

# Chapter 2802– 2803 of A Dish Best Served Cold Novel

## Chapter 2802

“Why, he never told me that behind him, there is still a strong and beautiful woman like you?”

Tang Yun’s face was cold, faintly shouting anger in her beautiful eyes.

However, perhaps even Tang Yun didn’t realize that these few words she said at this time were a bit jealous.

“Tell you?”

The woman in the green skirt in front of her sneered.

“What are you, why did the master tell you of my existence?”

“Master?” Tang Yun was shocked when he heard this.

After that, she seemed to have thought of something, and she was so angry that she stomped her entire popularity.

“This bastard, who is carrying me on his back and doing these ridiculous things, is still raising a maid?”

“Next time I see him, I will smash the prodigal son with a sword!”

Tang Yun was almost mad.

However, Tang Yun’s reaction made the woman in the green skirt suddenly puzzled.

She only felt that the eyes of the Chu Sect Master looked at her a bit strange, and his attitude towards Mark was also a bit strange.

However, Mark was already dead, and it was useless to entangle this now.

As a result, the eyes of the woman in the green skirt were cold once again, and the sword energy under her men had already gathered.

“Tang Yun, you and I have no complaints, but you shouldn’t kill him.”

“You all think that in this world, he has nothing to rely on, and there is no one behind him. Even if he is forced to die, no one will stand for him.”

“But I want to tell you that you are wrong, and everyone in this world is wrong.”

“Behind my master, there are thousands of people.”

“Because I am worth a million people!”

“India kills him, and I destroy India’s martial arts.”

“Trumen killed her, and I pacified Trumen.”

“Once, he protected me.”

“From now on, I will guard his heroic spirit after his death!”

The sonorous words, the words of ice and cold, can only make a sound when a stone falls to the ground.

But with her words, the woman in front of her, with all her might, is gathering in a frenzy.

The long sword in his hand was gradually raised.

Heaven and earth strength, boundless energy, all swept and galloped like a summon.

However, when the woman in front of her was accumulating energy, Tang Yun was stunned.

In my mind, the words of the woman echoed.

After a long time, Tang Yun shook her head and laughed at herself: “I, Tang Yun, is pretentious. I think I can see through the world, but I can’t see through you, Mark.”

“Mark, Mark, behind you, how many secrets are there?”

Tang Yun smiled sadly.

Once, how small and insignificant Mark was in her eyes.

Even, Tang Yun has always been facing Mark with a lofty attitude and an elder attitude.

It’s like, mountains, looking down on flowers and plants.

With the mountains lowered, you can see all the flowers and plants.

But the flowers and plants raised their heads, but they couldn’t touch the toes of the mountains.

But now, Tang Yun realized that she was wrong.

Under the flowers and plants, the part buried in the soil made the mountains feel ashamed.

Just like now, the power revealed behind Mark has already made her tremble extremely.

While laughing at herself, Tang Yun turned around and returned to the way she had come.

She seemed to not want to fight anymore.

“Ok?”

“What do you mean?”

“Could it be that you are ready to catch it?”

Seeing Tang Yun’s reaction, the dusty woman in front of her was suddenly puzzled.

“There is no need to fight, because he is not dead at all.”

“At the beginning, although I stabbed him with a sword, I have already given him medicine to relieve my cold energy.”

“Rather than seek revenge for him here, you might as well spend a little effort to find his whereabouts.”

## Chapter 2803

“what?”

“You said he wasn’t dead?”

“Really?”

Hearing Tang Yun’s words, the girl in the green skirt who was originally killing intent trembled suddenly, and the power of her whole body also disappeared in an instant.

She looked in Tang Yun’s direction again and asked anxiously.

Obviously, she did not completely believe Tang Yun’s words.

“You care about him so much, you must have a close relationship with him.”

“Since you are so close, do you think that with your understanding of him, can my unintentional sword really take his life?”

Tang Yun asked back, the woman in the green skirt was startled again when she heard the words. ,

She was right. With the master’s ability, unless it was really a must-kill game, Mark would definitely not fall so easily.

However, just to be on the safe side, the woman in the green skirt in front of her asked again: “You really didn’t lie to me?”

“That’s natural! I, Tang Yungui, is the lord of Truman. If I kill, I kill, and if I don’t kill, I don’t kill. Why should I lie to you, and I disdain to lie to you.

“However, I stabbed him, but it was true.”

“If you want to avenge that sword for him, Tang Yun, I am willing to accompany you too!”

Tang Yun was expressionless, and in her cold voice, people couldn't hear the slightest emotion.

After speaking, Tang Yun did not stop, and continued to walk far away.

However, just when Tang Yun was about to leave, a cold voice sounded again.

“Tang Yun, I will believe you once for now.”

“However, there is one thing I must tell you.”

“I don't know what kind of grudges you have with him. It doesn't matter what kind of deep hatred you have.”

“But if one day, he is killed by the hands of Chumen, I will definitely step on the mountains of Chumen.”

“Let your entire sect be buried with him!”

Boom~

The words were sharp, with endless momentum, and the gust of wind swept all over the place.

Hearing this, Tang Yun's departure suddenly stopped.

Tang Yun didn't turn around, just turned her back.

“Are you a threat?”

“But it's a pity that we, Trumen, are least afraid of threats.”

“Stop Chumen Mountain?”

Tang Yun chuckled, “You can try it.”

“However, instead of ranting at me here, you might as well persuade him after you find him.”

“Let him let go of those unreasonable obsessions, so he can do it for himself, don't seek his own death.”

Huh~

The cold wind was bitter, and the raging waves rolled up to the sky.

Two women with the same peerless majesty, but today, met in a disharmonious way, and then left in this way.

This time, Tang Yun's departure was not blocked by the woman in the green skirt.

After Tang Yun completely disappeared from the end of his sight, the expression of the woman here only softened, even with a bit of joy.

“Girl, it's time to stop this time.”

“If you care, you will be messy.”

“The monstrous killing in the seas of Japan last time failed to take his life.”

“How can this young man fall so easily?”

On the top of the vast sea, there are magnificent waves.

The woman in front of her was whispering, as if talking to herself.

“However, you are satisfied. Our Japanese martial arts are afraid that disaster will come.”

“Today, we completely lost Chu Men’s face.”

“With their temperament, I’m afraid they won’t let it go.”

“If they find it, the Japanese martial arts will be a waste of life.”

“Now I can only hope that they still can’t guess who I am.”

Luna frowned and said softly.
