

Chapter 2694– 2695 of A Dish Best Served Cold Novel

Chapter 2694

“by!”

“Gaia, are you crazy?”

“Are you really playing?”

Fen Tianhu stared wide, shouting angrily at Gaia.

Before, he thought that Gaia was playing some conspiracy to paralyze Mark, and after he was unprepared, he attacked Mark.

After all, after having known Gaia for so long, Fen Tian knew the cunning of this man.

This is a person who can do whatever it takes to achieve his goal.

But now, Fen Tian suddenly realized that Gaia didn't seem to be playing any conspiracy this time, but really took refuge in Mark and instead killed him.

“Stop talking nonsense, go to death!”

Gaia didn't bother to talk nonsense with Fen Tian anymore. After one hit failed, the second hit was released immediately.

Bang~

This time, Fen Tian did not evade, but punched Gaia head-on.

Bang~

It exploded with vigour, and the wind swept across.

The mountains, rocks, and trees within a radius of one hundred meters burst open in this strong wind and turned into “blizzards” all over the sky.

Who could have imagined that the two titled masters who had been advancing and retreating together a few minutes ago have turned against each other with their swords facing each other.

In the face-to-face confrontation, the two did not stay in a stalemate for long, but instead they split.

Both figures were shaken back by the opponent's fist, and they stepped back on the ground. After retreating hundreds of meters, they both stopped their retreat.

However, soon, Gaia, who had stabilized his figure, pounced again, stepping on the ground and rising into the sky, surging like a violent storm, and madly attacked in the direction of King Yintian Burning the sky.

“Fuck!”

“Gaia, are you coming here?”

“Have you made a mistake?!”

“I'm your ally, our enemy is that bastard.”

“What are you mad at me?”

“Don't stop me yet!”

Seeing that Gaia attacked like crazy, King Yintian Fentian almost urinated.

Anxiously flushed, he couldn't help talking to Gaia.

“presumptuous!”

“Dare to insult the Dragon Lord?”

“I have to stamp you today!”

However, how could Gaia care about him? On the contrary, after hearing Fen Tian's words, his offensive was even more fierce.

Fen Tian had no choice but to bite the bullet.

It's just that Fen Tian couldn't figure out why things developed into such a situation?

Originally they came to encircle Mark, but now it's alright, the two of them are smashing together.

“What is this special lady's business?”

Fen Tian's face was bitter, and his face looked ugly as if he was crying.

At the same time, facing Gaia's overwhelming offensive, Fen Tian couldn't stand it at all for a while, and had to fight and retreat.

On the other side, Chu Qitian saw the two people who were stunned at this time, and his expression was even more stunned and bewildered.

"King Yintian, what are you doing?"

"It's him that I asked you to kill. It's that kind of farmer."

"What did you two fight?"

...

"waste!"

"It's all waste~"

"With so many people, even a country boy from a humble background can't handle it~"

Chu Qitian was anxious and angry, and his eyes were full of anger.

However, at this moment, Chu Qitian suddenly felt that the surrounding temperature suddenly dropped.

Even he felt a little bit cold, and his body shuddered unconsciously.

"this is..."

But soon, Chu Qitian seemed to realize something.

He suddenly raised his head and saw that a pair of cold eyes were looking at him.

What kind of eyes are they cold, as if they don't contain any emotions.

It seems, gaze from hell!

Chapter 2695

At that time, Chu Qitian was suddenly excited, an inexplicable fear, like a tide, swept out from the depths of Chu Qitian's heart.

"Chu Tianfan, you...what do you want to do?"

"I... I warn you, if you dare to touch half of my vellus hair, our Chu family will never let you go!"

Feeling Mark's murderous gaze, Chu Qitian was undoubtedly panicked when he looked at the thin young man who was gradually approaching.

As he backed away, he yelled at Mark in a fierce manner.

However, facing Chu Qitian's threat, Mark smiled.

The laughter was sad, with endless ridicule and sarcasm.

"Don't let me go?"

"Ten years, in these ten years, I shouldn't have touched a single vellus hair."

"But, have you let me go?"

Mark sneered, with endless chill in his faint words.

"This~" Chu Qitian was speechless, facing Mark's question, he didn't know how to answer.

"Why, I dare not answer?"

"Or, you have no face to answer?!"

"Well, don't tell me, I'll help you."

"Ten years ago, the Chu family swept me and my mother out."

"Seriously, even though I hated you at that time, I didn't even think about going to seek revenge from you."

"My mother even comforted me, saying that leaving the Chu family is not a bad thing."

"In this way, there will be a lot less disputes and a lot less trouble."

"From now on, you can live an ordinary and happy life like ordinary people."

"Under my mother's enlightenment, I also want to open it. If the Chu family doesn't want it, I don't want it. I am not uncommon."

"But, I never thought that you would just sweep our mother and son out of the house, you still want to kill us?"

"I don't want to fight with you, but you are forcing me to kill you!"

"Okay, I want to play, I will play with you."

“I couldn’t play with you back then, I don’t believe it, Brian Chu can’t play with you all my life!”

“Today, if I solve you, it is only the beginning of this revenge.”

“Wait, after I take down your first level, I will rush to the Chu family and hang your heads above the Chu family gate.”

“I want to let those who despised and insulted me and my mother know that I, Chu Tianfan, are back!”

Mark said coldly.

Low-pitched words, like a cold wind, swept across the world.

No one knows how much anger and hatred of Mark is suppressed under these words.

His hatred of the Chu Family was definitely not just formed overnight.

It was the accumulation of little by little in the past ten years, after the Chu family’s pursuits and killings.

Any relationship, after ten years of brewing, will be extremely violent when it breaks out.

But now, it’s very fast, and it won’t be long before the hatred that has accumulated in Mark’s heart for ten years will usher in the most complete outbreak.

Today’s battle is just the beginning of Mark’s revenge.

In this way, Mark said coldly, and while taking steps, slowly approached where Chu Qitian was.

The low footsteps sounded like death’s call.

Every time Mark got closer, Chu Qitian felt that he was closer to death.

“I... I warn you, don’t come over.”

“I am the descendant of the Chu family, and my father is the head of the Chu family. You can’t kill me, you can’t~”

“Otherwise, my father will definitely lead the Chu family’s powerhouse to go to the hot summer, to crush your bones and ashes, and let your family pay for their lives~”

This time, Chu Qitian was really panicked.
