

# Chapter 2626– 2627 of A Dish Best Served Cold Novel

## Chapter 2626

This guy, is it really impossible to fight with iron?

“I don’t believe it!”

Bang bang bang bang~

While roaring, Fen Tian hit eighteen punches in a row, instantly smashing them down.

Dao Dao Quan Jin was wrapped in majestic power, and slammed on Mark’s chest fiercely.

Everyone saw that Mark’s chest sank a bit, and his ribs broke.

The bright red that vomited blood in Mark’s mouth was even brighter than the afterglow of the setting sun.

However, even if this happened, Mark still gritted his teeth and stood up with difficulty.

Then, fall again, stand up again, fall again, stand up again...

For a time, the whole world became quiet.

The people before the cave mansion were also startled.

Perhaps everyone was infected by Mark’s stubborn stubbornness, and they respected and regretted this young man more and more in their hearts.

Even Mike Jones was stunned.

He couldn’t imagine how stubborn a person must be, and what determination must be made to be like him, fall and rise again, fall and rise again, and then rise again and again, without fear of life and death.

But when everyone was infected by Mark’s integrity, they couldn’t figure it out. Isn’t it just a few treasures?

As for being so desperate?

No matter how precious the treasure is, it is for human use after all.

If there are no people, what is the use of this treasure?

“Hey~”

“Why bother?”

“Is it really worth losing my life for something outside of my body?”

Among the crowd, someone sighed.

However, how can they know what Mark is guarding?

That was a promise, a promise he made to a woman!

Because he said to her, this time, no one will bother you.

Mark has always promised, since he has promised other people's things, how can he break his promise?

What's more, if it weren't for her own words, Yu Yun would have already made a breakthrough.

The crisis of Yu Yun nowadays is also caused by Mark to a certain extent.

Therefore, he can't avoid it in terms of emotion and reason.

Even if you pay your life!

It is said that life is precious, but for some people, there is always something above life.

Or promise, or friendship, or responsibility, or... love.

Finally, after this asymmetrical battle lasted for a long time, with Fen Tian's punch down, this time, Mark never stood up.

He fell to the ground, his thin body was already scarred, and his breath was weak, like a candle in the wind.

However, his eyes are still open, bright and firm, but they are getting weaker.

“Haha~”

“Boy, aren't you good at fighting?”

“Get up?”

“keep going?”

“Don’t persuade!”

Seeing Mark seemed to have only one last breath left, Fen Tian felt happy in his heart.

He smiled grinningly, while kicking Mark’s body.

After the anger in his heart was completely vented, Fen Tian raised the long knife in his hand again.

“Junior Yanxia, this time, this king will not give you any more opportunities.”

Whoosh whoosh~

The cold light flashed, and the long knife fell.

This time, Fen Tian almost exhausted all his life’s strength to cast a final blow against Mark.

In just an instant, hundreds of sword qi converged and formed.

The sword light, like a death god sing, slashed towards Mark’s head.

It seemed that Fen Tian wanted to behead Mark directly!

....

“Does it really end?”

...

“Did it fall here after all?”

## Chapter 2627

“Ciao!”

“Stop playing~”

“I’m afraid of you, can’t you?”

Gaia was almost crying.

Before, he just thought that Mark was a lunatic.

But now it seems that this guy is a lunatic, this is the devil that can't be killed or slashed.

If you continue to consume it like this, who will die in the end?

Therefore, Gaia, the king of Persia, had already retreated and stopped fighting Mark. Rather, it was suggested that the three of them should enter the cave to search for treasures together. As for whoever can get it in the end, they will have their own abilities.

But there is only one premise, and that is that they are not allowed to fight their lives anymore.

"In this way, the three of us each have a one-third chance of obtaining treasures."

"That's all right?"

Gaia spoke to Mark in an almost begging tone.

It seemed that this guy was really scared by Mark.

However, how could Mark agree.

Yu Yun is still cultivating in it, and it is the final critical moment at this time, and no one will be disturbed.

Therefore, facing Gaia's proposal, Mark directly rejected it.

"I, I said, with me here, no one can enter this cave."

The deep and hoarse voice, with an unquestionable firmness.

"Ciao!"

"Give you a face, right?"

"You still want to stop us?"

"Just like you, what are you doing to get in our way!"

As soon as Mark's words fell, King Yintian Fentian directly exploded.

In order to win the rainforest this time, he and the Persian king searched the entire rainforest for several months.

They spent a lot of time and energy for the treasures in the rain forest.

But now, Mark wanted to stop them with a word?

It is no different from wishful thinking!

“Gaia, don’t talk nonsense with him.”

“Even if this guy didn’t die, that would be the end of the battle.”

“I don’t believe it anymore. This Wang Qing tried his best to kill an unknown bastard?”

Fen Tian obviously just got on with Mark.

He doesn’t believe in this evil anymore. Is this Mark an immortal person?

After saying this, Fen Tian didn’t have any nonsense.

Rushing over, he violently beat Mark.

This time, he didn’t use a sword.

Instead, using his fists and feet, he poured out his power madly at Mark.

“Shattered Palm!”

“Spike Tooth Fist!”

“Tianzhu is broken!”

Burning the sky at this time, like a mad dog, beating Mark frantically.

Or fist or palm, or split or chop.

All kinds of attacks, like those without money, came out of Fen Tian’s hands, and now they all bombard Mark’s body.

Bang bang bang~

Under the cave, deafening voices could not help sounding.

Fen Tian’s stormy offensive almost stunned everyone.

Too ruthless!

This Burning Heaven is simply too cruel.

Facing a young man who was unable to resist at the end of the crossbow, Fen Tian didn’t have any mercy or mercy at all.

Fist to the flesh, recruit blood.

After almost every shot down, Mark's body was blown out like a cannonball, and the red blood mixed with internal organ fragments poured into the sky, and finally fell to the ground fiercely.

However, Mark, who fell to the ground, quickly stood up again.

Then he stood in front of everyone again.

The embarrassed body full of blood, standing in front of the cave mansion so shaky, with his own body, blocking the path of Fen Tian and the others.

"Go to die, go to die, go to die!"

Seeing that Mark could still stand up, Fen Tian's whole body was about to collapse.

why?

Why can't you kill him?
