

# Chapter 2674– 2675 of A Dish Best Served Cold Novel

## Chapter 2674

It seems that Mark is just a tiny dust in his eyes, a slave with a low status.

And he is a majestic and noble wealthy prince.

Perhaps, now Mark's strength is already above him.

But, so what?

No matter how strong he is, he still can't change his humble background and his humble status.

In his eyes, Mark was a lowly seed from beginning to end.

His birth was a mistake.

It's trampling on the Chu family's face and blaspheming the Chu family's blood.

Today, for the family, he corrects this mistake that should have been corrected ten years ago.

“Chu Tianfan, that's it!”

“Ten years of grievances between you and me, that's the end.”

“After you die, I will be the eldest son of the Chu family and the only descendant of the Chu family.”

Chu Qitian sneered, then lifted his palm and stroked the sky.

Huh~

The icy wind rolled up the wind and sand all over the sky.

As Chu Qitian's palm fell, the five powerhouses of Chu Sect he led, undoubtedly attacked together, and officially began the siege of Mark.

However, in the face of the terrifying killings that Chu Qitian laid out, Mark was expressionless, thin and still standing there.

He stood with cold brows and hands. Looking from a distance, as if the spear stood upright.

However, apart from the torrential chill and murderous intent, Chu Qitian no longer saw other emotions from Mark.

There is no panic, no panic, and no despair of desperation.

The calm face is only as if the Pinghu Lake stops.

It seems that standing in front of him is not the Truman powerhouse, but just a few pigs and dogs that provoke him.

Yes, it's a pig dog!

In Chu Qitian's eyes, Mark and his mother may be rural people from humble backgrounds.

He looked at them with contempt, disdain, and disgust.

However, how did Chu Qitian know that, and in the eyes of Mark, these people were nothing more than pigs and dogs.

He didn't even have the qualifications to make Mark despise, and Mark had nothing but indifference to them.

Like the monarch looking down on the ants, like the moon shining on the fireflies.

From the moment Mark mastered his power, Chu Qitian could no longer enter Mark's eyes.

It was the Chu family and the Chu Sect that was actually regarded as the opponent by Mark.

The greatest sorrow in life is nothing more than this.

Chu Qitian regarded Mark as the greatest enemy in this life, but Mark never cared about him.

Even if I wanted to get rid of Chu Qitian before, I did it when I went to Chu's house.

After all, Chu Qitian and Mark are no longer at the same level.

However, Chu Qitian didn't know it at all.

Now, who still feels good about himself, ordered the masters of his men to besiege Mark.

"Fine."

"Just like you said, your grievances with me, just end here."

Mark shook his head and suddenly chuckled.

Afterwards, the power of his body burst out in an instant.

All of a sudden, the wind was rolling and the vegetation shook wildly.

Pinghu at the foot, also at this time, set off a stormy sea.

A majestic might, also at this time, swept out of Mark madly in all directions.

More than that, just when Mark's power was released, there was also a golden light on Mark's body, quietly lit up.

The countless golden lights actually condensed a golden dragon phantom behind Mark.

The sound of dragons and tigers resounded everywhere.

Moreover, under the golden light, the muscles of Mark's body also moved as if they were alive.

Saw, Mark's body was actually a circle bigger than just now.

Like a golden giant, lying here.

## Chapter 2675

“What secret technique is this?”

“So powerful?”

At the moment when Ye Fanlong's divine body was released, Chu Qitian, who was originally lonely and arrogant, changed his face in an instant.

He clearly felt that Mark's power at this time had actually skyrocketed by a few points.

Not only Chu Qitian, but the five black guards from Chu Sect also frowned slightly.

“Is this, the technique of refining the body?”

“But how rare and precious is the technique of refining the body.”

“Because of my Chu Sect background, there is only one kind in the Zong Sect.”

“And only the master can practice.”

“This scornful kid in the country still has this background?”

The five masters were secretly surprised, but their gazes at Mark couldn't help but change.

Before, they, like Chu Qitian, didn't take this young man in their eyes at all.

But now it seems that this country kid does have some abilities.

“Don't be fooled by him.”

“It's just a bastard, just bluffing.”

“He is just a remnant, not to be afraid of.”

“You hurry up and kill him with the momentum of thunder, and make a quick fight!”

“We have to go to the sect master, there is no time to waste on him.”

Just when these five great masters were surprised by Mark’s methods, Chu Qitian’s urging sound came from his ears.

After that, the five naturally stopped hesitating, and immediately shot and encircled Mark.

“You hot summer boy, killing me Elder Truman, you really don’t know how to live or die.”

“Today, you are proud to die in the hands of the five of us!”

Whoosh whoosh~

In the senran words, these five figures immediately rose into the sky.

They are extremely fast, like ghosts, quickly approaching Mark from different directions.

However, the first shot was the three closest to Mark.

These three people are connected, offensive and defensive.

It’s as if it had been agreed in advance, at the same time, at the same time.

“The three masters of Chumen, the white tiger must be!”

Boom~

There was a tiger’s roar, just as if the stone broke the sky, it quietly exploded in this world.

Then, one of them clenched his hand into a fist and smashed it down severely.

Like a tiger going down the mountain, and like Mount Tai pressing on the top.

This person’s boxing strength, with an extremely heavy momentum, slammed Mark’s chest fiercely.

“Three uniques in Chumen, absolute Xuanwu!” Boom~

There was another low drink, which exploded in the ears.

As the storm swept through, the second person’s attack had also fallen.

That fierce palm wind unexpectedly brought up a tornado here.

After that, he slammed Mark’s back with an unstoppable force like this.

“The three masters of Chu Sect, the absolute blue dragon!”

Howl~

The offensive of the two fell, and the attack of the third person followed.

I saw that the third strong man stepped on the ground and stood up.

Then, with a downward thrust in the air, he made a heavy kick and stomped down.

That surging majesty, only if the blue dragon is in the sky.

In the end, his foot steadily stepped on Mark's forehead.

Just like this, in the blink of an eye, the three major masters of Truman have already showed their talents.

One attacked before and one attacked after.

The last person directly killed Mark with Qinglong absolutely.

With a kick, Mark stepped into the bottom of the lake.

Wow~

It is as if a 10,000-ton boulder enters the sea, and a huge wave is set off on this lake.

Under the sweep of this energy, the thousands of creatures in this lake were also brutally affected.

Countless fish and shrimp died in the aftermath of this battle.
