

Chapter 2794– 2795 of A Dish Best Served Cold Novel

Chapter 2794

The anger is that the Yintian King Fentian is causing trouble everywhere. The mess before him hasn't been cleaned up yet, and now there is another one.

What is afraid of is the strength of the woman just now.

As long as she is willing, she even has the ability to slaughter them Indian martial arts.

“I do not know either.”

“I thought he was just a bastard~”

“If I knew that Mark was a hornet's nest, I won't provoke him if I kill him~”

Fen Tian was also flustered, and the fear and regret in his heart were no less than anyone else.

But when the martial arts of India was in shock, it was just as long as it was set.

Hot summer, the land of the far west.

In the distance is the desert yellow sand, above the lonely smoke.

In the distant world, there is no life in sight, only the wild geese are crying

However, in the deepest part of this desert, there is an inaccessible oasis, like an emerald, inlaid on this remote and lonely Gobi desert.

Although this oasis is not big, it has all five internal organs.

There are mountains and rocks, vegetation, gentle grasses, worms and birds, lakes and gurgling streams.

It is not an exaggeration to say that there is such an oasis in this desert wilderness where there is no grass.

At this time, there was a man walking back and forth on the shore of the lake.

Anxiety and worry were in the eyebrows.

From time to time, I still look in the direction of the wooden house not far away.

And beside him, there was a quiet woman with a green skirt sitting against the blue stone.

In his arms, there is an antique long violin.

At this time, the woman was sitting by the lake, stroking Changqin.

The sound of the piano is mellow, and the melodious music is refreshing, attracting the birds to dance and moving the flowers and plants.

“Yueyao Medical Immortal, can you sit still and play the piano?”

“I’m so anxious to death, what’s the situation with Dragon Lord?”

“It’s been a few months, and there has been no movement.”

“You won’t die in it, will you?”

Perhaps this man couldn’t help it anymore, and finally said what he held in his heart for a long time.

This man is not someone else.

It was Gaia, the king of Persia who brought Mark back from the land of America to the hot summer!

Because Mark was seriously injured at that time, Gaia kept running without stopping and took Mark directly to the place to let Yueyao treat him.

The Dragon Temple is full of talents from all over the world, and naturally there is no shortage of people with superb medical skills.

This Yue Yao is this kind of person.

Even in the martial arts world, there is still the name of medical immortal.

However, the woman named Yue Yao turned a deaf ear to what he said, and was immersed in the sound of her piano, ignoring world affairs.

After the sound of the song ended, Yue Yao's gaze fell over, and she faintly replied: "Don't worry, Mark has a natural state of his own, and nothing will happen."

"But it's too long. It's been three months since I sent him back. No matter how serious the injury, I should wake up." Gaia said anxiously.

Yue Yao chuckled lightly, and the beautiful laughter resembled the echo of nature.

"If he were to wake up, he would have been awake long ago."

"I haven't come out all the time, I'm afraid it's an epiphany in the realm of cultivation."

"As the saying goes, stand after breaking."

"Great catastrophes are often accompanied by great opportunities."

"The longer he retreats, the greater this chance will be."

"You and I don't have to worry, just wait with peace of mind."

"It's not easy for people with Dragon God's body to think of something wrong."

Chapter 2795

Yue Yao is not only proficient in medical skills, but also has extensive knowledge.

Although Mark hadn't told her about the Dragon God Body, Yue Yao had already noticed that Mark had a Dragon God body when he was healed Mark.

The dragon body is the supreme technique of the external power line.

Not only can it enhance physical strength, but it also has the effect of protecting the body.

That's why Mark suffered heavy injuries one after another, but he still didn't die.

Its tenacious vitality is staggering!

"However, compared with this, I am more concerned about our Chu Longzhu and the Chumen main Tang Yun, what entanglement is there?"

"According to what you said, Tang Yun used the sword to assassinate the dragon lord, presumably he should want to put the dragon lord to death."

"But you later said that after the Chu Sect master stabbed the dragon master, he actually delivered medicine to the dragon master himself?"

“You said, does she want the dragon lord to die, or does she not want the dragon lord to die?”

Yue Yaoliu frowned slightly, but slowly said the confusion in her heart.

Gaia also shook his head: “Yes, I can’t figure out this matter.”

“It stands to reason that the dragon lord killed the elders of the Chumen. In the style of the Chumen, it must be an attempt to avenge the dragon lord’s nine clan.

“But who would have thought that the Chu Sect master would have come to deliver medicine again, as if he didn’t want to see our dragon master die.”

“You women’s hearts are really sea needles, unpredictable~”

Gaia sighed, and the words were full of confusion.

However, Yue Yao suddenly laughed softly.

The silver bell-like laughter, like the sound of a lark, is very pleasant.

“I feel that there is actually nothing unpredictable.”

“Then the Truman Sect Master killed the Dragon Lord out of responsibility and responsibility.”

“And her savior should be out of her affection for the dragon lord.”

“Huh, love?” Gaia was stunned at the time, his whole body trembled, his old eyes were huge and his face was full of disbelief.

“You mean, the Chu Sect master, did you like our dragon master?”

“Not impossible, how is this possible?”

“Who doesn’t know, that Tang Yun is such a ruthless character as an exterminator?”

“This kind of character, that one is hard-hearted.”

“How could it be emotional?”

“How can you fall in love with a man?”

“Impossible, this is impossible~”

Gaia shook his head again and again, not believing it at all, just thought it was ridiculous, shocking the world.

The world's number one powerhouse, the master of Trueman who is world-wide, fell in love with a young man.

Think about it and feel incredible.

But Yue Yao didn't lose his stance like Gaia, she turned around and said softly while looking at the direction of Mark's cultivation.

"Non-vegetation, ruthless Practice makes perfect?"

"Then no matter how powerful Tang Yun is, she is a woman after all."

"In this world, any woman must have a man who will fascinate her."

"The lady of the rich family is the princess of the royal palace, and she is Tang Yun, of course."

"It's just that, even if some people spend their entire lives waiting, they won't necessarily meet someone who makes her heart fascinating."

Yue Yao's low voice is like flowing water, where the heaven and the earth are flowing slowly.

There are inexplicable emotions in those soft words.

When Gaia heard this, he seemed to have heard something, and suddenly smirked, and looked at Yue Yao with a somewhat "wretched" look: "So, in the heart of Medical Immortal Yue Yao, there is also a living person, let Your beloved boy."
