

Chapter 2762– 2763 of A Dish Best Served Cold Novel

Chapter 2762

“And Jiangbei Lu’s family, my family, is the best choice for Miss Qiu to form an alliance.”

“My Lu family is all about the north of the Yangtze River.”

“With a strong background, it is a family of martial arts that has been passed down in Vietnam for a long time.”

“My grandfather Lu Songliang is even ranked among the great masters of Vietnam.”

“With my Lu family as the backer, I dare to ask Noirfork, who else would refuse to accept you, and who would dare refuse to accept you?”

Lu Hua spoke boldly, with full confidence in his proud laugh.

“So, what’s the price of the alliance?”

“Mr. Lu wants to form an alliance with me, should he be conspiring?”

Helen Qiu looked back at Lu Hua, her cold words quietly rang.

I have to say that Helen Qiu is indeed tempted.

If the Lu family can really help, then the worries in her heart can undoubtedly be solved.

After all, Noirfork may still be peaceful now.

But once the news of Mark’s accident leaks out, the business empire of the Mufan Group is bound to be overthrown.

But if it were, as Lu Hua said, forming an alliance with the Lu family, with the help of the Lu family, she would still be able to stabilize the situation in Noirfork.

The question now is how much Lu Hua has offered.

“Plotting?”

Lu Hua shook his head and chuckled softly, “I have nothing to plan.”

“As long as I can make Miss Qiu happy, I am willing to do anything.”

“My only hope is that Miss Qiu can marry me and be my Lv Hua’s woman and give birth to me.”

“My father is the head of the Lu family. After a hundred years of him, my Lu family’s property in Jiangbei will also be controlled by me.”

“At that time, the endless power and wealth of these two rivers will all fall into the hands of my husband and wife.”

“I am the king, you are the queen.”

“I will take you to the world.”

“how is it?”

Lu Hua spoke proudly, looking at Helen Qiu with coveting and coveting.

I have to say that Lu Hua’s plan is extremely shrewd.

Now that Mark has fallen, the actual controller of the Mufan Group is Helen Qiu.

Therefore, their Lu family wanted Mark’s property, and there was no need to target the Mufan Group, as long as they could set up Helen Qiu.

Imagine that once Helen Qiu really agreed to Lu Hua, she would marry him and become the daughter-in-law of the Lu family.

The Mu Fan Group she was in charge of, naturally, it was also incorporated into the Lu family.

What is a soldier who can’t fight without fighting?

This is it!

Not only could he easily occupy Mark’s hard work, but he could also get a beautiful alluring beauty.

Lu Hua, why not do it?

“shut up!”

“I’ve said that in this life, Helen Qiu is only Mark’s wife. Until I die, I’m also Ye Family’s daughter-in-law.”

“If you want to use me to occupy the foundation of my husband Mark, don’t think about it!”

At the end of hearing, Helen Qiu immediately became angry, turned her head and left, never saying a word with this Lu Huaduo again.

Although she is young, she has been in the society for so many years after all.

How can Helen Qiu fail to see the colorful intestines of Lu Hua?

Didn't he just want to empty the glove white wolf, want to take Mufan Group as his own, and then take control of Noirfork?

Originally, Helen Qiu thought that the Lu family just wanted some property.

As long as Noirfork can be stabilized, Helen Qiu doesn't mind giving the Lu family a couple of billions or tens of billions of alliance fees each year.

But Helen Qiu never expected that the Lu family coveted the whole Noirfork!

Chapter 2763

This undoubtedly has seriously touched Helen Qiu's principles and bottom line.

Now that the Mufan Group can have such wealth and power in Noirfork, it is all Mark's life.

Mark trusted her before letting her take charge of the Mufan Group.

Now, Mark doesn't know her life or death. If Helen Qiu remarries at this time and hand over the inheritance of Mark's hard work to the Lu family, then who is she?

Isn't it an ungrateful white-eyed wolf? See the snob of the rudder?

Helen Qiu couldn't do such unkind things.

Moreover, even if one day she does leave, she will not take away the Mufan Group.

Because this is Mark's industry, it belongs to the Ye Family's foundation.

Except for the descendants of the Ye family, she would never give it to anyone of the opposite sex.

However, in the face of Helen Qiu's toughness and anger leaving, Lu Hua didn't panic, and still looked calm and in a win-win situation.

"Mr. Qiu, go back and think about it."

"Tomorrow, I will visit again."

“Trust me, you will agree.”

“Because you have no choice but to cling to me and to my Lu family!”

“A weak woman who has no power to bind a chicken can’t hold up this huge “empire” without a man to rely on.”

“Haha~”

Behind him, Lu Hua’s triumphant laughter echoed for a long time.

Helen Qiu clenched her palms tightly, her teeth bit her red lips, and left without looking back.

After returning to the Yunding Mountain Villa, Helen Qiu immediately called Ericson Li.

“Mr. Qiu, I happen to have something to report to you.”

“Just the few people who wanted to kidnap you this morning, I found out.”

“They were instigated and bought by others.”

“And that person is Lu Hua who saved you in the morning.”

“So Mr. Qiu, this is exactly a good play that Lu Hua directed and acted in. It is probably to help you feel good in front of you.”

“This person is simply heartbroken!”

“Mr. Chu is not here now, but you must be more vigilant and don’t be fooled by the adulterer.”

“Moreover, I don’t think Mr. Chu will fall so easily. I believe Mr. Chu will definitely come back.”

“Mr. Qiu, you must not be discouraged, you must wait for Mr. Chu.”

In the villa, Ericson Li repeatedly persuaded Helen Qiu, his words were eager and filled with deep concern.

As the saying goes, the husband and wife are birds of the same forest, and the catastrophe is imminent.

Ericson Li had to worry, Helen Qiu changed her heart to Mark again.

You know, Helen Qiu is in control of the Mufan Group.

If she really betrayed Mark, then the entire Mu Fan Group would fall into the hands of others.

Although this is Mark's family affair, it stands to reason that Ericson Li should not be in charge.

However, Mark is kind to Ericson Li after all, and he must not just watch Mr. Chu's half-life foundation, ruined in the hands of a woman.

Before everything was too late, Ericson Li just reminded Helen Qiu first.

If in the future, the wife of Mark's hair-tying wife really does anything out of the ordinary or betrays Mr. Chu, then Ericson Li will certainly not be soft.

He will surely unite Wang Jiexi, Lei Lao San, and even Qinglong, to force Helen Qiu to dismiss all positions in the group with the force of thunder.

After all, the reason why Ericson Li and others treat Helen Qiu respectfully is entirely because she is Mark's wife.

But if she betrayed Mark, Ericson Li and others naturally didn't need to respect her.

Of course, these are all things to do.

Before Helen Qiu showed that he was going to betray Mark, Ericson Li would still assist her as before.

"Sure enough, he directed and acted by himself?"
