

Noble Husband At the Door Chapter 268

With dirt as company, he remained in a bad mood.

Samuel did not leave his space up until Han Cheng's interment day.

Even Han Cheng's table was carried by the bodyguards of the Hannigan household. Samuel was still not acknowledged by Nangong Qianqiu. He was still not qualified to see Han Cheng off.

In Nangong Qianqiu's eyes, Samuel was not a participant of the Hannigan family members. He was only qualified ahead back due to the fact that he was of some use value.

A couple of days later on, Han Cheng's funeral was over. Nangong Qianqiu came to Samuel's space personally.

"You unfilial point, appeared to see me." Nangong Qianqiu stated sternly, leaning on his crutch.

Samuel pushed the door open and stated coldly, "I am not a Hannigan family. Exactly how can I be filial?"

Nangong Qianqiu stated with a cold face, "Han Jun is your brother and wants to see you. You must be happy for having such a bro."

Samuel giggled. What a high-sounding excuse. Even at such a time, Nangong Qianqiu still placed Han Jun in a high position.

He left residence without saying a word and entered the vehicle.

When the cars and truck drove away, the threatening premonition in Gina's heart became more powerful as well as stronger. She felt that something large will take place, and her eyelids shivered.

"Mommy, is something incorrect?" Gina asked Nangong Qianqiu.

Nangong Qianqiu grinned coldly as well as claimed, "No one can tell the difference in between them except us. Don't worry about it. My dear grand son hadn't eaten delicious food for a long time."

Cloud Dragon Prison was referred to as among the most significant jails in Huaxia, and it was greatly protected.

When Samuel came to Cloud Dragon Royal residence, the person who had been bought by Nangong Qianqiu took Samuel directly to a private cell.

Only individuals with unique problems can use it right here, and also there would be no monitoring devices.

After Samuel got in the cell, he scented a revitalizing scent. It was so faint that individuals could not help but wish to take a couple of even more breaths.

Within a few mins, Han Jun, that was wearing a detainee's robe, showed up before Samuel.

" Samuel, you're finally right here. The Hannigan family members didn't treat him as a family member; so normally, Han Jun didn't treat him as a more youthful bro either.

He naturally really felt that Samuel ought to change him. What credentials did Samuel have?

" If you have a fart, just state it," Samuel stated.

Han Jun smiled as well as resembled a dandy. He claimed, "How can you speak with me like that? Do not you recognize what type of position you have in your family?"

He was prideful and also big-headed. Han Jun had all the good attributes of the second generation of the abundant. Nangong Qianqiu was callous regard him as the follower of the Hannigan family.

" Have you forgotten that I'm no longer a Hannigan household?" Samuel stated.

" That's right." Han Jun giggled as well as claimed, "I really forgot. You mosted likely to Cloud City, didn't you? You wed into the Sue household? And also you ended up being a renowned loser.

My good bro, you actually didn't meet everyone's assumptions. You made a name for yourself for a loser. Do not discuss that you're a Hannigan family members. Our Hannigan family can't manage to lose face like this."

" Did you call me right here just to degrade me?" Samuel asked.

Han Jun frowned. Why did it not work? The faint fragrance in the cell was the knockout scent that Nangong Qianqiu had actually prepared beforehand. Logically talking, after dragging it out for so long, it should be essentially efficient.

" I simply wish to see what type of degree you, garbage, have actually broken down to," Han Jun claimed.

Presently, Samuel unexpectedly frowned. He really felt a feeling of powerlessness coming from his arm or legs, and also his head instantly ended up being dizzy.

Holding his hand on the table, Samuel gritted his teeth and also said, "Nangong Qianqiu really did not let me down."

Han Jun recognized that the medicine's effects had actually currently shown up when he saw Samuel's improvement. He must be in a weak state now.

Standing and walking to Samuel, Han Jun lifted his foot and also kicked Samuel. He vouched, "You should have remained in prison for me. You made me experience so much."

Afterwards, Han Jun threw a series of punches and also kicks at Samuel.
