

Chapter 2681

Charlie's words left Melba completely speechless.

She finally knew that she was the biggest difference from Charlie.

She thinks human nature is too simple, and the world rules are too ideal.

But Charlie had already seen this through.

Helping others is really simple, but there must be a suitable reason.

Otherwise, even if the food wasted every day in developed countries is enough to feed all of Africa, Africa will still go hungry.

The reason is, why ask the billion people in developed countries to save the wasted food and send it to Africa?

It's very simple to waste it. If you don't want to eat, you can't eat it, just throw it in the trash can.

Why ask others to give this wasted food to Africans? It doesn't make sense!

The top 100 richest people in the world have money that can't be spent in a lifetime, but every day in the world, there are people who starve to death because they can't eat. The reason why people in the world are still starving to death is to kidnap these rich men morally?

The same is not justified.

The same goes for her seven companions.

What they did was nothing worth saving for Charlie.

Charlie asked Hamid to keep them alive, which was regarded as benevolence, and even their savior.

In this case, what about Charlie?

After understanding this, she slowly lowered her head and stopped talking.

She felt that she was a bit too emotional just now.

Instead of thanking Charlie for life-saving, she complained about his typical resentment.

Seeing that she finally stopped, Charlie's mood eased slightly.

Hamid on the side seemed a little unhappy seeing Charlie, and he persuaded him: "Brother, Miss Watt may still be too young to see the sinister world, so some of the remarks are indeed a bit naive to us, but don't go too far in your heart. Charlie nodded and said lightly: "My brother is right, but anyone who has seen a sinister world will never go to such a ghostly place to make a documentary."

Hamid was very endorsed exclaimed:" To tell the truth, I did not understand what this group of young people think they are all Americans and come to Syria to shoot some anti-war documentary, but They didn't even realize that the entire Middle East region has become like a lawless land today, and it is the United States that has been behind it!

“If they weren’t here to stir up, we don’t know how easy it would be!

Chapter 2682

“However, they sent troops to stir up a deal when we were all right. Even when they couldn’t get their hands free, they didn’t let us go. Instead, they secretly supported inciting one force to target another force, which in turn triggered our civil war.

“The result? Their group of young people came all the way to criticize us for fighting in the civil war. Can we say that their brains were eaten by dogs?

Hamid’s words-out, Melba was even more ashamed to not lookup.

In fact, although their so-called elites are highly educated, they are essentially a generation brainwashed by Western media.

They always feel that everything about Westerners is the truth, while other places except the West are backward.

They are in the West every day and they see how other countries fall behind, how turbulent, and how the people are not living the ideal way, so they can’t help but develop a sense of being the masters of the world.

As a result, they began to travel to various third-world countries, trying to change the entire third world on their own.

But they often overlook the most important point. Some third-world countries are not doing things themselves, but the proud United States is behind them.

Therefore, this behavior of them feels like they are standing on the moral commanding heights and is extremely noble, but it is actually very stupid in nature.

Seeing Melba lowering her head deeply, Charlie smiled and said to Hamid: “They did this as if his father took away other people’s clothes. Not only did they not know, but they also ran away. In the past, righteous words told people that you must be a civilized person in a civilized society, and you must not be as ridiculous as you are n@ked.

Hamid gave a thumbs up and said in admiration: “Brother, the summary is brilliant!

Charlie smiled. Said: “It can’t be said to be incisive. It can only be said that the higher education in the countries is too brainwashed. This large group of doctors and postdocs can’t even understand the basic international situation.”

Hamid said with emotion: “It’s still a brother, you see. Must be thorough.”

Charlie looked at the time. It was estimated that it would take about 20 minutes before Chester and the others arrive. He saw Hamid standing on the ground. His left leg with muscle atrophy needed to stand on a rock ten centimeters high. Being able to maintain the balance between the left and right sides of the body, he couldn’t help but

think to himself: "This Hamid is not a bad person, and he can be regarded as very moral, but he is quite good to me. Then think of him limping-one There must be many inconveniences and constraints on the leg in a war-torn place like Syria, so an idea came to him. So, he smiled and asked Hamid: "Brother, have you ever thought of putting your left leg healed?"

Hamid smiled bitterly: "Of course I thought about it, and I can use all the methods I can. In order to cure this leg, I have been to Germany, the United States, and Japan in another identity. I spent tens of millions of dollars on seeking medical treatment, but I still can't cure my leg.

When it comes to this, Hamid sighed: "Hey! If I didn't achieve great cause, I became a lame man. This is really me. A lifetime regret."

Charlie said with a smile: "It's not as serious as the biggest regret in a lifetime. It doesn't matter if the leg is lame, it can be cured! Hamid said helplessly: "It can be cured, of course, I don't say these words. But the best orthopedic surgeon in the world told me personally that it would be impossible to cure it, so I didn't have any hope. Maybe this is the destiny arranged for me by God, and it is destined that I cannot achieve great cause."

Charlie smiled, looking at him with an unfathomable expression, and asked: "If I say that I can cure your legs, would you believe it?"

"I don't believe it!" Hamid shook his head subconsciously.

But, in the next second, he suddenly realized something, and blurted out: "Brother, are you kidding me, or do you really have a way?!"

Charlie smiled: "Then I, your brother worthy of you, what about me? Would I make a joke about your regret?"

Hamid said excitedly: "Then what you mean is that you really have a way to heal my legs?!"

Having said this, Hamid did not hesitate to kneel on one knee, moping on top of his head, and respectfully said: "My brother! If you really have a way, please tell me the way, if my legs can really recover. , I will remember your kindness for the rest of my life!"

Charlie nodded, and took out a pill from his pocket. This is not a rejuvenation pill, but the previously refined blood-saving heart-saving pill.

This medicine was used to cure Jacob, who had high paraplegia. Although it could not extend Hamid's life span by more than ten or twenty years, it would not be a problem to cure his legs!

Chapter 2683

For Charlie, the Rejuvenation Pill is still of some value, but the cost of this blood-saving heart-saving pill is really low to negligible.

And this kind of pill is nothing to him now. Actually useful. The reason why he still carries it with him is to deal with some special circumstances.

For example, now this blood-saving heart-saving pill comes in handy.

Hamid's left leg is the biggest regret in his life. In his opinion, it is impossible to cure it, but for Charlie's blood-saving heart-saving pill, even if his legs are lame, One can be cured.

Therefore, Charlie first handed the pill to Hamid, and said with a slight smile: "Brother, my magic pill is made by ancient Chinese genius doctors. It can cure all diseases and is invaluable. I originally spent a lot of money. I bought it and carry it with him at all times, just in case and life-saving in an emergency.

He said, he sighed with emotion, and said, "But since you need it more than me this magical medicine, then I will give it to you today!

Hamid hearing this, was flattered on the one hand, and inevitably asked in amazement: "My brother, you mean my lame leg. Can it be cured as long as I take this pill?!

Charlie nodded, and said in a very sure tone: "Yes, as long as you take it, it will be effective on the spot.

After speaking, he pointed to the surrounding environment and smiled: "As long as you take this medicine, you will definitely run more flexibly than a rabbit on this mountain in a minute.

Hamid heard him say that. He can't believe it.

Because he really spent a lot of energy, money, and material resources in order to heal his leg.

He has basically seen the world's top orthopedics experts once.

The more experts he has seen, the more he believes one thing is that his leg will never be healed. But right now Charlie handed him a black pill, saying this— pill can cure him. His lame leg has subverted his understanding of medicine.

So, he asked in disbelief: "What you said is true?

Charlie smiled and said: "Is it true or not? Wouldn't you know if you eat it? Besides, you don't have to worry that I will harm you because If I want to kill you, it's much more convenient to use a gun than poison."

Hamid nodded, he didn't worry that Charlie would harm him at all. In troubled times, he was very convinced that Charlie would beat him up for so many years with his own vision and judgment.

So, he turned his mind, took the pill, and said, "Brother, no matter if this medicine is effective or not, thank you first! No matter how much you spend on this pill, I will double it, oh no, give you ten times!

Then he immediately put the pill in his mouth, chewing the pill, he had not just got the time to swallow the pill immediately turned into a sweet syrup flowing into his body.

Right then, he felt the potion, like a sweet spring flowing through the dry land. It seemed to nourish the organs wherever it went from the moment it entered his mouth.

Then, something more magical happened!

He felt the power of the medicine, it seemed like Someone directed it directly to his left leg!

He felt that his left leg was getting hotter and more itchy, as if he had been bitten by countless mosquitoes. When he was very itchy, he suddenly realized that The muscles of his left leg that had been atrophied began to rejuvenate.

Originally, his left leg was not only suffering from muscle atrophy and lameness, but more importantly, because of the injury, so the whole limb basically was unable to exert much strength. But now is not the same.

He can feel the power of the left leg is recovering fast!

He tried to stand up, and had a very hard left leg, even in an instant burst of strong power, let him All of a sudden, he changed from a kneeling posture to a fully standing position.

What's more amazing is that his standing posture is no longer tilting his body to the left, but he is standing completely straight!

Chapter 2684

Hamid was so shocked that he couldn't speak. He carefully touched his left leg for a long time, and then touched his right leg for a long time. Only then was he surprised to find that his two legs were exactly the same. It was thick and the same length!

Soon, he lifted his left leg with excitement, and found that the flexibility of his left leg was even better than before he was injured! Then he tried to jump in place a few more times, he even found that he was as light as a swallow, not only his legs were intact, but there was also unending strength in his body.

At this moment, Hamid thought he had a dream!

He pinched his thigh forcefully, only to realize that the pain came so directly and simply!

This made him realize that the scene before him was not a dream!

He was so excited that he was almost incoherent: "my legs are really good my legs my legs really all right really restored my legs as ever!!!

He shouted out that voice even before has been low with Melba, who dared not make any response, also looked at him subconsciously.

Melba could not imagine that Charlie could really cure Hamid's whole world with a pill that seemed ordinary. Top orthopedic doctors can't cure a disabled left leg.

But, the reality is like this!

Charlie looked at Hamid who was excited and intolerable, and said with a smile: "Brother, come on, take two steps with no illness!

Hamid does not Hesitantly nodded his head: "Okay! Taking two steps!" After that, he took a step on the rock pile on the top of the mountain.

This step was fast, steady, and easy!

Hamid took another step immediately, and it was also easy, and the body did not even have to change.

These two steps gave Hamid great confidence. He suddenly accelerated, and with a hard kick on his left leg, the whole person had already jumped out!

Ever since, a mad figure like a neurosis ran around in a circle on the top of this dim mountain.

While running, he was yelling in excitement, loud yelling, and loud laughter, reverberating in the surrounding valleys without people.

Fortunately, there is no man's land with a radius of more than ten or twenty kilometers. Otherwise, ordinary people will really be scared out of good or bad.

Hamid can't care about this anymore.

He felt like he was running naked in a sudden heavy rain in the scorching summer heat. The unrestrained feeling made him burst into tears involuntarily.

After running for several laps and shouting for several, Hamid strode to Charlie, grabbed Charlie's hand, almost mad with excitement, and at the same time said with 10,000 pious gratitude: "Brother! My leg is all healed! Completely healed! You are really my reborn parent! You are a healer, and this healthy leg is equivalent to giving me a second life!

After that, he hurriedly asked: "Brother, this How much did the medicine cost? I must give you ten times!"

Charlie smiled indifferently and said seriously: "It's all between brothers. If you talk about the money, you will be out of the question, and if you are not humble, you really want to give me ten times, old Brother, you may not be able to afford it. As far as I know, there is a miraculous drug that is slightly stronger than it, and it was sold at a sky-high price of 2 billion yuan. If you really give me ten times, I am afraid that your army will have to sell iron.

Hamid's face was hot for a while, and he said embarrassingly: "Brother, it's your brother I'm abrupt. Such a magical medicine is not expensive to sell even for 100 million US dollars! It's just that brother, I'm really short of funds now. I will pay you ten million dollars, and I will slowly give you the rest!"

Charlie waved his hand and said calmly, "Brother, since you and I are worthy of calling each other brothers, then this medicine is my gift to you. Don't be so polite with me, but if I need help from my brother in the future, don't forget me.

Chapter 2685

To Charlie, a blood-relief heart-saving pill was really nothing.

If he wants to mass-produce this kind of thing, he dare not say that he can directly put it on the production line, but it is very easy to refine one hundred and eighty, or even three or two hundred in a day.

The reason for playing so much is mainly to ensure that this thing is in the eyes of outsiders a very valuable pill.

Therefore, giving Hamid a pill at hand is almost equivalent to a fruit farmer who owns 10,000 acres of orchard and giving someone an apple at hand which is not worth mentioning.

However, this thing is of great significance to Hamid.

In a peaceful world where there is no war, a person with a disabled leg will have many inconveniences. He will even regard recovery as the greatest wish of life.

What's more, Hamid is a general who seeks to survive in the war.

Charlie cured his leg today, which is equivalent to saving his life.

With a healthy body, Hamid can better lead soldiers to fight, and even lead the soldiers, so that soldiers can maintain obedience.

Therefore, he excitedly said to Charlie: "Brother! You are my greatest benefactor in this life besides my parents! In the future, as long as you need my help, your brother will die for you!"

Charlie nodded and said with a smile: "With the words of my brother, my magic medicine is in vain."

Hamid said seriously: "Since my leg was scrapped, the team has dropped from more than 10,000 to 2,000. At that time, I actually didn't have the fighting spirit I had before. It's okay to come down. In the future, choosing a reliable force to rely on in the past can be considered as a guarantee..."

Having said this, Hamid was melancholic, suddenly a bit more fierce in his eyes.

His voice became unusually firm, and he shouted loudly: "But! Now that God has given me this opportunity, let me meet my brother, you noble, and let my brother heal my leg! Then I Hamid, from now on At the beginning, I must not sink into the same way as before! I must go all out to re-make the team bigger and stronger. Perhaps one day, I can also become a real prince and general!"

After that, he looked at Charlie and said sincerely: "Brother! If the day I really become a prince, brother, when I am crowned, my brother must come to witness for me!"

Charlie nodded and said with a smile: "I think you have the fate of being rich and wealthy. I think it won't be long before you can wait until this day."

Hamid laughed, stretched out his hand to Charlie, and said excitedly: "Brother, then I will lend you good words!"

Charlie smiled slightly, stretched out his hand and shook his hand firmly, and said, "In addition to fighting wars, you need to be more economically savvy. In this society, the economic foundation determines the superstructure. As long as you have enough funds, Don't talk about 10,000 people at the bottom, even if there are 100,000 or 1 million people, it is not a problem at all."

Hamid said seriously: "My brother is right. From now on, I will have to use 120% of the fighting spirit to regain the size of the team!"

While talking, the sound of a helicopter roared from a distance.

In mid-air dozens of kilometers away, two bright lights approached quickly.

Hamid knew that this was the helicopter that came to pick up Charlie, so he said with a bit of sorrow: "Brother, you are going away too hastily. I'm really ashamed of myself being a landlord and not being able to entertain you!"

Charlie smiled and said, "It doesn't matter, there will be opportunities in the future."

After speaking, Charlie remembered something and then said: "By the way, Faisal and the others, it's not that they really betrayed you, but I used some tricks to add some psychological hint to them subconsciously. So after you go back, don't embarrass them because you are angry, just don't let them take up important positions for the time being."

Hamid suddenly realized that he nodded and said, "No wonder they listened to your command one by one, it turned out to be like this..."

Having said that, he immediately assured Charlie: "Don't worry, my brother, I will definitely not embarrass them, and for the seven hostages, I will keep them alive as you said."

Chapter 2686

Charlie clasped his fists: "Then thank you, brother."

Soon, a heavy civilian helicopter landed slowly on the top of the mountain.

The plane still didn't land completely, Chester and Issac jumped down from left to right, and hurriedly stepped forward and asked, "Master, are you all right?"

Charlie smiled and said, "Do I stand here as if something has happened?"

After speaking, Charlie pointed to Hamid and said to the two of them: "Come on, let me introduce you to him. This is Commander Hamid, the highest commander of this opposition army. He has studied in China. His Chinese is very good."

The two of them shrank, and hurriedly said in unison: "Hello, Commander Hamid!"

Hamid greeted them politely.

Charlie looked at the time and said, "Brother, it's late, I have to fly back to China, so I won't engage you more, let's talk about it next time!"

Hamid nodded, clasped his fist, and said, "My brother, I don't want to thank you less. Let's leave contact information for each other. I will give you my satellite phone number. If you have anything, you can find me at any time."

Charlie said: "Okay, let's leave each other's phone numbers. If you have anything, you can call directly."

After the two left each other's contact information, Charlie said to Melba: "Okay, Miss Watt, let's go."

Melba then raised her head, nodding with an ashamed expression.

Charlie bid farewell to Hamid again, clasped his fist, and said, "Brother, there will be a period later!"

Hamid also said very religiously: "There will be one Inshallah!"

Afterwards, Charlie took Melba on the helicopter arranged by Chester.

Hamid didn't want to leave in a hurry but watched Charlie's helicopter take off until he was no longer visible. Then he sighed and stepped onto his plane.

.....

In the helicopter returning to Lebanon, Chester, Issac, and Vasily looked at Charlie with shock.

Especially Chester, he originally thought that if Charlie went into Hamid's sphere of influence alone this time, 90% he would be taken prisoner, and he would definitely have to ask Wade Family back home to pay for the ransom.

In fact, after knowing these circumstances, Mr. Wade was already ready to spend money to redeem him. The company registered by the Wade family abroad has already prepared tens of millions of dollars in funds. As long as Hamid gave an account, he could immediately Hit the money.

But what Chester thought of was that Charlie not only rescued the person, but Hamid himself took him to the meeting place.

What made him even more incredible was that Hamid was calling him his brother and was very respectful to him.

Just when Chester was so shocked that he couldn't add anything, Charlie asked him: "Old man, is the Concorde airliner ready?"

Chester came back to his senses and said hurriedly: "Master, we are going back to the airport, it is ready, you can take off at any time."

Charlie nodded in satisfaction and said: "Direct airport, transfer to Concorde and return home immediately after arriving!"

Chapter 2687

The slender Concorde airliner took off from the Lebanese capital Beirut International Airport.

The plane soared into the sky and sailed towards China at the fastest speed.

On the plane, Melba sat in the window, staring out of the window in a daze.

Until now, she still feels that the experience of the past hour or so is like a dream.

However, she quietly looked at Charlie, who was sitting not far away with his eyes closed and rested, and she could clearly feel that all this was not a dream, but a real existence.

Thinking of Charlie going coming to Syria alone and saving her from the brink of death, Melba felt very guilty besides being grateful.

She felt that after so many years of reading and studying economics and finance for so many years, she was naive and could not even see through human nature.

At first, she was not ashamed of her abandoning her peers? But now that she thinks about it carefully, all her friends are really uneasy.

In their opinion, she would rather die with them by herself than have a chance at life.

Even they had the chance to live, but they were squandered unscrupulously.

As a result, they squandered their opportunities and started to feel extremely angry that why she had the opportunity to leave.

This kind of person made her fully appreciate the evil of human nature.

Thinking of this, she silently stood up from her seat, then paced to Charlie's side and sat down gently.

Charlie, who was closing his eyes and rested, felt a person sitting next to him. He opened his eyes and saw that it was Melba. He smiled and asked her, "Why don't you take advantage of these few hours of flying time and take a good rest?"

Melba said in embarrassment, "I was very confused and couldn't sleep..."

With that, she looked at Charlie and said in shame, "Mr. Wade, I am really embarrassed today."

Charlie smiled slightly, "Are you doing it for your friends?"

"En..." Melba nodded slightly and said with emotion: "I really didn't expect that they were all such people. You are right. I don't know enough about human nature. Maybe it's society. A lot of experience is still lacking."

Charlie smiled and said: "The more lack of social experience, the more proof that you have been well protected since childhood. Many children in a few years and teenagers have a lot of social experience early on. This proves that The protection given to them by their native family is not enough."

After speaking, Charlie said again: "Furthermore, this thing you experienced is indeed quite special. Under normal circumstances, it is impossible for a normal person to experience being kidnapped by the armed forces of another country. There are six to seven billion people in the world. Population, it is estimated that there are not even six or seven thousand people with this kind of experience. When converted, only one person in an average of 1 million people will have this kind of experience. So congratulations. After tonight, you are separate from 99.99% People who didn't have the opportunity to have practical experience, immediately left most of them behind."

Melba was even more ashamed and blushed and said, "Don't make fun of me. I know I've done this thing from start to finish."

Chapter 2688

Charlie agreed and said: "If you ask me to make a pragmatic comment, your thing is really stupid. Anyway, it's right and not wrong, but you are in the wrong position. If you really want to prevent the world Wars, you should not propagate anti-war in Syria, but at the door of the White House in Washington, because your motherland is responsible for at least 50% of wars in modern society around the world."

Melba nodded lightly, and then hurriedly said: "Mr. Wade, in fact, I want to say, I am not the kind of banana guy..."

Charlie asked curiously, "What is a banana man?"

Melba hurriedly said: “Banana people refer to Chinese people who were born and raised in the United States. They have the body and genes of a yellow race, but have the thinking and views of Western people.”

Charlie asked with interest: “Aren’t you thinking like Western people?”

Melba shook her head and said, “Although I was born and raised in the United States, and I was also an American citizen, my parents taught me since I was a child that my roots are in China. Let me remember that wherever I go, it is China. Man’s creed.”

Charlie nodded lightly, and then asked, “But I heard your dad say that you don’t seem to want to return to China?”

Melba explained: “The main reason is that I have some communication problems with him. In fact, this problem has always been between father and daughter. When I was young, he was busy making money and flying all over the world. Fly away, seldom cared for me, and rarely allowed me to experience fatherly love, so the relationship between the two of us is relatively rigid. After my mother passed away, the relationship became more rigid, and I did not want to return to China, this opinion was just an excuse to reject him.”

As she said, Melba sighed, and continued, “Actually, I have thought about it myself. Even if I don’t want to ease the relationship with him now, when he is really old, I will still find a step to take care of him. I always thought he was only in his fifties, and he hadn’t reached the time when he has to relax...”

Charlie nodded in understanding and said, “If you think it is really difficult for the two of you to relax, it is actually unnecessary. You must go to Aurous Hill now. Your father’s greatest hope is that you are safe. You still want some personal space, for the time being, I believe he can understand it too.”

Melba blurted out, “But I have promised you...”

As she said, she realized something and said with shame: “But I may find it difficult for myself to do your job now. After all, I made such a big mistake in judging the situation. This proves that my ability and temperament are still not good. not enough.....”

Charlie waved his hand: “This is not the same thing. If a person judges a wrong friend, it doesn’t mean that he will make mistakes when he does other things. I have always believed that genius definitely does not follow the barrel effect.”

“A person who is balanced in everything is not a talent, but a mediocrity!”

“Only a person who is extremely strong in one aspect is a real talent!”

“If you are someone who is very strong in certain aspects, then you are a genius!”

After speaking, Charlie said seriously: “You should have seen a lot of Hollywood inspirational movies. Some people seem to be fooled, but they are very talented in mathematics; some people know nothing, but they can play basketball superbly. ; Some people can’t even speak well, but they are top physicists or astronomers;”

“Even a top genius like Einstein couldn’t do everything.”

“So, for me, as long as you can do this business well, other shortcomings are not a problem in my eyes.”

Melba nodded lightly and said seriously: “Mr. Wade, as long as you are willing to give me a chance, I will definitely go all out and do my best to help you do this business!”

Charlie said with a smile: “That’s great. In addition, I think you can relax with Uncle Watt when you go to Aurous Hill this time. He really cares about you very much. If it weren’t for him, I wouldn’t be able to come to Syria to rescue you.”

Chapter 2689

When Charlie and Melba hurried back to Aurous Hill without stopping, Hamid also hurried back to the valley in northern Syria.

At this time, his subordinates were talking about it, and everyone didn’t understand why Hamid had to send a hostage out suddenly.

Moreover, in addition to the woman hostage, there was another guy that everyone had never seen before. They didn’t know where he came out from, and then he followed Hamid.

At any rate, it is also a heavily guarded military garrison. Someone unknown to anyone will appear inexplicably. This kind of weird and even strange thing happened here for the first time.

So after Hamid left, everyone couldn’t wait to know what happened just now.

Hamid’s deputy went to the cellar in person, looking for someone to ask what happened, but Faisal and others, who were loyal to Charlie, took advantage of the fact that the cellar had only a narrow entrance and an iron gate that was easy to defend and difficult to attack. They kept inside the iron gate, not allowing anyone to enter.

Hamid’s deputy also didn’t expect Faisal to betray, and in a hurry, he couldn’t wait to explode with a bomb, but when he thought that there were seven hostages who might be exchanged for the ransom, he temporarily dismissed the idea.

However, he was also very clear in his heart that although the cellar was easy to defend and difficult to attack, the cellar itself was also a dead end, so as long as he held the exit, Faisal would surrender in no time.

As a result, he immediately deployed nearly a hundred additional armed forces in the yard, with all gunpoints aimed at the exit of the cellar, to ensure that anyone coming out of it would be beaten into a mess in an instant.

At this moment, the helicopter roared in the sky, making everyone nervous.

They recognized that this helicopter was the one that Commander Hamid had just taken.

But no one knows now whether Commander will step out of the chopper after it has landed.

The helicopter slowly declined, Hamid’s deputy saw the helicopter to land in the yard, and immediately to the side of the soldiers told: “Get quickly out of the way, to make a helicopter landing space

in the yard of the house, soldiers had packed quickly to The surroundings, leaving a large space for the helicopter to land.

Then, the helicopter fell slowly. After it landed, the door opened instantly, and Hamid jumped off the plane directly. Seeing such a situation, he couldn't help asking "What are you all doing?" The deputy hurried forward and said: "Commander! Where did you go? Where are the two people you took just now?!"

Hamid said calmly, "Both of them are my friend. Don't ask more questions about it, you are my deputies and dare not ask anymore. They hurriedly said: "Commander, Faisal, and the others have already rebelled! These guys are now in the cellar preparing to fight back! As long as you say something, I'll let people blow the iron door and rush in to catch them!"

"No!" Hamid said immediately, "I left Faisal underneath. Don't guess! After that, he immediately stepped towards the entrance of the cellar. At this time, the deputy suddenly recovered and exclaimed: "Commander, what has happened to your leg?

Hamid smiled slightly and asked him: "You want to ask what has happened to my leg. I am not lame, am I?" The deputy nodded lightly.

The surrounding soldiers also looked horrified. They also realized that Hamid's left leg has completely become normal, and everyone was extremely curious deep in their hearts, wondering what happened to him.

Hamid laughed: "My benefactor gave me a magic pill, it cured my leg, from now on, I Hamid, is no longer a cripple!

Around the soldier can not help but be stunned!

A Magic medicine cured a lame leg that has been irreversibly damaged?!

Isn't this a foolish dream?

Chapter 2690

Although you don't read a lot of books, you still have basic common sense when you carry guns and fights every day. In Hamid's case, let alone in Syria, which lacks medicine and health facilities, even if you go to the most powerful developed country in the world. It is impossible to cure this.

However, the reality in front of them is right in front of them. The commander, who has been lame, is really walking fast!

Hamid naturally saw everyone's reaction in his eyes.

Although he was so excited that he almost wanted to shout, for his own image and to better control his team, he still resisted his inner excitement, pretending to be calm and striding forward, all the way into the cellar.

As soon as he entered the cellar, he said directly: "Faisal, I have sent Mr. Wade and Miss Watt away, and Mr. Wade has also told me about your situation. Don't worry, I will assure you of my life. As long as you

open the door, you won't be embarrassed. You can continue to return to your armored team, and the others are the same!

Faisal subconsciously said: "It doesn't matter whether I live or die. The most important thing is that I must first Make sure that Mr. Wade has left safely! Otherwise, I will fight with you to the end!"

Hamid was surprised in his heart and thought: "Brother Wade's hypnosis method is really amazing! This man was his own. He didn't care about life and death, he just wanted to be loyal to Brother Wade. If I had this ability, I would not be able to unite the entire opposition camp?"

After a while, Hamid said: "Faisal, do you still doubt that I will do something unfavorable to brother Wade? You don't want to think, how could I be his opponent? What's more, why should I be against him? Do you know that Brother Wade is my benefactor and he healed my leg!"

Faisal asked: "You said Mr. Wade cured your leg?!"

Hamid immediately said: "Can I lie to you? If you don't believe me, open the door and have a look. Don't worry, I am the only one in the corridor."

After a while, the iron door opened a gap, and Faisal looked through the gap and found that there was indeed only Hamid in the entire corridor, and he was bare-handed and did not carry any weapons.

So Faisal breathed a sigh of relief and asked, "What you just said is true?"

Hamid raised his hands and walked down slowly, saying, "Look for yourself, my legs aren't they all right?"

Faisal was shocked, and because of psychological hints in his heart, his respect for Charlie burst out, sighing: "In this world, I am afraid that only Mr. Wade can have this ability!"

Hamid nodded and asked him: "So you believe me?"

Faisal said: "I believe."

After speaking, he opened the door directly and said: "Commander Hamid, I hope you can keep your promise."

Hamid solemnly said: "Don't worry, I will do what I say! After that, he stepped into the cellar pointed to the iron door of the room inside, and said: "Faisal, I know you are loyal to Brother Wade, but before Brother Wade does not come back, or give you any orders, I hope you can do well your original job."

Faisal nodded and said, "No problem, Commander Hamid!"

"Okay." Hamid pointed to the door and ordered:

"Open the door inside."

Faisal did not talk nonsense, and immediately opened the iron door.

Hamid stepped forward, and the seven young people inside were so scared that they couldn't help but plead.

Hamid looked at these seven people and sneered: First of all, congratulations. I promised Brother Wade that I will not take your lives. Your lives are saved!

The seven people wept with joy when they heard this.

One man cried and asked: "Commander, when can you let us go back?"

"Go back?" Hamid waved his hand: "No, no, no, no, no, seven of you will be slaves here, as long as you live, Just work here. If you die, you will be buried here. In this life, there is no chance to leave this place for you!"
