

# Chapter 2724 - 2725 of A Dish Best Served Cold Novel

## Chapter 2724

He remembered that Mark had used a body-refining secret technique during the previous battle.

Carrying a dragon's shadow on his back, with golden light on his body.

It is unstoppable to meet the gods and kill the gods and the Buddhas to kill the Buddhas.

It is precisely because of the power of that secret technique that Gaia left a very deep impression.

Now when he saw this golden light, Gaia thought of this technique of refining the body.

"It seems that this technique of body refining can not only increase strength, but also heal the body when the dragon master's life is dying."

Gaia clearly felt that under the restraint of this golden light, Mark's original intermittent aura had actually stabilized a lot.

While marveling at the magic of this body refining secret technique, Gaia picked up Mark and was about to leave.

Although this technique of refining the body temporarily stabilized Mark's injury.

But Gaia also knows that this will only have a temporary effect after all.

Mark was seriously injured, especially when he was stabbed by Tang Yun's long sword.

That was the master of the Chumen Sect, with extraordinary swordsmanship and sainthood.

Bing Lian Qi Jin can be described as the peak, making countless strong people frightened. ,

For so many years, I don't know how many titled masters have fallen under Tang Yun's Binglian energy.

Bing Lian Qi Jin is Tang Yun's famous technique, which belongs to the force of extreme cold. If it is not removed in time, then the internal organs will be severely damaged by this force of ice cold.

Rarely it hurts the pubic area, and the century-old cultivation base disappears.

If it is heavy, life will disappear and death will disappear.

That's why, after seeing Mark assassinated by Tang Yun, he was so anxious.

"No, no more delay, I have to take the dragon master back to heal my injuries."

"Find someone to help the dragon master get rid of that icy cold force."

Gaia was anxious, carrying Mark on his back and preparing to leave.

However, as soon as he raised his foot, he realized that he had tripped on something.

He looked down and discovered that the place he was standing at this time turned out to be a sea of corpses and blood.

Everywhere in the eye is broken into thousands of pieces of stumps and pieces of meat.

The heads under his feet still had their eyes open, full of horror.

It is conceivable that these people were terrified before they died!

Under my feet, the green-green ground was also blood-red.

The blood was like a stream, gurgling towards the gully ahead. ,

"This~"

"This this.."

"Could it be all, Dragon.. What the dragon master did?"

Seeing this purgatory-like scene in front of me, it was Gaia, who is the titled master, shivered unconsciously, and the corners of his eyes twitched.

"Mom, the dragon lord is just hanging!"

"A dying body can burst out with such destructive power."

"If it's the heyday, I'm afraid that even the Lord of Truth will have to hang it~"

In panic, Gaia smiled bitterly and muttered to himself in a low voice.

However, his words just fell.

Huh~

A cold wind was here, quietly blowing.

The wind and sand blown the sky, and some blood drops on the branches and leaves were blown off.

Immediately afterwards, a graceful shadow appeared quietly here.

She has a purple dress fluttering, three thousand green silks are like snow.

Red lips are like fire, and eyebrows are like ink.

At the moment of appearance, that stunning face almost eclipsed this world.

If ordinary people see this “beautiful beauty”, they are afraid that they will already be swayed and marvel at the fairy going down.

However, when Gaia saw this person, almost all of him was scared to pee.

“Tang... Tang... Tang Yun?”

Gaia, the king of Persia, shivered, his eyes staring out. That carried Mark’s body. It even took a few steps back unconsciously.

## Chapter 2725

“you you...”

“I...”

Gaia was obviously frightened, and the whole person was already uncomfortable.

After all, in the martial arts world, Tang Yun’s fierce reputation is too high.

The lord of Truman, the first in the sky, wins life and death.

Her name alone is enough to make people feel frightened.

What’s more, the woman in front of him stood in front of him so real.

What is coercion? This is coercion!

From beginning to end, Tang Yun didn’t say a word.

But just standing there already made Gaia Alexander unconsciously overflowing with cold sweat on his forehead.

After a long time, Gaia calmed down.

He looked at the woman in front of him with a smile on his face.

“That, Master Tang Yun, what I said just now was just to talk casually, and I never meant to despise you.”

“You are graceful and luxurious, and you are still the master of the Chumen.”

“Don’t say that my Dragon Lord is in his heyday, even if the two of us add up, it is definitely not your opponent.”

“So, what I said just now, I really said casually, don’t take it to your heart.”

Gaia couldn’t help laughing, explaining to Tang Yun tremblingly.

For fear that the woman could not agree with her, she killed him.

As the saying goes, those who know the current affairs are handsome.

Although this woman hurt the Dragon Lord, now is not the time to avenge her.

It’s still important to save your life.

Therefore, Gaia naturally put his posture low and spoke very politely.

“That, Tang Yun sect master, I have something to do, so I won’t bother.”

“Farewell first.”

“When there is a chance in the future, I will visit you again at Chumen.”

Gaia didn’t dare to stay here for a long time. After speaking, he carried Mark on his back and started to slip away.

“stop.”

A cold voice quietly came from behind.

As the saying goes, what you are afraid of comes, Gaia’s heart is tense at that time.

He knew that Tang Yun must be a bad person.

Most likely, it was to kill Mark.

Gaia naturally can't really stand, let Tang Yun slaughter.

Therefore, after hearing Tang Yun's shout, Gaia not only didn't stop, but speeded up his pace, and Sa Yazhi seemed to flee frantically.

"Ok?"

"Dare you disobey me?"

Tang Yun frowned and slashed the sky with a finger.

Whoosh whoosh~

The cold air is strong and fast as a knife.

Immediately flew out from Tang Yun's men, and then chased in the direction of Gaia's escape with a sudden thunder.

"Damn it!"

"It's so fast, I can't hide it~"

When Mark noticed the attack behind him, he realized that he had no time to escape.

Gaia was suddenly anxious, and in desperation, he could only grit his teeth and resist.

Boom~

Just listened to a dull boom and exploded vigorously.

Gaia snorted, and the whole person fell from the sky like a broken kite.

Being attacked by Tang Yun like this, Gaia couldn't take care of himself, so naturally he couldn't take care of Mark behind him.

Therefore, when Gaia was shot down by Tang Yun, the boy on his back also fell from the air.

"not good!"

"Dragon Lord~"

Gaia, who fell to the ground, was immediately anxious and worried after discovering it.

He exclaimed, and quickly jumped up from the ground to save Mark.

However, it was too late.

Mark was already less than ten meters away from the ground at this time.

When Gaia rushed over, he couldn't catch Mark at all.

However, just when Gaia was anxious, who would have thought that there was a shadow in the void.
