang Fan's love and righteousness. He should help and support him!

"Yes, Doctor Zhang is really nice. After you went in, only he came home to see you. Others, hey ~! "

"Ha ha, satisfied, Zhang Fan alone is enough!" People are in good spirits at happy events. Batu said to his wife with a red face.
