

# Chapter 2750– 2751 of A Dish Best Served Cold Novel

## Chapter 2650

That memory is what Yu Yun thinks is the best part of her life, largely because of the food that fills every day.

“Don’t guess, my ancestor was not a cook.”

“My craftsmanship is all learned from my mother.”

“When I was young, my family was hard. My mother not only had to go to work in the field, but also to make money in the town next door to make money.”

“Because the place of work is too far from home, my mother can’t go home and cook me lunch.”

“So, from a very young age, my mother taught me to cook for myself.”

“In the beginning, I could only scrambled eggs with tomatoes, and then my mother taught me to make egg fried rice and make hot and sour potato shreds...”

“Slowly, I learned to cook a lot of dishes, not only for myself, but also for my mother.”

“If you do more, the craft will naturally get better and better.”

“However, compared to my mother, I am still far behind.”

“If you have a chance in the future, I will go to Fenghai and let you taste my mother’s craftsmanship.”

“I promise, that kind of taste will be remembered for life.”

When Mark said these words, there was always a gentle and warm smile on the corner of his mouth.

It seems to be telling a very warm memory.

In front of him, the light flickered. The sparking sparks are like fireflies. If it is night at this time, the scene in front of you will be beautiful.

“Where is your father?”

“Why didn’t he help your mother share the pressure of life?”

At the end of hearing, Yu Yun suddenly asked.

However, Yu Yun clearly saw that at the moment when her words fell, the originally amiable and smiling young man’s expression suddenly became cold.

The warmth and smile just now disappeared in an instant.

In the eyebrows, there was even a bit of chill, which flashed in an instant.

After a long silence, Mark’s cold voice just sounded: “I don’t have a father, I only have a mother.”

“My father, already died that night eleven years ago.”

Huh~

The cold wind blew, rolling up the fallen leaves all over the sky.

But Yu Yun was stunned.

She looked at Mark, and an inexplicable emotion suddenly rose in her heart.

It seems, pity and sympathy.

She could see that there are many sufferings and stories behind him, this stupid guy in ordinary days.

Yu Yun stopped questioning any more, and the air here suddenly became quiet.

Neither of them spoke, and the air was quiet and the sound of each other’s breathing could almost be heard.

In the end, the aftermath broke the peace.

“Mark, shall I take you to join Truman?”

“With Truman as your support, you, your mother, and all your close relatives will have a strong dependence.”

“With the protection of Truman, no one dares to deceive you.”

Yu Yun softly persuaded, and once again invited Mark to join Truman.

However, what Yu Yun didn't expect was that before he finished speaking, Mark suddenly got up and shouted sharply: "Enough!"

"Don't tell me any more bullshit."

"I, Mark, really have nothing to rely on in this world. Even if the corpse is in the wilderness, I will never enter the Chu Sect."

"What I said, I don't want to say it a second time!"

Mark's low anger was echoing outside this cave.

Yu Yun was stunned, looking at Mark with trembling brows, and a bit of grievances appeared on her stunningly pretty face.

"If you don't go, don't go, why are you violent at me?" Yu Yun was also a little angry, her beautiful eyes filled with anger.

## Chapter 2651

Yu Yun felt wronged in her heart.

Why did she let Mark enter the Chu Sect?

Not for his future, but for him to have a better development in the martial arts in the future.

You know, Chu Men is the strongest martial arts force in the world.

And it's the kind of single block.

Back then, Truman used a single force to beat the global martial arts.

The strength of Chumen is not that it has the most titled masters, it also has a complete talent training mechanism, a powerful secret technique, and the best martial arts teacher in the martial arts world.

It is precisely by relying on the strong background accumulated over the past hundred years that Chumen will stand on the top of the global martial arts for a long time.

If Mark enters Truman, he will not only get the best training, but also avoid some detours. With his talent, he will surely become a world-renowned giant in the future.

Of course, in addition to these, Yu Yun actually has a little selfishness.

That is, if Mark joined Truman, he would be able to accompany him for a long time.

Yu Yun only thinks that her suggestion is absolutely profitable and harmless.

However, what Yu Yun never expected was that Mark, a bastard, didn't appreciate it. He was fierce and tantrums himself.

Yu Yun has been in a high position for a long time, graceful and luxurious. For so many years, has she ever been reprimanded by a single person?

Now, the bastard Mark dared to attack her.

It's strange that Yu Yun is not angry.

This is also Mark, if someone else dared to be so disrespectful to her, Yu Yun was afraid that he would have killed him with a single sword.

It seems that he was also aware of his gaffe, and Mark, who calmed down, apologized to Yu Yun: "I'm sorry, Yu Yun, I'm gaffe."

"But I'm not targeting you, I'm targeting Truman."

"Trumen?" Yu Yun was startled when she heard the words, "Could it be that there is any enmity between you and Truman?"

Mark shook his head: "To be precise, it is not the Chu Clan who has an enemy, but the Chu Clan."

"But, after all, it's just a bunch of raccoon dogs."

"The interests of the Chu family, to a certain extent, are not the interests of Chumen?"

"The three Chumen families offended one family, and they also offended the three families."

"So Yu Yun, you won't mention the matter of entering Chu Sect again in the future."

"I know, you are doing me good."

"But, even if I promised you to enter the Chu Sect, the Chu family definitely couldn't tolerate me."

Mark spoke slowly, his tone was calm and long, as if he was talking about sparse and ordinary things.

However, after hearing these lingering rhymes, it is impossible to keep calm at all.

She even had a bit of confusion and doubts.

“You mean, before you and the Chu family, there was an enmity?” Yu Yun looked at Mark and asked again and again, “But if you have an enmity with the Chu family, how can the old prince of the Chu family treat you like that? Take care?”

“You don’t have to ask, these things have nothing to do with you.” Mark suddenly got up, turned his head, and didn’t want to talk about it anymore.

But how could Yu Yun give up, and immediately replied: “How can it have nothing to do with me.”

“Mark, you must tell me clearly what kind of grievances you had with the Chu family.”

“Perhaps, I can mediate from it.”

“Do you mediate? What mediation do you use? The Chu family claims to be the first of the three families of Chu Sect. They have a higher eye than the top and no one looks at them. Even if you are the master of the list, they will not take it seriously.”

“You can’t manage this matter, and there is no need to manage it.”

Mark’s tone was blunt, leaving no room for discussion at all.
