

# Chapter 2822– 2823 of A Dish Best Served Cold Novel

## Chapter 2822

Having said this, Gaia paused for a moment, and finally summoned the courage to continue.

“That, Dragon Lord, between you and Tang Yun, the Lord of Chumen, is it...”

When Gaia asked about this, Yue Yao’s gaze was undoubtedly also fell.

Obviously, she was also curious, what is the unknown relationship between Mark and Tang Yun, the master of Truman who has a fierce and beautiful reputation in the martial arts world?

“shut up!”

However, who could have imagined that before Gaia had finished speaking, he would feel that an unparalleled mood swing swept from the young man in front of him.

Boom~

As the wind swept through, Gaia was directly shocked by the anger and power emanating from Mark.

“I warn you, don’t mention the name Tang Yun to me in the future.”

“I used to have nothing to do with her, and I will never have anything to do with her in the future.”

“Even if it matters, it will only be an enemy!”

Between Tianhe, Mark’s anger echoed.

In those harsh words, no one knew how much anger and chill were contained.

A person does not know how much disappointment he has to accumulate to burst out such a fierce emotion.

Yes, no one knows how deeply that woman hurt Mark.

That night, when her sword pierced his chest.

Mark's little warmth and hope for her was undoubtedly shattered!

Once, under the old house of the Chu family, the woman named Yu Yun, the allure woman who got along with him day and night and practiced with him day and night, was also completely shattered under that sword.

It was not Mark's unfeeling, but she, personally ruined all the good things that belonged to them.

"The Dragon Lord calms down!"

"Damn your minister, you shouldn't talk too much~"

"You deserve to die if you commit a crime~"

Between Tianhe, Mark's anger sounded like thunder.

Gaia rarely saw Mark look so angry, suddenly panicked.

Knowing that he was guilty of talking, he immediately bowed his head, admitting his mistake and begging for mercy.

However, no one responded.

After a long time, when Gaia looked up again, he found that the thin young figure had gone away.

The desert is yellow and the Tianhe is overflowing.

Gaia let out a long sigh of relief as he watched the fading young man Gu Ying. Unconsciously, cold sweat was already overflowing on his forehead.

"The power of the Dragon Lord is really getting more and more terrifying~"

After a long time, Gaia calmed down. He sighed and said with a wry smile.

However, Yue Yao was very charming, walked to the bank of the river again, sat down on the ground, and played with her seven-foot long piano.

"Who let you mess with him."

"He is a real dragon. If you touch the scales of the dragon, you will naturally endure the anger." Yue Yao smiled softly.

Gaia heard this, but his eyes were full of bitterness, and he only felt wronged.

“How dare I mess with him?”

“I’m just curious, I want to ask the Dragon Lord and that Tang...” Gaia wanted to say the word Tang Yun again, but when he remembered Mark’s words just now, the word “Rhyme” was born again by him. Swallowed.

“I just want to know the relationship between them?”

“After all, the Chu family is one of the three Chumen families. Once we reach the Chu family, how the Chumen reacts will have a bearing on the success or failure of our great cause.”

“I thought, if the dragon lord had a good relationship with the woman, maybe I could persuade Truman to let them stand still and don’t interfere with you, so that our chances of winning would be increased by a few more levels?”

“Who ever thought that the dragon master reacted so much.”

“Before I finish speaking, the dragon lord is already angry.”

## Chapter 2823

“Who have I provoked?”

Gaia felt aggrieved and complained constantly.

“But Yue Yao, what is the relationship between the Dragon Lord and the Chumen Sect Master?”

“I think it must be unusual.”

“Otherwise, the Dragon Lord wouldn’t be guilty of hearing her name, so he would be so gaffe?”

Gaia also remembers the quality of eating or not playing.

Mark had just walked away, and his side began to struggle again.

Yue Yao ignored him, but was quietly immersed in her own world, enjoying the melodious music and the melodious sound of the piano.

It is said that after Mark left Xijiang, he rushed to Noirfork non-stop.

Following the rush all the way, a thin figure finally appeared outside Fenghai City in the early morning of the next day.

Compared with Wrifill, Fenghai's geographical position is more inland.

If Mark was going to Wrifill, he would inevitably pass by Fenghai.

Therefore, before returning to Wrifill, Mark naturally stayed here to visit his mother.

When Mark left, Helen Qiu was in Wrifill and was in charge of the Mufan Group headquarters.

In Fenghai's branch, it was managed by his mother.

At the beginning, Mark also wanted to take his mother to Wrifill. In this case, not only could he be closer to her, but he would also save himself from running away.

But as people get older, they relocate.

For Mark's mother, Ye Ximei, she grew up in the land of Fenghai and has too much sustenance and affection for this city. Unless she has to be forced, she is naturally unwilling to leave her hometown and settle down in an unfamiliar city.

What's more, Mark's grandfather is still alive.

Even for the reason of taking care of his parents, Ye Ximei had to stay on Fenghai's side.

Therefore, Mark had no choice but to let her take care of the Fenghai branch here according to her mother's wishes.

It has been a long time since he returned to Fenghai, but the city has not changed much.

Everything seemed so quiet and peaceful.

Upon seeing this, Mark's previous worries about his mother and Helen Qiu and others disappeared a bit.

Think about it, it's not the first time Mark has left Noirfork for so long. With the lessons learned from the previous few times, he would never dare to make another mistake after measuring Noirfork's misbehaving minds.

What's more, in the previous few Noirfork catastrophes, Mark has basically eliminated all the restless forces.

Today's Noirfork is almost a piece of iron for Mark, and it is not an exaggeration to say that it is his back garden.

With Helen Qiu's skill and the assistance of Ericson Li and others, let alone not returning for a year, even if he didn't go back, there would be nothing wrong with it.

In the secular world, almost no power can pose a threat to the Mufan Group.

The only thing that can threaten the Mufan Group is probably the forces of the martial arts world.

However, Mark was not really worried about this.

After all, his mission this time was to serve the country and was requested by the Martial God Temple.

Before leaving, Wushen Temple also promised to protect his relatives.

With the protection of the Martial God Temple, who would dare to provoke Mark's relatives in the hot summer?

Therefore, under such consideration, Mark's originally suspended heart gradually relaxed.

Especially after returning to Fenghai and seeing the bustling scene of luxury cars and guests in front of Yejia Manor, Mark naturally felt less worried.

After the annual meeting, Mark left his hometown in Yeyang Town with his mother in a fit of anger. Later, Mark bought a manor in the urban area for his mother to live in.
