

Chapter 2656– 2657 of A Dish Best Served Cold Novel

Chapter 2656

“Find me carefully.”

“Mark, it’s impossible for him to fall like this.”

Ye Qingtian did not give up.

He asked Kong Ming and others to look around here carefully.

Even if there was a silver lining, Ye Qingtian would never believe that Mark had fallen.

“Fen Tian, you’d better pray that Mark is still alive.”

“Otherwise, I, Ye Qingtian, will flatten your Indian martial arts and let you pay for his life!”

In the dense forest, Ye Qingtian clenched his palm, his old eyes were full of sharpness and chill.

Thirty years ago, several geniuses of their hot summer martial arts were buried in the hands of Burning Heaven.

It was because of that tragedy that the hot summer martial arts was stagnant for decades.

Mark’s appearance was undoubtedly a huge relief to Ye Qingtian.

He has high hopes for Mark and intends to train Mark as his successor.

But if Mark really fell into Fen Tian’s hands, one can imagine how angry Ye Qingtian would be.

And when Ye Qingtian and others were still searching for Mark’s body in the place where they had fought before, Yu Yun still guarded Mark on the other side of the island, just like Mark had guarded himself.

At this time, outside the cave, there was a breeze.

The gentle breeze, engulfing the moist atmosphere on the distant Hupo, flicked across this cave.

The dress that blew the lingering rhyme also lifted up her green silk like snow.

Yu Yun tucked a few strands of hair on her forehead, but there were thousands of styles and customs between these undoubted movements, which was sultry.

It's a pity that no one has the honor to appreciate such a beautiful and charming scene.

As for Mark, he was cultivating with his eyes closed at the moment, and he naturally couldn't appreciate it.

However, even though Mark couldn't see her, Yu Yun's eyes were always on Mark.

At this time, the breeze also blew the tips of Mark's forehead.

Under the swing of his clothes, Yu Yun vaguely saw the beautiful blue jade that Mark hung between his neck.

“this is?”

At the moment when she saw this jade, Yu Yun was stunned.

The calm state of mind immediately rose and fell sharply.

Like a huge rock falling into the sea, a huge wave was set off in her heart.

In this world, no one is more familiar with this jade pendant than her.

She has always taken her since she was a child.

It can be said that it is her body jade and her body jade.

At the beginning, before she left the old house of the Chu family, she gave this piece of jade to Mark.

Yu Yun originally thought that someone like Mark would definitely throw her jade away.

But she never expected that this guy would wear this piece of jade on her body all the time.

Yu Yun didn't know why, when she saw Mark carry the jade pendant she had given, there was an inexplicable joy flowing in her heart.

The corner of the mouth, unconsciously, also curled up with a gentle arc.

However, just as Yu Yun was absent, Mark just woke up from his cultivation state.

As soon as he opened his eyes, he saw Yu Yun's gaze, staring at himself motionlessly.

Mark immediately smiled and said, “I know I'm very handsome, but you can't stare at it like that.”

“Master, I'm shy.”

Ye Fantian smiled shamelessly.

After these few days of repairs, Mark's injury is undoubtedly better.

Although he still can't do violent movements, his speech and behavior are undoubtedly fine.

Otherwise, this guy wouldn't have the strength to tease other girls here.

However, Yu Yun was not angry when faced with Mark's shameless words.

She still looked at Mark and asked softly, "Have you been wearing it for the past six months?"

Chapter 2657

"Ok?"

"What are you wearing?"

Mark was still a little confused at first, not knowing what Yu Yun was talking about.

It wasn't until he followed Yu Yun's gaze and saw the piece of blue spirit jade on his neck that Mark was stunned.

"You mean it?"

Mark smiled, then raised his head, looked at Yu Yun's chest with an inexplicable look, and said slowly.

"Don't you also wear the things I gave you?"

What Mark's words meant, Yu Yun naturally heard it instantly.

Especially when she saw Mark's slightly "insignificant" gaze, Yu Yun's pretty face flushed.

All the turmoil before was gone, and there was only endless shame in my heart.

She was almost going to shoot Mark to death now.

This bastard, how could he say such shameful words?

However, when she was ashamed and angry, Yu Yun changed her mind and thought, how did this bastard know that he gave her the clothes she was wearing.

Could it be that he blasphemed himself when he healed himself before.

"Asshole!"

"No matter what you say, I will kill you~"

The more Yu Yun thinks, the more angry, the more blushing she thinks about her pretty face.

In the end, he stomped his jade feet with anger, and said viciously at Mark.

Mark smiled, facing Yu Yun's shame, but he still looked shameless.

Damn~

When Yu Yun saw this, she was almost furious.

Does he still have a smile?

How can there be such a brazen person in the world.

“Okay, okay, I’ll just make a joke and just say it casually.”

“You don’t really wear the underwear I bought you, do you?”

Mark deliberately pretended not to know, and said to Yu Yun.

“You still say?”

Yu Yun’s pretty face flushed with anger, her beautiful eyes staring angrily.

Finally snorted coldly: “Don’t be affectionate, I already threw away the things you gave me.”

“Really?” Mark’s smile became brighter.

After laughing, Mark stopped molesting Yu Yun on this issue anymore.

He stood up and after moving his muscles and bones, he said to Yu Yun: “My injury has recovered a bit.”

“At noon today, I started refining fire spirit fruit.”

“However, I am afraid that I will trouble you, so I will guard the customs.”

“Don’t worry, I won’t treat you badly.”

“When my cultivation base is diligent and my supernatural power is completed, I will give you another underwear of another style.”

Mark smiled, those brazen words, it is estimated that anyone who listened to it would want to shoot him to death.

The after-rhyme is naturally no exception.

As soon as Mark’s words fell, the graceful woman in front of her raised her sword and slashed directly at Mark.

“Asshole, go and die~”

“Hey, what are you doing? You are ungrateful, turning your face to deny people. Besides, I am doing this for your own good. You should always change your clothes. You can’t always wear one.”

“You still say? Go to hell..”

....

Between the caves, the two quarreled like this.

Yu Yun is not good at words, and she wants to kill Mark.

Therefore, in the language confrontation, it is Mark who slaps after rhyme completely.

Of course, Yu Yun wouldn't really kill Mark either, she was just venting her inner shame, saying that she couldn't say that this bastard could only scare him with a sword.

After the joke, Mark caught some fish to grill.

In fact, Mark mainly grilled the after-rhyme.

After all, next he will refining the Fire Spirit Fruit, which must be protected by the after-rhyme.

Mark naturally wanted to express what he wanted.

Use delicious food first to bribe this woman.
