

# Chapter 2642– 2643 of A Dish Best Served Cold Novel

## Chapter 2642

When Mike Jones heard the words, he frowned immediately: “Huh? Why did you say this?”

The subordinate immediately explained: “I guess. After all, in the martial arts world, the number of titled masters is already scarce, and among them, there are even fewer female titles.”

“Plus, Yintian King Fentian is one of the top fifteen existences on the list.”

“But the previous woman was able to hang and print the King of Persia and the King of Persia alone.”

“This undoubtedly means that this woman must be in the top ten of the top ten.”

“Moreover, it is very likely to be the top five or even the top three.”

“And among the top five in the top five, there is only our sect leader who is a woman.”

“So Young Master, I guessed that that person might be the master of our Truman.”

“How about it, master, my speculation makes sense, right?”

The man was smiling, looking eager to get Mike Jones’ approval.

However, as soon as he finished speaking, Mike Jones had a dark face and slapped his face directly.

“Nonsense!”

“My Truman Sect Master, how noble and majestic is that?”

“And that Mark is just an unknown boy in the summer.”

“This kind of humble person, is he worthy of letting our sect master help him?”

“What’s more, the sect master is solitary, she is out of vulgarity. I am afraid that there is no man in this world who can get into the eyes of the master.”

“Do you think that if the woman were the master of the sect, she would really succumb to her status, regardless of her image and influence, to go so close to a person of the opposite sex?”

“When you say this, you think you are showing off your cleverness. In fact, it is a great disrespect to the master of my Truman, and even a huge blasphemy to the master!”

“If these words are heard by the elders in the door, you will die without a place to be buried.”

Mike Jones shouted angrily, and the cold and sullen voice echoed here.

And the man in front of him, when he heard this, his old face was pale with fright, and his whole person was almost lost in spirit.

Kneeling on the ground immediately, kowtowing his head in fear and confession: “Young master, yes... it was me who spoke nonsense. I promised that I would never talk nonsense again. I beg Master to forgive me this time. ..”

This person worshiped again and again, perhaps because of fear, tears flowed out.

“Okay, it’s a lesson this time.”

“Remember it for me in the future, don’t say anything that shouldn’t be said.”

Mike Jones did not pursue him excessively, and after reprimanding him, he told him to retreat.

Afterwards, Mike Jones and others were also preparing to leave.

But what made Mike Jones extremely troublesome was that his sister was still alive, crying and clamoring to go to Mark.

“Sister, don’t be capricious.”

“You just found him, so what can you do?”

“You are so weak, what can you help him?”

“You can do nothing except drag him back and hurt him.”

“If you really want him to be well, just follow me home obediently.”

Mike Jones said sharply.

After An Qi heard this, Qiao Lian was startled.

She froze in place, silent for a long time.

In the beautiful eyes, there is all loss.

Yes, as my brother said, she found Mark, and she couldn't do anything.

She did not have superb medical skills, nor did she have peerless strength.

When Mark was in desperate situation, she could not help him except cry.

“Sister, are you okay?”

“I just talked about it casually, I didn't mean to hit you.” Seeing his sister's drooping pretty face, Mike Jones couldn't bear it, and said with relief.

## Chapter 2643

“No, brother, you are right.”

“Now I can't do anything.”

“Even if I find Brother Mark, I can't help him at all.”

“Let's go back.”

The little girl drooped her eyebrows, and her words contained inexplicable loss and sorrow.

She hates this feeling of weakness.

Especially just now, when I saw the veiled woman, she turned the tide on her own, not only saved Mark, but also helped Mark to teach Fen Tian and the others.

At that time, An Qi had an inexplicable emotion flowing in her heart.

She thought so much that one day, she would be able to help Mark and help that young man just like the masked eldest sister.

But now she can't do anything at all.

In the end, An Qi didn't go to Mark again, but chose to return to the family with her brother.

Before leaving, An Qi glanced at the direction where Mark was taken away.

Then he turned around and said to Mike Jones: “Brother, let's go.”

“We go back to the family, I want to learn martial arts.”

“I want to learn killing skills.”

The little girl said in a deep voice, her words burning, her eyebrows filled with determination.

Once, she was a flower in a greenhouse, protected by her father and brother.

But now, she also has people who want to help and want to protect.

She doesn't want to be a burden anymore, and she doesn't want to be like today, seeing that the person she cares about is in danger, but she can't do anything.

When Mike Jones heard these words, he was stunned.

He couldn't imagine that these words were uttered from his sister.

Mike Jones knows his sister's resistance and aversion to martial arts.

For so many years, he and his father have often asked An Qi to practice some self-defense martial arts.

However, his sister did not study life and death.

Mike Jones still remembers that many years ago, after his sister ran away with a martial arts master who came to teach her martial arts, his father beat her severely in rage.

I hope to use force to force her to obey the orders of her father and brother.

But that time, their father interrupted An Qi's legs, but she still bit her lip stubbornly, just not learning.

That was his father's first and last time playing An Qi.

Since then, they have never mentioned the matter of letting An Qi practice martial arts.

But Mike Jones didn't expect that now his sister would take the initiative to learn the martial arts that she hated back then.

Mike Jones didn't know whether he should be happy or worried.

Although, mastering some self-defense techniques is a good thing for An Qi.

But, sometimes think about it, is it really a good thing for such a naive and innocent girl to set foot in such a cruel martial arts world?

Mike Jones didn't know the answer either.

However, now is not the time to think about this.

The most urgent thing is to leave this rainforest first, and then find Chu Qitian and the others will get along, and report what happened here to the senior sect.

The three major titles gathered on this lonely island in the middle of the lake, and fools could see that something must happen in it.

As for the specifics, this is not something Mike Jones has the ability to probe.

Regarding the titled grandmaster level, let those deputy masters and elders of the sect worry about it.

Soon, Mike Jones and his party also left here.

This isolated island in the middle of the lake completely restored peace.

Only the ruins and broken mountains all over the ground show what kind of battle has happened here.
