

# Chapter 2830– 2831 of A Dish Best Served Cold Novel

## Chapter 2830

Moreover, even if it does appear, it must be cleared up, and all the leaders of the company group will be greeted by sweeping the couch, as noisy and lively as a king's visit.

What's more, how can such a distinguished person be like Mark, dressed so shabby and plain.

Of course, besides that, there is Mark's age.

There is a fledgling boy who is about the same age as him. Will this kind of person be the head of the Hundred Billion Group?

Believe it if you have a disability!

Therefore, facing Mark's words, Yang Xiao naturally found it ridiculous.

In the end, Yang Xiao seemed to have deliberately made Mark look ugly, and shouted at the people around him: "Come and take a look, everyone."

"Does this buddy say he is the head of the Mufan Group?"

"It's the boss behind this company~"

"Hahaha~"

"Laughing to death~"

Yang Xiao pointed to Mark's direction and laughed. The whole person is almost straight down.

Growing up, is he the first time he has seen such a funny Biga idiot?

"I go!"

"This brother is awesome?"

"Dare to say anything big?"

“It’s true that a newborn calf is not afraid of tigers.”

“Come over and apply for the job and still speak badly, and he is not afraid of being thrown out.”

.....

“no way.”

“Like this kind of dick, the loser of life, I’m afraid that he can get a little sense of existence by bragging and bragging?”

“Otherwise, who can see him?”

.....

“It’s sad~”

.....

Soon, Mark attracted the attention of everyone again and became the focus of the audience.

Many people were talking in low voices, and the ridicule and sarcasm was particularly harsh.

Obviously, Mark at this time has become a laughing stock in everyone’s eyes.

However, facing the ridicule and questioning of Yang Xiao and others, Mark remained unmoved.

On the delicate face, there is always an inexplicable confidence and calmness.

Even if he has been pointed out by thousands of people at this time, Mark still replied indifferently: “Why, don’t you believe it?”

“I believe you are a ghost! Do you really think of me as a three-year-old child?” Yang Xiao laughed and cursed, “However, if you are really courageous, don’t brag about us here. You go in and rush to the company inside. The leader blows.”

“How about it, do you dare or dare not?” Yang Xiao continued.

“I just meant it.” Mark chuckled lightly, and even in the trembling eyes of everyone, he walked directly towards the room where he was interviewing.

“I go!”

“This bastard, he really dare?”

“He won’t. Substitution is too deep. Does he really regard himself as the head?”

Seeing this scene, Yang Xiao and others were all surprised.

What he said just now was nothing more than agitation Mark.

He thought that even if the brat had the courage, he would definitely not dare to go in and make trouble.

But now it seems that he miscalculated.

“Really a stupid pig?”

“Wait to be thrown out.”

.....

“Dare to make trouble on this occasion?”

“It’s really looking for death!”

“Pick one’s own humiliation~”

Behind, Yang Xiao and others sneered and discussed endlessly. Looks like waiting for a good show.

But when there was noisy outside, the room was still very quiet.

In the front, several interviewers were sitting in jeopardy, asking the people who came to the interview according to the procedure.

Most of these interviewers are in their forties. Most of them have been in the workplace for many years and have read countless people. They undoubtedly have unique skills in selecting and appointing people.

It is precisely because of this that the company’s senior management also decided to let them be the person in charge of this recruitment.

## Chapter 2831

However, in addition to these experienced employees, among the interviewers this time, there is still a young man sitting.

This person is not very old. Compared with other interviewers, it can be said that he is a bit too young.

During the entire interview, the young man was always looking down on his cell phone and playing games.

With his legs on the table in front of him, from time to time he scolded his teammate Naibi in the game, like a cynical noble boy.

It stands to reason that in such a serious and formal interview occasion, it is absolutely impossible to allow this kind of playful behavior to appear.

However, what is puzzling is that in the face of this young man's childish behavior, the interviewers next to him turned a deaf ear to it and did not dare to persuade him.

Moreover, from time to time, he offered tea and water to this young man, just like offering it to his ancestors.

The fear and infatuation between words and deeds is particularly obvious.

This scene is ridiculous.

Even the experienced interviewers found it absurd.

However, they have no alternative.

People under the eaves have to bow their heads.

Compared with the young man in front of him, no matter how high their positions are, they are only working for others.

But this young man was different, he was a member of the Ye family, with Ye family blood in his body.

The boss of the company is either his uncle or his aunt.

It can be said that the company is the same as home to others.

The outsiders of them naturally did not dare to offend the young master of the Ye family.

"Hello, do you have any questions?"

"If the question is over, can I go out?"

At this moment, a timid voice came from ahead.

The speaker was Lin Yuhan, who had been in for a long time.

Don't look at the girl who was careless when chatting with Mark just now. But at this time, in the face of these interviewers who are in control of their own future and destiny, they dare not arrogate.

Even when he speaks, he seems extremely cautious.

Life is like this. Gradually polish away all your edges and corners, and finally make people sleek and sophisticated.

In fact, it stands to reason that you shouldn't ask such things during an interview.

But Lin Yuhan couldn't help it.

Because she has been standing here dry for five minutes.

I have already answered all the questions that should be answered.

According to reason, these interviewers should also let her go out, and another person will come for the interview.

However, what puzzled Lin Yuhan was that the interviewer in front of her didn't mean to let her go.

Instead, let her dry there.

In desperation, Lin Yuhan had to take the initiative to ask.

"Well, wait a minute."

"Mr. Ye has something to tell you." One of the interviewers replied.

Lin Yuhan nodded and had to continue waiting.

In this way, the whole room was quiet again, and only the sound of the young man slaughtering all over the place in the game echoed.

Everyone is waiting for him to finish this game.

No one, dare to interrupt.

"Haha~"

"This special can win?"

Finally, after a long time, there was laughter in the quiet room.

It seemed that the young man had finished the game in his hands.

At this time, the interviewers around, smiled and congratulated: "Congratulations, Mr. Ye."

“But President Ye, Lin Yuhan, do you think...”
