

Chapter 2648– 2649 of A Dish Best Served Cold Novel

Chapter 2648

The bridge of his nose is also extremely high, and when he looks sideways, it looks extremely three-dimensional.

“This guy is pretty good-looking~”

Under the moonlight, Yu Yun was sitting there with her long skirt on the ground, green silk like snow, looking at Mark, talking to herself.

Outside, the sky was very quiet, and the moonlight was quiet and beautiful.

The whole world is very quiet, quiet, and the sound of insects can be heard.

Of course, there was also Mark’s slow breathing.

I don’t know why, Yu Yun likes this feeling very much.

In the tranquility, with a sense of peace.

Quiet and beautiful, with a touch of warmth.

But this is not the first time Yu Yun has spent the night outside, but why didn’t it have such a peaceful and warm feeling before?

Yu Yun couldn’t figure it out, and she didn’t want to spend time thinking about it.

Now, she just wants to experience this peaceful and peaceful night quietly.

She knows very well that maybe this kind of night will never happen again.

However, while enjoying the night, Yu Yun suddenly remembered that she had told Mark to introduce him to Chumen for further study, but was rejected by this guy.

However, listening to Mark’s tone at the time, Yu Yun always felt that he seemed a little hostile to Chumen.

“Could it be that there is any enmity between him and Truman?”

Yu Yun thought secretly, but then shook her head again.

“No, it shouldn’t.”

“When he was in the old house of the Chu family, the old prince of the Chu family loved him very much.”

“Looking at that, he should be extremely close to the Chu family.”

“The Chu family is one of the three Chumen families, and it is also the founding family of the Chumen. If he is close to the Chu family, he will certainly not have any hatred against the Chumen.”

“But, with such a good opportunity for advanced studies, why is this guy not willing to go?”

Yu Yun Liu frowned slightly, but she couldn't figure out the matter.

She decided to ask him carefully after Mark woke up.

Time, like flowing water, passes through the fingers.

Yu Yun didn't know how long she stayed here, and finally fell asleep before she knew it.

When he woke up, the sky was already bright.

“Mark~”

The first thing Yu Yun did after waking up was to call Mark worriedly.

It seemed that he was afraid of something unexpected happened to Mark during the time he was asleep.

Wow~

As soon as Yu Yun was together, a coat slipped off her body and landed at Yu Yun's feet.

She looked down and found that this was Mark's clothes.

“Could it be that he is awake?”

Yu Yun was suddenly suspicious, looked up and saw that the place where she had been unconscious was already empty.

“Mark, Mark~”

I don't know why, the Yu Yun at that time actually felt an inexplicable loss and panic in his heart.

As if he was afraid, Mark just left.

“Stop shouting, where am I?”

Mark's faint laughter was heard in his ears.

Outside the cave, a young man with a bare back was sitting by the fire, grilling the fish he caught from the river.

“Come on, eat something.”

Accompanied by Mark’s voice, there was the intoxicating fragrance of fish floating together.

When they entered the rainforest before, An Qi bought a bunch of things.

Inside, there are condiments for barbecue.

Now, it just happened to come in handy.

“what are you doing?”

“You are so badly hurt, just running around?”

“Do you still want to heal?”

Nothing was moved. On the contrary, Yu Yun felt angry in her heart when she saw that Mark was not taking good care of her wounds but went to catch fish for roasting. She immediately stared at her beautiful eyes and said fiercely at Mark.

Chapter 2649

However, in the face of Yu Yun’s anger, Mark was as if he hadn’t heard it, still grilling the fish on his own, and finally even brought one of them to his mouth and took a bite to eat.

Seeing Mark behaving like this, Yu Yun was almost mad, and her nose was almost crooked by this bastard.

“I’m speaking to you, didn’t you hear?”

“You speak to me soon~”

Yu Yun angrily shouted at Mark.

Mark ate the fish and smiled like narcissism: “Well, it smells so good~”

“This isolated island is indeed a treasure of geomantic omen. Not only can the ice spirit fruit be born, but the fish in the lake are so delicious.”

“In this world, it is estimated that only the Yellow River carp from my hometown of Akao Jinlin can match this.”

Mark sighed with intoxicated eyes, as if to seduce the after-rhyme. Mark deliberately said that the voice was loud, and the action of eating fish was extremely exaggerated, as if what he was tasting at this time was really a rare delicacy in the world general.

Yu Yun naturally saw Mark’s thoughts clearly, and immediately snorted coldly, “Don’t divert the topic for me!”

“Don’t think that a grilled fish can win over me.”

“I tell you, this girl is not uncommon.”

Yu Yun said stubbornly, putting on a look of disgust.

When Mark saw this, he sighed, “Really?”

“Since you don’t like to eat, then I can only reluctantly eat all these fish.”

“You can’t waste it, right.”

While talking, Mark picked up another grilled fish and was ready to eat it.

However, before Mark could speak, a fragrant breeze came. When Mark looked again, he found that the grilled fish in his hand had fallen into Yu Yun’s hands.

Seeing this, Mark didn’t shook his head and smiled.

He knew that Yu Yun couldn’t stand the temptation of this delicious food.

He and Yu Yun lived together in the Chu family for a long time before, and knew that this woman, although she seemed cold and majestic, noble and refined, but under her graceful and luxurious appearance, she was a senior foodie.

Ye Fanke still remembered that it was because of the gluttony at the beginning that they accidentally ingested the aphrodisiac made by his grandmother.

That night was definitely Mark’s most tormented night in his life, and it almost caused a big mistake.

Fortunately, his concentration was detached, and he reined in the precipice, so he didn’t do anything to apologize to Helen Qiu.

It seemed that he felt Mark’s gaze, but this good-looking woman snorted again: “I saved you, this grilled fish is what I deserve.”

“Well, well, you deserve it.”

“I didn’t say no to you, what to grab?”

“Furthermore, even if it is to cure the injury, you have to wait until you are full.”

Mark replied with a smile, only to think that the arrogant woman in front of him became more and more lovely.

Perhaps because of the deliciousness, Yu Yun even ate four or five grilled fish made by Mark.

Even Yu Yun had to admit that Mark’s craftsmanship was really good.

Obviously such simple ingredients and conditions, but the fish he grilled was just right, and it was really different from the fish she had eaten before, and it was more suitable for Yuyun’s appetite.

“This guy, is his ancestor a cook?”

Looking at the boy who was still grilling fish by the fire, Yu Yun thought to herself.

It was not the first time that she was impressed by Mark's cooking skills.

At the beginning of the Chu family's old house, she was deeply in love with Mark's craftsmanship.
