

Campus Master Chapter 2841

Ji Feng didn't even look at Gao Jianyun, he just stared at Bao Weisheng and said indifferently, "This is your tactic? Is it interesting?"

Bao Weisheng laughed coldly and said, "Whether it's interesting or not, we'll have to wait until after the fight! Ji Feng, aren't you powerful, then fine, then let's fight!"

Ji Feng frowned and asked, "What if I don't fight?"

"No fight?!"

Bao Weisheng sneered, "It's fine if you don't fight, then you'll have to admit in front of everyone that you mainlanders have no balls! From now on, you Ji Feng should just change your name to Ji Coward!"

"How dare you!"

Bai Zhu shouted, her eyes blazing with anger, "What are you!"

Ji Feng waved his hand to stop Bai Zhu and looked at Bao Weisheng, saying indifferently, "Bao Weisheng, this tactic is meaningless, it will only make you degrade yourself! I won't represent the mainlanders, and you can't represent Treasure Island!"

"Is that so?"

Bao Weisheng sneered and suddenly turned his head and clapped his hands, saying loudly, "Everyone, everyone!"

Many people heard his voice and couldn't help but turn their heads to see what was happening, only to see Bao Weisheng pointing at Ji Feng and saying loudly, "Everyone, this man is from the Mainland but is unusually arrogant, I have some problems with him and want to settle them with a sparring match, but this man simply doesn't dare to agree, do you think he's disgracing the Mainlanders?"

The others murmured, some of them showed sneers, many of them knew Bao Weisheng, once they saw that it was him, they all knew that this young master was definitely going to clean someone up again, and they didn't know how that person had offended Bao Weisheng, this would be a disaster!

However, there were some other people present who were looking at Ji Feng thoughtfully, but they didn't know what they were thinking.

Being watched by so many people, Ji Feng's expression remained calm, but there was a hint of coldness in his gaze, and his eyes were slightly narrowed.

"I see, ah, mainlanders are all so gutless, right?" Bao Weisheng, however, laughed harshly, "Not only have they not even learned to close the door on the toilet, they don't even have the guts to do so, hey!"

"Pfft"

Many people were happy.

This analogy of Bao Weisheng's was one that many people on the island had heard before, it was also said by a big star during an interview, only that very few people spoke like that directly in front of

mainlanders, after all, it was very hurtful, but now Bao Weisheng was speaking directly in that person's face, that was already an insult!

"Bao Weisheng, I advise you that you'd better be virtuous with your mouth and not get yourself into trouble!" Ji Feng's expression, cold down, Bao Weisheng repeatedly provoked no matter, arrogant in front of him, he also lazy with Bao Weisheng in general, but, now Bao Weisheng unexpectedly mouth again, out of insult, Ji Feng is not going to tolerate anymore.

"If you want others to show you mercy, then it depends on whether you yourselves are fighting for it!" Bao Weisheng sneered, "Fear is fear, you simply don't have the guts!"

"That's right!"

Gao Jianyun also sneered next to him, "You don't have the guts or the ability but you still want others to respect you, it's just a delusion, dream on!"

He looked at Ji Feng smugly, with the same mocking look on his face.

In fact, in his heart, he hoped for a thousand times that Ji Feng would agree to it in a fit of anger, otherwise, I was afraid that he would not have the chance to teach Ji Feng a lesson in public today.

Gao Jianyun was looking forward to it. He and Bao Weisheng had spent a lot of money to hire that expert, who was the champion of the underground boxing ring in Bao Island.

Ji Feng's life was wanted, and Bao Weisheng and Gao Jianyun didn't want to get involved in this matter, yet they had to humiliate Ji Feng severely before he was made to die!

If they didn't humiliate Ji Feng now, then when Ji Feng was killed, they would never have a chance again, and then they wouldn't be able to take revenge for the severe beating they had received from Ji Feng!

Therefore, Bao Weisheng and Gao Jianyun kept provoking Ji Feng, hoping that he would answer the battle!

Seeing Ji Feng's gradually colder expression, the mocking smile on Bao Weisheng's face became even thicker as he sneered, "What, even a dirtbag can be angry!"

"Bao Weisheng, you're committing suicide!"

Ji YuYi was furious, Bao Weisheng had repeatedly provoked and insulted Ji Feng like that in front of her, which made her intolerant and said coldly, "Apologise to Ji Feng immediately and then get out of my sight! Otherwise, I, Ji Yuhui, will not stand against you!"

However, Bao Weisheng only smiled and looked at Ji Feng as if he had not heard Ji Yuhui's words.

Now that so many people were present, he didn't believe that Ji Yuhui could do anything to him. As for the aftermath Now that Ji Feng was about to die, if he couldn't humiliate him severely, there would be no more chances!

Ji YuYi's expression was icy cold: "Bao Weisheng, I repeat, immediately, apologize to Ji Feng right now! Otherwise, we will not rest until we die!"

Bao Weisheng's face changed, "Ji Yuhui, you're being too lenient, aren't you? What Ji Feng did to me in the beginning, I will return it now, this is between the two of us, it has nothing to do with you, don't interfere!"

Ji Yuhui said in a cold voice, "Ji Feng is my friend, so what happens to him has something to do with me! Apologise! Don't make me say it again!"

Bao Weisheng's face also sank as he said in a cold voice, "This is between me and Ji Feng, it has nothing to do with you, you have no say here!"

"That's what you said!?" Ji YuYi's eyes were icy cold as she stared at Bao Weisheng and asked.

"..... It's my word, so what?!" Bao Weisheng's heart was a little weak as he was being stared at by Ji Yueting, and he was really a little worried that Ji Yueting might go crazy!

"Very well!"

Ji Yueting nodded and said, "In that case, then please remember what I just said as well, from now on, from this moment onwards the two of us will not die!"

With that, Ji Yueting took out her mobile phone, to make a call!

Bao Weisheng's face was ugly, he didn't expect that Ji Yuhui would really dare to say in public that she would be at peace with him and would defend Ji Feng so much!

He gritted his teeth and said, "Ji Yuhui, you are defending Ji Feng so much, what exactly is the relationship between you two! You are the eldest lady of the Chuk Yuen Gang, yet you have such a close relationship with the son of a high ranking Mainlander, what exactly is your Chuk Yuen Gang's stance?!"

"It's not for you to judge what the Bamboo United Gang's stance is!" Just then, someone suddenly spoke up, but it was Ji Lihai who walked over, looking bland but with authority: "Mr. Bao, even your old man wouldn't dare to say this, what are you, daring to make a casual comment here? Hmm?!"

When Bao Weisheng took a look at it was Ji Lihai, he couldn't help but look pale, but still gritted his teeth and said, "Mr. Ji, I didn't mean it like that, but, Miss Ji must interfere in my affairs, and I can't just back down! Unless Ji Feng kowtows to me now and apologizes"

For Ji Lihai, Bao Weisheng did not dare to have the slightest confrontation, he knew that he and Ji Lihai were not at all on the same level, even his old man, between him and Ji Lihai, was at most on an equal footing, and he might even be afraid of Ji Lihai in some aspects!

Naturally, he would not dare to do so.

However, if he were to let Ji Feng go like that, he refused to do so, for this was his last chance! He had let a loudmouthed bodyguard spread the news, causing him to lose face. If he didn't teach Ji Feng a hard lesson now, what would others think of him?

Where would he put his face?

Ji Lihai looked at him and nodded: "Very good! You really have your old man's style!"

No one thought that Ji Lihai's words were a compliment, and it was clear that Bao Weisheng had offended Ji Lihai this time!

"Bao Weisheng, I told you to apologize, did you hear me!" Ji Yu Yi's icy voice rang out again.

"Apologize?!"

Gao Jianyun, however, sneered and pointed a finger at Ji Feng, "Asking us to apologize to this dirtbag, there's no way"

Whew~!

Before Gao Jianyun could even finish his words, Bai Zhu instantly moved, her body swayed and she instantly reached Gao Jianyun, flung her hand and slapped him over, "Pa!"

This slap was extremely heavy, instantly knocking the rest of Gao Jianyun's words back into his stomach, even causing Gao Jianyun to let out a miserable scream as his entire body flew straight across the room, smashing into the person next to him.

Bai Zhu stood there with a cold and frightening expression, "Whoever dares to insult Ji Shao half a word again, watch out for his own dog's life!"

This scene made the whole room go slightly quiet, but immediately some people started to accuse Bai Zhu, saying that she used violence casually and so on.

Bao Weisheng was also taken aback and subconsciously took two steps back, as he did not want to be the next one to be slapped by Bai Zhu!

However, he laughed coldly, "What, you've been relieved of your scars and have become angry with shame? Is that all you mainlanders have to offer?"

Bai Zhu looked at him coldly, this man was so shameless, it was obvious that he was the one who had no upbringing, but now he was backtracking and saying that others had no upbringing, how shameless!

If it weren't for this public place, Bai Zhu would really like to finish him off with a knife!

"Where is the man you hired? I'll fight him!" Bai Zhu said coldly.

"You?"

Bao Weisheng sneered, "What, Ji Feng, do you only dare to hide behind women now? Eh? Or, are you just a bald pencil who drills into women's crotches?!"

Ji Feng looked at him with a cold intent in his eyes, Bao Weisheng, had really managed to anger him!

"Call your men out!"

Ji Feng said indifferently, "Since you've drawn the line, then I'll take it!"

Swish!

Bao Weisheng's eyes lit up at once: "Good! Finally, you're a bit of a man!"

"However, I would like to add some more colour!" Ji Feng said indifferently, "I want you two to join me!"

“We?”

Bao Weisheng laughed when he heard that.

Campus Master Chapter 2842

“However, I do want to add some more colour!” Ji Feng said indifferently, “Want you two to come along too!”

“Us?!”

When Bao Weisheng heard that, he immediately laughed out loud.

It seemed to him as if it was like an extremely funny joke, and while laughing he pointed at Ji Feng, “Ji Feng, I see, ah, not only do you mainlanders have no balls, but instead you also like to brag, well, this is also very similar to your country’s style!”

Ji Feng’s eyes narrowed for a moment, our country?

He sneered in his heart, but only asked indifferently, “In a word, dare or dare not?!”

Bao Weisheng’s rampage had at most provoked Ji Feng’s anger, but this man was mouthing off about how mainlanders were, and even opened his mouth to say something about your country Ji Feng wouldn’t tolerate him anymore!

Looks like that fat beating on the yacht hasn’t knocked Bao Weisheng long enough to remember!

“You think I will be afraid of you?!” Bao Weisheng laughed coldly, “This is your own death, kid, don’t say I didn’t tell you in advance, when I fight with someone, I like to set up a life and death contract, I just don’t know if you dare?”

“A life and death contract?!”

Ji Feng glanced at him and a smile appeared on his face, “So there’s this thing now? That’s great, I like it too!”

Bao Weisheng grunted twice at once, “Good! Since that’s the case, then let’s make a share, Ji Feng, I advise you better think carefully, don’t lose your own little life without knowing how you’ll die then!”

“To fight, or not to fight?!” Ji Feng asked.

“Yes!”

Bao Weisheng stared at Ji Feng, a fierce look flashed in his eyes, and said, “Fight! Since you’re looking for death, I’ll make it happen for you!”

With that, Bao Weisheng was about to have someone prepare.

“Wait!”

However, Ji Yuhui stood out and said in a cold voice, “Bao Weisheng, you are too arrogant! If you seriously injure or kill someone in a fight, you will know the consequences yourself!”

After saying that without waiting for Bao Weisheng to reply, she looked at Ji Feng again and said, "Ji Feng, don't fall for his trick, he's just trying to provoke you to come forward, I will help you get justice in this matter, don't fight!"

"Ji YuYi, you're defending this kid at every turn, you don't think you've taken a liking to him, do you?" Bao Weisheng sneered, "This is between me and him, even if you are his woman, you can't interfere now!"

"Bao Weisheng, don't make things difficult for yourself!" Ji Yu Yi said angrily, she was really angry, Bao Weisheng was really too arrogant and aggressive, she had regard for the influence of the Bao family and gave Bao Weisheng face, but Bao Weisheng did not give her face at all!

Bao Weisheng, however, sneered, "If you want to stop me and have to protect Ji Feng, then this discomfort is really what I'm looking for!"

Ji YuYi's face sank like water!

Ji Feng, however, smiled and said, "Are you ready?"

"Yo ho, you're sending death instead and you can't wait!" Gao Jianyun was instantly amused, in his opinion Ji Feng was dead, he beckoned, "Come over here!"

"Yes!"

At once, a voice came from behind, then the crowd made way, immediately after that, everyone saw a stout man walking over, when they saw his appearance clearly, many people couldn't help but suck in a breath of cold air!

It was because this man was so tough!

This man was very tall, almost two metres tall, standing there like a wall, and his face had several scars, one of which was on his left cheek, which was so deep and obvious that it looked like a centipede was lying on his face.

But what was even more chilling was the man's eyes, which were so fierce that they were like beasts with that fierce aura!

"Kid, here comes the man who wants to fight you, as long as you can beat him, then all our debts will be settled, but if you are injured or killed, then you can't blame anyone!" Gao Jianyun said smugly. He looked at Ji Feng with a gaze that seemed like he was looking at a dead man!

In fact, in his eyes, Ji Feng wasn't much different from a dead man!

Because, this burly man was the one he had hired at great expense, and the champion of the underground boxing ring on the Treasure Island, and it was said that he had come out of the Siberian Devil Training Camp!

In the beginning, even the boxing champion who used to dominate the underground boxing arena of Treasure Island couldn't even last two minutes in front of him, let alone a frothy guy like Ji Feng!

This strong man was so fierce and intimidating, but Ji Feng's expression didn't change in the slightest, instead he said, "Let's go together!"

"Hula~!"

As soon as his words fell, the others immediately stepped back, fearing that they would be affected, but Ji Yuhui did not move, but stared at Bao Weisheng and said in a cold voice: "Bao Weisheng, if Ji Feng is damaged in the slightest, I"

However, before Ji Yuhui could even finish her words, she was suddenly interrupted.

I only heard Ji Lihai standing not far away and said with a sullen face, "YuYi, come back, there is no place for you to speak here!"

Ji YuYi choked for a moment, then she turned her head sharply to look at Ji Lihai angrily, she wanted to save her friend, but instead of supporting her, Ji Lihai was trying to stop her!

"Young Ji, I'll do it!"

Bai Zhu whispered in Ji Feng's ear.

Ji Feng waved his hand and said, "No need, just stay by the side and press the battle for me!"

Bai Zhu had to nod her head, but in her heart she was more or less worried, she could feel a murderous aura from this strong man in front of her, she knew that this guy must have killed someone, fighting with such a person, more or less there was a certain risk, she was worried that Ji Feng would get hurt!

After all, although Ji Feng was powerful, he was not invulnerable to swords and spears, this strong man looked extremely tough, once this kind of person started to fight it was all about fighting for life!

However, Bai Zhu had full confidence in Ji Feng's strength, even the dynasty's reformer was not a match for Ji Feng, how much of a threat could this guy in front of him pose to Ji Feng!

"Since you're eager to find death, then I'll make it happen!"

After such an interruption by Ji YuYing, Bao Weisheng was not prepared to that so-called what life and death certificate, in fact, he did not want to get Ji Feng killed, because if he got him killed so blatantly, it would definitely cause trouble for the Bao family, after all, the Bao family had quite a few factories in the mainland.

Moreover, if he could blatantly get Ji Feng killed, then how could he have put up with it until now? In the middle of all this, there would have been crazy revenge against Ji Feng!

However, although he couldn't kill Ji Feng openly, but now since Ji Feng was looking for death, then beating him into serious injury, this was something no one could say, who told Ji Feng to answer the battle!

The next moment, Bao Weisheng and Gao Jianyun separated, they stood on each side of that strong man, and the three of them were in a zigzag shape, surrounding Ji Feng in the middle.

Everyone else stepped back, but Bai Zhu was standing right next to him, and Ji YuYi didn't step back either, her eyes were on Ji Feng and she didn't even look at Ji Lihai!

What Ji Lihai did gave her the chills!

Ji Feng stood long in the middle of the field, his hands hanging down naturally without the slightest extra movement, it was even as if he didn't see those three people in formation surrounding him, and only after they had stood still did he ask, "Ready? Shall we begin?"

Bao Weisheng was really happy, by now Ji Feng was actually pretending instead, now he was pretending really decently, it simply made him not even know what to say.

"If you want to die, you can do it anytime!" Bao Weisheng snorted, "Or else, wait until we do it, then you'll die a miserable death!"

"No need for so much nonsense with him, just break his legs, no, break all five of his limbs!" Gao Jianyun clasped both fists in front of his chest in a starting pose, while saying proudly and arrogantly as if he had a plan.

"In that case, let's get started!" Ji Feng said.

"Hoo~~"

He hadn't even dropped his words, but the strong man suddenly stepped forward and grabbed towards Ji Feng with one hand, and looking at the direction of his grab was actually Ji Feng's neck!

..... This strong man actually wanted to break Ji Feng's neck with one hand? Or did he want to hold him directly?

Although the strong man was stout, but his movements were incredibly fast, almost in the blink of an eye he reached Ji Feng, fierce, harsh, yet ruthless!

"Ah!"

Some of the people present couldn't help but cry out in shock.

And Bao Weisheng and Gao Jianyun almost didn't shout out loud, in fact, where would they do it, even though Bao Weisheng's hands were not bad and Gao Jianyun had also practiced for a few days, but they were not going to fight Ji Feng to death in front of so many people, it was enough to have this strong man.

However, in the face of the strong man's grab, Ji Feng didn't even blink at the corner of his eyes, and in the midst of everyone's stunned gaze, he didn't see any action, he just raised his hand to block it, and all that could be heard was a bang, the strong man actually missed the grab, his hand actually slanted directly over Ji Feng's shoulder, but his momentum couldn't be reduced and he directly crashed into Ji Feng's body!

And the next moment, a scene that left everyone dumbfounded, one could even say that it made their scalps tingle, appeared.

— Only to see that the moment the burly man crashed into Ji Feng, Ji Feng's entire person actually took a sudden step backwards, and then he watched as his right leg lifted up fiercely and his knee crashed heavily into the burly man's waist.

“Well”

The strong man's entire body shook, his face instantly turned red, and then, there was a crisp 'click' sound, making it clear to everyone around him that the strong man's bones were broken!

However, this was only a matter of lightning and fire, the crowd had only just heard the clicking sound, and the next moment, they saw Ji Feng turn around and kick the strong man in the stomach with a light and nimble look.

Whew~!

But in a flash, the strong man flew straight backwards and landed heavily on the ground with a bang!

It was too fast!

Campus Master Chapter 2843

It was so fast!

From the time he started to make his move to the time the strong man flew out, it was only a second or two at most, maybe even less, but the two people moved so fast and made so many moves that the people watching were all confused, and as a result, before they could see clearly what was going on, the strong man flew out backwards and fell heavily on the ground, shaking the floor!

But there were some people in the field who saw what happened, but were equally shocked beyond belief, Ji Feng's movements were too fast, and no one could have imagined that the strong man, who was nearly two metres tall, would fall to the ground without even walking in front of Ji Feng, who was only about 1.8 metres tall!

This strong man's speed was fast enough, but, Ji Feng could actually make several moves in such a short moment, side-stepping the strong man's hand, backing up, raising his leg, knee strike, and then his foot These moves were all done in one go, no, it could simply be said that Ji Feng had struck out in a flash of lightning!

This speed alone is enough to shock many people!

The same shock was also felt by Bao Weisheng and Gao Jianyun, their faces were particularly ugly because they both knew what this strong man was really about, this was the boxing champion of the underground boxing ring on the island of Bao, this was a legendary strong man who had come out of the Siberian devil training camp!

Just like that was taken down by Ji Feng?!

This made their hearts shocked inexplicably, and there was even a touch of horror, Ji Feng's strength, was really so strong?!

Of course they would not think that the strong man was too bad, this was after fighting in the underground boxing ring, where at least serious injuries are common at every turn, and death is even more common, but this strong man was beating everyone who dared not go on stage!

But just such a person, but in front of Ji Feng is like paper mache?!

An unpleasant feeling rose in the hearts of the two!

“Well

The strong man let out a low roar of pain and sat up violently, propping up the ground with one hand and standing up at once, at this time, even through his clothes outsiders were able to see that he was injured because he couldn't even straighten his back.

Moreover, the clear 'clicking' sound they had just heard in the middle of the fight was enough to explain the problem.

But Bao Weisheng and Gao Jianyun could not help but breathe a slight sigh of relief as they saw the strong man's reddened eyes and they were somewhat relieved.

In the black boxing ring, the most dangerous thing was not the toughest looking person, but the injured fighter!

It is the fighter who is most dangerous at this time!

Because, once it comes to that, they have to fight for their lives, or else they face the end, which is death!

“Damn you!”

The strong man's eyes were red with a touch of madness as he stared at Ji Feng, his tongue licking his lips, “It's been a long time since I've met someone who can make me hurt, today, I'm going to beat you to death alive!”

Swish!

What Ji Feng responded to him was a fist!

In a flash, Ji Feng reached the strong man, and the latter's face suddenly changed dramatically in shock, Ji Feng's speed was too fast, faster than his imagination, even beyond his perception, and he finally realised that it was not good.

However, he did not have enough time to regret and react.

Ji Feng's fist, in an instant, smashed into that strong man's chest.

“Uh

Struck in the chest, the punch caused that strong man's heart to stop, and he doubled over, completely unable to breathe, and directly fainted.

Boom!

That tall, sturdy body fell straight backwards and hit the floor heavily, causing everyone's heart to jump and smashing into the hearts of Bao Weisheng and Gao Jianyun!

How could it end like that?!

Both of them could hardly believe their eyes, how is this possible?!

That burly man, but the top expert who had traversed the underground black boxing arena, where he was terrifying simply on par with the devil, now here, in front of Ji Feng how is like a porcelain doll, a touch will break?

“How, how can this be? This is the end?!” Gao Jianyun’s face was ugly to the extreme, he gritted his teeth and roared, “Waste, you’re fucking waste, thanks to me spending so much fucking money!”

“.....”

Bao Weisheng’s face was also unsightly, this result was too much out of his expectation, Ji Feng, was so powerful!

From the beginning to the end, Ji Feng had only made two moves, but these two moves had directly knocked the strong man out!

This made a complete difference to the image of watching Ji Feng being beaten and lying on the ground like a dead dog, and even going up to stomp on him two more times!

“It’s not over yet!”

Ji Feng’s voice suddenly pulled Bao Weisheng and Gao Jianyun’s thoughts from their extreme shock, and they both looked at Ji Feng at the same time, somewhat stunned.

Could it be that this strong man could still get up?

But the next moment, their faces suddenly turned ugly as Ji Feng’s gaze fell on the two of them.

At this time, many people, including Bao Weisheng and Gao Jianyun, remembered that this fight was not a one-on-one one, but a one-man fight between Ji Feng and Bao Weisheng and the three of them!

In other words, the strong man had fallen, but both Bao Weisheng and Gao Jianyun were still standing there, the two of them, had not yet fought with Ji Feng!

The faces of Bao Weisheng and Gao Jianyun were extremely ugly, they were in a dilemma. Just now, they were the ones who had spoken wildly and threatened that Ji Feng was looking for death, and they were the ones who wanted to make Ji Feng whole. Moreover, in front of so many people, Bao Weisheng wanted to establish a life and death contract with Ji Feng!

That was because they had the greatest reliance and thought that that strong man could definitely kill Ji Feng in seconds.

But as a result, that strong man was killed by Ji Feng in seconds! He didn’t even have the ability to resist!

This instantly made them both waxed. Even that strong man was no match for Ji Feng, how could they both fight him? That was no different from seeking death!

But if they didn’t fight, what should they do with the bold words they had just put out in front of so many people? How could they take it back?

If only there were ordinary people present, Bao Weisheng would have had countless excuses to cheat and shirk his responsibilities, but now there were all the celebrities in North City, and as the first heir of the Bao family, he couldn’t cheat in any way!

Otherwise, even if he did renege, his reputation would be tarnished and he would lose face, how could he be the heir of the Bao family in the future? How would he be able to inherit the family estate?

The cold sweat was pouring down Bao Weisheng's back!

Gao Jianyun was even worse. When he came back to his senses and understood what Ji Feng meant by those words, his face instantly turned incomparably pale.

Also, there were them?!

Looking at Ji Feng walking over step by step, Gao Jianyun's body trembled a little, he couldn't help but remember the scene on the yacht where he was severely beaten by Ji Feng and those special forces again, that heart-breaking pain, that pain and fear made Gao Jianyun steeply take two steps back and roared, "Ji Feng, if you dare to touch me, I'll make sure you die!"

Bao Weisheng also looked exceptionally ugly and said in a deep voice, "Ji Feng, this time, count you as a winner! According to the prior agreement, the grudge between us will be settled!"

"It's not over yet!"

Ji Feng said indifferently, but his feet did not stop at all as he walked towards Bao Weisheng step by step.

Bao Weisheng's face then became extremely ugly, he gritted his teeth and said, "Ji Feng, I've already admitted that you won today, what else do you want?!"

"Don't want anything, just to see the fight through to the end!" Ji Feng said.

"....."

Bao Weisheng really wanted to curse, what the fuck to carry the fight to the end, don't you just want to beat me?

It's obvious, everyone knows that, but it's just that Bao Weisheng can't escape, that's what annoys him the most and makes him look bad!

"Stop it!"

Just then, a voice rang out, but it was one of the dignitaries, Ji Feng turned his head to look at him and found that this person was the fat pig who had taken in the Cheetah Mercenaries.

I heard that person say with a serious face, "This is the civilized era, and this is not a gladiatorial arena, a match, that is naturally to the point, since the other party has already admitted defeat, then it can be over!"

"That's right! This is the end of it!"

"What era is this now, still dueling? Too childish, hurry up and put that away!"

"That's right, don't even look at what kind of place this is, mainlanders really don't have any quality at all, it's just too bad!"

.....

As that dignitary spoke, many people started to help, blaming Ji Feng, and even started to say that the duel itself was childish and shouldn't have been at all.

Bai Zhu was instantly on fire and almost cursed out in anger.

These people were really shameless to a certain extent! When Bao Weisheng had used such harsh words to force Ji Shao to fight them earlier, how come none of them, apart from Ji Yujie, had stood up to stop it?

When Bao Weisheng and Gao Jianyun brought in a strong man who looked like a wall to fight with Ji Shao, people who didn't know any better knew that Ji Shao would definitely lose out in terms of his body, how come no one stopped them at that time? Why didn't anyone say that dueling was childish, why didn't anyone say that it was now a civilised era?

Not only did they not say anything, they even came to watch!

But now, as soon as they saw that the strong man was easily knocked down by Ji Shao, and it was about to be Bao Weisheng and Gao Jianyun's turn, they all jumped out at once.

The reason they gave was so grand that they could even say it without changing their faces.

"Alright, let's stop here, a farce only!" When that dignitary saw that Ji Feng had stopped, he waved his hand impatiently and said another sentence.

But just then, Ji Feng just glanced at him before turning around again and walking towards Bao Weisheng step by step.

Bao Weisheng suddenly turned yellow, and he drank: "Ji Feng, what do you want to do, want to commit murder and hurt people? Didn't you hear what those gentlemen said?"

That dignitary and the few people around him were also annoyed, how dare Ji Feng treat their words as if they were falling on deaf ears?

Campus Master Chapter 2844

"I told you to stop, didn't you hear me?!"

Seeing that Ji Feng had actually ignored them at all, the dignitary was instantly furious, he drank with a sullen face, "Now if you dare to make a move, then you are committing a crime, there is no shortage of seats for you in the prison on Treasure Island!"

Bai Zhu glared angrily, if not for the fact that Ji Shao had not spoken, she would have wanted to smash the fat face of this fat pig right now, this man was shameless to the extreme!

Earlier, Bao Weisheng and the others had repeatedly provoked Ji Feng, obviously to use that strong man's hand to clean up Ji Feng, why didn't this dignitary stand up and speak up?

Moreover, now that the fight is not over, once they see that Ji Feng is so powerful, Bao Weisheng and Gao Jianyun are obviously going to lose out, and this is a crime?

It was shameless!

However, Ji Feng simply ignored it, he walked towards Bao Weisheng and Gao Jianyun step by step!

Seeing this scene, both Bao Weisheng and Gao Jianyun were scared.

They didn't expect that Ji Feng would even dare to refute the dignitary's face and even ignore him, so they both stepped back in unison, and Bao Weisheng even increased his speed, trying to get out of the circle.

But before he could retreat, Ji Wei-sheng was able to get out of the circle.

However, not even waiting for him to retreat, Ji Feng suddenly accelerated and reached him in the blink of an eye.

Bao Weisheng was so shocked that he subconsciously wanted to turn around and flee, but the next moment, he saw a flash of black shadow in front of him, and snap! A loud sound rang out and Bao Weisheng received a resounding slap on the face.

Slap!

Bao Weisheng was instantly slapped on the ground!

Ji Feng didn't have the slightest reservation about this slap, even if he didn't use bio-current, it wasn't something Bao Weisheng could withstand.

Even a Transformer might not be able to withstand the full force of Ji Feng's blow, let alone Bao Weisheng!

"Ugh"

Bao Weisheng groaned in pain, his whole body was dumbfounded by the blow, his ear door was even buzzing, Ji Feng's slap was so vicious that it made his head spin, he just felt the sky spinning!

Gao Jianyun was terrified at the sight of this, and turned around with a shriek and ran.

But Ji Feng kicked fiercely at Bao Weisheng's waist, and Bao Weisheng's hundred-pound body was actually instantly kicked up and smashed into Gao Jianyun who was running away with a bang.

"Boom!"

Both men fell to the ground like two rolling gourds, interspersed with Bao Weisheng's miserable screams, "Ah...!"

"Stop it!"

"Security! Security!"

"Stop him, subdue him!"

This scene made those dignitaries and those who favoured Bao Weisheng present all startled and angry, and they all roared in anger, some roared for Ji Feng to stop, while others were calling for security guards to subdue Ji Feng.

However, Ji Feng simply ignored them and walked towards Bao Weisheng and Gao Jianyun step by step.

The others were so frightened that they retreated in panic, the ruthlessness that Ji Feng showed made them so terrified that they were afraid of being affected, not to mention stopping Ji Feng!

“Well

“Ah! Ugh

The two men, Bao Weisheng and Gao Jianyun, were lying on the ground, screaming in pain, Gao Jianyun was even more frightened when he saw Ji Feng approaching, and struggled desperately to get up and escape, while Bao Weisheng, however, could only roll around in pain on the ground, beaten so much that he didn't even have the strength to escape.

Ji Feng's expression remained calm, but his eyes were stern and cold.

He came to the two of them and didn't say a word, but slowly lifted his foot and then suddenly stomped down!

Ka-cha-cha!

The crisp sound of bones breaking was followed by Gao Jianyun's hysterical and miserable scream: “Ah... ah... my leg...”

“Stop it!”

Many people roared in anger.

However, their roars would not affect Ji Feng in the slightest, only to see him slowly raise his foot again, and Gao Jianyun was so frightened that he was about to go paralyzed, roaring wildly at the sight.

Ka-chow!

There was another sound of bones snapping.

“Ah...”

Gao Jianyun's other leg was also severed alive! That extreme pain made Gao Jianyun's entire body tremble violently, his body twitched a few times, his eyes rolled over, and he directly fainted to death!

However, Ji Feng had no intention of stopping, he raised his foot high once more, and his gaze, in turn, landed on Gao Jianyun's shoulder!

“Ka-chow!”

“Ka-chow!”

With two consecutive kicks, both of Gao Jianyun's shoulders became mush.

And at that moment, Gao Jianyun even woke up again from his coma in pain, but what was waiting for him was a pain several times more intense than the original one!

Gao Jianyun's body convulsed a few times, his eyes rolled back and he fell into unconsciousness again!

Only this time, a wet heat emanated from Gao Jianyun's lower body, accompanied by a foul smell, Gao Jianyun, stimulated by this extreme pain, became incontinent!

“Stop it, stop it immediately!”

Just then, a rush of footsteps came, but it was the hotel’s security guards and the bodyguards brought by the dignitaries present rushing over, trying to stop Ji Feng.

Bai Zhu couldn’t hold back any longer, she directly stopped in front of those people and without saying a word, she suddenly struck out with a whip kick.

Boom!

A security guard was instantly whacked away!

“Seeking death!”

A man dressed as a bodyguard let out a low roar and pounced on him, but Bai Zhu’s beautiful eyes flashed with a cold aura, and with a side step, she simultaneously arrowed forward and elbowed the man in the temple.

“Uh ……”

The man’s eyes rolled up and an odd sound came out of his throat as he instantly collapsed.

The others couldn’t help but stumble on their feet!

Another bodyguard rushed over, but still didn’t even walk in front of Bai Zhu!

Bai Zhu stood there alone, but made it impossible for everyone to step forward.

In fact, this was the result of Bai Zhu’s mercy, otherwise, with her killing skills, none of these people would have survived if she had hit them!

The people present were dumbfounded!

No one had expected that Ji Feng would be so powerful, but this beautiful woman beside Ji Feng was also so powerful that none of the security guards, plus the bodyguards, could get past her!

“Come together, take her down and stop that thug!” A dignitary shouted angrily.

It was a disgrace that so many people were stopped by one woman!

What was even more humiliating was that the thug acted as if he didn’t even know what was happening behind him, casually kicking Gao Jianyun away like a puddle of mud, and after that, he was ready to team up with Bao Weisheng!

If they let Ji Feng do something to Bao Weisheng in front of them today, it would be a joke if they wanted to gain the support of the Bao family!

On command, the security guards and bodyguards pounced on them at the same time!

Bai Zhu shouted, but she took the initiative to attack, each one of them was not enough for her to beat her in one move, now these people came together, that was naturally the best thing, it gave her the opportunity to show off!

And so, to everyone’s astonishment, a scene emerged!

No matter who came within a metre of her, they would be knocked down in an instant.

At the same time, Bao Weisheng was trembling all over and he was paralyzed on the ground, looking at Ji Feng standing in front of him in shock and anger. What scared him was not how Ji Feng would deal with him next, but that he felt that his body was extremely wrong at the moment.

What's going on here?

However, just at that moment, Ji Feng was fiercely kicking, once again, at Bao Weisheng's waist.

Boom~~!

Once again, Bao Weisheng was kicked away and then smashed heavily on the ground!

This time, Bao Weisheng's whole body went limp, and he couldn't even use a single ounce of strength, his eyes were all blurry and even black!

He didn't know how his body had turned into this state, even if his bones were broken, he wouldn't have reacted like this!

However, a feeling of powerlessness instantly swept through Bao Weisheng's whole body, and he only felt as if his eyelids were a thousand pounds heavy, and he could not get up too.

The moment he was about to close his eyes, he saw Ji Feng grinning, "Now, our grudge can be settled!"

"....."

Bao Weisheng no longer knew what to say, in fact, he couldn't say anything and his eyes closed. Only, before he passed out, but he still heard Ji Feng's voice.

"When you're incontinent every day in the future and you're still wearing diapers, I hope you'll still remember how arrogant you were today!"

Diapers?

Incontinence?!

A feeling of extreme fear filled Bao Weisheng's heart, and he suddenly knew how he had become like this – his kidney had been damaged by Ji Feng's kicks!

The area that Ji Feng had just kicked was his kidney

Bao Weisheng was suddenly scared to death, but his body could no longer support him, and like Gao Jianyun, his body twitched slightly and he passed out!

"The battle, it's over!"

It was only until this time that Ji Feng turned around and looked at the piece of bodyguards and security guards who had fallen in front of Bai Zhu long ago, and then at the others, he said indifferently.

Those few dignitaries were however furious, "You, you"

"You're committing a crime!"

“You must go to jail”

Faced with the accusations of those dignitaries, Ji Feng but only smiled blandly, crime?

Ji YuYi hurriedly walked over and whispered, “Ji Feng, you, why are you so impulsive, you’re”

Ji Feng waved his hand and smiled, “It’s fine, don’t worry!”

Ji YuYi’s heart was anxious, how could she not worry, Ji Feng beat Bao Weisheng and others into serious injuries in front of so many people, especially Gao JianYun, the sound of the bones breaking on those two legs and two shoulders could be heard clearly by everyone, this is against the law!

Moreover, Ji Feng also swept the faces of those dignitaries, how could they possibly let Ji Feng off?

Campus Master Chapter 2845

Ji Feng gave Ji YuYi a reassuring look, and then he ignored those so-called dignitaries and celebrities, but leisurely found a seat, took out his mobile phone and played with it.

This scene really pissed off the dignitaries and celebrities present, Ji Feng simply did not put them in his eyes, and could even be said to be a blatant provocation!

No one dared to be so arrogant in front of them all, but Ji Feng did it!

“You’ll be waiting for jail!”

A celebrity pointed at Ji Feng and said angrily.

That dignitary even said in a cold voice: “Arrogant to the extreme, young man doesn’t know how high the sky is!”

After saying that, seeing that Ji Feng didn’t even change his expression, the dignitary couldn’t help but feel angry again, in his position, he could still be ignored like that, Ji Feng was really the first!

However, the dignitary could only grimace, but could not say anything else.

But the dignitary could only grimace, but he could not say anything else. Because at the moment, this matter could not be simply handled, the police had to be notified.

But the problem was, even if the police came, what could they do?

This political imperative is very clear, when the time comes, even if the police come, but everyone present knows that this is Bao Weisheng and Gao Jianyun provoking Ji Feng, and even repeatedly provoking Ji Feng, which later provoked!

To say what could be done, it was only on what happened later!

At that time, that strong man had already fallen, and even Bao Weisheng and Gao Jianyun had already fallen, but Ji Feng still struck out even when they were all incapable of resisting, and beat them into serious injuries, which was intentional injury, and could even be said to be intentional murder!

Seizing this article, he could be sentenced to imprisonment!

The dignitary’s face was gloomy, but he was thinking about how to convict Ji Feng!

Other people in the scene looked at the scene in front of them and were all secretly staggered, whispering and talking.

“Who is this young man, so wild?”

“Yes, how dare he even beat up Bao Weisheng? And, not even giving face to anyone!”

“I think Bao Weisheng said he was from the mainland, when did mainlanders become so arrogant? Aren’t they all a bunch of bumpkins then?”

“Hmph! It doesn’t matter where they’re from, to beat up Bao Weisheng like this, can the Bao family let him off? Don’t worry, he definitely won’t end up in a good place!”

.....

There was a lot of discussion among the crowd, especially for Ji Feng’s comment about not giving those dignitaries and celebrities the slightest face, which drew their attention.

Admittedly, under this political situation on Treasure Island, some dignitaries at the top are actually not very serious in their thinking of officialdom because they are not too centralized. So the dignitaries are not too high up in their eyes, otherwise how could this salon be a way for the dignitaries to get the businessmen to seek financial support? If this were done on the mainland, the businessmen would not even be able to queue up to send their money!

But anyway, since they are dignitaries, they must have some power, especially in this situation, and if they have to intervene, it will be very troublesome!

Especially, the person who built the hand is also a mainlander!

“Ji Feng, you’re too impulsive!” Ji YuYi heart anxious, can’t help but frown, “You sit here now, don’t go anywhere, I’ll let someone go get the surveillance video in hand, as long as the video is in hand to prove that it was Bao Weisheng and Gao Jianyun who provoked first, then it will be very beneficial to you”

Ji Feng, however, shook his head and smiled, saying, “No need. YuYi, thank you, but you don’t have to worry, I can handle it myself!”

Ji YuYi said anxiously, “How are you going to handle it? Those people won’t let you off, and if the people of the Bao family know that you beat up Bao Weisheng like that, they won’t let you off either!”

Ji Feng, however, said confidently, “Don’t worry, it will definitely be fine!”

Ji YuYi was helpless, Ji Feng did not listen to her advice, then she could not say anything else, after all, there were so many people watching at the scene, the main thing now was to get the surveillance video in hand, otherwise, Ji Feng might be in a lot of trouble.

So, no longer persuading Ji Feng, Ji YuYi herself immediately ordered someone to go to the surveillance room to get the video, and to do so directly in her capacity as the first lady of the Chuk Yuen Gang.

Meanwhile, at this time, someone had already reported to the police, and people from the hotel had also come, and there was a lot of commotion, and some people were accusing Ji Feng, and the whole venue was a hubbub.

But at this time, Ji Feng was sitting calmly in his seat, not even the slightest bit worried or scared, as if he had just done a very insignificant thing, not worth mentioning at all!

Ji Feng's performance made the dignitaries and celebrities furious, this was like riding on their necks!

He had to be arrested, no matter who he was!

Soon, the sound of sirens could be heard from outside, a business salon was being held here, almost the entire North City's business celebrities were here, the police would definitely cooperate to protect it, otherwise if a criminal broke in straight away, it could simply end the North City's business celebrities in one pot!

So the police soon arrived, along with the first responders who had already arrived to carry both Bao Weisheng and Gao Jianyun away to be rushed off for medical treatment, while those police officers, however, were guided by those few dignitaries and celebrities to come to Ji Feng.

"This gentleman, please cooperate with our investigation!" The policeman leading the team said in a deep voice, while the others were also on guard, in case Ji Feng made a scene.

"No need to be so polite with him, this man is a thug, a murderous maniac, arrest him straight away and shoot him dead if he dares to resist!" The dignitary who had taken in the Cheetah Mercenaries said loudly.

"Heh!"

Ji Feng laughed and said, "What a great authority!"

He turned his head to look at the dignitary and his face sank, "Do you think you're safe with the police here?"

The dignitary's face suddenly turned pale.

Ji Feng sneered, "If I want to kill you, no one can stop me, and I can take your life in the blink of an eye roar!"

He suddenly roared.

"Ah!"

In the next moment, that dignitary unexpectedly cried out in shock, while subconsciously stomping backwards four or five steps, almost not sitting on his buttocks on the ground, if not for someone behind him to help him, he would have definitely fallen on the ground.

The dignitary immediately realized his own disorder, his face turned red, but then he turned incomparably gloomy, gritting his teeth and looking at Ji Feng with painful hatred in his eyes.

"Arrest him!"

The dignitary said through gritted teeth, "If he dares to resist, shoot him on the spot!"

Ji Feng's roar just now had made him lose face, especially when his bloated and obese body stomped back several steps just now, which completely exposed his cowardice and timidity, which was simply

very different from the kind of spiritedness he usually had during his speeches, and would definitely do a lot of damage to his reputation and image, so he hated Ji Feng!

Those few policemen also all sank their faces, Ji Feng was too arrogant and dared to be so arrogant in front of them, this was not putting them in their eyes.

“This gentleman, please cooperate with us and assist in the investigation, otherwise, we will be the ones to take the necessary means and actions!” The policeman said in a deep voice, and at the same time, several other policemen had slowly approached Ji Feng.

“Hoo~”

Bai Zhu took a step forward vigilantly and looked at the policemen in a stern voice, “Whoever dares to take another step closer to young Ji, will be killed!”

Here, this was not his own territory, and with so many people here harboring hostile intentions towards Ji Shao, how could Bai Zhu be willing to let Ji Feng fall into their hands?!

Ka ka ka!

A few policemen were like enemies, and they actually aimed their robbers directly at Bai Zhu and Ji Feng respectively.

The first thing you need to do is to get the best out of the situation.

So she wasn't afraid at all, not to mention not taking half a step back! This was much stronger than the dignitary who was scared by Ji Feng's voice and almost sat on her buttocks.

However, to everyone's surprise, Ji Feng, who had been calm, stood up, nodded and smiled: “You want me to help cooperate? No problem, I'll cooperate fully, let's go!”

What?

Ji Feng actually took the initiative to ask to follow them? And to cooperate so much?

This made a lot of people present, including Ji YuYi, who knew that Ji Feng was so arrogant before, how come he was so honest now when he met the police?

This was unbelievable!

The policemen were also slightly stunned, they also did not expect Ji Feng to be so cooperative, especially when they knew that the man in front of them had trampled Gao Jianyun's limbs off alive and then beaten Bao Weisheng to death or alive, such a person should have been extremely arrogant, how could he be so cooperative?

But soon, the policemen reacted, no matter what this person was up to, as long as he was handcuffed, then he could not turn over the sky even if he was arrogant.

“Stop!”

At this moment, Ji YuYing suddenly shouted, then took two steps forward and said, “Officers, my friend is not responsible for this matter, I have the video of the scene surveillance, it is enough to prove that

this is not a murder, but a martial arts competition, and it was initiated by Bao Weisheng and Gao Jianyun, everyone at the scene saw it! If we want to hold them responsible, we should hold them responsible first, my friend at most just hit too hard, but it is inevitable that there will be bumps and bruises during the competition, this is also very normal!”

Having said all this in one breath, Ji Yueting stared at the officer and said, “Therefore, I don’t think my friend is responsible for anything, you can’t take him back, otherwise, you are bending the law for personal gain!”

Sweat!

When Ji Feng heard this, he couldn’t help but let out a bitter laugh in his heart, he knew it! This was a bit of a problem, what he was originally most afraid of was that Ji YuYi would defend him too much and stand up strongly for him, then not only would his planned purpose not be achieved, Ji YuYi would also be dragged down.

Now it was really like that!

Campus Master Chapter 2846

When Ji Feng was about to be taken away by the police, Ji Yuhui stood out.

Previously, due to the influence of the Bao family, Ji Yuhui did not do anything to Bao Weisheng, and although she was also angry, she could not help it. Especially, when Ji Feng agreed to the duel, she was even less able to speak up.

However, the situation was different now!

If she were to watch the police take Ji Feng away, she couldn’t do it, because this time, the responsibility wasn’t on Ji Feng – even if it really was on Ji Feng, Ji YuYing had to find a way to stop the police from taking Ji Feng away.

Because, once Ji Feng was taken away by the police, the consequences would be serious!

With Bao Weisheng being beaten up like this, there was no way the Bao family would let Ji Feng go, and with the influence of the Bao family in the political arena of Treasure Island, one could think with one’s heels how the police would treat Ji Feng and how the judge would sentence him then.

Under such circumstances, how could Ji YuYi let Ji Feng be taken away by the police?

Therefore, she decisively stepped forward and had someone take control of the hotel’s surveillance room and get the surveillance video of the scene, so as to prove that the main responsibility for this incident did not lie on Ji Feng’s side, but that Bao Weisheng and Gao Jianyun had provoked Ji Feng first, which had angered him and led to the subsequent duel.

It could be said that Bao Weisheng and Gao Jianyun should be held responsible for all the consequences of today!

Because of Ji YuYi’s sudden outburst, the scene was instantly silent.

Who was Maggie Kee?

She was the eldest lady of the Chuk Yuen Gang, the daughter of Ji Lihai, what did her stepping forward mean? Could it be that Ji Feng had the support of the Chuk Yuen Gang behind him?

If that was the case, then one couldn't help but be scandalized.

Even if the highest ranking police officer in the North City came, he would have to think twice, and I'm afraid he wouldn't even be able to make a decision easily. You know, the influence of the Chuk Yuen Gang is not only limited to the North City of the island!

So, the officer in charge of the team first subconsciously looked at the leader of the Chuk Yuen Gang, Ji Lihai, who was standing not far away and was also Ji Yu-yin's father, to see what he had to say.

But to everyone's bewilderment, Ji Lihai just looked at the scene calmly, as if he had nothing to do with what was going on, he was just a spectator and had nothing to do with anything else!

But the person who had come out to testify was Ji Yu-ye!

The policemen were in a dilemma!

The situation at the scene became a stalemate. With Ji Yuhui's testimony, whether she was telling the truth or not, the police didn't dare to arrest Ji Feng easily, but they couldn't just leave without doing anything now, unless they didn't want the skin they were wearing anymore!

"Officers, I can give you a copy of the surveillance video, and you'll know if what I'm saying is true when you're done watching it, but right now, my friend absolutely cannot go with you!"

Ji YuYing was however aggressive, with a touch of anger in her beautiful eyes, "Bao Weisheng and Gao Jianyun provoked my friend again and again, but my friend endured again and again, and finally only under their coercion did he reluctantly nod and agree to the match, while those two people were very shameless and invited experts from outside, I don't think I need to say much about what their purpose was, right?"

Several policemen were not good at speaking.

Nor did Ji YuYing expect them to speak, she just continued, "Therefore, this time Bao Weisheng and Gao Jianyun can be completely said to have stolen the chicken and lost the rice, this is completely self-inflicted and has nothing to do with my friends!"

"Nonsense!"

No sooner had Ji Yuwen's words left her lips than a gloomy voice rang out, a voice that was a long way away and carried a hint of unconcealed anger.

The crowd immediately turned around to see several people walking quickly from the entrance of the venue, led by a middle-aged man of about fifty years old, dressed formally but with an air of majesty and the posture of a superior person at first glance.

"Mr Bao?!" Someone exclaimed.

"It's really Mr. Bao?!"

"Ah?!"

At once, a burst of exclams rang out in the venue, even Ji YuYi could not help but blush when she saw this person, her heart sank slightly and she hurriedly gave Ji Feng a wink.

Ji Feng also turned his head and looked at the middle-aged man with some confusion, and when he saw the man's face clearly, it dawned on him that it was him!

In fact, Ji Feng had not seen this middle-aged man before, but he could often see his picture on TV and magazines as well as on the Internet. This man was no other than the father of Bao Weisheng, who had been severely beaten up by him, and also the contemporary ruler of the Bao family, Bao Guoliang!

This man's influence in Bao Island is no less than that of Ji Lihai, and in a way, he is even more influential than even Ji Lihai, because the Chuk Yuen Gang is after all a black 'gang', which is not on the stage and is not good to be mentioned in many countries or in many situations.

However, the Bao family is different. The Bao family has many industries and solves the employment problem of hundreds of thousands of people, despite the fact that there are often scandals such as the mistreatment of workers in their factories, the extremely poor conditions of workers' food and accommodation, and even the annual incidents of workers jumping from buildings in the Bao family's factories, etc. There are a lot of negative news, but the Bao family provides hundreds of thousands of jobs and has a great influence in the labour-intensive industries. labour-intensive industries!

Even in the eyes of the local government, the Bao family is a must-have. Even though there are often scandals, the Bao family has hardly been affected, and every year, the factory doors are still packed with applicants for jobs!

And this is only one of the Bao family's industries, the foundry!

One can only imagine how powerful and influential the Bao family really is!

Therefore, when Ji YuYing saw Bao Guoliang approaching, she couldn't help but stutter in her heart and secretly said, "Oh no! Once Bao Guoliang came, even if he didn't say anything, it was predictable how these policemen would choose.

At this moment, Bao Guoliang walked over with a sullen face, the crowd hurriedly backed up and made way, everyone knew that Bao Guoliang must be full of anger at this moment, and no one dared to look for discomfort at this time!

"Mr Bao!"

Seeing Bao Guoliang striding over, several policemen's hearts trembled slightly, they had not taken the murderer down by now, would Bao Guoliang be angry?

However, at this moment, Bao Guoliang acted as if he didn't even see those few police officers, but came directly in front of Ji Feng and stared at him, sizing him up for a long time.

Ji Feng narrowed his eyes and looked bashful.

Many people were nervous, because everyone knew that the calmness at the moment meant that there were dark currents underneath, and once they waited for Bao Guoliang to explode, it would be a kind of volcanic eruption of anger!

However, there were some people who were shocked to find that under Bao Weisheng's aura, Ji Feng, who was standing opposite to him, was still so calm and relaxed, and his body seemed to be very relaxed, as if he was not affected by Bao Guoliang at all!

This young man, not simple!

Many people couldn't help but secretly say in their hearts, no wonder he dared to treat Bao Weisheng and Gao Jianyun in such a way, this person, it seems, also has full strength!

"You are Ji Feng, from the mainland?!" Just then, Bao Guoliang suddenly spoke up and asked, "The grandson of the high-level Ji family in China, the nephew of Secretary Ji of Jiangzhou?!"

"It's me!" Ji Feng nodded, "What's your instruction?!"

"Wow~!"

Hearing Ji Feng admit his identity, many people were in an uproar.

This young man, he actually had such origins to come from? He was actually the grandson of a high level Mainland bigwig?! It was no wonder why he dared to treat Bao Weisheng and Gao Jianyun like that, and didn't put the police in his eyes at all!

When Bao Guoliang saw that Ji Feng had even directly admitted his identity, he couldn't help but nod his head and say, "Very good! Very good!"

He said two very good things in a row, but no one knew whether he was saying the opposite or expressing his anger, but whatever the meaning was, it couldn't possibly be a compliment to Ji Feng, right?

Bao Guoliang suddenly turned his head, looked at those several police officers, said: "Several officers, I came here, just want to come to state my position, my son Bao Weisheng took the initiative to provoke in the front, this matter he accounted for the main responsibility, as for the secondary responsibility my Bao family does not intend to pursue other people's responsibility! "

"Ah?!"

Bao Guoliang's words were simply more shocking than Ji Feng's admission of identity just now, Bao Weisheng was beaten into that state, whether he was dead or alive was still unknown, Bao Guoliang actually said that he did not intend to pursue Ji Feng's responsibility?!

What kind of joke is that?

What a joke!

His own son was beaten into that state, just like a dead dog, but he did not pursue the other party's responsibility?

The fact is that Bao Guoliang was afraid of Ji Feng's background and was afraid that it would affect his business, so he conceded the case?

Or

The first thing you need to do is to get a good idea of what you're doing.

This moment, he couldn't help but look at Bao Guoliang a few more times, this person, in the end, what ideas and calculations are playing?

If it is said that Bao Guoliang is worried about affecting the business and industry of the Bao family, it is understandable, the industry of the Bao family will be affected for sure, but that foundry is only one of the many industries of the Bao family, even if it is affected, it will definitely not hurt the bones.

The man is even more majestic than Ji Lihai, with no expression on his face from start to finish, it is obvious that this man is even more cunning and unfathomable!

"Mr. Bao, this" several policemen hesitated and were just about to ask, but they were interrupted by Bao Guoliang.

"What, can't understand what I'm saying?!" Bao Guoliang asked in a deep voice.

"No, no no!" The few policemen hurriedly waved their hands, "Since Mr. Bao does not intend to pursue responsibility, then this matter will end here?!"

Campus Master Chapter 2847

"I don't agree!"

Just when the police had all but said that they would no longer deal with it, a voice suddenly rang out, but when it became clear who said it, it was even more startling and people couldn't believe their eyes.

Ji Feng looked at Bao Guoliang and said indifferently, "I don't agree!"

Several policemen froze and subconsciously asked, "You, what did you say?!"

He didn't agree?

He still disagreed?

This was a case of holding him responsible, and now Mr Bao had just stated that he would no longer be held responsible, so he was still glad that he hadn't gone to the side to have fun, but he dared to say he didn't agree?

Is this guy the grandson of a mainland tycoon, or is he an idiot? Are all tycoons such idiots?

So what if his grandfather is a big shot from the Mainland? This is the Treasure Island, his family's influence doesn't extend here yet! With Mr Bao's power, if he really wanted to cure him, he could be played to death here!

He still disagrees?

Ji Feng's words really made everyone gasp, looking at him as if they had seen an alien!

"Ji Feng!"

When Ji YuYi heard this, she also became anxious and touched Ji Feng in a panic, which was a hint for Ji Feng to hurry up and agree, and never be impulsive.

However, it was as if Ji Feng didn't feel it, he just stood there, looked at Bao Guoliang and then looked at the policemen and said, "What, didn't you hear what I said? Something has happened, and you still don't take me away?!"

"....."

Damn it!

A few police officers looked at each other and wanted to curse, this is really the first time to encounter such a thing, the victim was almost killed, but his family is not going to pursue responsibility, this is not bad, whether to pursue responsibility is the right of others, pursued is reasonable, not pursued is magnanimous.

But

The actual person who committed the murder actually disagreed with the understanding of the people? You actually said that you do not agree, and even took the initiative to ask the police to take him away?

What the fuck is this all about!

A few police officers were really a bit confused, they had never come across anything like this before!

However, if you look carefully, you will see that when Ji Feng said this, someone in the scene frowned slightly, but then, his eyes snapped open and he looked at Ji Feng with a touch of appreciation!

Ji Lihai stood in the crowd with his hands behind his back, as if he was a spectator, but when he looked at Ji Feng, he couldn't help but nod imperceptibly, this young man, he was really something!

It's true that the grandson of the old man, Ji Lao's grandson, is really nothing less than a hero!

To be able to make such a choice in such a short period of time, this kind of reaction speed, this kind of mind, even this kind of calmness and that strong to the extreme physical hand, Ji Lihai had never seen a more excellent young man than Ji Feng!

No, it was almost impossible to treat Ji Feng as a young man now. Just Ji Feng's sophistication and spiciness made Ji Lihai subconsciously treat him as a peer.

Amazing!

"Today's matter is just a misunderstanding, Mr. Ji, that's all for this matter!" But, something that made people's jaws drop even more appeared, in the face of Ji Feng's 'ungrateful' refusal, Bao Guoliang unexpectedly expressed once again his intention of not pursuing the matter, and even, there was a tone of discussing with Ji Feng?

What the hell is going on here!

There are already people who want to disregard their manners and swear, this scene in front of them is really incomprehensible! I really don't understand it!

There are also some people who are secretly asking the people around them, what is the origin of this young man, how can he be so powerful? The actual fact is that you can find a lot of people who have been in a position to get a lot of money, but you can't get a lot of money.

Someone who knew the Mainland well explained the situation, but it was even more puzzling.

Even if the young man's family was influential in the mainland and could easily clean up the Bao family's industries in the mainland, there was no need for Bao Guoliang to be so afraid.

Even if all of them were to close down, it would not hurt the Bao family at all, so how could Bao Guoliang behave like this?

I don't understand!

Most of the people present could not understand and looked at Bao Guoliang with puzzled eyes!

However, Bao Guoliang did not have any intention of explaining, and after saying that, he looked at the policemen again and said, "This is my attitude, I can fully represent Bao Weisheng!"

A few policemen faintly stared, and then nodded their heads, "That's right, that's right!"

Several people said nonsense, you are Bao Weisheng's oldest son and the one in charge of the Bao family, of course you can represent Bao Weisheng.

After Bao Guoliang finished speaking, he gave Ji Feng another deep look before turning around and leaving. The people around him also all looked at Ji Feng with complicated expressions, then also turned and hurried to follow. Bao Guoliang appeared in the meeting room for only a few minutes before and after, said just a few words, and then left.

Even the dignitary, who wanted to go up but didn't dare to bother!

The prestige of Bao Guoliang and the Bao family was evident!

But the more this happened, the more shocked the crowd was. How could Bao Guoliang have given in to a kid from the mainland?

Everyone looked at Ji Feng with stunned and puzzled eyes, because they couldn't figure out even more why, in the face of Bao Guoliang's obvious indication that he would no longer pursue the matter, Ji Feng actually said that he disagreed!

However, what stunned people was that, seeing Bao Guoliang just walk away, Ji Feng actually shook his head slowly, seemingly somewhat helpless, and shook his head again and smiled, with what seemed to be a mocking smile on his face, as if he was mocking someone.

What does he mean by this?!

"What about you guys, what do you say?!" Ji Feng then looked at the few policemen.

"....."

A few policemen really wanted to curse in their hearts, what could they say? What could they say? The family of the person concerned had already said very clearly that they would not pursue the case, so what could they do? It's not like the person is dead!

The policeman in charge said in a deep voice: "This is a civilised place, don't make trouble here, or else you won't be so lucky next time!"

After saying that, he waved his hand, "Let's go!"

A few policemen all left, only to walk away with a look of hatred on their faces, obviously they had been made to look like dirt by Ji Feng, which made them very unhappy.

"Humph!"

That dignitary couldn't help but snort coldly as well, but in the blink of an eye, he seemed to think of something else, and then, as if nothing had happened, he turned around and went to chat with others again.

Everyone froze, but since those big shots were not going to pursue the matter, the others naturally would not meddle.

In just a few moments, the whole venue was back to its previous lively state, as if the fight and conflict just now had never happened.

Even Ji Feng couldn't help but sigh, these people's face-changing skills were really good, I'm afraid the famous face-changers in Sichuan Province couldn't even compare to them!

"Ji Feng, you just"

At this time, Ji YuYi was figuring out that something was not right. She was not stupid, she was just nervous about Ji Feng just now, but now that she saw so many unusual things, she couldn't help but feel that something was wrong.

At first, Ji Feng didn't want to fight, but Bao Weisheng forced him to.

Later, Ji Feng agreed, but once he started to fight, Ji Feng was ruthless and frightening, and even when all those celebrities and dignitaries sternly stopped him, he still had no qualms about beating both Bao Weisheng and Gao Jianyun into serious injuries!

And then

Ji Feng even took it upon himself to admit it and let the police take him away!

However, the appearance of Bao Guoliang made a 180 degree turn of events, but Ji Feng actually refused Bao Guoliang's good intentions

By this time if Ji YuYi still didn't notice that something was wrong, then she, the eldest lady of the Chuk Yuen Gang, was really too bad.

"It's fine!"

Ji Feng shook his head and said, "I just thought that I should be responsible for hitting someone, but I didn't expect that the people of Treasure Island would be so hospitable and reasonable that they would take the initiative to forgive me, which really made me unable to write a letter of regret that I had prepared!"

Maggie Kee: ""

No one would believe that! She couldn't help but give Ji Feng a blank look and said, "Hey, why exactly? Is there something going on between you and Bao Guoliang?"

Ji Feng laughed: "I hadn't even seen him before this, at most I had only seen his pictures on TV and magazines, so how could there be anything going on with him?"

But in his heart he was sneering, there was nothing before, but since just now, there is!

Ji Yuhui said, "Then why"

"Alright, alright, I don't know why!" Ji Feng interrupted Ji Yuhui with a smile and said, "Let's not talk about that, so what, where is the bathroom?"

"Let the waiter take you there!" Ji YuYi said immediately.

"No, I'll just go by myself. I still have the ability to take care of myself with this!" Ji Feng laughed.

"....."

The two of them passed through the crowd of the venue, and to their dismay, the people around them took several steps back when they saw them walking by, as if there was something for people to avoid.

Ji Feng, however, was calm as he calmly walked past, and when he saw the waiter following him from behind out of the corner of his eye, he gave a secret sneer.

Bai Zhu, however, had a chilly face, she also spotted the waiter who had been staring at them, this person had been staring at them for a long time, and now he was actually following them up!

Campus Master Chapter 2848

Ji Feng entered the restroom, not even caring that there was a waiter following behind him.

However, Bai Zhu was not going to let anyone follow Ji Feng, she stood directly on the way to the restroom and stood there staring coldly at the waiter who came over.

"Miss, please give way, I want to go in" the waiter saw Bai Zhu blocking the way and couldn't help but say.

"Get lost!"

Bai Zhu didn't bother to talk nonsense with him, this person was obviously following Ji Feng, there was no need to have half a word with him, moreover, with Bai Zhu's style, there wasn't much to say.

The waiter, however, smiled and said, "Miss, I was going to the bathroom, why are you stopping me?"

Bai Zhu gave him a look and ignored him.

A bad smile appeared on the waiter's face and he said, "Miss, this is a men's washroom, you are stopping me here, could it be that you have something in mind"

Boom!

This waiter hadn't even finished his words before he was kicked out by Bai Zhu, he screamed miserably and fell heavily to the ground, groaning in pain, while looking at Bai Zhu with fear in his gaze.

This woman was so powerful!

And too hot!

When Ji Feng came out, he saw that waiter lying on the ground, his face pale, he smiled and said to Bai Zhu, "Let's go!"

When Ji Feng came out, the waiter hurriedly tried to get up, but the pain in his stomach made it impossible for him to get up, and his body was covered in cold sweat, so he could see how hard Bai Zhu's kick was just now!

This was just a nobody, and certainly only a minor and dispensable character in the situation tonight, so Ji Feng didn't pay any attention to him, let alone make things difficult for him, and walked past the waiter together with Bai Zhu.

However, when Ji Feng and Bai Zhu came back from the corridor, as soon as they entered the venue, they saw two waiters walking over in a hurry. Seeing Ji Feng and them, these two waiters obviously froze, with a strange look on their faces, but with a faint sense of relief.

Ji Feng glanced at them, pointed behind him and said, "Your companions are over there, go and have a look!"

The two waiters were stunned at the same time, then they reacted that Ji Feng must have seen through them, and their faces could not help but show an embarrassed expression, snapping back and not knowing what to do in response.

Ji Feng and Bai Zhu walked straight away, and the two waiters looked at each other and looked at each other in disbelief.

Back at the venue, Ji YuYi hurriedly walked over and whispered, "Ji Feng, what happened just now?"

She realised that something was wrong, but she didn't know exactly what was going on, but she did feel that what she did might not be in line with Ji Feng's intentions, so she hurried over to ask what was going on.

Ji Feng shook his head and said, "Nothing YuYi, where are those Prince Charming of yours!?"

"What prince charming!"

Ji YuYi couldn't help but rant, "It's already this time and you're still in the mood to flirt with me!"

She had to admire Ji Feng's big nerves, having beaten Bao Weisheng and Gao Jianyun into that state, and he was actually still in the mood for joking around!

Even though Bao Guoliang had clearly stated that he would no longer pursue the matter, however, what if Bao Weisheng died?

Ji Feng laughed: "How can you not be in the mood?!"

Ji YuYi said helplessly, "I'm really convinced of you!"

Ji Feng then laughed. In fact, at this moment, he had really relaxed his mood. Originally, he had hoped that he could do something with Bao Weisheng and that politician in order to achieve his goal, but Ji YuYi suddenly stood up for him and defended him strongly, which made him touched and at the same time, somewhat helpless.

He had planned to insist on going with the police himself, but before the police could make a decision, Bao Guoliang had suddenly arrived!

This caused Ji Feng's calculations to fall flat!

But he didn't blame Ji Yuhui, because for Ji Yuhui to defend him so much and go out of her way to offend many people present, including some dignitaries and celebrities, that was already enough of a sentiment!

What's more, even if Ji Yuet-jen didn't come out to stop him, the arrival of Bao Guoliang was enough to foil his calculations!

The only problem was that Bao Guoliang did not seem to be in the venue before, but how could he come so quickly?

"Yu Ying, has Bao Guoliang come to this salon today too? How come I didn't see him before?!" Although Ji Feng did not have the slightest interest in this salon, he was sitting there and carefully observed everyone in the venue, he had an impression of everyone here and could be sure that Bao Guoliang was definitely not there before.

However, Ji Yuhui nodded and said, "He's downstairs!"

"Downstairs?!"

Ji Feng was a bit confused and asked, "What does that mean?"

Ji YuYi said, "This salon is actually being held in two places today, we are the big venue here, and all those present are some celebrities, but tycoons like Bao Guoliang will not be here, they are all downstairs in the small venue, they will not be here!"

Ji Feng instantly understood, so, this businessmen were also divided into three, six and nine classes, Bao Guoliang should belong to the top tycoon, and would not be with these second-rate businessmen to exchange anything. Perhaps, these businessmen all had to rely on the Bao family to make a living!

"Then your father, why is he here too?" Ji Feng asked.

"I don't know."

Ji YuYi, however, shook her head and said, "I don't care about his affairs!"

Ji Feng smiled and nodded, turned his head to look, and saw that at this moment, Ji Lihai was holding a glass of wine and talking and laughing with someone, he couldn't help but think.

"YuYi, I want to take a look downstairs, should it be alright?" Ji Feng suddenly asked.

"Go downstairs?"

Ji YuYi was stunned, but then shook her head and said, "I'm afraid I can't, someone like Bao Guoliang will definitely bring a lot of bodyguards when he goes out, so I'm afraid you can't get close!"

Ji Feng whispered, "What if it's you who goes? You can go down and help me see what's going on downstairs!"

Ji YuYi immediately looked at Ji Feng in surprise and asked, "Ji Feng, you want to see what's going on downstairs what do you want to do?!"

"You go and take a look before you say anything." Ji Feng smiled and said in a low voice, "This might help me."

"..... Okay."

Seeing that Ji Feng refused to say anything, Ji YuYi nodded her head, but she added after thinking about it, "Ji Feng, let me remind you that if you want to hit Bao Guoliang, then I advise you to forget about it, Bao Guoliang has experts around him, moreover, his bodyguards are allowed to carry weapons!"

It's true that Ji Feng's body is very powerful, but even a powerful body can't stop bullets!

Ji Feng laughed, "I'm just a little curious about what's going on down there, and if Bao Guoxin is still kind, then maybe I'll go down and apologize!"

"The hell I'll believe you!"

Ji YuYi gave him a blank look, Ji Feng usually spoke with a smile on his face, making people comfortable, but now he was smiling and smiling, at a glance he didn't want anything good.

However, knowing that Ji Feng definitely did not want to go down and apologise, Ji Yuhui still agreed.

Once Ji Yuhui had left, the smile on Ji Feng's face faded as he turned his head and said in a low voice, "Bai Zhu, be more careful later, follow me closely and don't act without permission."

Bai Zhu nodded slightly, but in his heart, he was thinking, "It seems that the situation has changed, if there is really danger later, then he can't let Ji Shao get hurt even if he has to fight for his life.

At the same time, Bai Zhu also noticed that quite a few people in the venue were glancing at them from time to time, but because Ji Feng had beaten up Bao Weisheng and Gao Jianyun earlier, it was impossible to tell by this at the moment who was actually spying on them and who was purely curious about them or hated them.

Bai Zhu realised that after this mess, I was afraid the situation would become even more complicated.

Suddenly, Bai Zhu only felt Ji Feng pat her hand, and then she heard Ji Feng say, "Don't worry, don't worry about any of this, don't forget our purpose!"

Bai Zhu was suddenly dumbfounded!

That's right, nothing else mattered, no matter who was hostile to them or disgusted with them, they only had one purpose – to finish off the remaining members of the Cheetah Mercenaries, and at the same time, to get out in one piece!

As for the rest, it didn't matter!

However, judging from the current situation, I'm afraid it's not very easy to achieve this step.

Not long after, Ji YuYing came back, she came and sat down in front of Ji Feng, lifted her wine glass and clinked it with Ji Feng, then said without moving her voice: "It's impossible to get close, the door and the corridor are full of bodyguards, those tycoons down there have brought their bodyguards, there are too many people, it's impossible to get through!"

Ji Feng was then a little surprised and asked, "You couldn't get through either?"

Ji YuYi shook her head and said, "If I say I'm going to visit them, I'm sure I'll alert them, do I need to go?"

"Then forget it!"

Ji Feng waved his hand, these rich people take a lot of bodyguards with them when they go out, even Ji Yuhui can't get through!

.....

Snap!

Closing the phone, Zhang Lei's finger tapped the steering wheel and said in a deep voice, "Brothers, it's time to work, the madman just sent a signal!"

The others nodded, but Liu Zejun asked, "No one from the Cheetah Mercenaries has been found yet?"

Zhang Lei said in a deep voice, "The madman in the venue has not found them, however, he suspects that those people are not hiding somewhere!"

"Can we think of a way to fish them out?!" Liu Zejun asked.

"Unless we just kidnap that dignitary!" Zhang Lei said, right now they didn't even know exactly where the people from the Cheetah Mercenaries were, much less what their preferences were or anything like that, the only information they had right now was that the people from the Cheetah Mercenaries were following that dignitary.

So if something happens to the dignitary, the Cheetahs won't just sit there and do nothing!

However, this solution obviously did not work, otherwise Ji Feng would have already given the order.

"Then you give the order!" Liu Zejun said, and then stopped talking.

Yang Bin frowned slightly.

Zhang Lei smiled and said, "Alright then, since no one has any opinions, then follow the plan we made before and clean up those points first, especially the snipers inside, make sure to take them out in the shortest possible time!"

Speaking here, Zhang Lei looked at Liu Zejun and said, "Old Liu, among us you are the best at sneaking, we mainly rely on you!"

Campus Master Chapter 2849

“Hey, what do you guys do?”

This was an office building that was tens of storeys high.

Zhang Lei and Yang Bin came to the front door of the office building, but found that the glass revolving door here was closed, and there was still a security guard on duty in the guard booth at the entrance, seeing Zhang Lei and the two of them standing at the door, the security guard could not help but ask loudly. At the same time, the security guard's torch was already shining over.

Yang Bin's face immediately tightened and he glanced at Zhang Lei, as if asking what to do. They hadn't expected the door of this office building to be locked, and there were actually security guards, which was somewhat out of their expectation.

“Find someone's!”

Zhang Lei replied very calmly and asked again, “Why is the door locked? My friend is still inside!”

The security guard gave them both a strange look and asked, “Looking for someone at this late hour? Who are you looking for?”

Zhang Lei said, “From the seventeenth floor!”

The security guard looked up and found that indeed the windows on the seventeenth floor were still lit up, he didn't suspect anything, he just said, “Sorry, it's off duty now, no one not working in this building can enter, call your friend and ask him to”

“So what, this big brother, it's like this”

Zhang Lei smiled and walked over to the security guard and said in a low voice, “That, my girlfriend is working overtime inside, we had a fight these days and are having a cold war, so”

The security guard immediately laughed: “You want to give your girlfriend a surprise?!”

Zhang Lei nodded his head with a smile and said, “Yes, big brother, do me a favor, I'll treat you to dinner later!”

The security guard shook his head and said, “Sorry little brother, this is really not possible, this is the company's rule, no one is allowed to enter after work without a work badge. ...”

“There are cameras everywhere?” Zhang Lei asked, “What about the stairway?”

“There aren't any in the stairway, but your girlfriend is on the seventeenth floor, you can't climb the stairs up there, and besides, there are cameras in this lobby!” The security guard said.

Zhang Lei's eyes narrowed for a moment, then he nodded with a smile and said, “Understood! Alright then, since that's the case, I won't force it.”

With that, he waved his hand at Yang Bin and the two of them turned around and left. The security guard couldn't help but shake his head and smile as he watched their backs, the youngsters nowadays, ah, were much more romantic than they were back then.

“There are cameras inside, not in the stairway, but there are in the lobby!” The duo walked back, descending the steps while Zhang Lei whispered, “Let’s go around to the back of the office building and go straight to the first floor!”

“Hmm.”

Yang Bin nodded, since Zhang Lei was in charge of the command, he naturally wouldn’t have any opinions, however, remembering Liu Zejun’s attitude, Yang Bin couldn’t help but feel a little worried, it seemed that Liu Zejun didn’t quite obey Zhang Lei ah.

He couldn’t help but ask in a low voice, “Their side, there won’t be any problems, right?!”

He was afraid that Liu Zejun would not follow Zhang Lei’s plan of action, so there might be problems and accidents when the time came.

Zhang Lei laughed, “It’s fine, Old Liu and Xiao Yao are experienced, we two are the rookies!”

Yang Bin then smiled and nodded, saying, “That’s true.”

Liu Zejun and Yao Zhijian were both people who had participated in an unknown number of military operations, especially Liu Zejun, who was deeply appreciated by Ji Feng and was certainly not ordinary, when he ambushed the people of the Vicious Wolf Gang in the underground car park of that hotel at that time, Liu Zejun had already shown great combat power, and Yao Zhijian was likewise not bad, and he was also a sniper!

However

The actual fact is that you can’t find any embarrassment or dissatisfaction from Zhang Lei’s reaction in the slightest.

The two of them went around to the back of the office building and raised their eyes to look, but they both couldn’t help but frown, it was surprising that there was no window at all on the first floor behind this, it was directly to the third floor!

And what’s more crucial is that the floor here seems to be a bit higher, perhaps this is deliberately designed to make the lobby look more light and spacious, so this estimated window to the third floor must be almost ten metres high!

Thinking about what I saw at the entrance earlier, that lobby was indeed very high, and it looked like, this was more or less a bit of trouble.

“Zhang Lei, or else you can pad me down below, I’ll go up!” Yang Bin said. It wasn’t particularly difficult for them to get up there with their hands, they just needed a place to lend a hand. But the problem was, there didn’t seem to be any place to borrow strength around here, so the best way was for one person to cushion me underneath while the other stepped up!

Zhang Lei, however, shook his head and said, “Don’t rush, let’s take another look!”

I’m afraid that one person can’t act, because it’s still unknown how many people are in that room, and if there are many people, and snipers, one person can’t do it even if he’s good.

Yang Bin whispered, "Or else, we go through the underground car park, or take the air duct?!"

"Wait a little longer, let me think about it!" Zhang Lei shook his head.

A moment later, Zhang Lei suddenly said, "There's an idea! This way, I'll cushion you underneath to go up first, then you hang upside down from the window and try to pull me up!"

Yang Bin was stunned, "How can you get up from such a height?"

Zhang Lei said, "It's almost enough! Come on, get ready to go up!"

Yang Bin nodded and said, "Alright then, if it doesn't work, I'll come back down!"

With that, Zhang Lei leaned his back against the wall, crouched down with his legs, folded his palms together on his thighs, Yang Bin took a few steps back, then suddenly accelerated, let out a low cry, an assisted run then his foot stepped on Zhang Lei's hand, both of them sent in at the same time, Yang Bin was directly lifted up by Zhang Lei, in the darkness, Yang Bin was like a roc with wings spread, he jumped up directly, a buckle on the third floor windowsill, then a light He then went in with a light flip.

Soon after, Yang Bin came out again and gestured to Zhang Lei, signalling that it was safe inside, then, hooking his feet on the windowsill, he hung upside down.

Zhang Lei slowly backed up and took a deep breath, then, he started to assist and accelerate, Yang Bin was stunned, Zhang Lei's speed, it was really fast!

Is this Zhang Lei's real strength?

I really couldn't tell!

"Roar!"

Zhang Lei let out a low roar, his toes fiercely nudged the wall, and his retreating step exploded with a powerful force, causing his entire body to soar towards the air.

At the same time, Zhang Lei's hand was raised high in the air, and snap!

Zhang Lei grabbed Yang Bin's hand that was reaching down, then with a fierce force, Zhang Lei snapped the sill!

Up it came!

Yang Bin couldn't help but clench his fist, with this hand, it was enough to see that Zhang Lei's strength was extraordinary, I'm afraid it wasn't even below him!

The two of them easily flipped in, and inside was indeed the stairway. Almost no one came here normally, everyone basically took the lift, and there was even less people at this time of the day.

The most important thing was that there were no cameras in here!

"Go!"

Zhang Lei patted Yang Bin's shoulder, and the latter instantly came back to his senses as the two of them quickly walked towards the 17th floor!

Meanwhile, diagonally opposite the office building, there was also a building, only, but this was a hotel, very high-class, several dozen floors high.

Yao Zhijian and Liu Zejun arrived in front of the door.

Because it was a hotel, there were quite a few people coming in and out of the place, so naturally they were not stopped in any way, and there was even a slight bow from the service staff at the front desk.

“Old Liu, you were a bit too much before!” Yao Zhijian said in a low voice as the duo walked inside.

“Over the top?!” Liu Zejun said.

They were talking so self-consciously, ignoring the service staff who were bowing, which in turn set them off as arrogant like those rich people, and as a result, they didn’t attract anyone’s attention instead, and even those service staff had become accustomed to this.

Yao Zhijian said in a low voice: “Old Liu, no matter what, Zhang Lei is also the boss’s best brother, and it is also the boss’s intention to let him take command, if you don’t give him face, what will the boss think if he finds out?”

Liu Zejun shook his head and said, “I’m not not giving him face, I’m doing this for his own good, guns are not that fun, fighting and killing is definitely not as cool as others think, people without real skills will only drag down their comrades in the operation, instead of watching them get dragged down when the time comes, it’s better to let him recognize the reality now! ”

Yao Zhijian said, “But you don’t have to be so obvious, if you have any opinions, you can go and talk to the boss directly, or talk to Boss Yi and ask him to communicate with the boss, wouldn’t that be fine? Old Liu, China is different from foreign countries, it’s a human society, I understand it, why don’t you understand it!”

Liu Zejun said, “This is how I do things, if he can accept it, he can accept it, if not, then let him do what he wants!”

Yao Zhijian said, “Then what if the boss is not happy!”

Liu Zejun was silent for a moment, and his steps stopped, and Yao Zhijian looked at him, somewhat helpless.

After a moment, Liu Zejun couldn’t help but say, “If the boss is unhappy because of this, then there’s nothing I can do, if he wants to fire me”

Yao Zhijian immediately said, “It won’t happen, you know how the boss treats us, how could he fire you!”

Liu Zejun said, “Even if he were to fire me, then I’d still admit it! It’s because China is a humane society that I can’t stand by and watch someone get mixed up among us on humane favors, my own life doesn’t matter, but I don’t want me our comrades who crawled out of the dead together to be dragged to death by him!”

“But you are so direct”

“Even in front of the boss, I say so!”

“You!”

Yao Zhijian could only shake his head helplessly with a bitter smile and said, “Old Liu, this temper of yours really needs to be changed, you’re too Geng, this really won’t work!”

Liu Zejun turned his head to look at him, “What are we here for?!”

Yao Zhijian just stalled.

“Let’s go, it’s not sure if we can make it past tonight!”

Campus Master Chapter 2850

In the hotel, Liu Zejun and Yao Zhijian walked through the corridor, their pace not too fast but not too slow either, but their eyes did not look around, just chatting while walking, looking no different from other guests.

However, if you look closely, you can see that as they walk through the corridor, but when they pass a room, their eyes sweep towards the door and the surrounding area a few times.

The two then glanced at each other again and nodded imperceptibly at the same time. Then, they walked away in fact, but came to the security fire escape at the end of the corridor, and after closing the fire door of the security exit, both of their faces turned serious.

“1805!”

Yao Zhijian said in a low voice.

Liu Zejun nodded slightly, he also thought so, moreover, with Yao Zhijian’s eyesight to make a judgment that was naturally without doubt.

The target they were looking for was in 1805!

As it was not too late, and this was a hotel, looking up from the street, all the windows were lit up, so although it was possible to tell which room was on which floor, it was impossible to determine the door number from the outside.

So the two of them had to come over and walk around in person, combining what they had observed from outside, to determine which room it really was.

Now they settled on their target.

“Should we pose as waiters and scout out the room first?!” Yao Zhijian asked.

“It’s best not to!”

Liu Zejun shook his head and said, “If the other party is just ordinary people, that would be fine, but if there are experts in there, they will definitely sense that something is wrong!”

People with combat experience or more poisonous eyesight would be able to detect at the first glance that the other party was carrying good intentions or doing some kind of work, and both he and Yao

Zhijian carried the relatively strong smoke and fumes of having fought on the battlefield, so if there were really experts on the other side, then they would be able to tell at a glance.

“What were you observing before?” Liu Zejun asked.

“There are snipers!”

Yao Zhijian opened his mouth, he had already remembered clearly from his previous observation, “Only saw a figure, didn’t get a clear look, saw the barrel of a gun from the window, other than that, no information is available!”

Before they were sitting in the car to observe, although Yao Zhijian took the binoculars, but it was from the car to look upwards, it was difficult to observe clearly.

“Then let’s move straight away!”

Liu Zejun said, “The other side has snipers, all the more reason not to alert the snake, Xiao Yao, move fast!”

Yao Zhijian nodded and said, “Leave that sniper to you, I’ll deal with the others!”

“Go!”

After a brief discussion, the duo quickly decided on a plan of action.

And Yao Zhijian was still very sensible in not planning to fight the other party’s sniper, instead he gave that sniper to Liu Zejun who was better at sneaking and sudden attacks.

The more powerful the sniper, the less common sense there is to deal with it, allowing Liu Ze-jun to take it out with a swift and direct attack, so the others can be cleaned up.

If you’re good at long-range sniping, you can’t be any worse at close range!

Especially important was that it was best not to shoot here if they could, otherwise, once they caused a commotion or a big commotion, when they alerted the enemy at other points, it would not be good for their next plan to be carried out.

“Knock, knock, knock!”

Yao Zhijian came outside the door of room 1805 and knocked on the door.

There was no sound in the room!

Liu Zejun, who was leaning next to the door, squinted his eyes and didn’t move a muscle, and himself didn’t even make a sound, but the dagger he was holding upside down in his hand was held even closer!

“Knock knock knock!” Yao Zhijian knocked once more on the door of the room.

There was still no sound.

He knew better than anyone that there was someone in the room, not only someone, but also a sniper! The other party did not open the door and did not answer the door, naturally, they were afraid of being exposed!

The other side did not answer the door, Yao Zhijian was not in a hurry, since he was convinced that the other side was in the room, he had a way to make them respond.

However, after waiting for several minutes in a row, there was no response from the house.

Yao Zhijian could not help but frown slightly, it seemed that the other party was more calm than he had imagined, were they all experts inside?

He could be sure that the other party had not come to the door at all, otherwise, he could definitely hear the other party's footsteps, even if the floor was carpeted, it would definitely not escape his ears.

This meant that the other party was very calm and didn't even come to the door to be on guard after hearing the knock, he simply ignored it.

It seemed that the other party had no intention of opening the door for anyone else from the moment he entered the room.

Yao Zhijian sneered, how can I do away with you if I don't open the door?

He raised his hand again and knocked on the door, "Knock knock knock!"

"..... who?!"

After a while, a voice finally came from the house, apparently after watching Yao Zhijian knock several times, and also all very patient and calmly knocking on the door to get them to respond.

In fact, knocking on the door is also very skillful, especially for these people, too hard, will make the people inside alert and annoyed, if the force is too little, but more people are more alert, and, if you keep knocking on the door or knock too often, will also provoke the other party.

However, Yao Zhijian's knocking speed was not too fast or too slow, and the amount of force used was just right, neutral and calm, and the long knocking did not provoke the other party, but made them respond.

"Hello, sir, I'm the hotel staff!" Yao Zhijian bared his teeth, trying hard to put on a good imitation of the po-mo kind of emphasis.

"What can I do for you?!" Perhaps it was because the room door was separated, making the voice a little distorted, so Yao Zhijian's slightly less resembling voice did not arouse the other party's suspicion.

"I'm here to deliver your invitation, please open them up!" Yao Zhijian said.

"What invitation?!" The other party asked.

"An invitation from the hotel!" Yao Zhijian said with a smile, even though there was no cat's eye on this room door and the other party could not see his expression, but he still smiled. Someone had done a study that when a person was expressing any emotion, even if the emotion was not right, the muscles of the face had to be in place, otherwise it would not be able to convey the emotion accurately, let alone make the desired sound accurately!

For example, it's difficult to try to make someone hear you seem to be smiling when you're tensing your face.

So even through the door of the room, Yao Zhijian still had a smile on his face.

Hearing Yao Zhijian's words, the room was silent for a moment, and then the smile on Yao Zhijian's face grew even stronger as he heard the sound of footsteps.

However, the footsteps came to the door, but there was no sound, and the door of the room did not open either.

Liu Zejun's eyes grew colder and colder, but he held his breath completely! He and Yao Zhijian's combat experience was so rich that he knew what the other party was going to do when he pouted!

When he came to the door but didn't open it, it was clear that he was listening to the commotion outside, trying to confirm whether the one who spoke was the hotel waiter or not!

"Snap!"

Finally, the lock on the room opened.

When the door was pulled open, he saw a man who was not very tall but appeared to be very strong standing at the door, looking at Yao Zhijian with a wary expression and asked in a deep voice, "Are you the hotel waiter?"

Yao Zhijian smiled faintly and said, "To be precise, I am a staff member of the hotel and cannot be considered a waiter! However, you can interpret me as a waiter, because we are all here to better serve our guests to their satisfaction!"

The man said that was right, because Yao Zhijian was not wearing a waiter's uniform, and he asked, "What was that invitation you were talking about?"

Yao Zhijian smiled and said, "This is how it is, our hotel has launched a new activity, a lottery will be held among the guests who check in, the guests who are drawn will get an invitation letter, with this invitation letter next time they come to our hotel, they will enjoy a discount"

"No need!"

The other party didn't even wait for Yao Zhijian to finish before directly interrupting him.

Instead, Yao Zhijian hurriedly said, "This gentleman, our invitations do not cost anything, they are a discount for our guests"

"I said no need!"

The other party hummed in no good humor and glared at Yao Zhijian, before turning his head and about to close the door.

That's when!

The very moment the other party was about to close the door, perhaps because he had decided that Yao Zhijian was here to make a sales pitch, and because the room door was about to close, the other party let his guard down in that moment and actually turned his head!

Hoo~!

The next moment, Yao Zhijian suddenly stepped forward and arrived in front of the man, his index and middle fingers bent, and his knuckles suddenly struck the cartilage of the other man's throat.

The other man's body trembled.

The other man's body trembled and his whole body stiffened, not to mention that he could not even retaliate, even his voice only made one syllable and then came to an abrupt end!

Yao Zhijian grabbed the other man's belt with one hand and lifted him, while the other hand was clasped around the other man's throat, thus keeping the man from falling over and from letting any other people who might be in the room find out what was going on.

With a slight sideways glance through a slight gap, Yao Zhijian saw a man standing by the windowsill at the moment, and no one else was found elsewhere for the moment!

There were only two people in the house!

Yao Zhijian then glanced back at Liu Zejun, who immediately understood and quietly sidled in through the entranceway.

"Whoosh!" The sound of a whoosh.

"Poof!"

The man by the window sill didn't even have time to react, he was instantly plunged with a dagger directly into the back of his heart, an odd sound emitted from his throat as he turned around with difficulty, an unconcealable look of shock and disbelief in his eyes, he couldn't believe how he had been done in just like that!

But unfortunately, he didn't even get a clear look at who had killed him until he died, his body was just halfway turned when his eyes rolled over and he fell limp to the ground in a flash!

Yao Zhijian casually threw the man on the bed and turned his head to Liu Zejun and said, "Not much of a master! Easy peasy!"
