

## My One In A Million Wife Chapter 267

Soon, moans traveled out of the room.

Early in the morning.

Hera slowly opened her eyes to find herself lying on a sofa in a private room. Beside her lay several rakish men.

Those men were completely naked, sprawling over various pieces of furniture.

Bottles of beers were littered across the floor, and the room was a mess.

There was a pungent scent that enveloped the room.

Hera stared in disbelief.

When she lowered her head, she was stupefied.

Her body was aching, hickeys and scratch marks were scattered across her body. Both her hair and body had the same stinking scent of the room.

Her clothes were strewn on the floor.

There was a certain part of her body that was exceptionally sore.

Without needing to make a guess, she knew what had happened to her.

She had been gang raped by those perverts after she was drugged.
