

Chapter 2804– 2805 of A Dish Best Served Cold Novel

Chapter 2804

Since she was born again, she hasn't made a public appearance after all.

People in the world only know that she has returned from a monthly reading, but they don't know her voice.

That's why, when Moon God killed her on Mount Chumen, those people couldn't recognize her at all.

However, not knowing it does not mean you can't guess it.

In short, this impulsive behavior is definitely not a wise move for Japanese martial arts.

But there is no way, the weight of that young man in her heart is too heavy.

Even though, in this body today, the soul that belongs to the Moon God has taken full initiative.

However, in her flesh and soul, the mark belonging to Liang Palace Yingyue could not be erased completely.

In many cases, the emotions that belonged to Haruhi Yingyue also affected Luna's own decision.

To some extent, the consciousness of the two has reached a subtle fusion,

This is why, after learning of Mark's fall, the Moon God Society felt a tingling sensation in his heart, and even in a rage, he slew to India and to Chumen.

Now that he learned that Mark was still alive, the anger and sadness in Moon God's heart dissipated, and the peace of the past was restored again.

She raised her head and glanced at the distant horizon.

After that, he also walked across the sea and returned to Japan.

He did not look for Mark's whereabouts as Tang Yun said.

For her, knowing that the teenager is alive is enough.

As for other things, Haruhi Yingyue has never expected it, nor has it qualified.

From the moment she coexisted with the Moon God, she had already represented that she would never be like an ordinary person to freely pursue any person or thing she likes.

Wear the crown and bear the weight!

Huh~

The cold wind was icy, and the waves beneath my feet pulled white marks between the Tianhe River.

Looking from a distance, it looked like a dragon, walking home from the sea.

The Moon God left with joy just like that.

However, some people are happy and some are worried.

The appearance of the moon god was like a thorn, piercing Tang Yun's heart, making her hard to let go for a long time, and there was an unspeakable uncomfortable feeling in her heart.

She didn't know why she felt this way.

Could it be that behind Mark, there is a woman who is not weaker than her in terms of face and strength?

However, how many friends Mark has, how many confidantes does Mark have, what does it have to do with him, why should he feel uncomfortable for this?

Tang Yun couldn't figure it out, only feeling upset.

While feeling upset, Tang Yun had already returned to the sect.

"Door, are you back?"

"That culprit, but is it already?"

Seeing Tang Yun, the great elder who had regrouped led the Chumen group to ask thousands of questions.

Tang Yun shook his head: "The opponent is powerful and not inferior to me. The best I can beat him back and kill her, but it's hard to do it."

"What? Even you can't kill her?" Everyone was shocked when they heard this.

“Oh my God!”

“Then how strong should this person be?”

“At least, it has to be the top three in the sky list, right?”

Many people said in shock, only to find it incredible.

Chu Qitian on the side trembled even more.

He couldn't believe that an abandoned child from the Chu family, a child from the countryside, could actually allow such an extremely strong person to avenge him?

“This damn Mark, how good is he!”

Chu Qitian was full of jealousy, his palms clenched tightly, and his fingertips almost fell into flesh and blood because of the force.

Chapter 2805

However, when Chu Qitian was full of jealousy, the great elder on the side felt a little strange.

“Ok?”

“That's not right, among the top three in the sky list, you are the only sect master, you are a woman, and the other two are male masters.”

“The woman before, definitely wasn't among them.”

“Who would she be?”

“There is no such thing as an unknown person.”

Grand Elder Truman frowned and said in a deep voice.

“makes sense.”

“However, looking at the woman's voice and appearance, she should be Asian.”

“Could it be that it is another hidden master in Yanxia.”

“In other words, it is one of the Six Pillars Kingdom in the summer, Queen of the Wind?”

The rest of the people also guessed.

Even some people suspected the wind in the Six Pillars Kingdom in the hot summer.

After all, looking at the whole world of martial arts, there are only so many female titled masters, and if you contact Mark Yanxia as a person, everyone naturally thinks of Fenghou first.

But the elder shook his head: "It's unlikely."

"Even though the Queen of Wind is also ranked among the Six Pillars of the Summer, but the ranking is low, it is impossible for the strength to be so strong."

"After all, even Ye Qingtian, the highest god of the hot summer, can't stop the power of our sect master."

"Let's talk about a little wind queen?"

"However, when it comes to Asians, I think of someone alone."

Ok?

"Who?" Everyone looked at the Great Elder.

"The Moon God of Japan!"

"I'm afraid it's only her to have the strength to contend with our sect master." The big elder's brows and eyes were gloomy, and the words were inexplicably solemn.

"I go!"

"Moon God?"

"You mean, the moon-reading god who was reborn in Japan?"

"Didn't she say that she has the power of the gods?"

Hearing the name of the moon god, everyone present was in an uproar.

Everyone talked about it.

It can be said that since the rebirth of the Moon God, the discussion about her has never stopped.

For a long time, many legends about the powerhouse of the gods have been circulating in the martial arts world.

Above the title, it is the realm of God!

It's a pity that in this world, there hasn't been a recognized powerhouse of the gods.

But not having it now does not mean it has not been.

Today's remaining ancient books, and even the myths and legends circulating in the folk, all show that there was once the existence of the gods.

Like the god Nuwa in the scorching summer, and like the main god Odin in Western European mythology.

Also, the Japanese god moon reading!

This is why, the rebirth of the Moon God at the beginning would cause such a big wave in the martial arts world.

However, the legend is after all a legend. Before the actual strength of the Moon God is verified, most people are still in a state of doubt and speculation.

It is precisely because of this that there are no monthly names in the top ten list.

After all, the ranking of the list must be based on facts.

"Huh, it's impossible!"

"How can the dignified god of Japan stand out for a hillbilly?"

"Besides, who doesn't know, Japanese martial arts and Yanxia martial arts have always been at odds."

"How could the patron saint of Japan help the Yanxia people get revenge?"

"And that Mark was just bloodbathed not long ago"

When everyone was talking, Chu Qitian directly interrupted everyone's words and said coldly.

However, at the end of the day, Chu Qitian realized something and did not go on.

It seemed that Chu Qitian didn't want them to know about the connection between Mark and Chu Tianfan.

What Chu Qitian feared most now was the fact that the senior family members learned that Brian Chuwas still alive.

Especially when it reaches the ears of the old man, it is definitely not a good thing for Chu Qitian.
