

Noble Husband At the Door Chapter 271

"An honor!"

After hearing Nangong Qianqiu's words, Gina was thunderstruck completely. Even if she preferred Han Jun, she didn't need to push the matter as well much!

"Mother, are you attempting to compel Samuel to his fatality?" Gina said.

"I'm mosting likely to tell him tomorrow as well as allow him know that his female has been looked after. He can pass away peacefully in jail. Or else, all the people related to him in Cloud City will pass away." After Han Jun left, Nangong Qianqiu thought of this idea.

She needed to make sure that Han Jun's plan was fail-safe. Samuel's fatality was inevitable.

When Gina heard this, Gina was totally hopeless. She even really hoped Samuel could leave Cloud Dragon Prison and also give Nangong Qianqiu a tough lesson.

"Okay, do whatever you intend to do. I will not respect the Hannigan household anymore," Gina said weakly. Despite just how much she answered back, it was no match for Nangong Qianqiu's crucial words.

"Get lost," Nangong Qianqiu claimed impolitely. In her eyes, just Han Jun was worthy of respect.

Gina went back to her space with boring eyes. The Hannigan family had entirely changed in Nangong Qianqiu's hands.

She suddenly thought of Samuel's words. Now it seemed that this chance had actually been obliterated by Nangong Qianqiu.

Was he still able to control the issues of the outdoors when he remained in a state of complication?

The next day, Nangong Qianqiu and Samuel fulfilled.

Whenever he fulfilled Han Jun, Han Jun's face would certainly have plenty of injuries. For That Reason, Nangong Qianqiu was a little shocked when she saw Samuel's, that was unhurt.

" You need to stoop before others as soon as you get in the cell." Nangong Qianqiu claimed disdainfully. Along with begging for mercy, Nangong Qianqiu can not think of the factor Samuel was not beaten.

" Are you right here to sympathize with me?" Samuel claimed coldly.

Nangong Qianqiu smiled contemptuously as well as said, "Merciful for you? You don't deserve my sympathy. I'm just here to inform you that a person has actually replaced you to live.

You 'd much better pick to pass away in Cloud Dragon Jail. Otherwise, everybody around you will certainly die with you."

Upon hearing this, Samuel stood and also screamed angrily, "Nangong Qianqiu, what do you suggest?"

" What do I indicate? Han Jun has actually already mosted likely to Cloud City. Although utilizing your name is very humiliating to him, but also for him, and for the Hannigan household not being overloaded by this issue, I unwillingly accepted it."

Han Jun had actually mosted likely to Cloud City!

The anger in Samuel's upper body practically burst out. Although he had actually currently advised Nangong Qianqiu, he did not expect Nangong Qianqiu to do so.

Samuel dared not consider what would certainly occur if Han Jun went to Hill Vacation home.

He punched the table as well as Samuel said madly, "Nangong Qianqiu, I will certainly make you regret the decision you made today. I considered our last blood friendship, today ... I have nothing to do with the Hannigan household."

" Haha, do you still think about on your own as a Hannigan family members? You were not there a very long time earlier. Do I need you to bear in mind this favor?

Samuel, you are as well conceited. I will provide you one month. If you do not pass away, the entire Cloud City will certainly be shaken up." Nangong Qianqiu was not afraid of Samuel's risk in all. In her eyes, a good-for-nothing like him couldn't stir up trouble.

Samuel unwinded in his seat, breathing promptly. He gritted his teeth as well as stated, "If Han Jun attempts to fool around in Cloud City, I will kill him with my own hands. Even you will not be able to stop me."

Nangong Qianqiu drank her head as well as said with a sigh, "Samuel, you don't understand your very own circumstance, do you? You'll recognize what you're going to encounter soon. I'm simply here to inform you, not to review it with you. Do you think you deserve to make a choice?"

" You forced me to this factor, to ensure that you have no right to make a choice in the future. Nangong Qianqiu, you will certainly regret what you have actually done."
