

Chapter 2634– 2635 of A Dish Best Served Cold Novel

Chapter 2634

If Gaia's reaction had been slow for a second, it is estimated that it is now torn apart, not just the ground under his feet.

“Ok?”

“Friend, what do you mean?”

“I have said it, this matter has nothing to do with me.”

“It's a matter between the two of them. If you split, go and split the Indian King.”

“What do you do to me?”

Gaia was a little angry. Anyone whose life is threatened by others would probably be angry.

If it weren't for fear of the opponent's strength, with the sword just now, Gaia would have been desperately fighting Yu Yun.

However, how can Yu Yun believe these pale explanations of Gaia.

Therefore, Yu Yun simply ignored Gaia's words.

The only response to him was the sharp sword light and the rich murderous intent that swept Tianhe.

“by!”

“Are you crazy?”

“You crazy woman, are you a dog?”

“Split when you see someone?”

After avoiding Yu Yun's sword aura for a while, Gaia could no longer stand it, and his patience was exhausted.

In the end, I couldn't help it anymore, and directly tore my face and yelled at Yu Yun.

“Haha~”

“Brother Gaia, it seems that your strategy of staying out of the matter is completely bankrupt.”

“This woman is a lunatic.”

“You stabbed someone else's husband, is she blamed for letting you go?”

“So, give up your fantasy and prepare for battle.”

“This woman is certainly strong, but you and I join forces, it might not be impossible to fight.”

“Moreover, I promise, as long as we cooperate tacitly, it might not be able to solve her like the hot summer boy just now.”

When the King Yintian Fentian saw this, he smiled gleefully.

After all, Gaia's attack is undoubtedly a good thing for King Yintian.

At least, he will not be alone in the next battle.

“Okay, just shut up you!”

“What are you doing in a daze?”

“Hurry up and help me.”

Gaia undoubtedly completely gave up the idea of staying out.

It's not that he doesn't want to, it's mainly because the woman chased him to fight.

In desperation, Gaia once again reached an offensive and defensive alliance with Fen Tian.

Prepare to join forces to deal with Yu Yun.

“Gaia, for a while I will be in front and you will be behind.”

“We flanked back and forth and shot together.”

“I don't believe it anymore. No matter how powerful this woman is, could it be that she still has three heads and six arms.”

Fen Tian said coldly, and his eyes were full of coldness when he looked at Yu Yun.

“Great!”

Gaia also didn't have the slightest nonsense, after deciding on the countermeasures, he shot directly.

Afterwards, everyone saw that Gaia exploded with great momentum, and the power of the surrounding heaven and earth gathered frantically.

In the end, thousands of forces gathered in the palm of the hand.

Then, crashed out!

“Poruo's palm!”

Boom~

The majestic words sounded quietly.

Immediately afterwards, a golden light lit up under Gaia's palm, and quickly condensed into a golden palm print.

In the next second, this huge palm print, with an unrivaled momentum, slammed towards Yu Yun's back, angrily.

At about the same time, Burning Heaven, which had been accumulating energy, was suddenly released with a thunderous blow.

He is holding a crazy knife, and there are electric snakes flashing all over his body.

In this way, under the blessing of the power of thunder, Burning Heaven danced the thunder and lightning mad knife, directly facing Yu Yun, and slashed angrily.

“Thunder Blade: Thunder Slash!”

Stabbed~

The dazzling blade light, like thunder, penetrates through the sky and the earth, pointing straight at the stunning shadow ahead.

In just an instant, two powerful attacks, one after the other, were flanking and swept away in the direction of Yu Yun.

Below the Tianhe, the two titled masters all shot together in this way, and they all used the strongest force to encircle the aftermath!

Chapter 2635

Under the Tianhe, there are swordsmans sweeping across the sky, strong and powerful.

When people are in desperate situations, they will always burst out with unimaginable power.

Just like the current King of India Burning Heaven and King Gaia of Persia.

The power that these two attacks erupted, even if it was not as good as their heyday, was not much different.

The terrible power can still be felt even if they are separated by hundreds of miles.

“It looks like King Yin Tian and the others are going to work hard?”

“Now, that beautiful grandmaster is probably dangerous.”

The crowd onlookers in the distance were shocked by the terrifying power erupted by Fen Tian and others, but they were unconsciously worried for the aftermath.

After all, two fists are hard to beat four hands.

No matter how powerful the after-rhyme is, it is only one person.

She may be able to contend against either of King Yintian and Gaia, but if the two titles work together to besiege, then her chances of winning are undoubtedly extremely slim.

However, when everyone was deeply worried about this beautiful master, the aftermath of the storm was still calm.

She was expressionless, holding a long sword, just standing horizontally under the sky.

The violent wind blew her black dress and moved her three thousand green silks like snow.

The calm and indifferent look is like a spring water, no matter how heavy the wind and rain outside, there is no wave in her heart.

“Ok?”

“What is this beautiful grandmaster doing?”

“Why haven’t you shot yet?”

“Could it be that you know you are invincible and have given up resistance?”

When many people saw this, they were undoubtedly more puzzled.

What's more, the gaze that looked at Yu Yun was already with pity and sympathy, as if looking at a corpse.

Whoosh~

However, just when the attacks of Fen Tian and others were about to fall on Yu Yun, the graceful and noble and graceful shadow between Tianhe finally moved.

The long sword in his hand danced instantly.

The sharp blade reflects the scorching sun and cold light.

Like the sickle of the god of death, quietly passing through the world here.

In just an instant, there was endless sword light permeating the eye.

The whole world is like an incomparable rain of swords.

In that sword rain, there were red spots, a sea of clouds, and solitary smoke.

Seeing such a bright and strange scene, everyone present was stunned.

In the eyebrows, there is a strong shock.

“This... is this swordsmanship?”

“Why is it so beautiful?”

Among the crowd, countless people looked up with emotion.

Even Mike Jones, after seeing such swordsmanship, immediately became obsessed.

So beautiful!

This is not a fight at all, but an unparalleled visual feast.

Just like a graceful woman, performing a peerless dance between the sea of clouds.

Like a master of traditional Chinese painting, he takes the heaven and the earth as his picture scroll and the long sword as the Zhu Hao, waving Fang Qiu between the heaven and the earth, splashing ink and color.

That dazzling Jianhua astounded countless people in an instant.

And when everyone was in a daze, a cold and refined voice immediately sounded.

“Yunyan Jian Jue~”

“The first sword, Merry!”

....

“The second sword, Bai Long!”

....

“The third piece, Leng Yue!”

....

After a short period of energy accumulation, Yu Yun held a long sword and cut with three swords.

Every sword has the power to stir the world.

Every sword has the potential to shake mountains and rivers.

Those three sword auras finally converged into a stream, and finally swept the Quartet.

Then, the attacks of Fen Tian and Gaia ran into each other fiercely.

However, the expected stalemate did not appear.

When the two sides attacked, the offensive of Fen Tian and Gaia collapsed.

Huh~
