

Chapter 2658– 2659 of A Dish Best Served Cold Novel

Chapter 2658

“You eat slowly and don’t worry.”

“These are all baked for you.”

“I’ll eat first, so I won’t bother.”

Mark smiled, with a flattering look.

After speaking, Mark also returned to the cave, and it was precisely the process of refining the fire spirit fruit.

“This guy still has some conscience.”

Seeing Mark’s hot grilled fish for her in front of her, Yu Yun’s mouth immediately became curved, and she felt warm in her heart.

After that, she picked up the grilled fish and ate it.

Now no one can see her anymore, so when Yu Yun ate fish this time, she was less reserved and more casual.

At the end of the meal, my mouth was full of oil.

In that way, it’s a little greedy cat.

If Mark saw it, he would laugh at her again.

In the next few days, Mark began the process of refining the fire spirit fruit.

And Yu Yun, like Mark guarding her at the beginning, quietly accompany him to guard him.

However, Yu Yun originally thought that after the First World War, everyone should have already left, and there should be no one on the isolated island.

However, Yu Yun didn’t expect that on the second day of Mark’s retreat, she felt that there were still a few breaths on this island.

One of the breath was extremely powerful.

Even, it must be above the Yintian King Burning the sky.

Yu Yun frowned immediately: “Who would it be?”

“Could it be that the strong man who Burning Heaven invited to help?”

“Unexpectedly, this Burning Heaven movement would be so fast.”

Yu Yun’s eyebrows were solemn, and she was thinking secretly in her heart, but on her pretty face, there was a strong worry.

Of course, Yu Yun was not worried about her own safety, she was even more worried about Mark.

With Yu Yun’s strength, that Burning Sky invited all the titled masters of India to besiege, and she was not afraid of it.

However, she can guarantee that she is safe, but she cannot guarantee that Mark will not be disturbed.

“No, you can’t go head-to-head at this time.”

“It seems that I have to find a way to lead them away.”

After Yu Yun made up her mind, she immediately took her veil and got up and left.

Before leaving, she looked back at Mark and said in a low voice: “You can practice with peace of mind, I will return in a while.”

Whoosh~

When the words fell, a storm passed immediately here.

When I looked again in the next second, that stunning shadow had already appeared thousands of meters away.

On the other side, God of War and the others have not given up yet, they are still looking for Mark.

To live to see people, to die to see corpses.

Even if he was struck to death by lightning, his ashes had to be found.

In short, unless he saw it with his own eyes, Ye Qingtian was unwilling to accept what Mark was doing under Fentian.

“God of War, why bother?”

“We all know that he can’t live anymore.”

“Then Mark is no more than a master.”

“And Burning Heaven, but the title of the top ranking, the second strongest in Asia.”

“These powerful men are ten masters. Under his hands, they are determined to cut melons and vegetables, and he will kill them with a single knife.”

“So, give up.”

Lu Hua tried to persuade him with heartfelt words, anyway, he didn't want to look any more, he just wanted to go home now, calm down and suppress his shock.

This journey was simply too dangerous for him.

“Who said Mark is just a master?”

“He is a title, and is the seventh pillar kingdom newly promoted by my hot summer martial arts. If he enters the Martial God Temple in the future, he will be the youngest Lord of the Martial God Temple.

Chapter 2659

“Even if Mark barely has the power of title, he is still the titled master. It is easy to defeat Mark with Burning Heaven alone, but it is never easy to kill him.”

“Find it for me!”

“He must be alive~”

“You all find it for me!”

Ye Qingtian's old eyes were red, and his deep words were like the roar of a beast, thick and heavy.

But if you listen carefully, you can still hear the trembling in Ye Qingtian's words.

The first time I heard about Mark, it was the battle between Noirfork and the Japanese sword god Mochizuki at Dongchang Lake.

Since then, Ye Qingtian has started to pay attention to this rising star.

Later, we met in Noirfork Military Region.

That was his first encounter with Mark, and also his first encounter with this young man.

His arrogance, his strength, his tenacity and character all left a deep impression on Ye Qingtian.

From that moment on, he completely fell in love with this young man.

I just feel that the martial arts in the summer has someone to succeed.

It is precisely because of his high hopes and appreciation for Mark that Ye Qingtian spared no effort to recommend Mark to the Temple of Martial Arts, making him a strong pillar country.

He only asked for someone to succeed him a hundred years later, prop up the martial arts in the summer, and prop up the backbone of the Chinese nation in the world of martial arts.

It was precisely because he had too much expectation of Mark that it was hard for him to accept what happened to Mark.

Therefore, he always insisted on searching.

However, unlike Ye Qingtian's heaviness and sorrow, after Kong Ming, Lu Hua and others heard Ye Qingtian's words, the three of them were immediately stunned.

Kong Ming's eyebrows trembled and Lu Hua's pupils shrank. Lu Yanxi's eyes widened because of surprise.

"War... God of War, you... what are you talking about?"

"Then...that country bully...no, that Ye...Mark, he...he is also a titled master?"

"Yes... is the seventh strongest pillar country in the summer?"

At that time, the three of Kong Ming were all dumbfounded.

Their eyes were staring fiercely, and a stormy sea raged in their hearts.

The whole brain is almost blank.

"Oh my God..."

"Mark is the titled master?"

"Yes... but how is this possible?"

"He's only twenty years old, right?"

Lu Hua was almost frightened and urinated, her speech was uncomfortable, and her whole body was trembling almost.

He couldn't believe that he had walked with them all the way before, and even the country boy who he repeatedly insulted and offended, turned out to be a titled master, one of the few giants who stood at the pinnacle in the summer?

"I... what monster did I provoke?"

Lu Hua was already scared.

Until now, he didn't realize what kind of existence was the boy whom they looked down upon before?

Not only Lu Hua, but Lu Yanxi on the side also had red eyebrows, and his heart was fluctuating.

"No wonder, along the way, you are always so high and arrogant."

"No wonder you despised Lu Hua, despised Kong Lao, despised all of us."

"It's no wonder that when you face King Yintian Burning the sky, you are not afraid and calm and calm."

“Before, I thought that the realm of the master was your greatest pride.”

“Unexpectedly, I, Lu Yanxi, still underestimated you.”

“Title Grandmaster? Zhu Country powerhouse?”

“It turns out that this is what you really rely on!”

“Mark, Mark, how can you hide so deep?”
