

## Chapter 2741

At 12:30 noon, Charlie drove slowly into Aurous Hill University of Finance and Economics. At this time, the school had reached the lunch break. There were many students walking in groups on the campus road, most of them were walking towards the cafeteria and dormitory. Some seem to be going to eat out of school.

Melba asked Charlie: "Mr. Wade, will my father go to lunch or contact him?"

Charlie nodded and said with a smile: I will send him a voice call, so please don't say anything.

Melba Knowing that Charlie only wanted to surprise her father, so she agreed:

"Okay.

He parked the car under the administrative office building, and then called Pollard with WeChat.

As soon as the voice call request was sent, it was immediately connected to convenience. Then, Pollard's voice came over: "Charlie, what are you doing over there? Is there any progress?"

Charlie said: "Uncle, don't urge, my situation is a little bit complicated here, and I can't say a word or two.

Pollard asked hurriedly: "Then have you seen Melba,

Charlie replied: "Not yet. The opposition guards are very strict. I'm still trying to find a way.

While speaking, Charlie asked him: "Has Uncle eaten lunch yet?"

Pollard said with emotion: "I am still not in the mood to eat. I have been upset from last night until now. At first, I called you several times, showing you are not in the service area. There should be no signal on your side.

Charlie explained: " There must be no communication signal, so I can't make and receive calls normally, but I have a satellite Internet device on my side, which can be connected via satellite. It's just that the traffic fee is a bit expensive.

Pollard didn't notice anything abnormal, couldn't help but sigh, "This matter is really too much trouble for you, no matter if you have a chance to see Melba in the future or if you have a chance to save her. When you come out, you must ensure your personal safety.

Charlie smiled and said, "Uncle, don't worry, I will bring your daughter back to the country in peace. After

that, he hurriedly said: "Uncle, I will hang up first, and I will tell you when there is progress.

Pollard had no choice but to say: "Then you must pay attention to your safety.

Charlie ended the voice call. Melba beside him couldn't help but ask him: "Then what shall we do next?"

Charlie turned off the car and took out two disposable masks. After putting it on, he said to Melba: "Put on the mask, let's go directly to your dad's office, he must be there.

Melba knew that Charlie wanted to give dad a surprise, and said with a smile: “You think I put on a mask, my dad couldn’t recognize me. Charlie smiled and said, “I bet, as long as you don’t talk, your dad will definitely not recognize you.

“Impossible. “Melba shook her head, and said confidently: “My dad and I just don’t talk very well, but it doesn’t mean that our relationship is very tense and rusty. He must recognize me at a glance.”

Charlie smiled slightly: “If you don’t believe me, try it. You can knock on the door later and see if he can recognize you.

Melba pouted: “Okay if you lose, you must invite me to dinner and finish talking. The mask was put on.

### **Chapter 2742**

After the two got out of the car, they walked directly into the office building, Melba followed Charlie, and said in a nervous voice, “Do you know where my dad’s office is? I haven’t been here once.

Charlie nodded: “I know, you can just follow me with confidence and boldness.

At this time, Pollard was pacing back and forth in his office.

The only daughter is far away in Syria, life or death is uncertain, he is naturally very worried, and Charlie has not replied any clear progress, he does not know whether his daughter can escape this disaster.

Because of the worry in his heart, Pollard repeatedly lost his mind and made mistakes during class today. He felt that his spirit had been strained to the limit. If there is no news from his daughter today, he can only ask for leave from school temporarily, and then go to Syria in person.

He also knows that he is unable to save his daughter, and may not even be able to reach the place where his daughter is detained, but he still hopes that he can be closer to his daughter in space. In that case, he can find something in his heart. Consolation.

Just when he was agitated, a knock on the door suddenly rang.

His chaotic thoughts were forcibly interrupted, so he could only walk to the door and stretched out his hand to open the door.

As soon as the door opened, he saw a young and fashionable woman standing outside, but the woman was wearing a mask. He did not see her looks, so he asked in surprise: “Hello, what can I do for you?”

Pollard Watt did not recognize the daughter standing in front of him.

This is not to say how strange he and his daughter are, but in his memory, his daughter Melba did not wear such fashionable and feminine clothes. The

usual Melba Although it’s not a tomboy dress, her dress is always simple and plain, and she rarely wears skirts. Because she graduated from Stanford University, her style of dressing is almost the same as those of programmers in Silicon Valley. Summer is a t-shirt with jeans. In winter, sweaters and down jackets are paired with jeans.

And the girl in front of him, at first glance, is the kind who is very elegant and cares about dressing, and she doesn't keep with the style of Melba.

Besides, he didn't think about his daughter at all. After all, in his subconscious, his daughter was in Syria, thousands of kilometers away, and it was impossible for him to suddenly come to him.

Melba didn't expect that her father really didn't recognize her.

She stared at Pollard up and down, and in addition to surprise, she also had some hints in her eyes.

However, Pollard was not in that mood at all, carefully trying to figure out the meaning in her eyes.

Seeing the girl in front of him staring at him but not speaking, Pollard didn't have the patience to continue spending time here, and directly said: "If there is nothing wrong, please leave."

After finishing, he closed the door directly.

Melba outside the door was standing stupid.

He didn't even dream of it. Dad couldn't recognize her just by wearing a mask.

Not only did he not recognize her, but he closed the door.

One side of the leaf against the wall at this time smiling and Charlie looked at her and whispered: "How was it?"

Melba said: "The big deal I want to invite you to dinner at night,"

Charlie put Waved his hand: "I can't do it tonight. I have to go home tonight. My wife is still waiting for me at home.

Melba asked in surprise:

"You are married."

Charlie nodded: "I have been married for four years.

Melba suddenly felt something in her heart. It was empty, but she adjusted it quickly and said: "Well, I will talk about the meal another day. Anyway, I will stay in Aurous Hill to work for you in the future, and I can honor the bet at any time.

Charlie smiled slightly: "Okay, remember this meal first.

After that, he pointed to the door of Pollard's office, and smiled: "Would you like to give your dad another chance?"

Melba raised her hand a bit aggravatedly and knocked on the door again

.

She was obviously agitated inside. She opened the door with a bit of sullenness. Seeing that it was the girl, he asked: "What is the matter with you,

Melba stomped her feet, took off the mask directly, and blurted out: "Mr. Pollard, you even don't recognize your biological daughter anymore!"

### **Chapter 2743**

When Pollard heard Melba's words, he was shocked.

When he saw Melba's face, he shouted in horror: "Melba is really you,

Although Melba is standing in front of him, deep in his heart, Pollard still can't believe that the woman in front of him is really her.

His daughter. Because, in his heart, he firmly believes that his daughter must still be in Syria now.

There is no possibility that she will suddenly appear in front of him.

Especially since he just talked to Charlie, even Charlie hasn't seen her now.

Moreover, the United States has not sent anyone to rescue, so the Syrian opposition armed forces who have held his daughter have no chance of releasing her back.

Ten thousand steps back, even if the Syrian reactionaries are true She was so compassionate that she could not appear in Aurous Hill so soon.

Therefore, at this moment, he thought it was a time disorder, and the whole person was in the mist, and he didn't know how to respond.

See Melba When she arrived was very excited and very thankful, but don't know why, after Dad didn't recognize her, she suddenly felt a little unhappy.

So she looked at Pollard with enthusiasm and complained: "I am a living person standing in front of you, don't you believe me yet?"

Pollard hurriedly said: "Belief, I believe Coco. It's how you came to Aurous Hill. It's impossible.

Melba shook her head helplessly and turned to look at the wall pointed to Charlie said to her father: "Here, how did I come to Aurous Hill? You will know if you ask him."

Pollard stood inside the door frame and didn't know at all. There was a person hidden by the wall outside the door. He hurriedly looked out. It was Charlie who happened to have taken off his mask and faced him.

Charlie saw Pollard's eyes. With eyes full of shock and confusion, he smiled and waved his hands, saying: "Hi, Uncle.

"Charlie" Pollard was even more stunned, and hurriedly asked: "What the hell is going on?"

Charlie smiled and asked him: "Can we come in and say that

Pollard has just recovered from it, and said excitedly: "Quick Come in quickly."

Charlie and Melba entered Pollard's office together. Pollard took Melba and sat on the sofa with her.

Charlie shook the mask in his hand and laughed at himself: "It seems like this thing is mine. It's useless."

Pollard said impatiently: "Oh, you can tell me what is going on. Didn't you just say that you are in Syria? You two lie to me,

Charlie laughed and said, "It's not. I wanted to give you a surprise.

Pollard said quickly: "The surprise is indeed a surprise. This is a great surprise.

He hurriedly asked: "Tell me, how did you come back in so short time. Did the process go smoothly?

Charlie smiled and said, "It was not smooth at first, but it soon became very smooth. I just met the commander of the opposition and made friends with him.

Refreshing, so he let Melba go.

Pollard hurriedly looked at Melba on the side, and asked: "Melba, you haven't been wronged there, right?"

#### **Chapter 2744**

Melba adjusted her sitting posture and said embarrassingly: "They locked us in the cellar and really wanted to kill us at first, but fortunately, Mr. Wade rescued us in time, otherwise, we would be executed one by one.

Pollard is very grateful. Charlie said, "Charlie, you brought Melba back safely. Uncle really owes you a life. From now on, uncle's old life is yours. What do you let uncle do? Uncle dares to have a little bit of it. Hesitated, the sky beats five claps of thunder and teach me a lesson.

Charlie hurriedly said: "Uncle, it was just a little effort, not to mention that you are a good friend of my mother, and I should help you."

Melba exclaimed when she heard this, nodded, and said to Pollard: "Dad and Mr. Wade is the son of Aunt Ann you often talk about?"

Pollard: "He is the only son of your Aunt Ann. Charlie

Melba has bright pupils in her eyes, and she said to Charlie excitedly: "Mr. Wade, it's true that your mother is the biggest idol in my life. I decided to go to Stanford after I learned about her deeds. And at Stanford, I learned more about your mother's deeds and admiration for her.

Charlie couldn't help but be a little surprised when he couldn't describe it in words. He didn't expect that Melba also knew well about his mother.

This also made Charlie feel ashamed and embarrassed in his heart.

"I don't know much about my mother, and I'm not even as good as an outsider. This is true because I didn't do enough. Otherwise, I should have figured out a way to understand my mother."

At this time, Pollard looked at Melba, serious and serious Said:

"Melba, I have promised Charlie. After he rescues you, you will be the person in charge of Charlie's ocean shipping business. As a consultant, I am obligated to provide you with everything I can provide. For the help of you, so you return home safely this time. Don't run around again. Stay steadfast and

work hard in Aurous Hill. We, father and daughter, work together to help Charlie do this business anyway.”

Melba nodded and said without hesitation: “Dad, don’t worry about that. I have already agreed to Mr. Wade,”

With that said, she hurriedly said again: “I am actually the most worried about my ability. What I experienced in Syria this time made me realize that I do have great shortcomings in all aspects, especially when it comes to seeing people. I was a little too optimistic, so I am worried that I would not be competent.

Charlie said at this time: “Ms. Watt, don’t worry about this matter. We are doing serious business. We rely on financial resources, planning, resources, channels and contacts, rather than fraud. So you just need to run the company and keep the business smooth. Sort out the resources clearly and understand the connection of resources. The rest is a matter of course.”

After that, he said: “Look, whether it’s Microsoft’s Bill Gates, Google’s Larry Page, or Tesla’s Elon Musk, they are all backgrounds in computer technology, which are commonly known as code farmers. They may not be able to look at people or deceive, but what they really understand is the technology, the market, and how to use their technology. To make products that best meet the needs of the market, so as long as they can do what they do best, they can succeed, and so can you.”

“Mr. Wade, since you have said so, then I will do my best Go and do my best to not let you down.

Melba, when she heard this, her originally nervous and bottomless heart really relaxed a lot.

However, she was relieved in her heart, but her body could not be relieved.

Because she was sitting on the sofa, she felt that her upper body was tightened by improper underwear, and she was even a little breathless.

Pollard saw the unnaturalness of his daughter, and couldn’t help asking: “Melba, what’s wrong with you, are you uncomfortable”

## **Chapter 2745**

Melba adjusted her sitting posture and said embarrassingly: “They locked us in the cellar and really wanted to kill us at first, but fortunately, Mr. Wade rescued us in time, otherwise, we would be executed one by one.

Because she was sitting on the sofa, she felt that her upper body was tightened by improper underwear, and she was even a little breathless.

Pollard saw the unnaturalness of his daughter, and couldn't help asking: "Melba, what's wrong with you, are you uncomfortable"

## Chapter 2746

However, because of Charlie's sharp hearing, that voice was like an elastic band breaking in front of his eyes.

Therefore, he almost immediately realized that there was a problem with Melba's upper body and her wear.

He was also wondering in his heart: "What the hell is the quality of the clothes he bought is too low?"

But it shouldn't. Even if the quality is not good, at most it is detached from the thread. There is no reason to break.

"

A possibility suddenly appeared in Charlie's mind, and he was shocked.

He looked at Melba subconsciously and suddenly found that the curve of her upper body wrapped in the dress seemed to bulge a little in an instant.

"Could it be because of him that he bought a size too small for her?"

Charlie suddenly became aware of the key issues.

He bought this dress, this is the high-end custom models, so very significant figure.

In other words, wearing this suit, the strengths and weaknesses of the figure will be very obvious.

Looking at the way Melba wore this dress before, he could see that there was really no capital in her figure, and he didn't dare to say that it was an airport, and it was no better than an airport.

But looking at it now, it is obviously hilly,

which means that Melba's figure was actually not very predictable, and it was just hidden before.

Combine with the muffled noise just now

.

Charlie immediately wanted to understand what happened, and he was also embarrassed.

He kindly bought other people's internal and external clothes. He wanted to make things easier for her, but now it has

not only caused a lot of trouble but also caused such a big embarrassment.

Next, they have to go to the restaurant to eat. He can't just let Melba go like this.

Thinking of this, Charlie sighed and thought to himself: "Hey, I did something wrong, but I should find a way to make up for it by myself.

So, he didn't show it on his face. "My car is parked below. Let's go to the hotel first. I have a personal business. It may be delayed for about ten minutes. I also trouble Uncle and Melba to wait for me in the hotel for a while."

Pollard smiled and said: "It doesn't matter, you can just go busy yourself, if you have anything. I just don't have class in the afternoon, so I don't worry.

Melba on the side, because she was ashamed to the extreme at this time, and was full of thoughts about what to do next, so she didn't hear what Charlie was talking about.

She now wants to find a reason to withdraw first, and then hurriedly buy a fitting underwear to change it.

But she changed her mind: "I can't say anything to go by myself. After all, I have such an embarrassing situation on my body. If someone sees it when I take a taxi or buy something, wouldn't it be shameful, I'll talk to Charlie first. Let's go to dinner with dad. After the meal, go home with dad. When I get home, I will patch up the broken piece with needle and thread, and then come out to buy a new one.

Thinking of this, she walks behind them with fear and eyes at the same time. She couldn't help it. She looked left and right, for fear of being discovered by others at this time.

Fortunately, the professors and faculty members of the school went to eat at noon, so they didn't meet other people along the way. Melba finally breathed a sigh of relief in the back seat of the car.

Charlie was worried about making up for his mistake, so he drove while paying attention to the nearby shopping malls to see if there was a suitable place, so that Melba could have a new set.

When he was about to reach Classical Mansion, he finally saw a comprehensive shopping mall next to it. On several huge billboards at the entrance of the mall, there was a brand of women's underwear, seeing which he was relieved.

At this moment, Melba also saw this billboard, and she couldn't help crying silently: "If I could think of it like the super-powered person in the movie, and teleported to this store all of a sudden, buy a fitting one, put it on and then teleport back."

## **Chapter 2747**

As soon as the call was made, Orvel's voice came over: "Master! What are your instructions?"

Charlie said: "That's right, I want to invite a friend to dinner, so I want to ask you about noon in Classical Mansion. Is there a box?"

Orvel said without hesitation: "Master, you can come directly to Classical Mansion. The Diamond Box has long been no longer waiting for guests. It has been reserved for you. You can go and sit at any time!"

Charlie said in surprise: "Don't do that, your diamond box is so popular if you don't treat guests from outside, the loss is not small!"

Orvel smiled and said seriously: "Master, Orvel's life is all that you gave, what about a diamond box? As long as you need it, it doesn't matter if the entire Classical Mansion will not be open to guests!"

Charlie knew that Orvel was loyal to him and he was very eager to repay his kindness. Unexpectedly, this old man is so caring. He hasn't been to Classical Mansion for so long. He has been silently keeping the diamond box for him, and more importantly, before this, Orvel hadn't said a word. Having said that, this

proves that he has not thought of using this kind of thing to cater to him, to appeal to him, but really out of consideration for him.

Thinking of this, he couldn't help taking another high look at Orvel.

Regardless of how Orvel has not studied much, he has an average level of education, but he is loyal and good at handling affairs.

So, he smiled and said to Orvel: "Keeping the diamond box is enough. Classical Mansion should treat the guests normally, otherwise, it will be full of waiters in the future, and it will seem to lose popularity."

Orvel said hurriedly: "Okay. Master, I understand!"

Charlie hummed, and then asked: "What are you up to these days?"

Orvel respectfully replied: "Recently, I have been busy with the expansion of the kennel. You asked to expand underground, so that it will be convenient for you to arrange and dispatch in the future."

"Okay." Charlie said with satisfaction: "In this way, you should also come to Classical Mansion now, and I will introduce my two friends to you at noon. In the future, you will need to take care of them in Aurous Hill."

Orvel did not hesitate. He said: "Okay Master, then I will call the people in Classical Mansion, arrange the banquet first, and then rush over immediately!"

"Okay." After hanging up the phone, Charlie said to Pollard and Melba: "My friend has arranged it, let's go now."

Pollard heard Charlie mentioning the word "Classical Mansion" on the phone, and couldn't help but ask: "Charlie, this Classical Mansion seems to be Aurous Hill's top food court run by someone named Orvel."

"Yes." Charlie nodded and smiled: "It's Orvel. When you and Melba meet him just call him with that name."

Pollard reminded with some worry: "Charlie, I heard that Orvel is the head of the underground world. You should be careful when you come into contact with him!"

Charlie smiled slightly and said earnestly: "Uncle, Orvel has now corrected the evil, and he will not do things he did in past. He used to bully others and bully the business world people. Not anymore."

"And under his influence, the entire Aurous Hill underground world. , They have all begun to do serious business. Now they are all starting to operate regular nightclubs, selling authentic drinks, opening security companies, building materials companies, and even construction companies. Some time ago, they also standardized the building materials industry in the city and eliminated all those building mafia and sand mafia. This has played a lot of positive effects on the people's living and working in Aurous Hill, so you don't have to worry too much.

Pollard nodded thoughtfully, and said: "Listening to you, it seems that this is indeed the case. Aurous Hill really rarely sees fierce struggles happening recently..."

## **Chapter 2748**

Charlie knew that Pollard was a professor, and such senior intellectuals tended to have high self-esteem, so they must wear certain colored glasses when they look at people like Orvel.

Fortunately, Pollard didn't entangle too much. After listening to Charlie's introduction, he let go of his inner entanglement.

Charlie stood up and said to the father and daughter: "Uncle, Melba, let's go."

Pollard nodded and stood up. Melba on the side had been strangled long ago and couldn't wait. Want to stand up.

Mainly sitting on the sofa, the feeling of being strangled is too uncomfortable.

In fact, she wanted to stand up a long time ago, but Dad and Charlie were both sitting, and she didn't want to be stuck there like a fool, so she could only clench her teeth and insisted on not moving much.

But she never dreamed that at the moment when she stood up, because the upward support force of her hands was a little too strong, she suddenly felt that the hook of the upper body underwear behind her was instantly bounced off!

The tight elastic band suddenly bounced back, causing Melba to scream in shock!

"Oh!"

Pollard hurriedly asked with concern: "Melba, what's the matter with you?"

Melba's heart to die is now all over.

How could she be ashamed to say that the hook of her personal clothing was actually stretched by itself?

Such words are really hard to tell.

Therefore, she can only bite the bullet and say: "Dad, I'm fine, but I got up a bit too hard just now, so my head is a little dizzy."

Pollard hurriedly supported her and asked with concern: "How? Do you think it doesn't matter? If the problem is more serious, Dad will take you to the hospital!"

Melba quickly waved her hand and said, "No, no, no! It's all right now!"

As she said, she hurriedly put down her raised hand again, because the hook was broken, as long as she raised her arm, the underwear was a little misaligned. If the movement was a little bit larger, the underwear would be completely dislocated and unable to go back. Yes, that would be too embarrassing!

Pollard breathed a sigh of relief, and said: "I guess you still haven't had a good rest. Take a good rest these two days, and make up for your energy."

Melba can only follow his words and nod and say: "Okay dad, I will."

After speaking, she quickly looked at Charlie again, and she was a little relieved when she saw that Charlie was showing nothing unusual.

“It seems that in the embarrassment just now, neither father nor Charlie knows the truth of the matter...Otherwise, she really has nowhere to hide her embarrassment...”

Thinking of this, she was a little angry.

Looking at Charlie thought to herself: “Is this young lady’s figure so unexpected to you? How could you buy me the smallest... The size deviation is so much, it is too much of torture!”

Although Charlie looks as stable as an old dog, his heart is already completely messed up!

How keen are his senses!

Just now, when from Melba he heard an unremarkable muffled noise, he immediately felt that something was not right.

That sound was like the sound of a tight elastic band suddenly breaking.

However, since the sound came from her clothes, when it came out, there was basically no volume that could be noticed.

However, precisely because of Charlie’s sharp hearing, that voice was like an elastic band breaking in front of his eyes.

Therefore, he almost immediately realized that there was a problem with Melba’s upper body inn3rwear.

He was also wondering: “What the hell is going on? Is it because the quality of the clothes I bought is too low?”

## **Chapter 2749**

“But it shouldn’t be! Even if the quality is not good, at most it is the thread and the wire. There is no reason to break, right?”

“Could it be...”

Charlie suddenly realized a possibility in his mind. He was taken aback!

He subconsciously looked at Melba, and suddenly found that the curve of her upper body wrapped in the dress seemed to bulge a little more in an instant.

“Is it because the size he bought is too small?!”

He suddenly realized the key to the problem!

The dress he bought was originally a high-end customized dress, so it showed a good figure.

In other words, wearing this suit, the strengths and weaknesses of the figure will be very obvious.

Looking at the way Melba wore this dress before, he could see that there was really no capital in her figure, and he didn’t dare to say that it was an airport, and it was no better than an airport.

But looking at it now, it’s obviously hills!

This also means that Melba's figure is actually very predictable, it was only hidden before.

Combined with the muffled noise just now...

Charlie immediately wanted to understand what had happened.

At this moment, he was also very embarrassed.

He kindly bought other people's internal and external clothes. He wanted to be convenient for others, but what about now?

Not only did it cause a lot of trouble to others, it even caused such a big embarrassment.

Next, they have to go to the restaurant to eat, he can't let Melba go like this, right?

Thinking of this, Charlie sighed inwardly, and thought to himself: "Hey! If you did something wrong, you should think of a way to make up for it yourself!"

So he spoke calmly and said: "My car is parked below. Let's go to the hotel first. I have something personal. It may take about ten minutes. I also trouble Uncle and Melba to wait for me in the hotel for a while."

Pollard smiled and said, "It doesn't matter, you can just go get busy if you have anything. I just don't have any class in the afternoon, so I'm not in a hurry."

Melba on the side was ashamed to the extreme at this time, and she was full of thoughts about what to do next. She didn't hear what Charlie was talking about.

She wanted to find a reason to withdraw first, and then hurriedly buy a fitting underwear to change it.

But she changed her mind: "I can't say anything to go by myself now... After all, I have such an embarrassing situation. Wouldn't it be embarrassing to be seen by someone when I am taking a taxi or buying something? Hey...I'll go to dinner with Charlie and Dad first, and go home directly with Dad after the meal. After I get home, I will use needles and thread to patch up the broken one, and then come out to buy a new one!"

Thinking of this, she walked behind them in fear, and her eyes were uncontrollable. She looked left and right, for fear of being discovered by others at this time.

Fortunately, the professors and faculty members of the school went to eat at noon, so no one else was encountered along the way.

Melba finally breathed a sigh of relief until she sat in the back seat of the Rolls-Royce.

Charlie was thinking about making up for his mistake, so he drove while paying attention to the nearby shopping mall to see if there was a suitable place, and later bought a new set for Melba.

When he was approaching the restaurant, he finally saw a comprehensive shopping mall. On several huge billboards at the entrance of the mall, there was a brand of women's underwear, seeing which he was relieved.

At this moment, Melba also saw the billboard, and she couldn't help crying silently: "Hey...If I were a super-powered person like in the movies, I'd teleport to this store all at once and buy one. Put it on and teleport back..."

## **Chapter 2750**

When Charlie parked the car at the gate of Classic Mansion, Orvel had already arrived.

As soon as Charlie came, he hurried over with the manager of the Mansion and said respectfully: "Master, the diamond box has been arranged for you."

Charlie nodded, pointing at Pollard beside him, and Melba, who just got off the car, said, "Orvel, let me introduce you. This is Professor Pollard Watt from Aurous Hill University of Finance and Economics. The lady behind is Professor Watt's daughter, Miss Melba Watt."

Orvel hurried forward. Said politely: "Professor Watt and Miss Watt, I am Orvel, glad to meet the two!"

Pollard and Melba also politely nodded to Orvel.

Charlie said at this time: "Mr. Orvel, if Professor Watt and Miss Watt need help in Aurous Hill in the future, I must bother you more."

Orvel said without delaying a word, "Master, don't worry. With these words from you, as long as Professor Watt and Miss Watt speak, Orvel will definitely go all out!"

Charlie nodded and said to him: "You first take Professor Watt and Miss Watt in, and arrange the food and drinks first, I have something to do and I am going out, I will be back in 10 minutes."

After that, he said to Professor Watt: "Uncle, you go in with Melba, and I will come in a while."

"Okay." Pollard Nodded, and said: "Then let's go in and wait for you, don't worry on the road."

"Okay!"

Charlie handed the father and daughter to Orvel, and hurriedly returned to the car, started the car, turned around, and went to pass by that mall.

With the experience of buying underwear in the morning, Charlie relaxed a lot this time. As soon as he entered the store, he asked the salesperson directly. Because the set in the morning was black, he bought a black upper body garment alone this time.

As for the size, given that the body had been broken by Melba in the morning, he simply added two sizes and changed from a to c.

After buying the underwear, he rushed back non-stop and parked the car again in front of Classic Mansion. When he was about to get off the car, he suddenly realized that he could not go directly to the box with the bag, otherwise, he would be seen by Pollard. When he arrives, he may still think that he is a hooligan.

So he took the underwear out of the bag, then folded it up and stuffed it into his pocket.

Although the pockets are bulging, but fortunately no one would think that it contained a piece of female underwear.

At this time, Pollard and Melba were sitting and chatting in the diamond box.

Pollard wanted to know the details of the kidnapping of his daughter in Syria, so he asked a lot of questions.

Melba replied absently, but all her thoughts were about underwear.

It was the first time that she encountered such a dilemma. The disconnected underwear was hanging crookedly inside the clothes. It felt so uncomfortable and awkward.

At this moment, Charlie opened the door and walked in.

Seeing Charlie, Melba felt even more irritable.

It's not that she hates Charlie, it's mainly because Charlie bought her this set of underwear, which really pitted her.

"The one underneath is extremely explicit, and you can endure it by gritting your teeth, but the one on the top...hey...really going to kill the popularity!"

Charlie also saw that Melba's expression was weird and guessed that she must be sure now It was very uncomfortable. Maybe she kept complaining about him, so he thought about finding a suitable opportunity to give her this new one from his pocket.

However, this kind of thing must not be done in front of Pollard, otherwise, it might be how the old professor will misunderstand him.
