

Campus Master Chapter 2831

If he wanted to find out about the Cheetah Mercenaries, Ji Feng could only rely on two people – Old Zhou and Ji YuYi.

But now, Ji Feng didn't want to drag Ji YuYi down with him, so he still contacted Old Zhou and they agreed to meet at the usual place.

This time, Ji Feng came to the teahouse first, ordered a pot of tea and waited for Lao Zhou. Old Zhou, on the other hand, arrived on time, just like last time.

“Help me investigate the whereabouts of the Cheetah Mercenaries!”

Opening the door, Ji Feng didn't have any nonsense, after two contacts, he was already familiar with Lao Zhou's style, in fact, he himself didn't like to talk nonsense, preferring to be more direct, only the first two times he wasn't too familiar with Lao Zhou, so he wanted to ease the atmosphere.

Old Zhou nodded and said, “Okay. However, the information might not be too accurate.”

Ji Feng was stunned, “What do you mean?!”

Old Zhou's words made him a little strange, if the information wasn't accurate, then why ask around? Besides, since he was asking for information, how come he didn't ask for more accurate information?

“Because the Cheetah Mercenaries' residence is very close to a VIP's residence.” Old Zhou said, “Moreover, we have inquired before, the other party is very vigilant and has a strong anti-surveillance ability, so there is no way for us to get close.”

“Close to a VIP's residence?!” Ji Feng noticed the point in Old Zhou's words, although international mercenaries couldn't be said to have a fierce reputation, they were at least considered dangerous, and some of the VIPs on Treasure Island, the places they lived in were quite nice, it was surprising that someone from the Cheetah Mercenary Corps would live close to a VIP?

Old Zhou nodded slightly and lowered his voice and said, “That dignitary, is very hostile to the mainland, the Cheetah Mercenary Corps received that person's attention when they arrived on Treasure Island, and the place they lived in was also arranged by that person, only that person probably didn't come out personally to avoid influence, but it was his people who came out to make the arrangements!”

Ji Feng then understood, this important person that Old Zhou was talking about seemed to want to use the Cheetah Mercenaries to add to the mainland, and this Cheetah Mercenaries was like a knife in that person's hand!

“Since there's no way to get close, then we'll wait until they come out and then follow them, won't that work?” Ji Feng asked.

“It's hard!”

Old Zhou shook his head and said, “The people from the Cheetah Mercenary Corps almost rarely come out now, and even if they do, they are with that VIP”

Ji Feng said at once, “Then wouldn't this be that VIP's bodyguard?”

Old Zhou nodded his head and said, "It looks like it!"

Ji Feng smiled and couldn't help but sneer, "What a big show, using mercenaries as bodyguards"

He deliberated for a moment and said in a deep voice, "Old Zhou, don't worry to investigate, it's naturally better if you can investigate the details of the Cheetah Mercenary Group, it's okay if you can't, just pay attention to their whereabouts."

"No problem!"

Old Zhou nodded his head very readily and agreed. If it was just this task, it wasn't that difficult.

"Also" Ji Feng said in a deep voice, "You tell me where the Cheetah Mercenary Group has landed, and also the environment around that, in some detail as well."

"I'd better give you the information directly!" Old Zhou said.

Ji Feng nodded: "Okay, hard work."

Old Zhou shook his head, "It's not hard work, it's the right thing to do, duty calls."

After sitting for a while, Old Zhou picked up his jacket hanging on the chair without moving and got up to leave.

Ji Feng shook his head and smiled, not minding in the slightest. Old Zhou's attitude is stereotypical, unsmiling, and does not talk much, if it is in the process of interpersonal communication such a person is afraid that not many people will like to interact with it, but Ji Feng can understand, if old Zhou all day nonsense seven thousand eight hundred thousand, then it is not suitable for this business.

This is the truth of the saying that too many words will lead to losses!

Afterwards, Ji Feng got up to settle the bill and also left the teahouse.

When he returned to his landing place, Zhang Lei immediately greeted him and asked, "Crazy, how is it? Did you get any news from spying?"

He knew that Ji Feng had gone out to spy for information.

Ji Feng shook his head and said, "I did get some information, but I haven't grasped the whereabouts of those people yet!"

He went over Old Zhou's words, especially when he said that the people from the Cheetah Mercenaries were close to that VIP of Treasure Island and had almost become that person's bodyguard, he said in a deep voice, "If we want to move the people from the Cheetah Mercenaries, we can't make a big deal out of it."

Zhang Lei laughed coldly, "Damn, this is really a fucking collusion of snakes and rats, fine, in that case, why don't we just give them a diversion, find a way to move the people of the Cheetah Mercenaries and do away with them one by one!"

Ji Feng asked, "What's your best idea?"

Zhang Lei, however, shook his head and said, "Not for now! However, solutions are thought out, and we can still adapt to the situation, there are always more ways than difficulties!"

"Then at the very least, we need to get a clear picture of their activities and traces, even if we have to go and directly attack their residence, we should always know how many people they have inside, how many weapons they have and how they are distributed" Ji Feng said in a deep voice. "Now this gang is arrogant and excited, at this time, as long as you see the opportunity, it is likely to kill in one blow, but if the action fails, it can alarm the snake!"

Zhang Lei nodded slightly, what Ji Feng said, was very reasonable.

"Or else I'll go!"

At this time, Yao Zhijian suddenly spoke up, seeing all the people's eyes looking over, he smiled badly, "This sniper rifle in my hand, taking down ten or eight of them is still not a problem!"

As he said that, he looked at Ji Feng expectantly.

As an expert, what he looked forward to the most was naturally to fight someone of the same level or even more powerful.

Although they didn't know how powerful the people from the Cheetah Mercenaries were, since they were also mercenaries, they must have some skills under their hands.

Sniping such people would be more fulfilling!

Ji Feng deliberated for a moment, but still shook his head and said, "No, this is not a good idea. According to the intelligence we got before, there are at least a dozen of them, you have a sniper rifle, even one shot is useless, they won't all be standing together waiting for you to kill them!"

The same reasoning applies, if you scare the snake, it will be difficult to kill the rest.

It's better to get rid of the evil!

Otherwise once they returned to the mainland, the gang should come out again jumping up and down and screaming, which could only upset them.

"Then how about this, let's do it together, Xiao Yao will be responsible for sniping and killing, while we will be responsible for cleaning up the rest, this way the two sides will work together, with both long range and close up, absolutely invincible!" Zhang Lei said.

"Then we have to lure them out first too!" Ji Feng said, "At their residence, it's hard to do it!"

Even if Ji Feng hadn't gone to see it, he knew that since they lived very close to the VIPs, it was needless to say that the security in the vicinity must all be good, and I believe that the patrol police as well as the police force should be very well equipped, so it was not convenient to strike there.

Although they were mainlanders, if they were caught killing someone here, they would be in trouble when the time came. Even though, they were killing the Cheetah Mercenaries, a group of guys who had provoked China, they couldn't help but have certain people jumping up and down, they had been attacking the mainland, and now they were finding even more opportunities!

“Let’s wait for the information first!” Ji Feng said.

“That’s all we can do, take your time and wait!” Zhang Lei shook his head helplessly. Everyone else also nodded and went back to their respective places.

At this moment, Ji Feng experienced the importance of intelligence even more profoundly, and he couldn’t help but think in his mind, should he increase his support for Zhao Kai, so that he wasn’t just in charge of commercial intelligence investigations, but took on the task of all intelligence investigations?

“Buzz~~”

At this moment, Ji Feng’s mobile phone suddenly vibrated, and his younger uncle Ji Zhenping called, he immediately picked up, “Younger uncle.”

“Little Feng, you’ve done a great job!”

Ji Zhenping’s voice was filled with joy and excitement, he had already gotten the news that a large amount of Alpha Ore was being loaded onto the ship and would be delivered to the mainland through a special channel, this also meant that the laser guns would be mass produced, how could Ji Zhenping not be excited?

“Little Feng, just now, the Chief Minister approached me and our intention is for you to come back as soon as possible.” Ji Zhenping said, “If there’s nothing going on there, it’s best to come back immediately.”

“Go back immediately?”

Ji Feng was slightly stunned and asked, “Little Uncle, is there something urgent?”

Ji Zhenping said, “There’s nothing urgent, but being over there is different from being at home after all, so it’s better to be more cautious in terms of security!”

He couldn’t help but be anxious, not to mention the fact that Ji Feng was his nephew, and he had to protect Ji Feng strictly because he had a stake in the successful development of the laser gun.

There are too many unstable factors on Treasure Island, and Ji Feng met an assassination just after he arrived there, and even the black’s gang blatantly took weapons to assassinate him, although Ji Feng successfully fought back and wiped out all those people, but this will definitely not be the last time.

Ji Feng understood his little uncle’s worry, he smiled, “Little uncle, don’t worry, I still have a little something on my side, I will go back when I am done.”

“What else do you kid have going on?!” Ji Zhenping asked suspiciously.

“A little personal matter!” Ji Feng laughed, “You just don’t ask, I’ll pay attention to safety, I’ll go back when I’m done.”

“You kid

Ji Zhenping saw that Ji Feng refused to talk about it, so he didn’t ask more questions, but admonished, “Little Feng, you must pay attention to safety, and also, don’t mess around.”

Ji Feng was stunned, messing around? What did he mess around with?

“Alright, that’s it!” Ji Zhenping, however, hung up the phone without much explanation. Ji Feng was a bit dazed as he held the phone, but before he could figure it out, the phone vibrated once again, and this time, it was Ji YuYi calling.

Immediately afterwards, Ji YuYi brought a message that took Ji Feng quite by surprise.

Campus Master Chapter 2832

“Ji Feng, are you still in Treasure Island?”

When he picked up the phone, Ji YuYi’s voice, which was soft with a touch of Britishness, came through.

Ji Feng nodded and smiled at her words, “Yes, I will definitely tell you if I go back!”

Ji YuYi giggled, “I told you that’s more like it! Hey, where are you now? How come I haven’t heard from you lately? Haven’t you finished yet?”

“I’m almost done!”

Ji Feng smiled, “But I’m still on a mission right now, so I haven’t contacted you.”

Ji YuYi pursed her lips and smiled, “You don’t need to explain, you understand everything.”

Ji Feng then smiled and nodded, through the phone, he seemed to be able to imagine the spontaneous look Ji Yujie had at the moment, he asked, “By the way, did you call, is there something wrong?”

“It’s indeed a bit of business, but it’s not anything important.” Ji Yuet said, “It’s like this, there will be a salon in North City the day after tomorrow, and someone has invited you by name!”

“A salon?!”

Ji Feng couldn’t help but stare at his words and asked, “What salon? And I’ve been invited by name?”

Ji YuYi’s words took him by surprise, what did this salon held in Treasure Island have to do with him? How dare she invite him? And he was even invited by name?

“Who invited me?!” Ji Feng asked again.

“Who else could it be, the leader of the Bamboo Alliance Gang!” Ji Yuhui said, her tone seemed a bit bad, “This is a salon that is both business and private in nature, in fact, to put it bluntly, it’s a mutual exchange event.”

So it was Ji Lihai who had invited himself!

Knowing the answer, Ji Feng was even more surprised, what was Ji Lihai doing inviting himself for no reason? Besides, what did this so-called salon have to do with him?

Ji Feng did not rush to speak, but pondered for a moment before asking, “YuYi, this activity”

“Well, actually, he just made a polite remark.” Ji Yuet said, “The main thing is that I want you to come and participate.”

“Why?!”

Ji Feng was stunned again, this news that Ji Yuhui told him really surprised him and he really couldn't understand it.

Ji Yuhui said, “Because at this salon party, there might be someone I don't want to see who will also come, I don't want to attend but can't shirk it, so I thought of asking him to come too, and it just so happens that he has invited you again”

Ji Feng vaguely understood, and he asked offhandedly, “Yu Ying, this salon, it wouldn't be your matchmaking session, would it?”

“Nonsense!”

Ji YuYi immediately snapped, “What blind date is just a few pesky flies that can't be chased away.”

Ji Feng then laughed, he then realized that the so-called business salon was probably just a front, or maybe, this was just a small part of the activities, the real highlight might lie in Ji YuYi's matchmaking matters.

Those pesky flies that Ji Yueting had spoken of were obviously her admirers, or simply her suitors.

“Do you have time?” Not getting an answer from Ji Feng, Ji Yuqing became more or less embarrassed, but forced herself to calmly ask.

“At what time exactly?” Ji Feng asked.

“Just the night after tomorrow.” Ji YuYi immediately said, and a hint of joy appeared on her pretty face, as Ji Feng asked exactly what time, so it was obvious that there was an intention to come.

Ji Feng thought about it and nodded, “OK, no problem, I will be there on time the day after tomorrow.”

Ji YuYi immediately said happily, “Then it's a deal, I'll send the address and time to your phone, make sure to come then.”

Ji Feng nodded and smiled, “Don't worry, I will definitely be there on time.”

Ji YuYing smiled delightedly and said, “I knew it, you definitely won't see me go to the disaster alone, it would be best if you can come, otherwise, just me alone can suffocate people with boredom alone.”

Ji Feng smiled and shook his head, suddenly his heart moved and he asked, “By the way, Yu Yiyi, you just said that Ji Gang Master also invited me, and that still invited me by name?”

“Yes!”

Ji Yuhui said, “Just two hours ago, he called me and said that you were also invited to the business salon the day after tomorrow, and asked me to pass on his invitation to you.”

Ji Feng hesitantly asked, “Is your father inviting me to for something?”

Ji YuYi had invited him, obviously wanting him to go and chat with her so that she wouldn't be so bored, or even worse, to be a shield, and as a friend, he was willing to help with that, but what was Ji Lihai inviting him for?

Since it was a blind date, I'm afraid Ji Lihai would want to stay as far away from it as possible, right? How could he have thought of inviting himself to participate?

This made Ji Feng a bit suspicious and unable to figure it out.

He thought left and right, but it could not be that Ji Lihai's attitude towards himself had changed anyway. The bad attitude of Ji Lihai before, and his undisguised dislike for himself and for the Mainland, fully illustrated his position.

Now that this was only a short period of time, would Ji Lihai's attitude have changed so much? Ji Feng thought it was unlikely.

"I don't know."

Ji YuYi's voice pulled Ji Feng's thoughts back, only to hear her say, "Actually, I also feel a bit puzzled, he didn't have this attitude before!"

In fact, Ji YuYi also felt something strange, because this was before she had never seen Ji LiHai treat Ji Feng in a good manner either Even though that conversation was in avoidance of her, but, with her knowledge of Ji LiHai, and the fact that Ji Feng suddenly left afterwards, not only did he not stay in the house she provided, but he didn't even bring weapons and other anything, Ji YuHai sensed that something was wrong.

The fact that Ji Yuhui was able to fight so fiercely with Chen Wan was proof enough that she was not a vase, so after the Bad Wolf Gang's men attacked the hotel, she secretly conducted an investigation and then discovered that, at that time, apart from the weapons carried by the Bad Wolf Gang's men, there was not a single extra gun or bullet at the scene!

Almost all of the Bad Wolf Gang's men were killed by cold weapons, such as fire axes, such as dinner knives and the like, and if there were weapons, they were also the weapons brought over by Chen Wan's bodyguard Zhang Wei and others later.

After learning all this, Ji YuYi suddenly understood that at that time, Ji LiHai must not have said anything good to Ji Feng, and his attitude must have been very bad, otherwise, Ji Feng could not have left like that without even bringing any weapons.

Moreover, what Ji Feng told her at that time was probably a lie. Whether there was a mission given to Ji Feng from above, Ji YuHui did not know, but one thing was certain, that was, even if there was a mission, Ji Feng must have been forced to leave at that time, because the more the mission had to be carried out, the more weapons were definitely needed, but Ji Feng did not bring anything with him.

So, Ji Yuhui could almost imagine how unfriendly Ji Lihai was to Ji Feng, how bad his attitude was, before Ji Feng decided to leave on the spur of the moment!

This made Ji YuHai's heart extraordinarily uncomfortable and extremely guilty.

Yet this time, Ji Lihai was suddenly telling her that she could also invite Ji Feng to this salon if she could, and Ji Yuhui was left wondering in her heart.

However, when she thought about the fact that this was just an ordinary salon, at most, there might be more people attending and it would be slightly larger, but otherwise there would be no danger, she thought about it again and again, and only then did she invite Ji Feng.

But to say why Ji Lihai would suddenly invite Ji Feng, she didn't know.

"Ji Feng, just wait for my call!" Ji Yuhui suddenly said, "If I don't inform you by then, you don't have to come."

She decided to investigate clearly what Ji Lihai was up to, for this father of hers, Ji YuYi was really uneasy. She couldn't let her own selfishness harm Ji Feng.

When Ji Feng smiled, he couldn't help but raise his eyebrows in surprise, it looked like Ji Yuhui didn't have a clue in her heart either, huh?

"That's it for now, you wait for my call!" Ji Yuhui dropped this sentence and then hung up the phone. She didn't like to procrastinate, since she had thought of it, she had to investigate immediately.

"Hey"

Ji Feng was just about to speak, but he found a busy tone coming from the phone, and he could only shake his head with a smile, and put the phone away thoughtfully.

Ji Lihai had actually invited him to a salon?

Ji Feng shook his head and laughed coldly, there is even such an invitation to invite people, directly let someone pass on What makes Ji Feng feel more puzzled is, what is Ji Lihai's draw?

No one knows better than Ji Feng how Ji Lihai treats himself, saying who invites him, he believes, but only Ji Lihai invites, Ji Feng is how not to believe!

Ji Feng vaguely felt that Ji Lihai seemed to have some purpose, but what exactly that purpose was, he did not know.

After thinking about it, Ji Feng still took out his phone and sent a message to Old Zhou, asking if Old Zhou knew exactly what that salon was. Ji YuYi did not say too clearly and hung up the phone in a hurry, Ji Feng felt that it was better to know from the side.

Old Zhou quickly replied.

It turned out that this so-called salon was actually a kind of business activity in North City, initiated by the Chamber of Commerce in North City, in which some of the business tycoons in North City, as well as the dignified people in North City would basically be present to exchange with each other.

Seeing this, Ji Feng probably understood that this so-called business salon was actually no different from those business exchange activities, which also existed in Jiangzhou.

However, what Old Zhou sent afterwards was a slight surprise to Ji Feng. It turned out that the Chamber of Commerce would also have dignitaries from the Treasure Island attending, and there might be more than one or two of them.

After thinking about it, Ji Feng still called Old Zhou directly, but instead of answering, Old Zhou replied with another text message.

“This business salon is nominally a business exchange event, but in fact it can be described as a gathering for some dignitaries to pull in those business tycoons and various business owners.” Old Zhou said.

“So that’s how it is!”

When Ji Feng saw this, he immediately understood that he had overlooked a problem, the political landscape of Treasure Island was different from that of the mainland!

Campus Master Chapter 2833

“So that’s how it is!”

When Ji Feng saw this, he immediately understood that he had overlooked a problem, the political structure of Treasure Island was different from that of the mainland!

In the political arena of Treasure Island but several factions take turns to be in power, this is very similar to many foreign countries, especially Treasure Island worships Rice and Jie Peng the most and naturally tries hard to imitate them in its political system.

Naturally then, behind each faction there must be a strong economic group behind it.

Lao Zhou’s meaning is clear: this kind of business salon gathering is attended by dignitaries, soliciting those business owners and business tycoons, which in fact naturally means seeking financial support.

To put it bluntly, this so-called business salon is just a gathering for those dignitaries to seek funds.

So, naturally, those who could get into the eyes of those dignitaries were not ordinary businessmen, and their financial strength was certainly not ordinary, so it made sense why some people would pester Ji Yuqing.

If they were just ordinary businessmen, how would they dare to have any thoughts about the Missy of the Chuk Yuen Gang? Even if they thought about it in their hearts, they would only dare to do so secretly, definitely not blatantly, and I am afraid they would not even dare to look at Ji Yuet-jen more than a few times.

Having clarified the nature of this salon, Ji Feng was relieved, but the doubts in his heart did not diminish much, because since this kind of salon event had strong official overtones, then why did Ji Lihai invite himself?

What kind of medicine was he selling in this gourd?

Ji Feng squinted his eyes and pondered in his heart.

He felt that Ji Lihai was afraid that he did not have good intentions because he had previously warned himself not to get too close to Ji Yuoyi, but now he suddenly asked Ji Yuoyi to invite him, the contrast was too great, there must be something fishy.

Ji Feng's interest in going was instantly reduced, and he even planned to give Ji Yuqing a call to put off this appointment, but when he picked up the phone, he still hesitated for a moment.

If he had excused himself, Ji Yuhui would have been very quick to agree, but in his heart, Ji Feng wanted to go to this so-called business salon and see how the dignitaries of Treasure Island played

The first thing you need to do is to get a good idea of what you want to do.

The information sent by Old Zhou was that for this business salon event, there was a dignitary who was already on the list of those who had been invited and had confirmed to attend the event.

This dignitary was the same senior Treasure Islander who had taken in the Cheetah Mercenaries!

At the same time, it was also a pro-Kai Peng person!

What's more, since that dignitary had already decided to attend this business salon, that meant that people from the Cheetah Mercenary Corps would definitely be there this time.

Maybe, this was an opportunity!

So Ji Feng immediately made a decision to go to this salon, to meet that dignitary, and the people from the Cheetah Mercenary Regiment!

"Brothers!" Ji Feng clapped his hands and called Yang Bin and the others over with a faint smile, "There might be work to do next!"

"Really?!"

Yao Zhijian and the others were instantly shaken, their bodies were about to rust after being idle all this time. Originally, when they were in Jiangzhou, they had very little work to do, and on weekdays, they were just sparring within the battle team, but they couldn't fight for their lives, they could only fight to the point, it wasn't enjoyable at all.

When they were first brought to Treasure Island by Ji Feng, they were still full of joy and felt that they had work to do, but it turned out that apart from the first night they came to Treasure Island to warm up, there was no more work!

They didn't even have the chance to go out for exercise – this landing place was not absolutely confidential, but it was also best not to expose it when it was not necessary, so everyone just had to stay here, which was really about to be suffocating for them people.

Now when they heard that they were going to have work to do again, they all came to life.

Ji Feng nodded and smiled, "Of course it's true! Not only do we have work to do, but also, it should still be a bit challenging, brothers, the people from the Cheetah Mercenaries might be coming out!"

Swish!

Liu Zejun and Yao Zhijian's eyes instantly lit up, it was the Cheetah Mercenaries?

Coming from a mercenary background, to be able to fight other mercenaries, for them who had already retired from the army this was a rare opportunity in itself. What's more, Ji Feng had given them orders a long time ago, not to spar or defeat, but to take out the Cheetah Mercenaries, all of them!

This was definitely exciting!

Yao Zhijian asked at once, "When?!"

"The night after tomorrow!"

When Ji Feng saw their reaction, he couldn't help but smile slightly, it's good to have this kind of spirit, this is the kind of spiritedness a battle group should have!

Zhang Lei asked, "Crazy, you're talking about that business salon the night after tomorrow? How come the people from the Cheetah Mercenaries are there? Were they hired to take care of the security of the salon? Or was it the security of the people on site? Or, were they hired by someone?"

He was quick to react, and as soon as Ji Feng said the night after tomorrow, he immediately thought of that commercial salon event that Ji Feng mentioned.

Ji Feng said, "This time, the dignitary who took in the Cheetah Mercenary Regiment will also be present, according to the intelligence, the remaining members of the Cheetah Mercenary Regiment are responsible for protecting that dignitary, this might be an opportunity, if the timing is right, do it immediately!"

Yao Zhijian laughed heatedly, "Otherwise, why don't we just do away with that dignitary as well!"

He also heard Ji Feng mention these days, that political dignitary is not a good bird, at least different from Ji Feng's position, can not piss in the same pot, since this is the case, then what is there to say, just do it together!

This guy

The more you get into a critical situation, the more calm you have to be, and only by being stable can you be accurate, which is the minimum standard for a sniper.

The only way to be accurate is to be steady, which is the minimum standard for a sniper. But Yao Zhijian, who is a child at heart, is like a new person all of a sudden when he touches the sniper rifle.

This is also strange!

Ji Feng shook his head and smiled, saying, "I'm afraid not, this will depend on the situation."

In fact, if you do away with that dignitary, this is not a big deal, perhaps because you know you are jumping up and down too much and have offended too many people, so that dignitary has a lot of bodyguards around him, just afraid that he will be assassinated by a killer who appears out of nowhere.

However, Ji Feng is not to include that dignitary in the target for the time being, it depends on how the situation is at that time, if they are not exposed, then of course there is no problem, together with the dry, even after learning some remarks of that dignitary, Ji Feng wants to do away with him directly.

But if someone knew by then that their identity was from the mainland, then they couldn't do anything to that dignitary, otherwise it would have too bad an impact.

"It all depends on the situation at the time and improvisation." Ji Feng said.

"Then how do we act?" Zhang Lei asked.

"When the time comes, I will bring Bai Zhu into the venue to check out the situation." Ji Feng mused as his mind raced through his thoughts and formulated a plan, "Lei Zi, you take the three of them outside, don't show yourself, especially don't reveal your identity, and wait for my signal."

At this time, hearing Ji Feng's words Liu Zejun and Yao Zhijian were obviously both slightly stunned, Ji Feng's words seemed to have other meanings ah. Let Zhang Lei lead them?

Wouldn't that mean that it was for Zhang Lei to command them?

Although the two felt strange in their hearts, they did not obviously show it, nor did they speak out against it, after all, this was arranged by Ji Feng, and for Ji Feng, they were really convinced.

However, Liu Zejun and Yao Zhijian both had a question mark in their hearts as to whether Zhang Lei could command them well.

It is like in a team, the one with the best skills may not necessarily be the captain.

The commander must have a big picture view, he must look at the whole picture, and he must make the most suitable arrangement at the right time, this is a suitable commander!

For this arrangement of Ji Feng, Zhang Lei was also slightly stunned, and then, the subtle change of expression of Yao Zhijian and Liu Zejun did not escape Zhang Lei's eyes, he did not say anything, but only nodded slightly, but in his heart he said to himself, he must prove his ability!

Ji Feng saw that both Liu Zejun and Yao Zhijian did not raise any objections, and secretly nodded in his heart, in this regard, Liu Zejun and Yao Zhijian's obedience was commendable.

In fact, what he was most worried about was that Zhang Lei could not command them, but in fact, from the very beginning, Ji Feng wanted to let Zhang Lei command the whole battle team, only that at that time, he was worried that Zhang Lei's parents would oppose him to take this path instead of taking the career path, so Ji Feng did not mention it.

But now, it is possible to let Zhang Lei try to get in touch with it.

After all, Zhang Lei had even touched the black`dao, and Ji Feng knew very well that Zhang Lei hadn't made a lot of waves during that time in the northeast!

"Then it's settled!" Ji Feng said, and this was settled, "Remember, we have one day to prepare the vehicles and weapons, as well as the roadmap for the operation, and some other details, and another day to gather as much intelligence as possible!"

Zhang Lei and the others all nodded, Ji Feng's arrangement was very general, but the general direction was all taken into account, and the points were all key.

Vehicles and weapons, routes and details, which points were all important.

After a slight pause for a moment, Ji Feng added: "Also should prepare first aid equipment, especially the special effect current, it is necessary to carry it with us, we cannot be careless, this time we have to face mercenaries who have really experienced gunfire before, and their numbers are several times more than ours, if we do not pay attention, it is likely that we will suffer a big loss!"

Speaking here, his face turned serious: "All of you are my Ji Feng's good brothers, I don't want any of you to be injured more so, I don't want anyone to be sacrificed because of this, understand?!"

Campus Master Chapter 2834

That time in the Northeast, Zhang Lei blocked a bullet for Ji Feng, but almost died. If the bullet had been more accurate at that time, Zhang Lei would have been killed there.

That incident had taught Ji Feng a deep lesson that he could definitely remember for the rest of his life. Therefore, before this operation, Ji Feng repeatedly urged Zhang Lei and the others to pay attention to their own safety.

Other things are no longer insignificant, as long as people are safe, compared to people, other things are not important.

Zhang Lei nodded and said, "Don't worry, I will definitely pay attention."

However, Ji Feng shook his head and said, "Just paying attention is not enough, you must put safety first, the success of this operation is secondary, the main thing is to protect yourself!"

After repeatedly admonishing him a few times, seeing that Zhang Lei and the others had listened, Ji Feng was then relieved. What he was most afraid of was that Zhang Lei might be too aggressive once he first took over command, which would make it easy to get injured, which was not what Ji Feng wished to see.

If it was said that taking all the remnants of the Cheetah Mercenaries in exchange for any of Zhang Lei and the others, Ji Feng was not willing to do so, this time even if all the Cheetah Mercenaries ran away, as long as Zhang Lei and the others were not in danger, it would be no problem.

After admonishing them, Ji Feng then clapped his hands and said, "Okay, then next all get ready, once the route is determined, check your weapons again, I won't say much more nonsense, just be careful when it comes to action."

Because now Ji Feng did not know the exact address where that business salon was held, so it was not possible to determine the route of action now, so we had to set the plan of action first, for example, how to act, who would be responsible for the main attack, who would cover, how to solve the problem of vehicles, etc.

Leaving Zhang Lei and the others to deliberate, Ji Feng contacted Lao Zhou to find out more details, and a well thought out plan of action was gradually formed.

Old Zhou soon sent the detailed address of the salon, and at Ji Feng's request, Old Zhou provided a car, which Ji Feng and the others drove around the place several times to determine the course of action, as well as the route of retreat, before returning to the landing site.

And after that, they waited for the salon to open.

At noon the next day, Ji YuYing called again, but her voice was a bit hesitant: “Ji Feng, you don’t want to come to the salon this time, right?”

Ji Feng smiled and asked, “What’s wrong? Didn’t we agree before, why do you suddenly not need me to go again?”

In his heart, he was realising that perhaps something had changed.

Ji Yuqing said, “Actually, after thinking about it, I don’t think it’s appropriate. This business salon is just a networking event, and there are dignitaries present, so it’s very boring, and you will definitely feel uncomfortable coming here, so you should not come.”

The truth was that she had no idea what to expect.

She herself found it a bit strange that Ji Lihai suddenly asked her to invite Ji Feng, so she investigated carefully, trying to figure out Ji Lihai’s purpose. She started with the list of attendees and found that apart from one of the dignitaries who had always been extremely hostile to the Mainland, there was nothing wrong with it.

However, the only person on the list that could be related to Ji Feng was that dignitary – that person had been jumping up and down and had made some hostile remarks against the Mainland on more than one occasion in public.

This made Ji Yuethai a bit worried, wondering if some unexpected changes would happen when the time came.

Although this had nothing to do with Ji Lihai, but instead, Ji Yuqing found problems in this regard, so she called Ji Feng and asked him not to come to the event.

As for why Ji Lihai had suddenly invited Ji Feng, Ji Yuhui had yet to figure it out, and in order to do so, she even called Ji Lihai directly to ask a direct question, not hiding her distrust of Ji Lihai.

However, Ji Lihai didn’t say anything more, apart from reprimanding her with a sullen face for fooling around.

After thinking left and right about what was wrong, Ji YuHai did not want Ji Feng to come, she did not want Ji Feng to risk his life because of her invitation.

Although Ji Feng did not know Ji Yuhui’s psychological activities and the process of her investigation, he could hear the hesitation in her words, but for Ji Feng, it was necessary to go to this salon in person.

It was a good opportunity to do away with all the remaining members of the Cheetah Mercenaries. Otherwise, those guys were usually with that dignitary, so it was not easy to find the opportunity.

And Ji Feng didn’t have much time to waste here, after the Alpha ore was shipped back, he had to go back immediately to refine and develop the laser gun, so he had to seize this opportunity.

Although, Ji Feng was also puzzled by Ji Lihai’s sudden invitation, it would not be a reason to stop him.

“YuYi, you don’t have to be polite, I’ll be there on time tomorrow.” Ji Feng laughed, as if he didn’t hear the meaning of Ji Yuhui’s words, “It just so happens that I want to take this opportunity to gain more

insight, I've never been to an event like this before! Besides, since you thought of asking me to act as a shield, I must do my duty!"

"But"

Ji YuYi was just about to say something when she was interrupted by Ji Feng.

Ji Feng laughed, "Alright, it's a deal, ah, it just so happens that I'm going back, so while we're at it, we can have a couple of drinks too."

"..... Then, okay."

Ji YuYi finally nodded her head and said. She originally wanted to persuade Ji Feng, but when she heard Ji Feng say that he was about to go back and wanted to have a couple of drinks with her, she subconsciously agreed.

Ji Feng smiled and said, "Then we have a deal. By the way, send me the address and the time when the event starts, I'll be there tomorrow on time! Oh, since this event is so high-end, does it also need an invitation?"

"I'll send it to you later, no need for an invitation, just call me when you arrive and I'll pick you up." Ji Yueting said.

"Fine! It's settled then!" Ji Feng said with a smile.

"..... Okay!"

Ji YuYi nodded her head and hesitantly agreed. In her heart, she was secretly saying to herself, "The bad doesn't work, the good does, her somewhat not-so-good premonition, don't let it come true!

After that, she secretly hesitated while sending the address and time of the salon to Ji Feng.

After receiving the text message, Ji Feng found that it was exactly the same as what Old Zhou had found out, so he couldn't help but smile slightly.

But not this time. This was an opportunity that he had to seize.

Even if it was dangerous, he would admit it!

Otherwise, if he missed today, he would not know when he would have the time to clean up those bastards. You know, these people are always screaming that they want to make China look good and take mad revenge on China.

And some of the media on the island, which are deeply hostile to China, are publishing the words of those people word for word, and even adding fuel to the fire.

Seeing them being so arrogant and insulting China all day long, Ji Feng was really annoyed.

On the third day, at around four o'clock in the afternoon, Ji Feng took Bai Zhu with him and quietly appeared on the side of a road a few streets away from the drop-off point.

The business salon event started at 6pm sharp, but since there were dignitaries present, as well as some business tycoons and entrepreneurs, and even a black `Daoist magnate like Ji Lihai, the other attendees must have arrived a little early to show their respect.

Therefore, when Ji Feng and Bai Zhu took nearly an hour to arrive at the entrance of the hotel where the salon was held, there were already luxury cars parked here, the lobby was already lit up, and there were people standing at the entrance of the hotel to greet them, and there were signs with banners hanging next to them, and the words Business Salon were scrolling on the led display above the door of the hotel.

The hotel's entrance, looking at the situation, Ji Feng knew that if there is no invitation then definitely can not enter, just look at that door standing to meet the people with a respectful smile on their faces, but every guest, they will carefully check the guest's invitation, Ji Feng knew that it is afraid that it is impossible to mix in, unless not go to the front door, from the window or where to sneak in.

Ji Feng took out his mobile phone and was ready to call Ji YuYi.

But just as he took out his phone and was about to dial the number, he suddenly frowned slightly, his eyes narrowed a little, and the corners of his mouth wore a cold smile.

Ji Feng felt as if someone was staring at him from the shadows, and not only in one direction!

Even, even from above!

Ji Feng kept his phone in his hand, put it down flat, and from the smooth mirror-like screen of the phone, he swept all the windows just above the point, but found nothing.

The company is really alert!

Ji Feng secretly snorted coldly, it looks like, today is a banquet without a good banquet!

"Young Ji, something is not right!" Bai Zhu took two steps closer to Ji Feng without a trace and said in a lowered voice, "I feel as if someone is watching us!"

As her cultivation level increased, Bai Zhu's senses were also quite keen, and her previous experience as an assassin had made her almost develop an instinctive general vigilance, as a result, she just habitually scanned the surroundings, but she unintentionally felt that someone was spying on them.

This made Bai Zhu instantly alert and subconsciously sensed a danger!

Campus Master Chapter 2835

Ji Feng nodded imperceptibly and said, "Noted, it's fine, let's go in and talk."

Bai Zhu, however, said in a low voice, "I still don't feel right, young Ji, should we inform Zhang Lei and the others and tell them to be careful and watch out!"

"Let's wait until we get inside." Ji Feng said, his expression didn't change in the slightest, except that if someone looked close they would have noticed that a cold aura flashed across his eyes, cold and austere!

"Ji Feng!"

Soon, Ji YuYi came out from inside and she stood at the doorway waving towards Ji Feng, "Come in!"

As soon as she appeared, she immediately drew several people standing at the door to look at her, unable to help but show a hint of amazement in their eyes. No wonder, Ji YuYing's dress today was just too beautiful, an evening gown on her body, outlining her perfect figure without reservation, her long hair coiled behind her head, again showing an elegance, plus her own aura, it was just too eye-catching.

"Let's go, let's go over there!" Ji Feng turned his head and said to Bai Zhu.

"Mm."

Bai Zhu nodded slightly, but her gaze still scanned the surroundings from time to time, with a chilling look in her beautiful eyes.

However, when Ji Feng led Bai Zhu to Ji Yuhui, she became even more attractive. Ji Yuhui was elegant and charming, but Bai Zhu had a beauty that was not inferior to hers, and even had a kind of heroic aura that Ji Yuhui did not have, which was even more attractive.

Standing together, Ji Yuqing and Bai Zhu were simply a pair of beautiful women competing to be beautiful!

"I'm not late, am I?"

Ji Feng asked with a smile. Originally, he thought he was early enough to come, but he didn't expect that Ji YuYi had already arrived.

Ji Yuhui shook her head and said, "No, it's still early, and now everyone is here just to exchange and communicate in advance to warm up the room. Let's go and talk inside."

She led Ji Feng and Bai Zhu inside, leaving only some people at the entrance to look at the backs of the two women with awe-inspiring gazes, especially the pink back exposed by Ji Yuhui's evening gown, which became a dead giveaway to the few men at the entrance.

Perhaps Ji Yuhui was already used to such stares, or perhaps she was also used to being the focus of people's attention, so she didn't mind too much, but introduced Ji Feng in a low voice as she walked inside.

"There are a lot of people coming to this event today, the vast majority of them are bigwigs in North City, and there are dignitaries coming too, but that has nothing to do with us, that's their official business" Ji YuYi obviously knew that there would be dignitaries coming here today pulling together some entrepreneurs and business tycoons, but it was something she didn't care about because she didn't like that kind of deceitful activity and had only come here for the face of the North City Chamber of Commerce.

Ji Feng smiled and nodded, he already knew all these things, the information provided by Old Zhou was very detailed, even down to the list of attendees.

Of course, this might have some errors and discrepancies, but the general situation Ji Feng had understood.

The salon event was held on the top floor of the hotel, and only after arriving did Ji Feng discover that the entire floor of the hotel had been converted into a salon venue, with a buffet-style dinner inside, in addition to a rest area, and when Ji Feng looked around, he found that the rest area was divided into several blocks.

“Let’s go over there!” Ji YuYing led Ji Feng and Bai Zhu to one of the lounge areas, “That lounge area in front is where those old bosses and dignitaries gather, we’ll just be here.”

In any place, there are classes, and the same was true here.

According to Ji Yueting’s introduction, those dignitaries and business tycoons were exclusive to a rest area, and others would be very conscious of not going near it, because those who were not of sufficient status and class would be uncomfortable even if they went there with a shy face, and if they did not have eyesight they would instead attract the displeasure of those tycoons and dignitaries, and no one would go and actively seek this trouble.

“Yu Ying!”

Ji Feng and the others had just found a round table and settled down when they heard a voice come over, they turned their heads to look and saw a man in a suit walking over with a glass of wine.

This man was probably around thirty years old, dressed in a suit, his hair was even brightly combed and wore a bow tie, and coupled with his gentle smile that he tried so hard to make, one could easily recognise that this should be a rich gentry who was just pretending to be elegant.

As soon as she saw this man come over, Ji Yueting couldn’t help but frown slightly, and although it quickly disappeared, it was enough to show that she didn’t like this man.

“What are you doing here?” Ji Yuet asked, her voice calm and unsavoury.

“I haven’t finished talking just now, and you suddenly left, so I came to see if you were up to something.” The man said with a smile while his gaze swept over from Ji Feng and Bai Zhu, and when he saw Ji Feng, his eyes narrowed slightly, revealing a hint of caution.

However, when he saw Bai Zhu, he was slightly startled, and then a look of amazement flashed in his eyes.

Ji Feng noticed that when this man’s gaze landed on Bai Zhu, this man’s hand holding the wine glass seemed to have jerked a little harder, although the movement was subtle, it could not escape Ji Feng’s eyes.

Even though this man still had a gentle smile on his face, Ji Feng could immediately tell that this man was definitely excited the moment he saw Bai Zhu.

Is it the excitement of seeing a beautiful woman?

Or was it

“I’m fine, I just have to entertain two friends, sorry, excuse me!” Ji Yuet said.

“Oh? These two are your friends, I wonder what they are called?!” The man asked with a smile instead, not seeming to see Ji Yueting’s attitude at all.

“..... I won’t introduce you, I’m sorry, my friend and I have things to talk about, I wonder if you could please excuse us?!” Ji Yuqing said directly, although she tried to be as euphemistic as possible, she was actually quite direct.

“You have something urgent?” The man asked.

Ji Yueting frowned, “Does it make a difference if it’s urgent or not?”

The man laughed, “If it’s not urgent, then we shouldn’t talk about it here, after all, it’s not very convenient to talk about things here.

Ji Yueting said at once, “Sorry, no need!”

“How can”

“Would you please excuse yourself, please?!” The man was still trying to speak when Gee said straight away.

“..... Okay, no problem!”

The man choked for a moment and the smile on his face became a little awkward, but he casually put down his glass, then took out two cards from his pocket and handed them to Ji Feng and Bai Zhu respectively, smiling, “My humble servant, Fang Yu, is the deputy general manager of the Dongsheng Group, if there’s anything you need to help, just say so, YuYi’s friend is my friend!”

Ji Feng smiled and took the business card, but found that the card was actually metal, and the surrounding edges were actually gold!

On the business card was only the title of Vice General Manager of Dongsheng Group, below that was his name, Fang Yu, and then the phone number. The whole business card was simple, but anyone who saw it would understand that the owner of this business card was afraid that he was so poor that he only had money left!

“This beauty, please.”

Bai Zhu didn’t take it, which made Fang Yu a little embarrassed, but still said with a smile.

Ji Feng casually took it again and said, “I’ll take it on her behalf!”

Fang Yu froze, and then said, “Take care of yourselves, and keep in touch later.” Only then did he leave.

Looking at his back, Ji YuYi shook her head helplessly. Ji Feng smiled and asked, “YuYi, is this your suitor? Or a blind date?!”

Ji YuYi said helplessly, “You should stop flirting with me, I’m getting bored to death!”

“Someone chasing is still annoying?!” Ji Feng laughed, “You’d be more annoyed if no one was chasing you!”

Ji YuYi then gave him a scornful look and then lightly laughed and shook her head, but just then her gaze suddenly froze and her eyebrows frowned slightly before quickly stretching out again.

Ji Feng immediately followed her gaze and immediately raised his eyebrows, who did he think it was!

Another man came over, holding a glass of wine and not waiting for Ji YuYing to invite him, nor did he seek their consent, but casually sat down opposite them, with a sneer on his face, his hand gently shaking the wine glass containing red wine, and said with a smile, "Ji Feng, you finally showed up, I thought you were so frightened all this time that you had already fled back with your head in your hands!"

Bai Zhu's pretty face instantly sank and looked at him coldly.

Ji Feng smiled: "Your Duke Bao wasn't even scared, so why should I flee back?"

The man sitting opposite was no other than Bao Weisheng, who was currently staring at Ji Feng with a cold smile on his face, his eyes angry and cold as he said in a low voice, "I never know what fear is, but I know how to hold a grudge! What others have inflicted on me, I will definitely pay back ten times a hundred times!"

"Is that so? Oh!"

Ji Feng smiled, and then said nothing more.

Bao Weisheng was instantly enraged, Ji Feng was clearly ignoring him, which instantly brought back humiliating memories of Bao Weisheng and made him hate Ji Feng even more.

"Ji Feng, do you know, I heard that quite a few people want your life now!" Bao Weisheng laughed coldly, "Moreover, the law and order at night on Treasure Island is not very good now, I advise you to go back early, it's not safe to stay out all the time!"

"Oh!"

Ji Feng nodded his head.

Bao Weisheng: "....."

He took a few deep breaths, trying to suppress the spurting anger in his heart, but it made his face look even uglier: "Ji Feng, sometimes, arrogance has a price to pay!"

At once, Ji YuYi's brows knitted, "Bao Weisheng, Ji Feng is my friend, are you saying so here, do you think I don't exist, or do you think I, Ji YuYi, will be afraid of you?!"

Ji Feng, however, waved his hand to stop her, raised his eyes to look at Bao Weisheng and asked, "Have you finished?"

"So what?!" Bao Weisheng said with his head held high.

"You're not leaving after you've finished, waiting for me to send you off?!" Ji Feng said indifferently.

Campus Master Chapter 2836

"Good! Very good!"

Bao Weisheng's face was sullen, with a grim look in his eyes, he nodded heavily, "I hope you continue to be arrogant!"

Ji Feng didn't even pay attention to him, Bao Weisheng's barking was no different from a dog barking in his eyes!

Seeing this, Bao Weisheng gave Ji Feng a cold look, picked up his glass and got up to leave, he only came here to demonstrate with Ji Feng, now that Ji Feng was so arrogant, Bao Weisheng naturally would not stay here.

After Bao Weisheng left, Ji YuYi frowned slightly and said, "This Bao Weisheng, he's too arrogant!"

She was sitting on the side, and Ji Feng was her friend, but Bao Weisheng dared to be so disrespectful, which made Ji YuYi very angry.

But Ji Yuqing also knew that Bao Weisheng was not an ordinary person, and the influence of the Bao family in Treasure Island was no less than that of the Chuk Yuen Gang. Perhaps in terms of deterrence, the Bao family was not as powerful as the Chuk Yuen Gang, but when it came to economic strength, the Bao family was still slightly stronger.

Many of the businesses of the Chuk Yuen Gang are not visible, such as the smuggling of cars and other businesses, but the Bao family's businesses are all on the table.

Moreover, the Bao family employs hundreds of thousands of workers in over a dozen large factories on the island and around the world, bringing in an astronomical amount of tax revenue each year and solving many people's employment problems.

Despite the fact that the Bao family's factories have been repeatedly exposed to scandals such as the mistreatment of workers and the poor food and accommodation conditions, this does not detract from the economic strength of the Bao family and the taxes they pay every year.

Even if the workers are dissatisfied, it is useless if you don't do it, there are plenty of others who do.

Therefore, for Bao Weisheng, Ji Yuqing could only treat him as an equal, but Bao Weisheng's arrogance still made Ji Yuqing a little unhappy, Ji Feng is her friend, Bao Weisheng was so arrogant in front of her to Ji Feng, this is clearly not put her in the eyes!

Even if there was a personal grudge between Bao Weisheng and Ji Feng, but now that she was sitting here talking to Ji Feng, Bao Weisheng came over and barked nonsense, this was undoubtedly provoking!

"Ji Feng, you don't have to be ordinary with him, I will definitely teach him a lesson!" Ji YuYi said.

"It's alright, I'll just treat it as a dog barking twice here." Ji Feng smiled noncommittally.

Ji Yuhui was slightly stunned and then laughed lightly, "In Treasure Island, but no one dares to describe Bao Weisheng like that, and you are still the first!"

Ji Feng said, "It's because no one dares to, that's why he feels that the sky is the boss and he's the boss!"

Bao Weisheng might be very prominent on Treasure Island, but he was not yet in Ji Feng's eyes!

Only, regarding Bao Weisheng's performance tonight, Ji Feng still felt vaguely strange, because he seemed to see a touch of smugness in Bao Weisheng's eyes, which seemed to be a kind of gloating, and like he was being ruthless!

What did he have to be proud of?

Ji Feng secretly frowned, then he thought of the surveillance he had received outside the hotel before, and he couldn't help but secretly say, could it be that those who were watching him outside were Bao Weisheng's people?

Did Bao Weisheng arrange a backhand? Or was he planning to make a move on himself tonight?

"Ji Feng, what are you thinking about?" Seeing that Ji Feng was silent and seemed to be in deep thought, Ji Yuqing couldn't help but ask.

"Oh, nothing." Ji Feng shook his head and smiled, then, he saw a young man in a suit walking towards this way, with a big smile on his face.

"YuYi, you're here, what are you talking about?" The young man asked with a smile, and then asked very politely, "May I sit here?"

"....."

Ji YuYi glanced at Ji Feng and smiled bitterly helplessly.

Ji Feng couldn't help but smile, no wonder Ji YuYi would say how boring the salon was tonight, and even called herself specifically for help, at this moment, Ji Feng kind of saw that they had just sat down for a few moments here, and this was already the second one to come over and strike up a conversation.

The first one was the second one to come over and talk to him. Strictly speaking, this was no longer a conversation, because this young man obviously knew Ji YuYi, perhaps it would be more accurate to say that he was on a blind date.

Ji Feng sat there in an old-fashioned manner, and Ji Yuhui had a shield, pointing at Ji Feng and smiling, "Sorry, I have friends in, we're talking about something!"

With that, the young man politely left.

However, this was just the beginning, and in the next hour or so, seven or eight youths came over to greet Ji YuYi one after another, making Ji YuYi only smile bitterly and keep dealing with the situation.

It was only when some big names arrived one after another and everyone's attention was diverted that Ji Yuqing was able to breathe a sigh of relief, and by this time, her cheeks were smiling a little stiffly.

"You're still laughing!"

Seeing Ji Feng snickering on the sidelines, Ji Yuhui couldn't help but rant, "I'm getting annoyed, and you're still gloating on the sidelines!"

Ji Feng wore a smile and shook his head, "No no I just think you're too charming, eh!"

Ji YuYi couldn't help but give him a blank look, this guy was obviously flirting with her.

“Everyone!”

Suddenly, a loud voice came over, but it was a voice from the stereo in the venue, everyone turned their heads to see a somewhat bald middle-aged man standing in front of the microphone at the podium of the venue, cleared his throat and said, “Everyone, welcome to take time out of your busy schedules to attend this salon event, on behalf of the North City Chamber of Commerce, I would like to welcome you all and to express our sincere gratitude”

Wow~

Applause rang out from below.

Through this person’s speech, Ji Feng realised that this person was the vice president of the North City Chamber of Commerce on Treasure Island, and should be considered the host of this salon, controlling the proceedings of the event.

At this time, Ji Feng’s gaze swept through and he spotted some people, and his gaze faintly stared.

Ji Lihai!

Close to the podium, Ji Feng spotted the figure of Ji Lihai, who was talking to a person in a low voice, and when he looked at that person’s appearance, Ji Feng even gave a secret cold hum. This person was the same dignitary who had taken in the Cheetah Mercenaries, and the same guy who had sung against the Mainland more than once in public, even openly insulting it!

Apart from that, Ji Feng also saw several familiar faces, those were faces that could often be seen in some magazines or on TV, there were dignitaries and business tycoons from the Treasure Island.

It had to be said that the business atmosphere of Treasure Island was actually definitely much stronger than that of the mainland, and the fact that a lot of people who had achieved high success in business had emerged from a mere island was enough to tell us something.

Ji Feng’s gaze, however, was still focused on the dignitary.

This man was probably in his fifties or sixties, his figure was a bit bloated, to put it bluntly, he was obese, and unlike the suits worn by the people present, this man was wearing a Zhongshan suit, but that obese figure was what made the Zhongshan suit look ugly on his body!

“This guy has already arrived, so the boss of the Cheetah Mercenaries, shouldn’t be far behind, right?!” Ji Feng narrowed his eyes and secretly thought.

However, Ji Feng’s gaze swept around, but he didn’t see anyone in particular, except for a few bodyguard-like people, the rest of them didn’t have that iron-blooded aura on them at all, at least, Ji Feng didn’t see anyone among these people present who looked like mercenaries.

Ji Feng secretly wondered in his heart, this dignitary had arrived, did the people from the Cheetah Mercenary Group not come? But according to the intelligence, because this dignitary had offended too many people and done too many things out of the ordinary, he was extraordinarily afraid of death, so every time he went out he was followed by many bodyguards, and even when he stayed at home, there were bodyguards at home constantly.

Especially in recent times, since he had taken in the Cheetah Mercenaries, he had always had the Cheetah Mercenaries follow him when he went out, and he had never been without them.

But now, apart from those few bodyguard-like people, Ji Feng didn't see anyone who looked like a mercenary at all.

"Hmm?!"

Suddenly, Ji Feng's eyes narrowed slightly. Once again, he noticed that he seemed to be watched by someone, and then he looked in that direction Ji Feng untraceably took out his sunglasses from his pocket and tilted them slightly, and immediately found a young man dressed as a waiter at the back of him diagonally, watching him quietly, with a mobile phone in his hand and the screen still lit up, as if he was in contact with someone.

Bai Zhu suddenly moved closer to him, lowered his voice and said, "Ji Shao, the situation is not right, it seems to be"

Ji Feng slowly nodded and slightly raised his hand, not letting Bai Zhu continue, but whispered, "Tell Lei Zi about the situation here, tell him to be careful!"

Bai Zhu immediately understood, nodded and took out her mobile phone and nestled in the sofa pretending to play with it to contact Zhang Lei.

The corners of Ji Feng's mouth, however, spread a smile, it seems that the situation here is not a small gap from what he originally envisioned!

Oh

Things are getting more and more interesting!

At the same time, Ji Feng also vaguely sensed that it seemed like someone had long known that he was coming to this salon and had been waiting for him ah!

Otherwise, why did he feel that someone was watching as soon as he arrived at the entrance of the hotel?

And a cold, cold light flashed across Ji Feng's eyes, and the surveillance cameras on the ceiling in the corner, why were three of them all pointed at him?!

Is this just a coincidence?!

Ji Feng sneered in his heart, so it was not only himself who had a plan tonight, and it was not only himself who intended to make a move, right?

When he thought of this, Ji Feng suddenly understood why Bao Weisheng had a sense of smugness and gloating in his eyes when he came over I'm afraid that at that time Bao Weisheng already thought he was going to become a dead man, that's why he was so smug and had a feeling of revenge!

But, in the end, who will die, that is not certain yet!

Campus Master Chapter 2837

The top, a few dignitaries went up to speak, as well as a few heavyweights from the Chamber of Commerce, and listening to Ji YuYing's introduction, the titles were all in a row, which seemed to carry a lot of weight.

Ji Feng just looked on coldly at this, the dignitaries of Treasure Island wanted to rope in businessmen, or a certain businessman wanted to defect to someone, this had nothing to do with him at all, he came here to have a look, he just wanted to gain some insight and see how these things play out in Treasure Island!

However, the only thing that satisfied him was that no matter whether it was these dignitaries or the few people who had weight in the Chamber of Commerce, none of them spoke for a long time, and some of them even simply said three or five sentences to liven up the atmosphere and then came down.

This is quite different from the mainland leaders who speak for an hour or two at every turn!

In fact, when you think about it, it is understandable that these dignitaries are here today to seek funding support, they should keep their posture low, no one has such strong patience to listen to their long-winded speeches that are tasteless. As for whether or not they can seek financial support, or how much they can pull in, it's not something that can be determined by just a few words on stage.

"All right, everyone, without further ado, please feel free to communicate!" With the middle-aged difficult man who was hosting the event smiling and spreading his hands, the originally quiet scene in the venue suddenly became noisy and everyone finally started to communicate with each other, of course, the voices were certainly not very loud, those who could come here were naturally all self-proclaimed high society people, although occasionally they liked to do nasty things, but now everyone was still very considerate of face.

Seeing Ji Feng's slightly surprised look, Ji Yuhui pursed her lips and laughed lightly, "What, you still can't get enough?!"

Ji Feng lost his smile and said, "What's so unfinished about it! I'm just a bit surprised that their speech was so short?"

"It wasn't supposed to be long!"

Ji Yuhui laughed, "It's not like it's a campaign speech! If those few who have taken a fancy to a certain entrepreneur or business tycoon, they will definitely communicate in private, and only after they have clearly articulated some of their political ideas and some of their views in private, so that the entrepreneur feels that it is worth investing, will people invest their money!"

Ji Feng smiled and suddenly realized that this was the case!

If you think about it, since these entrepreneurs are able to make it so big, there are naturally not many of them are fools, who would invest their hard-earned money so irresponsibly for no reason? If that were the case, then it would not be called an entrepreneur, but a loser!

So, the next step is to communicate with each other in private.

The dignitaries will certainly find the entrepreneurs they have targeted and talk to them in private, listen to their demands and then explain their views so that the other party can clearly understand that by investing money to support them, they can reap benefits in the future and get effective returns.

Only then will those entrepreneurs invest their money.

Ji Feng turned his head around to look, and he really found that everyone was whispering in private, of course, because of the different status and position, the venue was divided into several areas, Ji Feng's gaze, on the other hand, was mostly focused on the dignitary who had taken in the Cheetah Mercenary Corps, but he was seen like a flower butterfly, constantly greeting people in the venue, and surrounded by several people, all holding glasses of wine, not knowing what they were talking about.

Ji Feng couldn't help but secretly sneer, this person is simply like a jumping clown, seemingly in the limelight, but in reality, apart from jumping up and down like a jumping clown to please his master, he is simply useless.

If such a person is allowed to take power, it will be a real disaster for the island!

You can see that after a certain person who claimed to be a descendant of the Kepong people was in charge back then, he almost completely cut off his contacts with the Mainland, but made the business of Treasure Island struggle, and after he was later found to have problems and put in jail, Treasure Island changed its situation and established channels with the Mainland again.

As a result, business on Treasure Island almost went through a boom!

Now everyone knows what a huge market China really is, and no one is willing to give up on it, but there are those who still don't recognise the situation – perhaps, in their hearts, they know it well, but it would certainly benefit them more for themselves to do so now!

At this time, someone else came to talk to Ji Yuhui, who had no choice but to use Ji Feng as a shield all the time, after all, as the first lady of the Chuk Yuen Gang, she had to have these social engagements, and there were some people who could not be shunned.

Ji Feng, on the other hand, was sitting on the sofa, his gaze sweeping past the faces of everyone on the scene.

“Hmm?!”

Just then, Ji Feng suddenly saw that Bao Weisheng was looking at him, only to see that Bao Weisheng was not far away, holding a glass of wine and not socialising with anyone, but also sitting on the sofa looking at him, and, Bao Weisheng's gaze was very smug.

Seemingly seeing Ji Feng's gaze, Bao Weisheng raised his hand to look at his watch, grinned at Ji Feng and smiled smugly, that look, seemed to be looking at a dead man already!

Ji Feng looked calm, it seemed that Bao Weisheng had his mind made up, thinking that he could definitely kill him tonight?

Then let's give it a try!

He quickly left Bao Weisheng behind, although Bao Weisheng was indeed a character, but in terms of force, Bao Weisheng was still far from it!

What Ji Feng was really paying attention to now was where the people from the Cheetah Mercenaries had gone!

Did the dignitary think it was inappropriate to bring the Cheetah Mercenaries to such an occasion, so he didn't bring them, or did the Cheetah Mercenaries actually come, but hid in a place Ji Feng didn't know about?

It is extraordinarily important to find out this question!

Ji Feng also raised his hand to look at the time and frowned slightly, more than twenty minutes had passed, how come there was still no news?

Just shortly after entering the venue and realising that the Cheetah Mercenaries were not beside the dignitary, Ji Feng immediately asked Bai Zhu to contact Zhang Lei and tell him to be careful. At the same time, he knew that Zhang Lei would definitely scout quietly, and even if Zhang Lei hadn't thought of this one, Liu Zejun and Yao Zhijian would definitely have alerted him.

At the same time, Ji Feng sent a message to Old Zhou, asking him to find out if the people from the Cheetah Mercenary Group were still at their residence.

But more than twenty minutes had passed by now, but no news had come from Old Zhou, and he didn't know if he hadn't figured it out or if something had changed in the middle!

"Buzz~~"

Suddenly, Ji Feng's mobile phone vibrated, he took it out and scanned the screen, then immediately picked up the phone, "Lei Zi, what do you say?"

Zhang Lei's voice immediately came over, "Crazy, is it convenient to talk over there?"

Ji Feng nodded without moving his head and said, "Go ahead."

Zhang Lei then understood, he said, "Don't have any reaction, and don't be surprised there are quite a few people outside, just now we turned around and found that there are at least six spots, moreover, the other side is likely to have snipers, it's very troublesome!"

Ji Feng's eyes narrowed for a moment, six points, and snipers?!

It seems that this time certain people really intend to leave him behind, this has to be his life!

Ji Feng smiled, it seemed that this salon was really lively today, not only did someone know in advance that he was coming, but they had also set up a net of heaven and earth waiting for him!

"Are you sure?" Ji Feng asked calmly.

"Difficult!"

Zhang Lei said, knowing that Ji Feng was asking if he was sure about pulling out these six points, "The six points are distributed in different directions, and they're not even on the same building, and the

distance between them is far, so if they're all connected to each other, there's no way we can pull them out at once!"

There were at least six dots that they had detected alone, but, together with him, there were only four people in total, unless Ji Feng and Bai Zhu also made a move and they were one against one dot, which would be just right, but that was obviously impossible, if those people's target was indeed Ji Feng, then as soon as Ji Feng showed his face, he would definitely be attacked by their madness!

Think about it, in different directions, there were six points with snipers in them, if Ji Feng walked down the street below, that network of firepower alone would be enough to seal off any way for Ji Feng to go, and as long as the snipers were a little more clever, Ji Feng would be absolutely dead!

"Or else this way, I'll go and try first, if they're not connected to each other, then maybe there's still a chance!" Zhang Lei said.

"Don't make any rash moves!"

Ji Feng's face remained calm, to outsiders it looked like he was just having a normal conversation, but only Bai Zhu, who was standing next to him, had stern eyes, only to hear him say, "Go scout first, don't rush to make a move, focus on those remaining criminals!"

Those six points, and snipers, in fact, Ji Feng is not too worried, the key depends on how well those snipers choose the location, moreover, snipers are not completely insurmountable, the real threat is still the people of the Cheetah Mercenaries, these people are really veterans who have experienced the gunfire, once the hand is exchanged, these people are the biggest trouble.

Zhang Lei nodded: "I know. Are you okay in there?"

Ji Feng smiled, "I'm fine, you don't need to worry about me, just be careful yourselves."

He then ended the call.

Glancing again at Bao Weisheng who was not far away, he smiled, he was really going to have some fun today!

Outside the hotel, inside a taxi, Zhang Lei sat in the driver's seat, with a sullen face, and said, "Brothers, we're going to move around."

Yang Bin immediately asked, "How?"

Yao Zhijian also looked at Zhang Lei, seemingly waiting for his answer, but Liu Zejun, alone, was looking at the building outside with narrowed eyes and a cold face.

Zhang Lei knew that now was the time to test his command ability the most, whether he could arrange it properly or not, this would not only determine how the battle would go tonight, but even whether they and Ji Feng would end up dead on the streets tonight!

Therefore, Zhang Lei's face was extraordinarily serious!

Campus Master Chapter 2838

“So far, there are six surveillance points found around us, four of which are suitable as sniper points, and we saw a sniper rifle just now!”

Zhang Lei looked serious and repeated what he had just found to emphasise how tricky it was this time. Again, we don't know if these points are connected to each other in any way, let alone if they belong to the same person in command

Perhaps because the other party had accurate information and knew that Ji Feng was still inside the venue, the snipers at two of the surveillance points actually arrogantly poked their heads out first, and even set up their sniper rifles to make aiming, shooting motions.

The result was that when Zhang Lei and his team were scouting with binoculars in the car, they saw it at once!

This instantly made their hair stand on end and they were immediately alerted.

They immediately turned around and went back to the hotel, starting from the entrance, and scouted the road carefully, and finally they found six spots, four of which had sniper rifles, two of which had snipers poking their heads out, and the remaining two spots had people with binoculars looking at the hotel entrance, but no snipers... ..

Perhaps the two men with the binoculars were themselves snipers.

Or perhaps, the two dots were just responsible for surveillance and not for doing anything!

Zhang Lei could not be sure, they could only identify four points, but they only knew that there were snipers and at least one sniper rifle in these four points, but they did not know if there were others.

So there were too many unknowns if they were to move, and each of those points might contain several times as many enemies as they did, and if that was the case, it would be impossible to make a good deal of it tonight!

“If the people in these six points are all arranged by the same force, then whether they are connected to each other or not, at least they must be connected to the people who sent them, once we miss, then we will be exposed!”

Zhang Lei's eyes flashed shrewdly as he said in a deep voice, “Therefore, as long as we make a move, we must take out all of the other party in the shortest possible time!”

Yao Zhijian and Yang Bin nodded their heads at the same time, indeed, what Zhang Lei said was not far from the truth, and this was even without knowing if there were snipers at the remaining two points, moreover, they both did not know if the six points found now were all of them, and did not know if there were any left that had not been found.

If you take all these contingencies into account, there are too many possibilities.

In that case, they would have to take out all the opponents at once, or else they would be the ones to die if they came back to their senses!

If there were snipers on the ground, they would be overwhelmed, even if they had more weapons.

“Let’s pull out these four points first!”

Suddenly, Liu Zejun, who hadn’t spoken, spoke up, pointing up through the car window and said, “Since four of them have been identified as a threat, let’s do away with them first, and then clear those remaining two points!”

Yang Bin asked, “But what if the other side detects it?!”

Liu Zejun said, “If we move quickly, the other side won’t be able to detect it.”

Whether the other side could detect it or not actually did not lie with the other side, but with them. If they were fast enough, the people in the house would not have the slightest chance to resist, but it depended on whether they were fast enough!

In other words, the key would depend on whether they were strong enough!

Zhang Lei suddenly smiled and nodded his head, “That’s right! Old Liu is right, the key will depend on whether we are fast enough!”

As he spoke, he raised his hand to look at his watch and said, “It’s still early, let’s wait a little longer and wait for Ji Feng to send us a message before we make our move!”

Several people nodded slightly, although Zhang Lei didn’t say why they had to wait a little longer, they were all elites and naturally knew that if they did it too early, they might alert the other side too soon!

Zhang Lei said, “There’s still time, let’s go around again and see if there’s any more ground floor places! Also, let’s scout around again and try to find out the remaining members of the Cheetah Mercenaries!”

As he spoke, Zhang Lei started the car again.

The others did not say anything, acquiescing to his decision. At this moment, Yang Bin, however, gave Liu Zejun an untraceable look.

Although Yang Bin didn’t talk much, he was very resourceful, otherwise, he wouldn’t have been able to escape despite the Yang family, especially Yang Feng, mobilizing the Yang family’s forces to surround him At this moment, he realized that Liu Ze-jun’s words just now seemed to have some hidden meaning of competition!

–Acting fast, the other side can’t detect it.

The first time I saw him, I was able to see that he was a good man.

But

The first time I saw the company, I had to go to the airport.

The actual fact is that you can find a lot of people who are not in a position to be able to get a good deal of money. Or

The actual fact is that you can’t get a lot of money out of a person’s pocket.

So, it would be unwise for him to get involved in anything at this time, and he couldn’t interfere because it didn’t carry enough weight!

The first thing you need to do is to take a look at the front of the car.

The car quieted down as it started, Zhang Lei's speed was not too fast or too slow, and the road map of the neighborhood was already deeply imprinted in his mind, he first followed the original scouting route again and asked, "Xiao Yao, what about it?"

Yao Zhijian shook his head and said, "Still the same, no extra ones found!"

Zhang Lei frowned slightly and said, "Then go somewhere else and take a look!"

He then drove the car to another road, and this time, Yao Zhijian kept his binoculars on his eyes, but gradually, his expression changed.

"Damn it this way too!" Yao Zhijian cursed.

They found that there were likewise several surveillance points on this side of the road, and although they didn't see snipers, they were able to deduce from their previous experience that there must be snipers in there, and maybe even more men.

The hotel is located on a road, and there is a three-way intersection not far in front of it.

It seemed that the other side was setting up step by step, and from the time Ji Feng entered the hotel, the other side was already closing the net!

This was someone who knew that Ji Feng was coming to this salon, so they had already set up and waited for him here!

"Write it down, come back and scout again!" Zhang Lei said in a deep voice, then slightly accelerated and drove past underneath those few monitoring points.

.....

Meanwhile, in the hotel, Ji Feng sat on the sofa, raised his hand to look at the time, and then looked up at Ji YuYi who was exchanging pleasantries with someone not far away, and the two young handsome youths beside her, he shook his head and smiled, it looked like Ji YuYi had pulled herself to be a shield, which was a blunder.

Ji Feng did not like this kind of occasion, and he did a very poor job as a shield. If it was in normal times, he would have found an excuse to leave, but today he did not, not only because of Ji Yuhui, but also because of the current situation.

Ji Feng really wanted to know what kind of backhand the other side had laid and who was actually involved!

More importantly, he wanted to buy Zhang Lei and the others enough time so that they could move with ease. Ji Feng believed that there must be a lot of arrangements from the other side outside now, and Zhang Lei and the others were short-handed, with only four people, so although they would be more flexible in their actions, they would need enough time!

Therefore, Ji Feng had been sitting there, and I was afraid that certain people would be relieved as long as they saw him there.

“Little Mr. Ji, why are you sitting here alone and dazed?!” Suddenly, a voice rang out from the side and said with a smile.

Ji Feng, however, was not the least bit surprised, he just shook his head and smiled, saying, “I’m not dazed, but I have some things I can’t figure out and am studying them! On the contrary, Mr. Ji, he is the focus of attention in this venue today, how come he has time to take care of me?”

Ji Feng didn’t need to turn around to know that this speaker was none other than Ji Yuhui’s father, the leading boss of the Chuk Yuen Gang, Ji Lihai.

The last time the two of them talked to each other alone, it had left a deep impression on Ji Feng, and Ji Feng’s voice was so deeply imprinted in his mind that even if Ji Lihai only said one word, Ji Feng could instantly hear that it was his voice!

Sure enough!

When Ji Feng turned his head, he saw that Ji Lihai was standing not far away with a smile on his face, holding a glass of wine.

Campus Master Chapter 2839

At this moment, Ji Lihai was idle and casual, the civilized stick he had been holding before was not in his hand at the moment, but the dark jade ring on his right hand was very interesting.

But what Ji Feng paid more attention to was Ji Lihai’s expression, and the transformation of Ji Lihai!

It was odd!

Ji Lihai had hated him a hundred thousand miles away before, how come he was now coming over to talk to him on his own initiative instead?

“Oh?!”

Ji Lihai seemed not to have heard the touch of mockery in Ji Feng’s words, but very casually sat down on the sofa opposite Ji Feng, his face still had that seemingly absent smile, but it was uncomfortable to look at, “I wonder what little Mr. Ji doesn’t understand and what he’s working on?!”

“There’s so much I don’t understand that even if I say it, Mr. Ji may not be able to help me answer it!” Ji Feng smiled.

“That’s not necessarily true, in Treasure Island, I can still answer some things!” Ji Lihai said with a smile, “Little Mr. Ji, why don’t you tell us?”

“Alright! Since Mr. Ji is interested, then I’ll talk about it?” Ji Feng smiled, “There are just two places within this place that make me feel strange, look at that waiter

Ji Feng nudged his mouth in the direction of a waiter standing roughly ten meters behind Ji Lihai, with a few people in between, Ji Lihai spared his head and took a moment to look before seeing the waiter.

He asked, “What’s wrong with that waiter? Did he not serve Mr. Xiao Ji properly?”

“That’s not true!”

Ji Feng shook his head and smiled, saying, "It's not that he didn't serve me well, but he served me too well – he would look towards me every few minutes, or to be precise, look at me, and then take out his mobile phone to send a message, it seems that he is paying attention to me all the time, and for that, I am really I'm flattered!"

"Is that so?"

Ji Lihai looked surprised, seemingly not expecting Ji Feng to say that, he asked, "Little Mr. Ji, isn't that too sensitive? There are so many waiters here, and all these gorgeous ladies, their eyes can be wandering over young handsome men like you in the venue, Little Mr. Ji, you're still not used to such gazes?!"

Ji Feng was surprised and then lost his smile, "Heh! This explanation from Mr. Ji is really the first time I've learned it, well, even if that waiter's behavior can be explained, then how about those cameras above the head?"

"Cameras?!"

Ji Lihai asked smilingly, "What cameras?!"

Ji Feng's gaze glanced towards the ceiling and said, "There are a few cameras on this ceiling that have been pointing at me since I came in, is this an extra view of me too?"

Ji Lihai frowned slightly, "Is there such a thing?!"

Ji Feng then smiled and didn't say any more. Since he had already made the point, whether Ji Lihai believed it or not, it didn't matter anymore. The most crucial thing was that he wanted to test the waters through Ji Lihai's mouth!

If this matter is related to Ji Lihai, then when he hears Ji Feng say this, he will definitely be wary in his heart and perhaps adjust the arrangement.

However, if this matter was not related to Ji Lihai, then Ji Lihai would definitely react differently!

"Little Mr. Ji, could it be that you are too sensitive?!" Ji Lihai asked.

"I don't think so!"

Ji Feng shook his head and said, "One thing is a coincidence, two things then is not a coincidence, I don't believe there are that many coincidences in this world, don't you think?"

At once Ji Lihai nodded and smiled, "That's right! Mr. Ji, I appreciate your vigilance and caution, well said!"

"Mr. Ji, you've come to see me, what is it?!" Ji Feng smiled and asked, as if he hadn't heard Ji Lihai's compliment.

"It's nothing really, I just heard from someone that Mr. Ji has a deep relationship with the Jiangzhou Tengfei Group in the Mainland?!" Ji Lihai suddenly asked.

"A bit of a relationship!"

Ji Feng nodded his head very frankly and admitted it.

Ji Lihai smiled and said, "That's it, I'm actually looking for you this time because I want to talk to you about cooperation, I don't know if you're interested!?"

"Cooperation?!"

He had thought of various possibilities, perhaps Ji Lihai would come to test, or to warn, mock, etc., but none of them had thought that Ji Lihai actually wanted to talk to him about cooperation this time! That was a rare thing!

Ji Lihai nodded his head and said, "That's right, cooperation!"

Ji Feng's eyes narrowed, "How do you want to cooperate?" Could it be that Ji Lihai wanted to buy the new chrome alloy?

However, Ji Lihai's answer was once again out of Ji Feng's expectation, only to hear Ji Lihai say, "The special effect current produced by the Tengfei Group, I wonder if it can be supplied to the outside world?!"

"Special effect current?!"

Ji Feng frowned and asked, "Mr. Ji is well-informed!"

The special effect current was only available to the military, outsiders didn't even know that this kind of drug existed, but Ji Lihai could name it out of the blue, and even asked directly if it was available to the public, which meant that Ji Lihai actually knew a lot about the special effect current!

The fact is, Mr. Ji should understand that at our level, there is rarely any information that can be kept completely secret. There is a saying that there is no impermeable wall in this world, even if the secrecy is done well, it is impossible to block it completely!"

Ji Feng smiled, "Mr. Ji is still well-informed, at least more so than I am, as I am largely unaware of the business of the Chuk Yuen Gang!"

"If Little Mr. Ji is willing, then I can introduce you to it?!" Ji Lihai said.

"That won't be necessary!"

Ji Feng shook his head and said with a straight face, "Mr. Ji, frankly speaking, I don't think our cooperation can be negotiated because the special effects current is only for the internal supply of the military, moreover, it is a confidential product and cannot be supplied to the outside world, in this regard we have a contract with the military! So, I can only say sorry!"

"It's alright!"

Ji Lihai seemed to have expected this result, as he smiled, "It's okay that we can't cooperate, it's only my fault for having talked about greed, huh"

Ji Feng, however, could not help but frown slightly, since Ji Lihai knew about the special effects current and seemed to know so much about it, it was impossible for him not to know that the special effects

current was only for the military supply, since that was the case, how could he still come over to talk to himself about this?

Moreover, after he had just rejected it, Ji Lihai immediately stopped mentioning it, this kind of attitude, how could it not be like he had come to talk about cooperation.

“Little Mr. Ji, when are you planning to go back?!” Ji Lihai suddenly asked.

“Soon!”

Ji Feng smiled, raised his hand to look at the time and said, “I’ll go back soon if I can make it past tonight!”

Ji Lihai’s gaze flashed, “What makes little Mr. Ji say that?!”

“There’s nothing I can do about it!” Ji Feng smiled, “I don’t know who is taking such good care of me, so I have to worry if I’ll still be able to walk out of here tonight!”

“There’s no need to worry so much!”

Ji Lihai said, “If little Mr. Ji is in any kind of trouble, I’d be happy to help!”

Hmm?

Ji Feng smiled, but he was even more surprised.

If Ji Lihai wasn’t sitting right across from him, he would have even thought that he hadn’t heard wrong?

Ji Lihai had actually offered to help him out? This was simply a joke!

He had to know that just a while ago, Ji Lihai’s attitude was still unmistakable and extremely unwelcoming to him, but now, Ji Lihai suddenly seemed like a different person, which made Ji Feng very confused and even more surprised in his heart.

“Little Mr. Ji don’t be nervous, in fact I do think that the two of us having a bad relationship for many people is a scene that they would be happy to see!” Ji Lihai seemed to have seen what was in Ji Feng’s mind and said, “On the contrary, I am afraid that this scene of us talking to each other now is not something that anyone would like to see!”

Ji Feng’s heart twitched and he gave Ji Lihai a surprised look. But he was stunned to find that at this moment, Ji Lihai’s face was sunken and he stood up without waiting for him to speak, “Since little Mr. Ji is so insistent, then it seems that there is nothing more to discuss between us, so be it!”

After saying that, Ji Lihai turned around and left.

Ji Feng frowned tightly and drooped his eyelids, letting his surprise, doubts, disbelief and other various complex emotions all be hidden in his eyes and heart, not letting anyone notice.

He was really surprised!

Ji Lihai’s words just now really made Ji Feng extraordinarily surprised, one might even say stunned!

Because, just now, Ji Lihai's words were clearly expressing a meaning – some people did not want to see a scene of the two of them getting along well, but instead preferred to see a sword fight between them!

Perhaps that was why Ji Lihai had treated him the way he did when they first met!

At least, that was what Ji Lihai had expressed, if Ji Feng had understood correctly!

Because just now, Ji Lihai deliberately came over to talk to him about cooperation, originally, although the two people could not talk happily, but they had smiles on each other's faces, but then, once Ji Feng refused, the two people did not say two words, Ji Lihai suddenly turned cold, then got up and waved his sleeves away!

No matter who saw this scene, I'm afraid they wouldn't think that he and Ji Lihai were getting along well!

Is this the reason why Ji Lihai came over just now?

And why did Ji Lihai have that attitude when we first met?

Ji Feng frowned slightly, even his eyes were slightly half closed, he felt that Ji Lihai's attitude was very odd, and from these words of Ji Lihai, it was hard for him to tell whether these words were true or not!

However, now Ji Feng had no more energy to think about Ji Lihai, as the time gradually passed, this salon had also entered the high tide stage, but once it passed, I am afraid that the next time would be the time to leave the venue.

In other words, it's not too long before the show breaks up!

Campus Master Chapter 2840

Despite knowing that this saloon might not be very long from ending, Ji Feng still did not signal Zhang Lei to make a move, but only observed the surrounding situation without a trace.

"Hey!"

Ji YuYi came back at some point, her pair of eyes looked at Ji Feng and asked warily, "Did he come to you just now? Didn't say anything excessive to you, did he?"

Naturally, Ji Feng knew that this he in her mouth referred to Ji Lihai.

He shook his head and smiled, "No. You shouldn't be so sensitive!"

"There's really nothing?!" Ji YuYi, however, was not quite convinced and looked at Ji Feng suspiciously, asking after him.

Ji Feng laughed, "No really, Mr. Ji only wanted to talk to me about cooperation, but for some reasons, I had to refuse, so since we couldn't talk about cooperation, there was no need to continue the conversation!"

He explained briefly.

However, Ji YuYi still didn't quite believe it, because although she was being pestered by those few young people just now, the corner of her eyes saw that Ji Lihai and Ji Feng seemed to have ended up

having an unhappy talk, especially the sunken look on Ji Lihai's face when he was leaving, which was enough to show that his talk with Ji Feng was not very pleasant!

From what Ji YuYi knew about Ji Lihai, if the topic between them was not too sharp or Ji Feng's words were too sharp, Ji Lihai would never have shown such a look in public.

You know, as the leader of the Chuk Yuen Gang, Ji Lihai is an extremely influential figure in the whole of Treasure Island, he naturally has to pay attention to his image in public, it doesn't matter what he does in private, but now that the whole Chuk Yuen Gang is thinking of whitewashing and developing towards formalisation, Ji Lihai is very mindful of this!

Therefore, Ji YuYing could be sure that there must have been some conflict between Ji Feng and Ji Lihai just now, and the conflict might even have been very violent.

"If he said anything to you, don't forget it in your heart!" Ji Yuhui pursed her lips, seeing that Ji Feng was unwilling to tell her, she could not afford to keep asking questions, especially after seeing that those few young people were already walking towards this way.

In fact, when she saw Ji Lihai coming for Ji Feng, she wanted to stop him, but with so many people around, she couldn't stop him, so she could only pretend she couldn't see him, but she was always watching from the corner of her eye! As soon as Ji Lihai left, she immediately came over.

"Don't worry, it's alright!" Ji Feng smiled and comforted her.

"It's good that it's alright." Only then did Ji YuYi nod slightly, her eyes glanced at Ji LiHai who had already walked into the crowd, her face tinged with anger, it was because of him that Ji Feng had left in a hurry before, and it was only until now that the two of them had met, perhaps if she hadn't called Ji Feng, Ji Feng might not even have called her again, right?

Just because of Ji Lihai, it almost put a damper on the friendship between the two!

And now, he actually came over to make trouble again, although Ji Feng did not say so, that should also take into account his face

"Ji Feng, if there is anything you need to help, just say so, don't do what you did last time!" Ji YuYi hesitated for a moment and said another sentence.

Ji Feng was stunned, then he understood, nodded with a smile and said, "Don't worry!"

"YuYi!"

Only then did Ji YuYi want to speak, but several young people had already walked up to her. She was quite helpless and glanced at Ji Feng, but she noticed that Ji Feng's mouth had a smile at the corners and seemed to have a sense of gloating.

At once, she couldn't help but give Ji Feng a blank look, this guy, is this still here to act as a shield for himself?!

Helpless, Ji YuYi had no choice but to turn around and answer the call!

But at this moment, among those few young people, there was someone who noticed that just now, Ji Yuhui and Ji Feng were talking happily to each other, which made them feel very uncomfortable in their hearts, they went to great lengths to please Ji Yuhui, but it was hard to get a smile from the goddess, but this guy just sat there with a big grin, but was able to make Ji Yuhui smile coquettishly, how could this make them comfortable?

“This is” a young man stared at Ji Feng with an unfriendly expression.

However, Ji Feng was ignoring him, for this kind of jealousy Ji Feng was really lazy, if Ji Yuhui was his girlfriend, then he would have definitely stood up for herself, but now, he really didn't have the extra heart to deal with these people!

However, this performance of his fell in the eyes of that young man, but it was full of arrogance, and that man immediately looked cold: “This one is very wild!”

“That's for sure, don't even look at who he is, he's from the mainland, of course he's crazy!”

Just then, a shady voice suddenly sounded, several people immediately turned their heads to look, but saw Bao Weisheng standing next to him with a smirk and a mocking sneer on his face, although he was talking, his gaze was fixed on Ji Feng, clearly mocking him.

Everyone else couldn't help but faintly stare, and then they were happy.

Well!

So he's from the Mainland, he's a rustic who hasn't seen the world. Dare I say, he's not stunned by the opulent décor and design of this place?

Well, that's possible!

The young men were smiling wistfully, while looking at Ji Feng. Now that Mr. Bao Weisheng had taken the lead, they were naturally happy to watch the show, since Mr. Bao Weisheng had taken the lead, this bumpkin from the mainland would definitely be out of luck!

Moreover, he might even make a big fool of himself!

“Bao Weisheng, don't go too far!” Ji Yuhui couldn't help but sink her pretty face at her words, “Do you really think I don't dare to do anything to you?!”

“Miss Ji!”

Bao Weisheng's face suddenly turned cold as he said in a deep voice, “Others are afraid of you, but I'm not afraid of you, you better not talk to me in such a tone! Besides, I'm talking to him now, who are you to interfere?”

At her words, Ji Yu Yi became furious and her eyes were icy cold, “Bao Weisheng, say it again!”

Bao Weisheng grunted, “I'll say it ten times more! He's not your boyfriend, aren't you afraid of being gossiped about if you protect him so much?!”

Hearing these words, Bao Weisheng's tone could not help but soften a little.

In the end, even though he was a strong man, Ji Yuqing was a triad member after all. If she really pissed off Ji Yuqing, she would really arrange for some people to beat him up, not to say kill him, but just break his legs or something like that.

Even if there was a violent conflict between the two families afterwards, he would have suffered this loss!

As the saying goes, a good man will not eat a loss in front of his eyes, so naturally Bao Weisheng would not stand up to Ji Yuoyi, so he immediately shifted his spearhead and pointed at Ji Feng.

“You

Ji YuYi said angrily, “Whether he’s my boyfriend or not, this is not for you to care, but you dare to sarcastically say something about my friend, this is not okay!”

Bao Weisheng snorted coldly, looked at Ji Feng and sneered, “Isn’t it cool to hide behind a woman?!”

“Bao Weisheng, who are you to say that about him?” Ji YuYi sneered, “Who was the one who was beaten up like a dead dog by him in the first place? Hmm? Tell me, did you have that much gusto back then!”

“Humph!”

Bao Weisheng snorted coldly at his words, his cheeks twitched a few times and he almost cursed. Being beaten like a dead dog by Ji Feng on the yacht was a lifelong disgrace that he had never dared to mention, but now that Ji Yuhui had revealed it to his face, he was furious!

The others were shocked to hear this, Bao Weisheng was beaten? And was beaten up like a dead dog?

They suddenly thought that some time ago, there was not a rumor that when Bao Weisheng and Gao Jianyun went on a cruise, they ended up running into special forces from the mainland, and one was an old enemy of Bao Weisheng, as a result, both he and Gao Jianyun were beaten up and could not get up, and were finally helped up by the bodyguards with them, and the yacht was even smashed to pieces.

Only now did everyone realise that the man who had beaten Bao Weisheng at that time was him!

Ji Feng had suddenly become mysterious in their minds.

Seeing that everyone’s eyes had changed, Bao Wei was so angry that he almost vomited blood, he glanced viciously at Ji Yu Yi, but the latter stared back with the same lack of weakness!

“Humph!”

Bao Weisheng’s face was so gloomy that water could almost drip out of it, and he snorted coldly, infuriated!

And at this time, someone squeezed over from behind and shouted lowly, “Cut the fucking crap, Ji Feng, aren’t you good at kung fu? I’ve brought a master today, do you dare to have a match with him?!”

Everyone took a look and suddenly it dawned on them, it turned out that this person was no other than Gao Jianyun, who was rumoured to have been severely beaten up together with Bao Weisheng!

At this moment, Gao Jianyun also had a resentful look on his face as he stared at Ji Feng, gnashing his teeth!

“Seeking death!”

At this moment, Bai Zhu, who had been sitting next to Ji Feng and was being held down by Ji Feng’s hand, stood up in a flash, and her beautiful eyes stared coldly at Gao Jianyun with a murderous aura!

Bai Zhu’s face was as cold as frost, with a rising murderous aura that actually caused Gao Jianyun to subconsciously take two steps backwards, and when he reacted, he couldn’t help but turn red.

Ji Feng patted Bai Zhu’s hand, indicating her to sit down, and then he stood up, swept a glance at Bao Weisheng and others and Gao Jianyun, and asked indifferently, “Say it, what do you want to do, draw the road directly!”

Since Bao Weisheng and Gao Jianyun had come to the door at this moment, there was naturally nothing to say, he would take all the paths if there were any.

He would like to see what the hell these two guys were up to!

And brought an expert?

But Ji Feng felt that today’s scene was really getting more and more exciting, there were snipers outside, there was an ambush, and there was even an expert inside?

Heh!

His gaze wasn’t really cold, but sweeping over Gao Jianyun and Bao Weisheng, he couldn’t help but send chills down their spines.

“Good, then, if you have the guts, you will accept our challenge!” Gao Jianyun swallowed a mouthful of spittle and said in a stern voice, “I have brought an expert, you two fight, if you can beat him, then our grudge will be settled, but if you lose, you can’t blame anyone for being killed!”

Speaking here, Gao Jianyun as if he suddenly had confidence in time, tilted his head and stared at Ji Feng: “Do you dare to promise?!”
