

# Chapter 2726 - 2727 of A Dish Best Served Cold Novel

## Chapter 2726

Immediately afterwards, Gaia only saw that the cold, majestic, graceful and luxurious Lord of the Truman, rushing into the air regardless of the difference between men and women, stretched out his hand and inserted Mark into his arms.

In this way, Tang Yun hugged the dying young man, like a fairy descending to the earth, curling down from the sky.

“This~”

“This this...”

In this scene, Gaia was dumbfounded.

He was shocked and jealous.

What is shocking is that Tang Yun is not going to kill the dragon master, why is he still trying to save him?

I'm jealous, mother chicken, dragon lord is too lucky, right?

Before that cave house, it was only necessary for a woman to rescue him.

Now that the Lord of Truman, who is even number one in the sky list and the world champion in both fierce and beautiful names, also holds the Dragon Lord in his arms, with such an intimate touch of the skin.

This is a beautiful thing that Gaia can't even dream of.

No, it can even be said that this is a glamorous thing that warriors all over the world dream of. Now, let his dragon master do it.

Is it strange that Gaia doesn't envy jealousy?

They all fall from the air, so why don't you pick him up and not pick me up?

Gaia is very envious!

As long as normal men, it is estimated that no one does not envy and hate.

After all, Tang Yun is a perfect woman.

Perfect, in line with the definition of a goddess in any man's mind.

The temperament is refined and the appearance is stunning.

There is not only a peerless elegance, but also a mastery of cultivation.

Graceful and luxurious, standing on top of power and strength.

This kind of strange woman, which man does not dream of conquering her?

Even in the world of titled masters, Gaia alone knows that there are no fewer people who are openly pursuing Tang Yun's top rankings. As for secret crushes, there are even more.

It is said that Ye Qingtian, the first god of war in the summer, did not marry for so many years because of the woman in front of him.

But now, in all the hearts of all the celestial celestial celestial maidens, who were sacred and pure, hugged a man. This scene was a deep shock to Gaia.

As a result, the image of Tang Yun in his heart has undergone a subtle change.

It's like, the land of a virgin that was once pure and flawless has been stepped into.

However, this is not the time to think about these things.

In addition to envy and jealousy, Gaia's heart is undoubtedly more doubtful and curious.

"This Tang Yun, why is the savior of the dragon?"

"Should they not be enemies?"

Gaia and Mark had just met each other not long ago, so he naturally didn't know the grudge between Mark and Tang Yun.

He only knew that his dragon lord had an enmity with the Chu Family and Chu Sect.

As the master of Chumen, Tang Yun naturally stood on the opposite side of Mark.

But now this behavior is clearly beyond Gaia's logic.

When Gaia was stunned, Tang Yun was also obviously aware of the impropriety of her behavior.

An inexplicable panic immediately surfaced on the stunningly pretty face.

She was impulsive.

However, Tang Yun didn't know why. When she saw that Mark was about to fall, her body was almost subconsciously going to be rescued.

Looking down at the weak young man in his arms, Tang Yun let out a long sigh in her heart.

I think her life is elegant and quiet, but only when facing him, she often loses her attitude.

This boy, I'm afraid it will be the biggest calamity in her life.

After sighing, Tang Yun once again recovered the coldness and majesty of the past.

Then, the long sleeves waved.

With the phone in his arms, he flew straight in the direction of Gaia.

There was also a piece of warm jade that flew past together.

If Mark wasn't unconscious, he would definitely recognize at a glance that this jade was the blue spirit jade that Tang Yun had given him before.

"If you don't want him to die, put this jade on him."

"The ice and energy in his body will naturally be sucked out by this blue spirit jade."

## Chapter 2727

"what?"

Just getting up from the ground, with the help of Mark's Gaia, he hadn't slowed down yet, but immediately after, he was confused by Tang Yun's next words.

"Aren't you here to kill the dragon master?"

"Yes...Is here to save the dragon lord?"

Gaia was astonished and confused, completely confused about the situation.

Before that, Gaia thought that Tang Yun was chasing and killing Mark.

But now it seems that he was worrying too much.

Tang Yun's various actions undoubtedly showed that she was here to save Mark.

However, Gaia couldn't help but wonder.

It stands to reason that Tang Yun and Mark should be in a hostile relationship.

But why does this master of Truth repeatedly ignore his position and help the Dragon Lord?

Could it be that there is really an unknown relationship between the dragon lord and this Chu Sect lord?

Gaia looked at Tang Yun's stunning back from a distance, while thinking to himself.

However, Tang Yun ignored Gaia's questioning.

After speaking, she turned around, ready to leave.

However, before leaving, a threatening word in the cold, quietly sounded in Gaia's ears.

"Today's matter, you'd better not see it all."

"Otherwise, your fate will not be much better than those under your feet."

When the words fell, the woman in front of her had already left.

Only the cold voice, accompanied by the bleak wind, swept across the world here.

For a moment, Gaia's body trembled fiercely.

After Tang Yun left for a long time, Gaia recovered from the horror just now.

But at this time, Gaia realized that his back was already wet.

"Mom, what a terrible woman."

"Such a woman, ordinary people really have no blessings~"

Gaia smiled bitterly, but in the end he sighed with emotion.

In front of Tang Yun, even Gaia felt oppressed.

After the sigh, Gaia did not stay here long.

He took Mark on his back again, and rushed towards the ancient Eastern Land.

Although, the blue spirit jade sent by Tang Yun could solve the icy energy in Mark's body.

However, in addition to the energy of entering the body, Mark's other injuries are not insignificant.

Therefore, as a matter of urgency, Gaia still had to quickly take Mark back to find someone to heal.

What's more, Gaia also doubted whether Tang Yun's words were true.

What if this woman has any conspiracy to plot against the Dragon Lord?

"You still have to find Yueyao Medical Immortal."

Gaia's brows darkened, thinking to himself.

At the same time, carrying Mark on his back, he quickly passed through the rain forest and quickly went away.

However, who could have imagined that Gaia hadn't left for long before he turned back again.

He looked at the stumps and broken arms all over the ruins and frowned again.

"The Dragon Lord killed so many people, if it is not resolved properly, it will definitely cause big trouble."

"A Truman is enough to make the dragon lord a headache. If it is because of the killings here that attracts all the countries to retaliate, the future of the dragon lord will be even more precarious."

"I have to think of a way."

Gaia was full of worries, his eyes rolled dribbling, obviously thinking about a good way to try to clear the relationship between the dragon lord and this killing.

While Gaia was thinking, he suddenly noticed a stern head not far away, with wide eyes and endless panic, lying just like that in the mud.
