

Chapter 2826– 2827 of A Dish Best Served Cold Novel

Chapter 2826

In today's materialistic society, there are really not many simple and kind-hearted girls like this.

Facing Lin Yuhan's question, Mark also replied happily: "Mark."

"Mark?" Lin Yuhan repeated, and then said with a smile, "I didn't expect your last name to be Ye."

"Do you know that, I heard that the boss of the Mufan Group is also named Ye."

"Maybe, you don't need to apply for a job. People think you are of the same surname, so they admitted you out of the ordinary?"

Lin Yuhan said with a smile.

"Okay, I'm not kidding you anymore."

"You still have to rely on your own ability to find a job."

"Be more prepared and read more interview techniques of your seniors to increase your chances of winning."

"Looking at you like this, I guess I didn't make any preparations in other aspects before coming?"

Lin Yuhan looked at Mark.

Mark smiled, then shook his head as expected.

Lin Yuhan immediately stroked his forehead: "I really lost to you."

"You come to apply for the job without preparing anything, you are sure to come to be cannon fodder."

"Forget it, this girl is a good person, and I'll help you again."

"Listen well, let me briefly tell you a few quick test-taking skills."

“In this interview, the first impression is very important, so we must pay attention to appearance. Don’t ask for luxury, but simple and clean.”

“and also...”

In the hall, Lin Yuhan talked to Mark about what she had learned from her many interviews.

Mark didn’t have the heart to interrupt her, so he listened to her quietly.

“Yuhan, I have been looking for you for a long time, why are you here?”

“Give this bastard a lecture?”

“Looking at the shabby look that this guy wears, 80% of him didn’t even think about passing this interview.”

“Why do you waste your tongue on such a person?”

“If you want to talk, come and talk to me.”

At this moment, a young man suddenly came over. He was wearing a very white suit, with his curly hair and the popular round-frame glasses, looking at a gentle scum from a distance.

This person’s name is Yang Xiao, Lin Yuhan’s college classmate.

The gaze that looked at Lin Yuhan was obviously coveted and admired.

But Lin Yuhan ignored him, ignored his words, and still patiently taught Mark interview skills.

Lin Yuhan’s ignorance of him undoubtedly made Yang Xiao a little embarrassed and sullen.

However, Yang Xiao’s anger was naturally not directed at Lin Yuhan, but fell on Mark.

“A poor boy, still thinking about joining the Mufan Group?”

“It’s just wishful thinking!”

“Wait a moment, I will show you what is meant by the cruelty of society!”

Yang Xiao’s eyebrows were cold, and the palms under his sleeves tightened.

“Next, Yang Xiao.”

At this time, the staff in charge of recruitment in front also called Yang Xiao's name.

Yang Xiao straightened his tie, then glanced at Lin Yuhan and smiled triumphantly: "Yuhan, I'm going in."

"Waiting for you?"

Yang Xiao cast an eyebrow against Lin Yuhan, and then entered the interview room with full of pride.

"What a narcissistic guy, Mark, let's leave him alone."

Lin Yuhan didn't seem to have a favorable opinion of Yang Xiao, so he said coldly, and then continued to tell Ye Fanna about the interview skills.

Chapter 2827

"Is he pursuing you?"

After Yang Xiao went for the interview, Mark asked with interest.

Lin Yuhan nodded: "I think so."

"But I don't like people like him."

"The character is not good, and he will use all means to achieve the goal."

"I have rejected him many times a long time ago, but he is still entangled."

Lin Yuhan also seemed helpless.

For some girls, the pursuit of someone may be something to show off.

But for Lin Yuhan, Yang Xiao's pursuit of her is a kind of distress.

"Ok?"

"You don't prepare well, why do you ask this?" Lin Yuhan suddenly stared at Mark, and asked again.

"What I just said is all talk of experience, you must remember."

"Even if you didn't pass the interview this time."

"But in the future, interviews will also be very useful."

“Okay, it’s my turn soon. I’ll pass first. You can prepare yourself.”

“By the way, I will send you a word before leaving.”

“As long as there is light in your heart, you will never despair at any time.”

“Come on together~”

Lin Yuhan waved Xiuquan at Mark, then smiled and walked forward.

Because at this time, the interviewer had already called her name and asked her to go to the waiting area to prepare.

As for Mark, to Lin Yuhan, he was just a passerby after all.

The reason why she reached out to help Mark was just because she felt ridiculed at Mark, and that was all.

Just like every time she walked across the lawn, she would lift up a few grasses that were trampled on.

Soon after, she would forget what the grass she helped was like.

Just like she and Mark, after meeting Pingshui today, it is estimated that they will never see each other again in the future.

However, it is estimated that Lin Yuhan never even dreamed of it. What kind of character is the young man who unintentionally showed kindness today?

“It’s a funny girl.”

At this time, Lin Yuhan had gone away, but Mark was shaking his head and smiling to himself.

After laughing, Mark was also ready to leave here to find his mother.

However, I don’t know when, Yang Xiao, who had just entered the interview not long ago, has already come out.

“Boy, acquaintance, stay away from Yuhan.”

“Dare to covet my Yang Xiao woman, be careful I make you look good!”

Yang Xiao looked at Mark and warned with a bad expression.

In response to this, Mark just shuddered, smiled lightly, and then turned to leave.

“Why, don’t you believe it?”

“Or, in the delusion that I can pass the interview today, and I will be able to enter and leave the same company with Yuhan in the future, and both stay and fly?”

“I tell you, stop dreaming!”

“Today’s interview, only two people passed.”

“One is me, the other is Yuhan.”

“Others, they just came to be cannon fodder.”

“And you are one of them.”

In the corridor, Yang Xiao put his hands in his trouser pockets and spoke contemptuously to Mark. The words were full of pride.

Hearing this, Mark, who was about to leave, suddenly stopped.

He turned around and asked Xiang Yang Xiao: “Oh?”

“Listening to your tone, it seems very confident.”

“However, this interview has just begun, don’t you think it’s too early to say this?”

“Haha~” Yang Xiao laughed when he heard the words.

The laughter was full of sarcasm, as if he had heard the funniest joke in the world.

“Brother, I really don’t know. Should you say that you are innocent or should you say that you are stupid?”

“You don’t really think that after entering society, it is still the same as in school. Everything depends on the score ranking, right?”
