

Chapter 2632– 2633 of A Dish Best Served Cold Novel

Chapter 2632

The energies that overflowed radiated out in all directions like an ocean storm.

The ground under his feet shattered inch by inch, and the entire island was trembling almost.

Countless trees fell under this sword light and sword light, and it was the huge lake a hundred miles away, which also set off a monstrous wave at this time.

“My God~”

“Is this the majesty of the titled master?”

“Is this the style of the pinnacle powerhouse?”

“With every gesture, there is the power to destroy the world.”

“No wonder, it is said that the titled master is the existence of a country’s martial arts strategy deterrence level.”

“Sure enough, it’s horrible~”

Looking at the shocking world war in the distance, Mike Jones and others have long avoided, watching from a long distance, in the eyebrows, there is endless shock and yearning.

After all, for most people in the martial arts world, it may be difficult for them to see a titled master in their lifetime, and it is even more difficult for them to see the peak battle of title level.

But nowadays, title battles are being staged one after another, and even passers-by and spectators like them are calling for fun, and they feel hearty when they look at it.

However, to everyone’s surprise, this title battle did not last long.

After a brief confrontation, King Yintian Fentian quickly defeated.

The powerful attack was smashed by Yu Yun with a single sword, and finally Yu Yun kicked on Fen Tian's chest fiercely.

Just listen to a muffled snort.

Fen Tian vomited blood, and the whole person flew out like a kite with a broken line.

However, this Burning Heaven is also a strong one after all.

Even if he resisted Yu Yun's kick, before landing, Fen Tian set his posture in time, and finally touched his legs on the ground, and stepped back on the ground for a hundred steps. I don't know how many mountains, rocks, and trees were crushed along the way, before he finally stabilized. shape.

With a chuckle, another mouthful of blood came out.

"Damn, this woman is so strong?"

After being injured by Yu Yun again, Fen Tian's eyebrows were gloomy, and he said gloomily while looking at Yu Yun's direction. The old face is very ugly, and the iron-green face is almost dripping with water.

However, when trembling at the strength of this woman, Fen Tian became even more curious about Mark.

"Where did the bastard come from?"

"Not only is the body law superb, but also masters the extremely rare body refining secrets in the martial arts world."

"Now, there is still a title-level woman who is angry for him and mad for him?"

"I'm afraid Ye Qingtian, the god of war, didn't have this foundation and background."

Fen Tian frowned, his curiosity and jealousy towards Mark grew stronger.

Although Fen Tian had not played against Ye Qingtian, the God of War in the Summer has been famous for many years, and many of Ye Qingtian's cards are no secret in the martial arts world.

However, with Fen Tian's understanding, even Ye Qingtian did not master such strange and powerful body techniques and body refining techniques as Mark, and there was no woman who was a titled master as a lover.

That's why, Fen Tian would feel that Ye Qingtian's background and background are not as good as Mark.

Thinking of this, Fen Tian suddenly regretted it.

Perhaps he shouldn't have provoke Mark in the first place.

Because, even Fen Tian was not sure what kind of boy he provoked this time.

“However, this is the end of the matter, and regret is useless.”

“The most urgent task is to find a way to solve the current predicament.”

Fen Tian thought secretly.

However, relying on himself, it is undoubtedly unrealistic to contend with after rhyme.

Therefore, he immediately turned around and looked in the direction of Gaia, king of Persia. ,

“Gaia, when do you want to see the show?”

“Do you want to wait for this woman to break us all?”

Chapter 2633

“You don't want to go with me?”

“What was your courage when you stabbed the young hot summer boy with a knife just now?”

Fen Tian shouted harshly.

The voice was loud, resounding like Hong Zhong Dalu, resounding here.

Fen Tian seemed to shout so loudly on purpose so that everyone could hear it.

Of course, it also includes the stunning woman holding a sword in front of the sky.

“Ciao!”

“Fentian, did I do Nima?”

“You hurt me?”

Hearing Fen Tian's words, Gaia's old face turned green at the time.

The corners of his eyes twitched, and the whole person tickled with hatred, and the heart of kicking Burning Tian was gone.

The reason why he has been hiding from the move just now is that he hopes not to be involved.

After all, as soon as this woman appeared, Gaia, the king of Persia, had already felt the power and extraordinariness of this woman.

Such a strong person, during Gaia's heyday, will inevitably try to avoid fighting with it.

What's more, he was almost kicked for half his life by Mark before.

His current situation is by no means much better than Burning Heaven.

The ancients said that a gentleman would not stand under a dangerous wall.

Gaia knew that he would lose to this woman, so he simply stayed away and stayed out of the matter.

In this case, he is naturally not in danger.

But who would have thought that Fen Tian, a bastard bastard, would have a hard time, and would have to drag him to have a hard time together.

You know, just based on the intimate action between Yu Yun and Mark just now, you can clearly see that these two people are most likely to be lovers.

The reason why this woman is so crazy now is because her man was beaten and almost killed.

Before, Yu Yun had always thought that Mark's injuries were bestowed by King Yintian, Fentian, so she wanted to kill Fentian all the time.

Now, with a single sentence, Fen Tian stabbed him out of Mark's back stabbing. This pushed Gaia to the cusp of the storm almost instantly.

Sure enough, just when Gaia was still cursing King Yintian, a pair of cold eyes that seemed to have no emotions, had already looked over.

"It seems that you have a part in the person who hurt him."

The faint words were full of endless anger and murderous intent, and everyone listened, feeling like ice.

Gaia was terrified at the time, and quickly explained with a smile: "Misunderstanding, my friend, this is a misunderstanding."

"Don't listen to the Yintianwang nonsense."

“He deliberately pulled me into the water so that you could also deal with me.”

“I am innocent.”

“I have no grievances with your little boyfriend, how could I stab him.”

“I’m a passerby, just passing by.”

“You two continue to fight. If nothing is wrong with me, I will leave first.”

As the so-called dead Dao friends do not die poor Dao.

In order to allow himself to retreat, Gaia, the king of Persia, chose to clean himself.

All the responsibilities have been transferred to Fen Tian.

The relationship between King Yintian and King of Persia, to put it bluntly, was just a cooperative relationship.

In order to benefit, they have just reached an alliance and acted together.

Now, in the face of danger, this fragile alliance is naturally collapsed.

Now both of them are thinking about how to protect themselves, and how can they care about morality?

After saying these words, Gaia dragged his wounded body, turned around, and wanted to leave here like crazy.

Whoosh~

However, at this moment, a sword light flashed across Gaia’s path.

Immediately afterwards, a sharp sword aura rubbed Gaia’s body and slashed directly on the ground below.

With only a bang, the ground under Gaia’s feet suddenly fell apart.
