

Chapter 2661

Charlie and Faisal passed through the central square together, and the roar of diesel generators in his ears became more and more deafening.

Under such a loud mechanical noise, ordinary people have difficulty talking, so that many other voices around them are covered up. This is a good thing for Charlie, even if something happens in the rescue and pursuit later. When someone yells by accident, it is hard to be spotted by outsiders.

So Charlie asked Faisal next to him: "How long does your diesel generator set usually work?"

Faisal hurriedly said respectfully: "Because the government army cut off our electricity supply, all our electricity is supplied by a set of 50-kilowatt diesel generator sets. It also has a power storage device."

"Because the electricity consumption during the day is generally low, we generally do not use motors during the day. We use power storage devices to ensure that the necessary devices operate normally during the day. The generator sets will be turned on after dark, mainly for lighting and other purposes. The electric device, and then charge the storage device."

"It opened early today, mainly because of the poor sunlight on rainy days."

Charlie asked curiously, "If you make this place brightly lit at night, aren't you afraid that the government will send planes to bomb it?"

Faisal explained: "In Syria, whether it is the government army, the opposition, or the Kurdish armed forces, 90% of all wars are ground wars. The planes in the hands of the government forces have long been attacked. Now, the remaining few old fighter planes are guarding Damascus and the southern province of Dar'a. They don't dare to send them out to fight, and we have a large number of civilians here. If they send planes to attack indiscriminately, they will surely arouse public anger. At that time, it will be more beneficial to our opposition."

Charlie nodded lightly.

The war in his understanding is a modern war based on the Gulf War pattern.

The core of modern warfare is dominated by the air force, supplemented by the navy and army.

Just like the United States fighting in Iraq, the two armies do not need to engage in short-handed combat. First use fighter jets to fight and seize air supremacy, and then use bombers to carry precision-guided bombs to destroy the enemy's key defense forces and military industry one by one. , After the opponent is completely paralyzed, a large number of ground troops directly rush in, and they will be able to drive straight into the direct occupation.

However, it now appears that in places like Syria, the method of warfare is basically the same as that of World War II. The two armies mainly rely on the ground forces to fight head-on, and the air force can have little influence.

Charlie remembered that Faisal was the captain of the armored brigade, so he asked him: "Faisal, since 90% of the wars here are ground wars, then your armored brigade must have an extraordinary identity and status?"

Faisal nodded and said truthfully: "Our two most important forces are the armored squadron and the flying squadron. However, the flying squadron only has four armed helicopters, so the main combat effectiveness still depends on my armored squadron."

Charlie asked curiously: "Faisal, since you can be the captain of the armored brigade, should you rank higher in this armed force?"

Faisal said hurriedly: "Actually, my armored squadron was completely commanded and dispatched by the commander during the war. The reason why I was able to lead a squadron was also that I knew more about tanks, so I acted more as an instructor. The role does not have much real power."

Charlie nodded lightly. Since the armored brigade is the core combat power here, it is reasonable to be dispatched directly to the commander.

Under the leadership of Faisal, Charlie came outside a courtyard wall made of loess. At this time, the courtyard was full of voices, and the communication between people was basically by shouting.

Moreover, Charlie found that the languages they spoke were different. Some spoke English, some spoke French, and some others spoke a language that he didn't understand at all. It should be Arabic.

Chapter 2662

Charlie asked Faisal, "Don't you have a unified language here?"

Faisal shook his head: "The unified language should be Arabic, but the composition of our opposition soldiers is more complicated, so many of us don't speak Arabic."

"Some of these people have lived in other countries since they were young, and some have lived in former colonial areas. so they are English or French, so the language between them is not completely smooth."

"Like myself, I actually went to the United States with my parents when I was very young, and I took a green card and served in the U.S. Army for three years. Only a few years ago I responded to the call and came back to join the Freedom Army. So my basic Arabic It's very poor, and basically, I only communicate in English."

Charlie nodded. This multilingual situation is just like India. A considerable number of Indians do not speak Hindi. Even each state in India has its own official language, plus it was once a British colony. So English is also one of the official languages.

However, this kind of language confusion is relatively friendly to him. The more confused the language landscape, the easier it is for him to mix in.

So he said to Faisal: "After you go in, remember to act by chance and don't let people see the clues."

Faisal hurriedly said, "Please rest assured, I will give my all!"

Charlie gave a hum, pointed to the courtyard gate, and said, "Go in!"

"OK!"

Faisal stepped forward and pushed open the courtyard door.

In the yard at this time, more than a dozen soldiers carrying AK47s were grilling around a campfire to warm up. On the campfire, two legs of lamb were worn with wooden sticks. At this time, they were already roasted with oil and smelled really delicious.

Charlie followed Faisal in, and one of the soldiers recognized Faisal and blurted out, "Captain Faisal, would you like to have some barbecue? Ansala's mother also made some pita bread, and it'll be ready soon."

Faisal waved his hand: "I won't eat anymore, I'm here to see the hostage situation."

As soon as the man heard this, he immediately said with a grin: "Captain Faisal, are you interested in those women? But I have to make it clear to you that the commander has given the order without his permission. No one can fool around!"

Faisal said immediately: "Don't talk nonsense! I just come to see the situation, go back to report to the commander, and open the cellar entrance quickly!"

The man nodded hurriedly, turned to greet a soldier, and together? Bend over and opened a thick wooden board from the ground. Then, a staircase made of loess appeared under the wooden board, and the man respectfully treated Faisal. Said: "Captain, please come in!"

Faisal nodded in satisfaction, and led Charlie to the entrance. The man took out a flashlight. After turning it on, Faisal said graciously: "Captain, the stairs are not lighted and are dark. I will be in front leading the way, watch your steps!"

Faisal glanced at Charlie, and when he saw Charlie nodding to him quietly, he agreed and said, "Okay, you can lead the way!"

Chapter 2663

Charlie and Faisal followed the man into the cellar, only to discover that the cellar was dug very deep, and the stairs alone were at least five or six meters deep, almost the height of two stories.

Because the winter in Syria is the rainy season and there is a lot of rain, the stairs are dark and wet, and the soil on both sides even reveals a strong smell of soil.

As he went all the way down, the person leading the way in front said flatly, "Captain Faisal, can you please do something?"

Faisal asked coldly, "What's the matter?"

The man hurriedly said, "Captain Faisal, I want to apply to join your armored team, I can control heavy machine guns!"

Faisal sneered and asked him, "I think you are joining the armored team because you are afraid of death, right?"

"No, no," the man hurriedly said, "I just wanted to exercise the armored brigade..."

Faisal smiled and said, "I will think about it and let you know when the time comes."

The man said excitedly, "Thank you, Captain Faisal!"

With that said, he had already stepped down to the bottom of the cellar.

There is an iron door at the bottom of the cellar, and a small window is open on the iron door, you can see the light inside.

At this moment, the man who led the way patted the iron door hard and said, "Open the door, Captain Faisal is here!"

Someone inside immediately opened the door latch, and a curly-haired man poked his head out, waved at Faisal, and smiled: "Captain Faisal, why are you here?"

Faisal said coldly: "The commander asked me to come over and have a look and also communicate with the hostages."

The man hurriedly stepped out of the passage and said with a smile, "Captain, please come in!"

Faisal said to the person who led the way: "Go back. You remembered what I just said. If there is a result, I will tell you as soon as possible."

"Thank you so much, Captain Faisal, you get busy, I will go up! I will save you some roast leg of lamb later, wait for you to come up to eat!"

The man turned and left, Faisal waved to Charlie, and the two entered the cellar one after another.

Charlie originally thought the cellar was a small space, but he didn't expect that there was a cave inside.

There are two rooms in the cellar. The outer room is about 20 square meters. There are four soldiers guarding. Inside there is a wall and a big iron door without windows. Charlie can perceive that there are eight people inside. , It must be Melba and her friends.

At this moment, Faisal let someone close the door to come in, and then looked at Charlie, wondering what he would order next.

The four-guard soldiers were not very alert and stood aside with their guns hanging around. One of them was still wearing headphones and seemed to be listening to a song.

At this moment, the soldier who had opened the door approached Faisal and asked in a low voice, "Captain Faisal, when is the commander going to do it? If I say, it's better to kill these Yankees. It's useless to keep them a little bit longer. We have to let a few of our brothers stay here. It's damp and smelly. After a long time, the panel is itchy and uncomfortable!"

Faisal said indifferently: "The commander of affairs naturally has his plan, so you can honestly carry out the commander's order, don't say anything else, don't ask!"

"Okay." The man sighed helplessly and said: "It's really not possible. Captain Faisal will help us to talk to us and arrange for a few brothers to change shifts. We always stay in the cellar. It is too painful. "

Charlie walked up to the man at this time, patted his shoulder lightly, and said with a smile: "Brother, everyone works for the commander, so don't have so many complaints!"

Chapter 2664

As he said, a trace of spiritual energy penetrated into the opponent's body and went straight to the opponent's brain.

Immediately afterwards, just like Faisal, this person was given psychological hints by Charlie. Hearing this, he hurriedly said, "You are too right!"

Charlie nodded in satisfaction, pointed at another person, and said, "This brother must be dissatisfied, right?"

The man hurriedly said, "I dare not, what the commander asks me to do, I will do, no more two minds!"

Charlie smiled, walked to him, patted him on the shoulder, and smiled: "You have a high level of consciousness! I will definitely say something for you in front of the commander in the future."

After that, another trace of spiritual energy entered, following the method, and firmly controlling this person's consciousness.

At this time, a guy with a full face cursed and said, "The commander said that as soon as the time is up, he will start to kill. I think it is almost the time, and I will execute the sentence then!"

Charlie looked at this man, sneered, and asked, "You like killing people?"

The guy stared at Charlie and said disdainfully, "Yes, I just like it, why? Do you have an opinion? Or do you want to speak for these Yankees?!"

Charlie smiled and said: "Why should I speak for them? I just think that the hostages really can't come to the table. If you have the ability, it is better to wait for the government forces to come and kill a few more enemies on the battlefield."

The guy stepped up to Charlie in two steps, reached out his hand and grabbed Charlie's collar, and yelled, "Are you sarcastic to me?!"

Charlie smirked, "It seems you are not stupid."

The guy was very angry. As soon as he raised his hand, his fist was about to hit Charlie's face. Charlie suddenly yelled, "As\$hole, even you dare to fight your dad?! Don't hesitate to kneel down and admit your mistake!"

This voice scared the other party into a sluggish moment.

He didn't know that at that moment, Charlie had already given powerful psychological hints to his brain.

His whole figure was startled, and then he knelt on the ground with a thud, and said with sincerity, "Dad, I was wrong..."

Charlie pushed him away. At this moment, the person wearing the headset took off the headset in a bit of surprise, and blurted out, "Kamil, why did you kneel down? This person is your father?!"

The strong man called Kamil blurted out, "Yes, he is my father!"

The man stunned and said, "Your brain is broken, right? Didn't your dad only die last year? I came to help carry the coffin!"

Charlie looked at him at this time and said lightly: "I am not only his father, but also your father. Why don't you just kneel down and admit the mistake like him?"

This sentence scared this person to death.

He felt dizzy in his mind, and then he knelt down beside Kamil subconsciously, choked up, and said, "Dad, I was wrong..."

Charlie also felt a sharp pain in his brain at this time, and then carefully examined his body, there was only a trace of aura left, which made him realize that he had just given five people consecutive psychological hints, and the aura consumption was indeed too great.

In the past, he seldom used aura intensively. At this moment, the aura consumption was greater than in the past few months.

Fortunately, the five people, including Faisal, have been psychologically hinted at by him, and these five people have become his most loyal puppets.

So he pointed to the door of the room inside and said to the five people: "Who has the key? Open the door!"

Chapter 2665

Hearing Charlie's order, someone immediately took out the key and prepared to open the iron door inside.

Charlie said: "You will guard outside the door for a while, and if someone comes, try to spread it out."

With that, Charlie looked at the time and said, "I guess your commander will come over soon. If he wants to come in, let him in. You guys should behave naturally and don't let him see any clues."

"Okay!" The five people agreed in unison.

Immediately, the door opened.

As soon as the door opened, there was a smell of earthly soil inside. He stepped forward and found that there was nothing in the whole room, only a lamp hung on the top of the room alone, and the wattage of the bulb was very low and the light was very dim.

There are some traces of artificial reinforcement on the top of the room, but there are still mud walls around it. In this kind of room, there is basically no chance of suicide.

In the corner of the wall, there are eight people sitting on the floor in a row, wearing black hoods with their hands tied behind them, leaning against the wall.

Charlie couldn't see their faces, but through their clothes and figure, one could see that among the eight people, there were three women and five men.

Hearing the opening of the door, the eight people were all nervous, and a few even began to curl up and tremble unconsciously.

Charlie entered the house and closed the iron gate by the way. Then, he paced up to the eight people and took off the black hoods on their heads one by one.

From left to right, Charlie took off the headgear of seven people in a row. As a result, the five boys and two girls had different skin colors. One of the boys was yellow, but the two girls were both blond and white.

After picking the last one, he finally saw a yellow female with short hair and a beautiful appearance.

Because these eight people have always been covered by thick blackheads, their vision has been in the dark, and now they suddenly get light. Even if it is only dim, the light bulb makes them feel very dazzling, so they are all subconsciously cover the light in front with their hands.

After a while, everyone's vision finally returned to normal.

What frightened them was that in front of them stood a man dressed as a standard terrorist with a black mask on his head.

The man also held an AK47 in his hand, which was a look of a gangster.

Charlie looked at the yellow girl who looked a bit like southeast Asian and asked directly: "Are you, Melba Watt?"

As soon as the words were said, the girl's body twitched suddenly.

She looked at Charlie and subconsciously asked: "How do you know me?!"

Charlie stretched out his hand to take off the mask, and said lightly: "I am entrusted by your dad to take you home."

As soon as these words came out, Melba was struck by lightning!

She looked at Charlie with an incredulous look, and blurted out, "What did you say?! My dad entrusted you to take me home?! How does he know that I am here?! And, why are you here? You Are you part of the armed opposition?"

Chapter 2666

Charlie smiled slightly: "Miss Watt, you have too many questions, but I can tell you clearly that I am not from the armed opposition. I received your father's entrustment a few hours ago, so I hurried over from China just for you."

At this time, a yellow male spoke in shock and said, "This...how is this possible...from the time we were caught until now, but it has only been not more than half a day, in such a short time, You can't catch up from China at all!"

Charlie smiled and said, "What you think is impossible may not really be impossible."

After speaking, he looked at Melba and said lightly: "Time is running out. I will prepare an opposition suit for you in a moment. After you put it on, follow me."

Melba blurted out and asked him: "Then...what about my friends?"

Charlie shrugged his shoulders and said, "I don't have a particularly good way to rescue all eight of you at the moment, so you come with me first, and I will send you to a safe place first. If conditions permit, I can consider coming back again to save others."

At this time, a blond man blurted out: "I think you are a liar! There are one or two thousand opposition forces stationed here, how can you rescue us?"

Charlie nodded and said, "What you said is right, I can't save you, so just stay here honestly."

When the blond man heard this, he coldly snorted, and said angrily: "I don't need you to save me! There are so many guards outside. If I go out with you, I will be beaten into a hornet's nest by a machine gun! I'd rather stay, calm down and wait for my forces from my country to rescue me! Maybe they will immediately agree to the opposition's request, or send a SEAL team to rescue us!"

"Yes!" Another blonde girl said: "Our US Navy SEALs are the top special forces in the world. They perform the most difficult tasks all over the world, including killing terrorists at any point on Earth. This force is not too much, I believe they will come to save us!"

Charlie smiled and said, "How do you know that the United States will send a Navy SEAL to rescue you? Who gave you the confidence?"

An American boy with a dark panel next to him said without hesitation: "We in the United States have always been strong and will not allow any foreign armed forces to harm our citizens!"

"Also, don't forget that we have a large number of military bases around the world, and there are several in the Middle East alone!"

"Turkey, a neighboring country in northern Syria, has several of our military bases;"

"In Saudi Arabia near southern Syria also has our military base!"

"So, they are likely to send Navy SEALs from these two countries to rescue us!"

When Charlie heard this, he couldn't help but exclaimed: "I found that you are all very good at it. You can speak Chinese as well, have you studied it specifically?"

Another Indian-American boy said proudly: "To tell you the truth, we are all top students in the United States. Everyone has several master's and doctoral degrees. Everyone is proficient in several languages, and we can speak Chinese. What's up? Japanese, French, German, all of them!"

Charlie couldn't help but gave him a thumbs-up, and asked him with a smile: "It's awesome, it's really awesome."

After he finished speaking, he suddenly changed his conversation and sighed: "Oh, I really don't understand. How can you learn so many languages for a person who has no brains? Do people who lack the heart and eyes have the talent to learn languages?"

The man blurted out, "You...what did you say!?"

Charlie sneered: "You said you have military bases in several countries around you, so why have I been here all the way from China? Your SEALs are so close, but they haven't yet arrived to take you. What about a ghost?"

Chapter 2667

Hearing Charlie's question, the boy blurted out and retorted: "First of all! I don't believe you came from China at all! Because this is simply unrealistic!"

After speaking, he looked at everyone and said very seriously: "Everyone has studied the world geography and Chinese Geography as well. You must all know the distance between China and this place!"

"If you fly over from the central part of China, the straight-line distance is at least 6,000 kilometers, right?"

"If you fly over from the western region of China, the straight-line distance will not be less than 5,000 kilometers."

Charlie gave a thumbs up and said with a smile: "You are so fu*king clever! You know everything!"

After speaking, Charlie turned around and said jokingly, "But you guessed it wrong, Big Smart man, I'm not from Central China or West China, I'm from East China."

"East China?!" The Indian boy who Charlie said was smart said disdainfully: "East China is even more impossible! East China to here is, not less than 7,000 kilometers, how did you fly over in such a short time? On a rocket?"

As he said, he sneered again: "Furthermore, as everyone knows, Syria has not resumed navigation due to the war. If you want to get from China to Syria, you must first fly to neighboring countries, and then transfer to land transportation. Even if you use the shortest route and don't delay for a minute, according to my estimation, you will have at least twenty hours to arrive, but we haven't been captured for twenty-four hours until now. Do you have the ability of an unknown prophet? So, if you want me to say, you are lying!"

Charlie shook his head helplessly, looked at Melba, and asked, "Is this guy always like this?"

Melba's expression was a little embarrassed at once, but also a little hesitant.

In fact, she was not sure about Charlie's identity, and she couldn't believe what Charlie said.

Moreover, listening to his voice face-to-face is somewhat different from what she and he talked through their mobile phones in the WeChat communication.

In addition, Charlie didn't reveal his identity, so she was a little unpredictable at once.

After all, the speculation made by her partner just now is not unreasonable. Charlie's statement is somewhat contrary to logic, both in terms of time and space.

At this time, the clever guy continued: "Tell you, our SEAL team strives to be 100% successful every time it performs a mission, so they will definitely formulate a comprehensive rescue plan first, and then perform the scalpel. The rescue operation! I believe they will rescue us after some time!"

Charlie sneered and said: "Okay, stop this nonsense, you can pull a calf when you open your mouth, right?"

"I tell you the truth, the news that you guys were captured is not reported by the European and American media at all!"

Chapter 2668

"Do you know what it means not to report? It means that your fellow Americans don't even know that you are captured!"

"So your army will not bother to send troops to rescue you, let alone send troops to rescue you so much. The opposition went to your embassy and demanded 80 million ransom but they were rejected. You still expect them to send troops to rescue you. Do you think your father is Buffett and Bill Gates?"

"I don't believe it!" Several of them retorted in unison: "You must be lying!"

Just now, the Indian boy looked at Melba and said loudly: "Melba, you must be careful of this person. I seriously suspect that this person is a member of the opposition! Otherwise, even if he has great abilities, he cannot be so short. Arrive here within the time limit, and don't forget, there are still one or two thousand opposition soldiers guarding here. If he were not one of them, he would never come in alive! Look at him, wearing opposition costumes and holding The weapon of the opposition, this person must be a member of the opposition!"

Immediately, he stared at Charlie and said coldly: "This guy is running here now to act with you and slander us all. I don't know what his intention is! Maybe it's because the opposition knows you are a Chinese American, so they found him from the team to come and set up the game with you. I think he must have been arranged by the opposition to instigate you! You must not believe him!"

Charlie was so angry that he wanted to laugh at the silly bird, and asked him, "Since you are so determined that I am a member of the opposition, then you pretend to be so coercive in front of me so suddenly?"

The Indian boy was obviously a little nervous, but he still pretended to be tough and said, "I don't believe you dare to attack me! Your opposition took such a great effort to capture us, isn't it just to negotiate conditions with our country? Is it? If you kill me, what else would you use to negotiate terms with our country? Moreover, if our country wants to retaliate against you, it will be your end! Only a few missiles will be able to razor this place to the ground!"

Charlie sarcastically said: "Of the eight of you, one of you counts as one. It's nothing more than a schoolmaster with better academic performance. In terms of family background, are your parents rich? In terms of background, any one of your parents can become the United States's State councilor?"

"If you want money, no money, no power, no power, and lick your face and wait for the SEALs to save you? You want people to use missiles to avenge you. It's not that I despise you. Any small and medium

conventional missile costs a lot. Millions of dollars and surface-to-surface missiles start at tens of millions of dollars. Do you deserve revenge with such an expensive weapon?"

The inquisitive boy's expression is very ugly, he wants to say something, but suddenly he can't find any words to refute.

At this time, another boy of Chinese descent said, "You don't confuse people here anymore. As we all know, the United States always values the safety of citizens most. All eight of us are social pillars. The country will certainly rescue us at all costs. Yes, you are running over to brainwash us now, don't you just want us to cooperate with you to criticize our country? I know your tricks, as long as we scold the United States, you will be so excited that you can't sleep, and you want to send the video to all make it go viral in the world!"

Charlie put away the joking smile just now, looked at the young man with a face of wonder, and asked seriously: "I ask you, are you American or Chinese?"

"Of course I am an American!" The boy blurted out without hesitation: "My passport was taken away by you. If you go to see my passport now, you can see clearly that I am a citizen of the United States of America!"

Charlie nodded, deeply disappointed in this group of people, especially this boy of Chinese descent. Although what he said was not wrong, it made Charlie feel very uncomfortable.

So, he became light and cold and said: "Well, in this case, then you also wait for your country to save you."

After speaking, he looked at Melba again and said seriously: "Miss Watt, I don't want to ask you the same question anymore. I am entrusted by your father to save you, so no matter which country you think you are from, as long as you are willing to follow me, I will rescue you and take you back to China."

"But! If you really don't want to go with me, I will never do things in which I have to force others. Could you please record a video to explain that you don't want to go, I will take the video back to your dad to give him an explanation!"

Chapter 2669

"Who are you and what is your name?" asked Melba.

"My name is Charlie Wade and your father sent me here to rescue you as I mentioned earlier," Charlie replied earnestly.

When Charlie said his name, Melba was struck by lightning, leaving her face full of shock.

She and Charlie have never met, but only had a voice chat on WeChat. Since she didn't talk much and didn't have a lot of content, she didn't have a deep impression of Charlie's voice, so she never mentioned the one in front of her was the man, she connected with on WeChat.

But now, after hearing the name, Melba immediately matched the two of them!

At this moment, she blurted out excitedly and asked: "Mr. Wade, why are you here?"

Charlie shrugged and sighed helplessly. Said: "I told you already that this place is not safe, right? You don't believe me, do you know that your father is worried about you?"

Melba couldn't stop her tears when she heard this.

The Indian boy on the side subconsciously said: "Melba, you must not be fooled by him! This guy is not a good person at first sight!" The Chinese boy also took the conversation and said in agreement: "Yes, you know Melba, don't believe it. Hey! You must firmly believe that our army will definitely save us!"

As he said, he was a little excited and said excitedly: "I believe that as long as we persist, after we are saved, in the eyes of the media, one is a hero who swears to the death in front of the opposition forces, so when we return to the United States, we will definitely become a hero in everyone's eyes! If you are cheated by him now and instigated by him, then you will not only be able to become a hero. A hero, you might even become a street mouse that everyone shouts at and beat."

Charlie saw that this guy's brain circuit was so strange that he couldn't understand it, so he sneered and asked him: "Man, you should have been born and raised in the United States since childhood. Right?" The Chinese boy nodded gently.

Charlie said with a smile on his face: "No wonder the person hurriedly asked: "No wonder?"

Charlie smiled and said: "No wonder you are so talented. We really can't cultivate a talent like you back in the country.

Seeing that everyone was still questioning Charlie's identity, Melba hurriedly said, "You're all misunderstood. Mr. Wade is definitely not a member of the opposition. He is the chairman of China Emgrand Group, he is the one that I told you about before!"

"How is it possible!" The other seven people blurted out almost at the same time!

One of the girls said, "Melba! Your brain must be broken. Think about it, how could it be possible for a big boss with a net worth of over 100 billion? So young?"

She said, without waiting for Melba's answer, she immediately added: "It's nothing more than being so young, but have you ever thought about how could a big boss with a worth of over 100 billion come to Syria to do this kind of thing in person?"

Saying that again! Sanjay has given you just the right analysis, and if he really is the big boss, how likely he arrived here from China in such a short time? Do you think he's Iron Man ah? "

The Chinese-American boy blurted out: "Yes! Melba, if you think about it carefully, you have never seen Mr. Wade, so how do you judge that this guy is him? I suspect this guy might have hacked your phone. Password, checked your chat history, and found this flaw, so he pretends to be Mr. Wade to come and lie to you!"

Melba shook her head and said firmly: "I can be sure that he is Mr. Wade! Just now I didn't tell him what he is in reality. The voice corresponds to his voice in the voice chat, but now I can be sure that the two of them are the same person!"

Others thought Melba must be crazy.

Chapter 2670

Chinese-American boys, shaking his head on the side said:!! “Melba, I know you’re a girl who is certainly afraid of death, but you have to believe, in this world, there is no random killing of an American citizen. we would ultimately be rescued.”

Charlie was amused by him, and couldn’t help asking him: My dear, I’ll say something that’s not black, objective, and fair. There are various shootings in the United States all day long, and it will lead to several, even dozens of innocent people’s deaths. Civilians die, you still say that no one would dare to kill a U.S. citizen at will. Don’t you feel contradictory?

The Chinese boy blushed and retorted: “The situations you said all happened in China! No! What happened overseas! How can you count what happened here?”

Charlie smiled and asked, “What do you mean, what happened here is contradictions among the people?”

“That’s right!” The Chinese boy immediately agreed and said: “It’s the contradiction among the people!

Charlie nodded, looked at Melba, and said: “From my point of view, your dad must know that you get mixed up with these stupid things all day long, and I don’t know how sad it will be for him.”

Melba’s expression was extremely embarrassing.

She also feels that her friends are usually smarter than the others, all of them are academic bullies and elites, but now she doesn’t know why, all of them seem very anti-intellectual.

Charlie was not sure whether Melba really believed in his identity, so he took out his mobile phone and opened the dialog between him and Melba from WeChat, then turned the screen to her, pulled up the chat log, and said “This kind of chat record can’t be forged, so you believe my identity?” Melba said almost without hesitation: “I believe it!

Several other people saw this scene, and they were shocked to speak.

They are here. They attacked Charlie’s every word for a long time, wasting so much tongue, just to prove that Charlie is a fake.

For this reason, they moved out various arguments and packed their views seamlessly from the inside to the outside.

But now, with only one mobile phone, Charlie completely overturned all the judgments made by these self-righteous top students, making these seven people dumbfounded for a while.

The Indian kid couldn’t help exclaiming: “This is impossible! Even if you are really Chairman Wade, you cannot rush to Syria from Eastern China in such a short time!

” Yes! Ah!” The Chinese kid also said: “This is not logical! Even the fastest civil airliner can’t do it!”

Charlie sneered and asked: “You two are the best, I ask you, you guys What is the fastest civil airliner known in the world? The Chinese boy blurted out with a proud face: “Of course I know! I have a deep research on aircraft! The fastest civil airliner currently is the Gulfstream G650 business jet! This aircraft

is using the engine of Rolls-Royce in the United Kingdom. It is powerful. Its flying speed can reach Mach 0.95, which is 95% of the speed of sound! But it is also one of the most expensive business jets in the world. I can afford it!

Charlie applauded: "You really have damn good material for learning. It seems that you must be very good at memorizing the text. I used to see all kinds of keyboard car gods who didn't even have a driver's license on the Internet. Encountered a keyboard machine god." The Chinese kid said angrily: "Don't be sneered here! Even if you are really sitting on the Gulfstream G650, it is impossible to arrive in Syria in such a short time! So you must be hiding something. An unspeakable secret!"

Charlie smiled: "I'm sorry, I really didn't come with a G650."

Having said that, Charlie put away his smile and said calmly: "I'm here on a Concorde airliner."
