

Chapter 2662– 2663 of A Dish Best Served Cold Novel

Chapter 2662

Now that they are back home, they naturally don't want to delay more on the road. They just want to return to Vietnam as soon as possible and report this trip to the Americas to the top martial arts leaders in Vietnam.

After they left, Ye Qingtian was unable to calm down for a long time.

His face was as pale as paper.

“Could it be that Mark, is it really bad luck?”

Ye Qingtian said heavy words and whispered.

Kong Ming and the others just stood quietly, for a long time, they did not dare to say a word.

Finally, Ye Qingtian trembled, took a deep breath, and said slowly: “Let's go, let's go back to Vietnam.”

“God of War, aren't we looking for it?” Lu Yanxi couldn't help but wonder.

Why did Mark's God of War, who was so persistent just now, gave up suddenly?

Does he also think that Mark is dead?

“No need to find it.”

“Since Mark was finally taken away by a powerful titled master, we wanted to find it, but there was nowhere to find it.”

“After all, we don't even know who the other party is, let alone where she will take Mark.”

“However, we can be sure that this person should be familiar with Mark, and she should find a way to save him.”

“If he can survive this calamity in the end, he will naturally return to Vietnam at that time.”

“Let’s go to the country and wait.”

Ye Qingtian’s face was expressionless, and his low voice slowly sounded.

After speaking, Ye Qingtian also turned around and left silently.

All that was left to Kong Ming and the others was that thick and lonely figure.

Looking at the slightly haggard figure of God of War, Kong Ming sighed after a long time.

“For so many years, God of War alone has supported the entire Hot Summer Martial Arts, he should be very tired.”

“He values Mark so much, perhaps because he wants to find someone to help him, so that he can support the entire Hot Summer Martial Arts with him in the future.”

At this moment, Kong Ming suddenly felt that he could feel Ye Qingtian’s pains and intentions.

Only a person who really cares about the country will deplore the fall of a talent so much.

“Let’s go back too~”

Kong Ming said something.

In the end, the three of Lu Hua and his party also embarked on a journey back to Vietnam.

However, there were four of them when they came, but only three of them were left when they returned.

But when Ye Qingtian and others were still worried about Mark’s life and death, Yu Yun had already returned on an isolated island thousands of miles away.

After she returned here, she immediately went to the cave mansion to find Mark.

After seeing Mark’s everything is stable again, Yu Yun’s hanging heart was completely let go.

She was afraid that Mark would have another accident while she was away.

But fortunately, everything is safe.

As for the few people on the isolated island just now, they were all taken away by her.

At this time, Yu Yun can finally breathe a sigh of relief.

She found a place to sit down near Mark.

For the rest of the time, she only needs to wait quietly for Mark to succeed in refining.

“I hope this guy can hurry up.”

Yu Yun thought to herself.

Calculating carefully, she has been here for a long time.

If you never go again, there will definitely be some doubts at the sect, and maybe someone will be sent to look for it.

Yu Yun didn't want anyone to know about the things she gave to Mark.

Of course, these are all things to do.

At least for now, the Zongmen side should not be too anxious.

“But what is the grudge between Mark and the Chu family?”

“Why does he have such a deep hatred for the Chu Family?”

“Even, don't hesitate to fight against Truman?”

Yu Yun remembered the scene when she talked about Chumen with Mark just now, and a touch of worry immediately emerged in her eyebrows.

“After this matter, it seems that I have to check it carefully.”

Chapter 2663

In the cave mansion, Mark sat cross-legged.

His face was expressionless, and there was a faint heaven and earth power lingering around him.

Accompanied by Mark's breath, it slowly flows into his body.

At the same time, the aura of Mark's whole person was gradually rising at a slow speed.

Everything seems so peaceful.

However, who knows what kind of training Mark is going through at this time.

Just like the aftermath of the original, the fire spirit fruit contains the same powerful energy as the ice spirit fruit, and it can even be said to be more than that.

After all, the energy of the fire attribute itself is more violent and harder to tame than the energy of the ice attribute.

It's like a thousand-mile horse. If it is trained well, it will be like a tiger, but if it is not well trained, it may be a dead soul under the horse's hoof.

The things in the world are just like this, and blessings and misfortunes depend on each other.

Therefore, even if Mark knew that the process of refining Fire Spirit Fruits this time had no small risks, Mark did not hesitate to choose to refining them on the spot.

After all, wealth is in danger!

Since Mark chose this path, he naturally had to bear corresponding risks.

Of course, this is not to say that Mark is not sure.

Before, Mark used the methods recorded in the Yundao Tianshu to help Yu Yun suppress the power of Binghan.

Mark naturally had self-confidence, relying on the same method to suppress the fire attribute power in his body.

Moreover, with the experience of Yu Yun's success last time, Mark's chance of success this time is undoubtedly greatly increased.

Therefore, Mark was quite confident about this refining of Fire Spirit Fruit.

As for Yu Yun, even though she had had concerns before giving Mark the fire spirit fruit.

Worrying that Mark's body would not be able to withstand the huge energy of the Fire Spirit Fruit, he would finally set off the fire.

However, at that time Yu Yun changed her mind and thought, Mark's skill is not small, and it cannot be judged by common sense.

What's more, he has a way to safely refine the ice spirit fruit, and he naturally has a way to successfully refine it.

It was under these considerations that Yu Yun was also relieved to hand over the Fire Spirit Fruit to Mark so that he could refine and absorb it on the spot.

However, things in the world often backfire.

When Mark practiced on the third day, Yu Yun began to discover that a painful color appeared on Mark's forehead.

On the fourth day, Mark's expression of pain became more intense.

Moreover, Mark's originally stable breath also began to become disordered.

By the fifth day, the situation worsened.

I don't know if it is because of the pain or what, Mark's expression has gradually begun to become awkward and distorted.

The entire face was flushed like a flame.

The big beads of sweat condense down.

However, before the sweat came and fell, it had evaporated into nothingness.

At this time, the lingering rhyme finally began to panic.

When she first saw Mark's expression of pain, Yu Yun still didn't care, only that it was a real phenomenon.

After all, she had also experienced this kind of pain when she was refining ice spirit fruit.

But gradually, Yu Yun found that the situation was getting more and more wrong.

Until now, seeing Mark's appearance, Yu Yun had to worry about it.

"what's happenin?"

"Could it be, what happened?"

Yu Yunliu frowned, but in this situation, she couldn't do anything besides being in a hurry.

After all, Mark is in a critical period of retreat, and Yu Yun naturally dare not interrupt without authorization.
