

# Chapter 2760– 2761 of A Dish Best Served Cold Novel

## Chapter 2760

“Can you tell me the details?”

Helen Qiu asked several questions in succession, and the words were full of worries and anxieties.

But Lu Hua was not in a hurry. On the contrary, he took a sip of the red wine and smiled and said, “Miss Qiu, about Mark, I made it clear yesterday. I have nothing to say to you. .”

“What’s more, what can you do if you know these details?”

“In terms of hot summer, Mark’s fall has already been recognized.”

“No matter how much you know, you can’t change any results at all.”

“What you have to do now is to accept it silently and start a new life.”

“You can’t stay yesterday, people still have to look forward, don’t they?”

Lu Hua said with a smile, and the faint words rang, making people feel like spring breeze.

“but...”

Helen Qiu wanted to say something, but was quickly interrupted by Lu Hua.

“It’s nothing.”

“Helen Qiu, I saved you during the day. You thank me for this meal.”

“So, tonight, we will only talk about Fengyue and not about official business.”

While talking, Lu Hua filled Helen Qiu with wine.

Moreover, at this time, Lv Hua didn’t even call Miss Qiu, and directly called her by name.

That kind tone made Helen Qiu frown.

“Helen Qiu, before Brother Mark is dying, entrust you to me, I will naturally take this responsibility.”

“So for the rest of my life, let me take care of you, okay?”

“I will use all my care and care to heal the scars in your heart.”

Lu Hua raised his head, with affection in his eyebrows.

The slow words are also extremely magnetic and contain endless emotions.

Helen Qiu was stunned at the time, her beautiful eyes were filled with a bit of astonishment.

Although she had already seen the distractions of Lu Hua’s mind, he never expected that Lu Hua would now speak out without concealing it.

“Helen Qiu, do you know that before, I never believed that love at first sight really exists in the world.”

“However, until I met you, I didn’t really realize what love at first sight is.”

“I know, this incident may be a bit sudden to you.”

“But, I have patience, I can wait until you accept me completely, and our feelings can also be cultivated.”

“Well, tonight, I will move into the Yundingshan Villa and live with you. At home, I will take care of your food, clothing, and daily life, and help you deal with those who have bad intentions outside, help you stabilize Noirfork, and take charge of Noirfork’s overall situation with you.”

“Trust me, it won’t be long before you will accept me completely.”

“If Mark can give it to you, I can give it to Lu Hua.”

“He can’t give it to you, I can still give it to you!”

Lu Hua kept talking, the expression and affection with Helen Qiu were all in the words.

In the end, Lu Hua even went to hold Helen Qiu’s palm.

At that time, Helen Qiu left the meeting directly, got up and left.

“Mr. Lu, please respect yourself!”

“I, Helen Qiu, love only one person in this life, and I am only the wife of one person, that’s Mark.”

“No one can replace him in my heart.”

“So, persuade Mr. Lu, let this heart be dead.”

“The self-directed and self-acted hero’s clumsy way to save the United States like the morning, don’t use it anymore.”

“once having seen the best, the rest is not worthwhile looking.”

“In my life, Helen Qiu, my heart belongs to that young man. Even if he is gone, I will never fall in love with another person.”

“Just because, in this world, no one can compare to it!”

## Chapter 2761

The words were low and firm, like a stone falling to the ground, with a sound.

After speaking, Helen Qiu didn’t even look at Lu Hua, and turned to leave.

“Miss Qiu, have you heard of Jiangbei Lu’s family?”

However, before Helen Qiu took a few steps, Lu Hua’s faint laughter came from behind him.

Helen Qiu ignored it, still walking outside.

“If Miss Qiu doesn’t want Mark’s foundation to be destroyed in your hands, I advise you to listen to me and finish.”

Lu Hua held the wine glass, and his calm voice continued to ring.

Hearing this, Helen Qiu’s departure finally stopped.

When Lu Hua saw this, the smile at the corner of his mouth was undoubtedly more intense.

“It seems that Miss Qiu is also a smart person and can see the current situation.”

“If this is the case, then Lu Hua will not go in circles with Miss Qiu.”

“Before I came, I heard that the Mufan Group was all over Noifork. Half of the entire Noifork’s wealth went into the hands of your group.”

“Besides, the other powerful and powerful forces are all obedient to Mufan Group. For you, the president of the Noirfork Chamber of Commerce, you dare not disobey half of the points.”

“It can be said that Miss Qiu is now the most powerful woman in Noirfork.”

“Once, you were below one person and above tens of thousands.”

“Now that Mark is dead, Miss Qiu is undoubtedly the Lord of Noirfork in name!”

“However, my Lu can’t help asking, Miss Qiu, do you think you can hold this Noirfork with a weak woman? Can you hold the dignitaries?”

Lu Hua drank a glass of red wine lightly, and the words were low and calm, but it fell into Helen Qiu’s heart with a special weight.

However, Helen Qiu didn’t want to say more to him, she just replied coldly: “If you live in town or not, I’m afraid it has nothing to do with you.”

“This is my Mufan Group’s business, and it is also my Noirfork’s internal business. Don’t bother Mr. Lu bother.”

Lu Hua chuckled, shook his head and said, “Miss Qiu said this and she was out of touch.”

“I said, I promised Brother Mark to take care of you and the Mufan Group. Therefore, I naturally want to plan ahead and consider the complete strategy of stabilizing Noirfork and preserving the foundation for Miss Qiu.”

Hearing this, Helen Qiu was obviously interested.

As Lu Hua said, the Mufan Group has experienced rapid development this year.

The benefits cover the whole province, and the industry swept 18 cities.

It can be said that all walks of life in Noirfork are part of the huge business empire of the Mufan Group.

Helen Qiu was no more than a weak woman, and the experience of a small city-level company like QMove Logistics might be more than enough. But a behemoth like the Mufan Group can’t be controlled by himself.

But Mark can!

As long as Mark is alive, it is an invisible deterrent to all forces.

Therefore, Helen Qiu didn’t have to consider these issues before.

But now, Mark doesn't know his life or death. Once this matter is revealed, Noirfork will definitely change his mind.

Most likely, the chaos and tragedy caused by Lu Mingfeng and Xu Shaohua in Noirfork will be repeated last time.

"Do you really have a way?" Helen Qiu asked Lu Hua.

Lu Hua nodded: "That's natural."

"Let's analyze the crisis Noirfork is facing today. In fact, the main reason is that Miss Qiu herself is not powerful enough to convince the people below."

"It is not difficult to solve this problem. You only need to form an alliance with people or forces with weight and foundation."
