

Chapter 2688– 2689 of A Dish Best Served Cold Novel

Chapter 2688

In particular, Burning Heaven's restraint on Mark just now gave Gaia enough time to accumulate energy.

With his accumulating power, with a radius of one kilometer, the rich power of heaven and earth, as if being summoned, was filled with craziness in the direction of Gaia.

And Gaia's breath is also rapidly climbing at a speed visible to the naked eye.

As a result, he stood there as a whole, with the vastness of a mountain like a mountain, amidst a mighty force, as thick as an abyss.

“Ok?”

“This power...”

At this time, Mark had obviously noticed Gaia's changes.

But, don't know why, when he saw Gaia accumulating power, he actually had an unusually familiar feeling.

Until Gaia's power was completed, he clenched his palms into a fist.

At this moment, a burst of force swept out from Gaia's hands in all directions.

Immediately afterwards, a huge boxing shadow quietly formed under Gaia's hands.

Seeing the scene before him, Mark was stunned.

On the delicate face, there was a bit of surprise.

Soon, Mark looked at Gaia's direction and shook his head and smiled.

Until now, Mark finally understood why he had a familiar feeling when he saw Gaia gaining momentum just now.

“Smelly boy, you can still laugh when you die?”

“However, if you can die under my boxing technique, you can also smile at Jiuquan.”

“This martial arts is bestowed by a man of God.”

“With this king’s talent, he has cultivated thousands of days and nights, and only then has he mastered the seven-point essence.”

“Originally, this trick was reserved by this king specifically to deal with the top ten strong players.”

“But now, I have to take you first to try my martial arts power!”

Under the sky, Gaia smiled proudly.

The heavy body is just like a mountain standing here.

The surging power, trembling the square Tianhe.

The mountains and forests are trembling, and the lake is making waves.

The boxing technique has not been released yet, but it has already caused storms and storms.

One can imagine how powerful Gaia’s move will be?

Even Chu Qitian, who was a hundred meters away, trembled and panicked under this power, and stepped back dozens of steps again and again.

I’m afraid I will suffer miserably.

However, in the face of Gaia’s surging power, Mark’s face was not only without the slightest panic, but also with an inexplicable smile.

“is it?”

“Then I really want to see, is this seven-point essence in your mouth an exaggeration?”

Mark smiled softly.

“Great!”

“Then as you wish~”

Boom~

At the moment when the words fell, Gaia held his divine power and immediately rose into the sky.

Heavy body, stretches across the top of the sky.

The punch that contained endless power slammed it in the direction of Mark.

“Lie! Mountain! Collapse!”

Among the majestic shouts, Chu Qitian only saw a huge shadow of a fist, covering the sky and the sun.

With unmatched might, with the force of destruction, from the top of the nine days, flying straight down!

The moment this fist fell, the world here and the earth, only if a huge boulder entered the sea, instantly boiled.

The sea of clouds rolled and the earth cracked.

Thousands of tons of lake water were also stirred up by the whole.

Roaring towards the river bank.

“I go!”

“So strong?”

“Awesome!”

Chu Qitian was undoubtedly overjoyed when he saw Gaia’s punch that caused such an earth-shaking scene.

However, just when Chu Qitian and others thought that Mark would surely be doomed this time, who could have imagined that there was a thunder in front of him, which quietly exploded.

Immediately afterwards, Gaia and the others only saw an equally thick shadow of a fist appearing immediately.

Then, from bottom to top, soaring into the sky, and Gaiana’s fisting power that fell from the sky, slammed into each other fiercely.

Chapter 2689

“This this”

“How can this bastard do this trick?”

Seeing the shadow of the fist in front of him that was almost the same as Gaia, and Fen Tian not far away, his surprised eyes were almost glaring.

But soon, Fen Tian also discovered the difference between the two.

“No, it’s not exactly the same.”

“The hot summer boy’s boxing power seems to be more majestic.”

“It looks like it should also be a very strong boxing technique, right?”

“I just don’t know, how powerful is it compared to Gaia’s?”

Fen Tian said in a low voice with gloomy eyebrows.

At the same time, Fen Tian also began to brew an offensive, ready to carry out a surprise attack when necessary, just like last time, hit Mark by surprise.

At this time, Mark and Gaia’s attacks had already met.

This time, Gaia’s defeat did not appear.

The shadows of the two men fell into a short stalemate in the void.

Amidst the bang, the majestic power was like sparks hitting the earth.

The swelling wind swept wildly in all directions from the place where the two met.

Wherever he went, the earth cracked, the rocks collapsed, and the entire lake was almost overturned.

However, the stalemate between the two only lasted for a moment.

Soon, as the corners of Mark’s mouth turned upward, the balance here was quietly broken.

The huge shadow of Gaia’s proud fist was torn apart like broken glass.

But Mark’s offensive was unabated.

With a force of destruction, he swept away towards where Gaia was.

Boom~

In the muffled sound, Gaia was hit by Mark’s fist.

Cengceng~

The immense strength, wrapped around Gaia's body, couldn't help but retreat.

With each step back, Gaia's feet left a huge gully on the ground.

Gaia didn't release all his energy until he retreated a hundred meters.

Huh~

After stabilizing his figure, Gaia's tiger's body trembled, and he vomited out a mouthful of blood.

However, Gaia at this time had no intention of worrying about his injuries.

After vomiting the blood from his mouth, he immediately raised his head, staring forward with amazement.

"who are you?"

"who are you?"

"Why do you, this fierce landslide?"

"Tell me, who are you. This fierce landslide, where did you come from?"

Gaia's eyebrows were stern, and he sternly asked Mark.

For so many years, Gaia has become famous in the world of martial arts by relying on this trick.

Even the reason why he can be ranked on the top list is almost entirely because of this trick.

Gaia knew well the stubbornness and dominance of this violent landslide.

Even King Yintian, Burning the sky, would definitely not dare to take his own punch.

However, Gaia never dreamed that the martial art he was famous for would appear from others.

Moreover, the fierce landslides performed by the opponent are more sophisticated.

Even stronger than him.

This is naturally unacceptable for Gaia.

That kind of feeling is like something that has been taken away by others for many years.

“what?”

“That Hot Summer Boy uses, is it the same trick Gaia used?”

“I’m going, what’s the situation?”

When the Yintian King Fentian heard this, his whole person was immediately lost.

You know, unless the teacher goes out of the same school, otherwise, it is almost impossible for two different people to collide.

In other words, this Mark, could it be the same as Gaia?

When Fen Tian and others were in doubt, Mark sneered.
